பிரித்தானிய தமிழ் வர்த்தக சம்மேளனம் ஒரு பார்வை

பிரித்தானியா போன்றதொரு காலனித்துவ மற்றும் பல கலாச்சார தேசத்திலே ஒரு இனம் தனக்கென ஒரு தனித்துவத்தினை உருவாக்கி கொள்வதென்பது ஒரு சவால் மிக்க காரியமாகும். கடந்த தசாப்தத்துடன் ஒப்பிடுகையில் எழுது தமிழ் வர்த்தகர்கள் பிரித்தானியாவில் பல துறைகளிலும் பல மைல்கல்கனினை பதித்து வந்துகொண்டிருப்பது கண்கூடு.

இது பாராட்டுக்குரிய விடயம். எனினும் பிரித்தானியா போன்ற பெரும் வளர்ச்சியடைந்த நாட்டில் பல வாய்ப்புக்கள் இருந்தாலும் பல சவால்களையும் ஒரு தொழில் முனைவோன் எதிர்ப்பு கொள்ள வேண்டி உள்ளதென்பதும் உண்மையே. உதாரணமாக வியாபாரம் ஆய்ம்பித்தல் தொர்பான சட்ட வரைமுறைகள், நிர்வாக திறமை, அரசாங்கம் மற்றும் வரி திணைகளைத்தின் தன்மைகூடப் வியாபார கட்டமைப்பினை உருவாக்குதல் போன்றன ஒரு வர்த்தகனின் தலையாய நிர்பந்தமாகும்.

அந்தவகையில், பிரித்தானிய வர்த்தக சம்மேளனம் தமிழ் வர்த்தகர்களை பிரித்தானியா மற்றும் சர்வதேச அளவில் ஒரு பலம் பொருத்திய சக்தியாக உருவாக்குவதையே தலையாய நோக்கமாக கொண்டு இயங்கி வருகின்றது. ஒவ்வொரு தமிழ் வர்த்தகனையும் சந்தை வாய்ப்புகளை

திறமையாக பயன்படுத்துவது எவ்வாறு என்பது தொர்பாகவும் பின்வரக்கூடிய ஆய்சாநல கலாமை இணை எவ்வாறு கையாளுவது என்ன தொர்பாகவும் நெறிப்படுத்துவதை எழுது பல்துறை நிபுணர்கள் திறம்பட செய்து வருகின்றார்கள்.

எழுது நிபுணத்துவ பட்டறைகள் மற்றும் தனிப்பட்ட வியாபார ஒருக்கமைப்பு அறிவுரைகள் என்பன பல இனம் தலைமுறையினரை அவர்களது வியாபார முயற்சிகளில் அடுத்த கட்டத்துக்கு எடுத்து செல்வதற்கு பயனுறுதியாக அமைந்திருக்கின்றது.

இது பிரித்தானிய தமிழ் வர்த்தக சம்மேளனத்தின் ஒரு மைல்கல்லென குறிப்பிடலாம். மேலும் பல நிகழ்வுகளை நடாத்தி வியாபார வலையமைப்புகளை உருவாக்குவதன் மூலம் சந்தை வாய்ப்புகளினையும் புதிய நுகர்வோர் குழுக்களையும் எழுது அங்கத்தவர்களுக்கு உருவாக்கி தருவதிலும் நாம் முனைப்பாக செயலாற்றி வருகின்றோம்.

எனவே உங்களது வியாபாரத்தினை ரெழிப்பாகவும் எழுது புலம்பெயர் தமிழ் பொருளாதாரத்தினை உயர்த்தவும் எம்மோடு வல்கொடுங்கள்!

Why do you attend a Trade Show like London Tamil Market?

Trade Shows are a powerful resource for marketing, but many businesses overlook the possibility and put their time and money into other areas such as advertising. In fact, Trade Shows can be used to advertise your business but can also benefit you in ways that no other marketing can provide.

Let us see it this way- people attend Trade Shows to see what businesses have to offer. At a majority of Trade Shows, particularly the larger events, it has been researched that over 60 per cent of visitors are from middle management or above, of which 90 per cent of these people are in a position to buy.

Research further suggests that one-third of visitors are looking for new suppliers. These figures will vary from place-to-place but you can guarantee that potential customers (people just there to browse) will also be visiting

and so you may pick up a few sales during the Trade Show.

You have to appreciate that some of the visitors will be attending for educational purposes such as students and new business starters (looking for advice and tips). You should therefore treat these people with respect as they could form the basis of viral-marketing (word of mouth) for your business: having a prepared fact-sheet with your business/product/service/contact details will always suffice pure window shoppers.

Your Trade Show stand should allow people to see, handle, and experience your product or service: just like a web site, give them something to do when they (the viewer) get there. This type of marketing gives you the benefit

Message from our event Partner Nachiyar Events

We derive great pleasure in working with “British Tamil Chamber of Commerce”, for the last two years and we are sure our relationship will progress and prosper in the years to come for our mutual benefit.

We have had nothing but ever encouraging comments and responses from those who attended our events last year. We believe and attribute these positive responses to our generous support and sincere efforts in booking stalls and organising the stage program, the process of registration, the marketing materials, the receptions, the press meet excursions, the model web site etc., that went into making this a truly memorable and successful event.

We wish to high light one of the comments from the exhibitors who participated in “London Tamil Market 2015” as an echoing complement among many we received.

“I’d like to add my thanks to you for an unforgettable trade show. Everyone could see the care and imagination which had gone into planning the programme, the venues, the excursion and the evening entertainment and I was really taken aback by the beauty of the location, esp. as viewed from the Stage. You really did promote our business and I’m sure that all the delegates, like me, feel hugely in your debt.”

It’s hard to believe that it’s all over then and another year to wait for. We sincerely hope you all enjoyed your time as much as we enjoyed the two days! Many thanks for having us. It’s great to be in London Tamil Market.”

“Nachiar Events” commenced and prides in its successful journey as an event organiser and trade promoter. We wish to mention the “World Short Film Festival”, “London Tamil Market 2015”, “Summer Sports Festival 2015” and “London Tamil market 2016” as the shining examples in the path we travelled with proven track record to date.

We wish to take this opportunity to extend our thanks to all our event partners and in particular to “Lebara Group” in believing us and extending their support to all our events in our continuing successful journey.

Our best wishes to all the participants and “British Tamil Chamber of Commerce” for their future events.

Greetings from Gary Anandasangaree

Member of Parliament for Scarborough-Rouge Park, Toronto, Canada

I wish to extend my sincerest congratulations to the British Tamil Chamber of Commerce on hosting the second London Tamil Market. I regret that I will be unable to attend personally to the event, and look forward to meeting with your members at a later date.

I fondly recall the early morning meeting we had several years ago as the British Tamil Chamber of Commerce was in its infancy. It is your dedication and hard work that has brought the members of the British Tamil business community together in order to build a stronger and vibrant community not just in the United Kingdom, but also around the world. In Canada, the Canadian Tamils Chamber of Commerce is celebrating its 25th Anniversary, and it is my sincere hope that both associations work closely to build greater links and collaboration

The success and the entrepreneurial skills of the Tamil community in the United Kingdom is to be celebrated. It is a display of the perseverance, hard-work and integrity of the Tamil community. I know the long, hard hours worked by those in business to flourish. The London Tamil Market, provides a great opportunity for all Tamil-owned and operated businesses to network, and mutually benefit from each other's successes. It also carves the path to realize new potential for the Tamil businesses in the United Kingdom.

I once again congratulate the British Tamil Chamber of Commerce for hosting this event, and opening up the opportunity for Tamil businesses in the United Kingdom to flourish and continue contributing in significant ways to the economic prosperity of the Kingdom.

Yours very truly,

Chairman of Commerce and Industries of Yarlpanam

As the Chairman for the Chamber of Commerce and Industries of Yarlpannam, Sri Lanka, I am immeasurably proud and delighted to congratulate the British Tamil Chamber of Commerce for organizing the London Tamil Market 2016. The expectation and contribution that the British Tamil Chamber of Commerce and the Nachchiyar Events have expressed, shows an outstanding and substantial progress.

I would love to acknowledge that the London Tamil Market, which is being held for two days, beginning on April 9th and concluding on the subsequent day, has been a great success last year too.

I would also like to express my sincere gratitude toward the British Tamil Chamber of Commerce for exhibiting uniqueness of our Tamil business community to the whole world through London Tamil Market, which has not only paved way to numerous positive impact on the commerce and Industrial activities but also helped in making up the Tamil tradition prominent in London.

Furthermore, through London Tamil Market Trade fair, the Tamil natives living around the world are joyful and proud to acknowledge that the Tamil community plays an imperative role in Britain.

I hope the London Tamil Market Trade Fair is an ultimate scheme for industrialists to display their talents and products to the national as well as the international market. This also grants a perfect opportunity for them to enrich themselves about foreign trade and gain future investors.

I am also delighted to observe that the London Tamil Market 2016 aims for the local industrialists and marketers to triumph in the industry which ultimately is their pinnacle of success.

As the Chairman of the Chamber of Commerce and Industries of Yarlpannam, it would be my honor and delight to work with the British Tamil Chamber of Commerce in the future to bring forward a world where local industrialists and marketers thrive in their occupation and trade all around the globe.

BOB BLACKMAN

A Strong Voice for Harrow East

The London Tamil Market is a wonderful measure of the economic success that has been delivered by a Conservative Government and which is helping businesses to thrive across our nation.

The Tamil community in particular has overcome a great many obstacles to become a strong and successful force in trade and commerce and everyone attending this market should be very proud of what has been accomplished. You are a vital part of the British economy; a beacon of excellent and innovation, providing job opportunities and contributing to the culture of Harrow itself in so many important ways.

While I sadly cannot take part this year, I wish all those who will come together to make the London Tamil Market a success the very best of luck for the coming years.

Best wishes,

Bob Blackman

Dear Mr Vasagam

Thank you for writing to me asking for a 'greeting message' for publication in your special edition/souvenir magazine due to be published in April this year.

I am writing to compliment and congratulate everybody involved in organising the community trade event on the 9th-10th April '16 which I am looking forward to attend. I know the similar event held last year went very well and created a huge amount of interest and excitement among the Tamil business community in particular. I am sure the one planned for the coming April would be even better. Such events play a key role in bringing Tamil community together with considerable social and business benefits for the community.

I wish the event a grand success.

Yours sincerely

Dear Mr Thiru,

The London Tamil Market 2016 is a fantastic opportunity to bring Tamil businesses and charities together to celebrate the important contributions that Tamils make in industry, culture and public life right across London and the UK.

As the MP for Ilford North it is a privilege to work alongside Tamil communities within my constituency and to represent their views in parliament. In Redbridge we have fantastic Councillors like Cllr Jeyaranjan, who currently serves as our Deputy Mayor, and Cllr Jeevah Haran, who enrich our political debate. I've also been proud to open new Tamil businesses locally and celebrate the contribution that the local community makes to Redbridge.

Supporting the community through my work with the All Party Parliamentary Group for Tamils is important to me, and I was proud to join a Tamil delegation to the United Nations Human Rights Council last year. More work must be done in this area, but the thriving Tamil community in the UK is a testament to your resilience and bodes well for the century ahead.

I really do hope this event is an enormous success and that it continues for many more years to come.

All the very best,

Wes Streeting

Hon Lee Scott

Former MP and formerly Chair of APPG-Tamil

Dear friends,

As someone who has been working very closely with the Tamil community, particularly as the Chairman of the All Party Parliamentary Group for Tamils, for many years; I am delighted to send my best wishes to the organisers of the London Tamil Market 2016.

Tamil community is, of course, close to my heart and I am proud to support their endeavours. The Tamils make tremendous contributions to our country both economically and culturally. The London Tamil Market and similar events held by the community speak volumes about the energy and enthusiasm you have for the wellbeing of your community and our country.

I wish the British Tamil Chamber of Commerce and Nachiyar Events the best for the success of this event.

A ROADMAP TO VICTIMS' JUSTICE

Sri Lanka - Monitoring and Accountability Panel

- 2008 International Independent Group of Eminent Persons withdrew their participation in the Sri Lankan Presidential Commission of inquiry into several high profile massacres citing state bias and interference.
- 2009 Amnesty International releases scathing report titled "Sri Lanka: 20 years of make believe" evidencing the lack of judicial independence and transitional justice in past Commissions of Inquiry.
- 2011 UN Experts Panel Report states up to 40 000 Tamil civilians killed in final phase.
- 2012 UN Internal "Petrie" report states up to 70 000 Tamil civilians killed and "Systemic failure" of UN.
- 2015 approximately 1.3 million Tamils around the world signed a petition requesting Sri Lanka to be investigated and prosecuted by the ICC (International Criminal Court).
- 2015 UN High Commissioners Report calls for Hybrid mechanism.
- The President Sirisena was acting Commander of armed forces during the final 2 weeks of the war. He has several times categorically refused inclusion of international judges in a future judicial mechanism.
- Several army commanders including Sarath Fonseka have been promoted following the change in government.

Sri Lanka has again been allowed to investigate its own crimes by UN against wishes of victims. Who will monitor?

Hon Zac Goldsmith

Member of Parliament - Richmond Park and North Kingston

The London Tamil Market is going from strength to strength. I want to wish this year's Market every success.

As an MP I have been privileged to work closely with London's Tamil community. I have seen first-hand the extraordinary contribution you make to our city; not just the jobs and opportunity you create but also your openness and generosity to other Londoners. Boris Johnson and I saw this in action recently, when I invited him to join me at Wimbledon Temple to take part in Thai Pongal celebrations.

I know that the success of the Tamil community in London is also a source of great pride to Tamils abroad, something I discussed with the Chief Minister of the Northern Province when I met with him in Parliament last year. If I am fortunate enough to be elected Mayor of London on May 5, I will be committed to strengthening the friendship between Sri Lanka and the Tamil community in London.

The London Tamil Market is set to become one of the highlights of the business calendar.

Hon James Berry

Member of Parliament - Kingston and Surbiton

I very much support this valuable event that builds important links for local Tamil businesses. It is also a great way to showcase the unique and important contribution the Tamil community provides this great city.

As a new Member of Parliament for Kingston & Surbiton – an area with a sizeable Tamil population – it has been an honour supporting and working alongside the Tamil community.

As the Chair of the All Party Parliamentary Group for Tamils, a cross-party organisation representing the rights of the diaspora Tamil population in the UK, I have seen how much integrity and resolve this community has as it fights for justice and accountability in Sri Lanka.

These traits are also evident in their ability to overcome such significant challenges and in the wonderful talent and achievements of Tamil business and organisations who have helped our culture and economy to flourish.

I would like to congratulate all those involved in organising the London Tamil Market 2016 and wish it every success this year. I also pay tribute to the Tamil Chamber of Commerce for all the work they have put in to create this diverse and stimulating event – the success of which exemplifies the economic prosperity this country is now experiencing as a result of this Government's economic plan as well as the innovation and accomplishments of the Tamil community in the UK.

Yours sincerely,

Cllr Jeevah Haran

Councillor London Borough of Redbridge

Dear friends,

I am of course delighted to extend my greetings to everyone attending London Tamil Market 2016. My pleasure in doing so is doubled due to the fact that I am significantly involved in organising the event. I have been involving myself with the British Tamil Chamber of Commerce since 2012, through thick and thin. I see BTCC's role as immensely important in empowering the Tamil community within the UK, our homeland and elsewhere, hence my continuous involvement with the development process of BTCC.

The London Tamil Market is a showcase of Tamil entrepreneurship, which provides opportunities for the business community, the artistic talent pool, the media world and the general public to come together and benefit from each other. BTCC and LTM must go from strength to strength year by year. It is my sincere wish that both the BTCC and LTM are embraced by those of our younger generation so that the likes of me could go into retirement early!

The involvement of Nachiyar Events has been key to the success of LTM 2015 and will so be this year and in the future.

I look forward to seeing many of you on 9th and 10th of April 2016.

MESSAGE TO LONDON TAMIL MARKET 2016

I feel honoured and privileged to send this message to London Tamil Market 2016, as the President of Standing Committee of Tamil speaking people (SCOT) in UK, which has been in existence for the past 39 years, being the pioneer and trendsetter to all other Tamil associations in this country. It has been in the forefront, not only rendering humanitarian assistance to our needy kinsfolk back home, but also promoting arts and culture amid those in this country.

I take pride in congratulating the organisers, on their endeavour in holding this event for the second year, which is a sign that Tamil community in this country has reached an exalted position. Almost all of us came here with nothing in hand, as either economic or political migrants, having suffered some form of racial discrimination or violence in our country of birth. This achievement demonstrates that an industrious community could thrive anywhere in the world.

This resolve and commitment should continue, and need to be more determined than before, as the challenges that are confronting us at present is likely to become more intense in the future. Also our involvement in humanitarian crisis of innocent Tamil victims of unfortunate circumstances is bound to go on until the dawn of elusive peace on them. On behalf of members of my association, I take this opportunity to wish that this event will be a great success.

Entrepreneurs may realize their innovative business ideas by seeking right help

Big or small, the secret of a successful business heavily relies on finding the right place at the right time. In a revolutionized e-world, which has brought the continents and countries closer, successful business entrepreneurs and companies always look to expand their businesses across the country and the borders in order to take them to the next stage.

Many of them often face common challenges in unknown local or foreign territories despite their desire and determination to expand businesses.

Proving right guidance and assistance to the talented generation, especially to the young entrepreneurs, will give them window of lucrative opportunities in the field of ever expanding businesses, forming partnership with investors, startups, early stage entities, accelerators and other service providers.

There are firms that are working with various stakeholders as they offer solutions for businesses to develop their own ideas in a productive and cost effective manner. Those firms also help start ups to prove their case to the world and facilitate them with activities such as fundraising.

Businesses need to be open minded when choosing their parties in order to receive the opportunity to excel and grow in this competitive market. It is not only the key to the success, but it will help the businesses grow globally.

STOCK MARKET CORRECTION JUST AHEAD ?

INTRODUCTION:

During the past 20 year history the bull market (share prices going up) on average last about 63 months. First bull market lasted 63 months from December 1994 to March 2000, and the second lasted another 63 months from July 2002 to October 2007. The current bull market started at the end of March 2009 and I believe it ended in May 2015 !!!

S&P 500 stock market index is the world's biggest index and it is designed to be the leading indicator of U.S and world equities. It consists of America's 500 big companies and it is widely traded by banks, hedge funds, professional and private traders. (In UK FTSE 100 is the major index and in Germany it is called DAX 30) Based on technical analysis (Chartist) method, future price movements of any tradable instrument whether it is shares, currencies, commodities or stock index can be predicted based on past price patterns and movements.

GRAPH:

As you can see from the graph for the past two years there is a rounded top pattern (blue line) emerging on the S&P 500 index and every time when the prices go up

it is not breaking above the blue line and it is a sign that the market is exhausted. You can also see a pink horizontal line which is coming in at 1800 which has been a major support line for the past two years and the prices bounce back every time it hit that level and I don't want to see price breaking below 1800.

HISTORY OF PREVIOUS MARKET CORRECTIONS?

From	To	% correction	Duration (months)
Sept 1929	June 1932	86%	34
Mar 1937	April 1942	60%	62
May 1946	June 1949	29%	38
Nov 1968	May 1970	36%	18
Jan 1973	Oct 1974	48%	21
Aug 1987	Dec 1987	33%	4
Mar 2000	Oct 2002	48%	31
Oct 2007	Mar 2009	56%	17
May 2015	????	????	?????

CONCLUSION:

I am sure many of you may have remembered Aug 87 correction, March 2000 dot com correction and the Oct 2007 Credit crunch correction. The current market correction may have already started in May 2015, and how long it will last and at what magnitude we do not know. To me the important level is 1800 on the S&P, and if it breaks below we may see a violent move all the way down to its previous major resistance level of 1600. As you can see in this article that I purposely avoided the word "crash" and used the word "correction" as we all know Central banks of America, Japan and Europe will use artificial money printing methods to avoid markets crashing.

How a Brexit could affect financial markets?

INTRODUCTION:

In less than 75 days, Britain will vote to decide whether to remain as a member of the European Union, and at the moment the outcome of the vote is going to be a close one, therefore we are going to see more volatile moves in both British Pound and the stock markets, as the markets don't like uncertainty. The most prominent assumption is that Brexit will be negative and remaining in the EU will be positive. We all noticed this last month when British Pound was sent reeling after London Mayor Boris Johnson backed the campaign for Britain to leave the EU.

Which stocks to watch out for?

Sectors such as banking, finance, property and retail could be some of the hardest hit in the event of Brexit. Property sector had an excellent run since the bottom of the previous bear market in March 2009, and a significant drop in Sterling will affect the property prices in general. Currently airlines such as EasyJet have access to free movement of treaties which make it much easier for them to fly around Europe and costs of running these airlines become high if these freedoms are not available.

BERKELEY GROUP: (Housing / property sector)

If you look at the price graph of this company, you can see price bottomed out in 2009 at around £8 and then in December 2015 peaked around £38 per share and since then it is going down south. A price break below £28 will trigger further selloff all the way to £20 and these kind of sell off may also happen with other property companies such as Persimmon, Barrat and Taylor Wimpey.

CONCLUSION:

British Pound may drop leading up to the voting date on the 23rd June and then appreciate if we remain as member of EU. Analysts at Goldman Sachs are predicting that if we actually exit Sterling could fall by another 20% from its current value, which may be good for exporters but bad news for importers. Oddschecker website which displays odds from major bookies are showing 1.40 odds for staying in EU and 2.88 Brexit.
