Message from the Director of Physical Education

As the Director of Physical Education, I am very much proud to submit this message to the Colours Nite Souvenir 2016.

It is indeed, the Colours Nite which is considered as a very special event in the calendar of University of Jaffna and is held in order to recognize the excellence in sports. Academic excellence does not only contribute to the formation of a competent individual. Therefore, the participation in extra curricular activities is vital for the development of an undergraduates' personality and character.

Sports are important because they allow members of society to see the way that following rules can lead to a victory, and they also give people the opportunity to compete against each other in a less-tension environment. Sports can be an outlet for people when they are dealing with aggression, but they can also be an instrument for people who need to have structure in their lives, Sports combine the elements of physical fitness, competition and the ability to win at something when all of the regulations are followed.

It was another exciting year to prove the standard of the Sports Activities of University of Jaffna. The outstanding achievements of our athletes who took part in the International, National, Provincial and District level tournaments. The historical sport moment of our university basketball team is that, three of our athletes from our Basketball Team namely Mr. P. Abiharan, Ms. G. Thusyanthy and Ms. A. Vithura represented the Sri Lanka Universities Sports Association Team which part took in the 2nd Asian University 3x3 Basketball Championship – 2016 held in China.

Our university was well represented with 26 teams in the 12th Sri Lanka University Games 2016 which entered the finals, semi finals and quarter finals. Our Football and Road Race teams won the Champions, Netball team won the 2nd Runner-up and five members from the Track & Field team won medals through their amazing performance in the 2016 12th Sri Lanka University Games.

Congratulations go to all award winners and to all the athletes those who participated in the sports activities throughout the year.

I feel great honour in extending my thanks to our Vice Chancellor, Registrar, Deans, Members of the Sports Advisory Board, Administrators, Staff of the Physical Education Unit, Guests, Members of the Sports Council, Officials, Sponsors, Schools, Clubs, Well-wishers, Media and Athletes for their support in seamless accomplishment of the sports activities in our university.

Together, with all of our staff and athletes, we will continue to build a good community through sports, establish common goals to increase participation, and enhance our university sports activities by providing sports and recreation opportunities to the community.

It gives me great pleasure in penning these words for the souvenir as the president of the sports council.

“All work & no play makes Jack a dull boy”

An active, happy & healthy mind is essential for students to focus on academics, in addition to the physical fitness obtained through sports.

Our university has done a great job this year too, to promote sports activities in the university. The enthusiasm from the students and the support from the staff helped us to reach the great heights in sports activities for this year. We were able to witness many growing talents at the Inter Faculty & Freshers Athletics as well as other sports.

Our football team once again emerged champions at the 12th Sri Lanka University Games - 2016. We were also selected the first slot in the Road Race. Our Netball team was placed 2nd and the men's Hockey team emerged 3rd runner-up. Some of the members from Track & Field events, both men & women were able to win 2nd & 3rd places.

I am happy to announce that Ms. G. Thusyanthy and Ms. A. Vithura were selected to represent the National Basketball Team along with me in the 2nd Asian University 3x3 Basketball Championship at Macau in China.
