Forum for Education and Economic Development - FEED, it's a registered as social voluntary based organization, which is operating with affected and needed families in North and East part of Sri Lanka toward education and pre-school facilities after the end of national conflicts.

After the militarily conflict ended, these kind of helping and voluntary projects were executed by individual initiations and efforts with personal gentleness. Which were came under authoritatively registered structures from early 2016. FEED association has been not only registered in Sri Lanka but also in UK & Canada under the relevant and respectable laws and system.

Tamil families, who were displaced to Europe & North America from Sri Lanka due to the national conflicts, who were main supportive initiated and contributed to created the Forum for Education and Economic Development - FEED. FEED organization is primarily focusing the education development and lively hood support programmes in affected communities in the North & East of Sri Lanka.

FEED operates not only a volunteer social entity, but also committed to do social base needed projects with long term vision and sustainable policies.

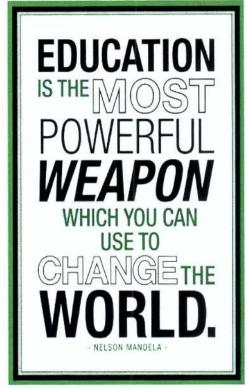

Currently FEED operating mainly in the latest resettlements villages. Due to the militarily manoeuvre in the past, these villagers forcibly displaced from their inhabitant places. After the conflicts ended, most of these villages were re-settled with minimum helps.
