Message from

*Hon. Rishad Bathiudeen M. P.
Minister of Industry & Commerce*

It is with great pleasure that I send this message of congratulations on the occasion of the 9th Edition of the Jaffna International Trade Fair 2018, a mega trade exhibition of Northern Province.

The Jaffna International Trade Fair series organized by Lanka Exhibition & Conference Services Pvt. Ltd. (LECS) in association with the Chamber of Commerce & Industry of Yarlpanam (CCiy) has become a key business networking event in the Northern Peninsula.

This event is also increasingly becoming a definite destination for chambers and businesses from not only the Northern Province but for businesses from other provinces as well. JITF's growing reputation is such that it is now termed as the "Gateway to the North".

My pleasant memories of JITF 2017 are still fresh as I was pleased to welcome the 75-member delegation from India's largest and oldest business chamber, the Chamber of Commerce and Industry of India (ASSOCHAM) at its inauguration.

The successes of JITF recorded year after year and the increasing joint ventures, tie ups, large orders reported from this event are clear signs that the fast growth of the Northern Province has now extended to its business sector as well.

In this background I am pleased that my Ministry is endorsing this mega expo which has become a leading networking platform for bigger local and international trade for the Provincial Businesses.

In conclusion, I and my Ministry extend best wishes to the organisers and all participants of JITF 2018.

*Hon. Rishad Bathiudeen M. P.
Minister of Industry & Commerce*

Message from

*Hon. Reginald Cooray
Governor
Northern Province*

I have great pleasure of sending this message to felicitate 9th International Trade Fair 2018 (JITF 2018) organized by Lanka Exhibition & Conference Services (Pvt) Ltd. (LECS) together with the Chamber of Commerce & Industry of Yarlpanam (CCiy) with the support of consulate general of India, Jaffna, the Sri Lanka Convention Bureau (SLCB) and the Jaffna Municipal Council.

From visibility to credibility, exhibition at Jaffna International Trade Fair has hundreds of benefits for the business. Establishing a presence, whether big or small, for a company at the exhibition gives the entrepreneurs a powerful platform for meeting new customers, reaching out to their existing clients, and building a more established and reliable trademark.

JITF – 2018 has become the most comprehensive and focused exhibitions ever in the North since the dawning of peace. Face to face meetings and dialog with key officials from the public and private sectors are held at Jaffna International Trade Fair. Jaffna International Trade Fair which is now

organized for 9th Successful year is the largest international trade exhibition in Northern Province for multi-sector products, equipment and machineries. It is noticeable that exhibitors and trade-visitors are annually increasing. The fair has grown in stature from its inception 8 years ago, as the key networking and sourcing platform for the traders locally, nationally and internationally.

I am very delighted to congratulate everyone who plays the key role and supportive roles to organize 9th Jaffna International Trade Fair in a successful way.

I look forward to their continued success.

*Hon. Reginald Cooray
Governor
Northern Province*

Message from

*Justice C. V. Wigneswaran
Chief Minister
Northern Province*

I have great pleasure in sending this message of congratulation to your 9th "Jaffna International Trade Fair – 2018" (JITF 2018).

Your annual event, I hope would contribute its mite to the betterment of the province's overall economic development. Your organization should concentrate on starting small and medium scale industries which would pave the way for the generation of income to the Northern Provincial Council and create job opportunities to thousands of unemployed youths in this part of the country.

I wish great success in all your efforts.

*Justice C. V. Wigneswaran
Chief Minister
Northern Province*

Message from

*A. Natarajan
Consul - General of India
Jaffna*

I have great pleasure in sending my greetings to the participants at the Jaffna International Trade Fair (JITF) 2018. Every year, since 2010, Lanka Exhibition and Conference Services (LECS) has been successfully hosting the Mega show at Jaffna, for which I immensely thank LECS.

After the end of internal conflict in May 2009, the war-affected Northern Province has been slowly but surely growing economically and infrastructurally.

The Government of India has also made substantive contributions towards economic and infrastructure developments in the Northern Province.

Meanwhile, I am pleased to state that the Consulate General of India (CGI) in Jaffna has consistently encouraged Indian entrepreneurs and various apex chamber bodies to come and participate at JITF.

In the past, FIEO, ASSOCHAM New Delhi, the Tamil Nadu Chamber of Commerce and Industry, etc. all have actively participated at previous JITFs. A strong 70 member trade delegation led by ASSOCHAM New Delhi is expected to participate at the Ninth JITF.

I am confident that JITF 2018 will also be very successful as the earlier JITFs in Jaffna.

On behalf of CGI Jaffna, we wish the organizers to have a grand success of JITF 2018.

*A. Natarajan
Consul - General of India, Jaffna*

Message from

*N. Vethanayahan
District Secretary / Government Agent
District Secretariat, Jaffna*

I am pleased to extend warm and sincere welcome to all those attending the inauguration ceremony of Jaffna international trade fair 2018.

I believe this trade fair bridges the gap between North and South by offering unlimited opportunities and providing additional information regarding industrial needs, to constantly adopt to fluctuating market and technological change. It provide benefit to small and large enterprise of the Northern Province.

Trade fairs are ideal places for surveying the market, comparing prices and sales terms, trying out products, discussing their applications and doing business.

This ideal platform provide unlimited scope for development of private and public sector of the country.

Thanking You

*N. Vethanayahan
District Secretary / Government Agent
District Secretariat, Jaffna.*

Message from

*R.T. Jeyaseelan
Municipal Commissioner
Municipal Council - Jaffna*

I am wishing you very happy New Year and I am glad that 9th Trade Fair is going to be held in the dates of 26, 27, 28 of this month in Jaffna Municipal Council Premises. People of Jaffna were received their needs by traditional methods with difficulties in the past years. After the Trade Fair only new technological instruments were introduced to us.

In addition the trade fair motivated the local innovators and created new ideas. People in all the fields will be benefitted by the Trade fair such as construction, agriculture, information technology and business.

Therefore, I wish you a very successful trade fair in this year.

*R.T. Jeyaseelan
Municipal Commissioner
Municipal Council - Jaffna*

Message from

Arjun Dharmadasa

Managing Director

Lanka Exhibition & Conference Services (Pvt) Ltd

It is with great pleasure that I extend this message for the 9th Jaffna International Trade Fair (JITF). We at Lanka Exhibition & Conferences Services (Pvt) Ltd, as the organizer of this mega event are confident that exhibitions of this nature will create a gateway to facilitate trade in the north for the business community in Sri Lanka to meet the potential entrepreneurs and investors.

As per the statistics there is 100% increase of the visitors to the exhibition which clearly indicates that the northern population has increased as a result of the environment being conducive for people to live with the rapid development of infrastructure in the north and east streamlining the living conditions of the northern community.

Special attractions at JITF will be the "Made In Jaffna" pavilion with over 30 stalls, under the flagship of Chamber of Commerce & Industries of Yarlpanam (CCiy).

I take this opportunity to thank all government personnel and organizations who have been very supportive towards making this event a reality. I also wish to

express my sincere thanks for the continuous support of this trade exhibition to the Ministry of Industry & Commerce, former Ministry of Traditional Industries & Small Enterprise Development, The Indian High Commission in Sri Lanka, the Chamber of Commerce & Industries of Yarlpanam, the Jaffna Municipal Council, Consulate General of India in Jaffna, the Ceylon Institute of Builders, the Sri Lanka Convention Bureau and all Exhibitors, Sponsors & participants.

I also thank the Police and the people of Jaffna for their continued support in making JITF a great success year after year.

Arjun Dharmadasa
Managing Director

Lanka Exhibition & Conference Services

Message from

Aasim Mukthar

Chief Executive Officer

Lanka Exhibition & Conference Services (Pvt.) Ltd.

The Northern most tip of the country, its capital will be set alight for the 9th consecutive year with the commencement of the Jaffna International Trade Fair (JITF) 2018 from the 26th to the 28th of January 2018.

The Exhibition which has risen to a 'must attend' event by the citizens, businessman, traders and entrepreneurs of the North will be held at the Municipal Grounds Jaffna, at the heart of the peninsula. The trade fair which comprises both local and international stalls, caters to a diverse variety of needs and services and has been considered the single most focal point for a wide spectrum of investors and citizens.

Organizing the 9th edition of JITF ensures that the northern region is still one of Sri Lanka prime untapped markets in terms of trade and investment. This event undoubtedly is considered the most focused exhibition and Trade Fair in Jaffna.

It is worthy to note that this year we have special trade delegations from India and various chambers within the country.

I take this opportunity to welcome all local and international exhibitors, delegates and visitors to Jaffna while thanking and wishing all our valued sponsors and exhibitors the very best at JITF.

I also wish to convey my sincere thanks and gratitude to all stakeholders who have supported us immensely in making this year's JITF a success.

*Aasim Mukthar
Chief Executive Officer
Lanka Exhibition & Conference Services
(Pvt.) Ltd.*

Message from

V.K. Vignesh

Chairman

Chamber of Commerce and Industries Yarlpanam

It gives me great pleasure to present the Chairman's message to the 9th Jaffna International Trade Fair. Since the new year set in, Chamber of Commerce and Industries Yarlpannam have taken a first remarkable step to conduct 9th Jaffna International Trade Fair (JITF) to outspread numerous positive impact on the Northern Province commerce and industrial activities.

One of Sri Lanka's largest exhibition and consumer fairs called JITF is earnestly received by all parties in our nation and it has met continuous success in the past 8 years. Therefore, the expectation and participation of the 9th Jaffna International Trade Fair, being held on 26th, 27th and 28th of January 2018, will be prominent and magnificent.

In this time, I would like to highlight the remarkable success of 2017 January trade fair which marked the participation of over 250 companies, and over 60,000 foot prints of visitors. Statistically the gradual progress of previous Jaffna International Trade Fairs has triggered positive impact in the regional economy and trade.

In this post war era we have to utilize every business opportunity to enhance the business connectivity beyond boundaries. Thus, the JITF is an ultimate proposal to bringing up numerous business leaders and entities with a genuine interest and concern to create win-win situation through their business tie-ups and mutually benefit involved parties consistently.

At this point, I request investors not only to trade end products in our regional markets, but also contribute to establish industries in Northern Province through create employment opportunities along with skills and knowledge transformation.

At present our country is self- assured to refocus its political and economic policy approaches towards constructing opportunities for individual creativity and private investments in business. This is a great opening especially northern business community can enhance its business connectivity with the national capital Colombo and the rest of the island. Trade

fairs are the powerful marketing mediums, provide visitors with a comprehensive overview of the entire market and industry.

North Sri Lanka still remains a virtually virgin market for many business entities, I would say JITF generates an unlimited opening for our capitalists to showcase their uniqueness and product talents alongside their competitors to scope national as well as international market opportunities.

On this occasion we sincerely admit our gratitude to the exhibition organizer, Lanka Exhibition and Conference Services for their selfless involvement towards making JITF 2018 a successful occasion.

Additionally, we acknowledge all participants of trade fair for giving us continuous boost and immense confident. Further, we genuinely thank all our sponsors, media and press associates and all other government and nongovernmental bodies who lend helping hands in various modes to polish this trade fair more glorious.

As a Chairman of Chamber of Commerce and Industries Yaarlpanam, I would like to take this opportunity to thank Honourable Governor of Northern Province, Honourable Chief Minister of Northern Provincial Council, Consul General –Consulate General

of India, Government agent/ district secretary, Commissioner Jaffna Municipal Council, Police and government officials for your cherished support to make this trade fair a lively one.

Thank You,

*V.K.Vignesh,
The Chairman.
Chamber of Commerce and Industries of

Message from

M. Shiham Marikar

Secretary General/ Chief Executive Officer

National Chamber of Exporters of Sri Lanka (NCE)

The NCE which is the only private sector chamber which exclusively supports and provide services to Sri Lankan exporters, and service providers to exporters, considers it a privilege to be a part of the Jaffna International Trade Fair (JITF), to facilitate its objective of bringing economic prosperity to the people in the North. The NCE has over the last few years been actively engaged in a project supported by the International Labour Organization (ILO) of linking member exporters of the chamber with producers of agricultural and fisheries products in the North, to enable them to supply their products to the international market place.

This project which has already established firm business linkages between the member exporters of the chamber and producers in the North has enabled to effectively contribute to the economic prosperity of the people of the North, and thereby facilitate the reconciliation efforts of the Government between the peoples of the North and the South. In the above context, the Chamber has been participating in the JITF for the last four years to extend its services to further develop business linkages between the member exporters of the chamber and producers in the North. The JITF which has developed in to a comprehensive business

focused exhibition to support the economic development of the northern region has provided a good platform for member exporters of the Chamber to network and expand business linkages with the producers in the North for mutual benefit, as well as to meet other business partners, and investors, to further strengthen economic linkages for the prosperity of the northern region. The event also enables the establishment of linkages with the different State Institutions and policy makers for business development at a time when Sri Lanka is focusing political and policy approaches to promote reconciliation and opportunities for private investment in the region.

The chamber is pleased to endorse the JITF since it provides a useful platform to achieve economic benefits to all participant stake holders. The chamber looks forward to engage actively in the JITF and similar events in the future as well.

M. Shiham Marikar

Secretary General/ Chief Executive Officer

National Chamber of Exporters of Sri Lanka

Message from

*S.C. Weerasekera
Group Director
S-lon Lanka (Pvt) Ltd*

I am humbled and privileged to pen this message to the Exhibitor Directory published to mark the 9th Edition of the Jaffna International Trade Fair.

As the premier water management solutions provider and the market leader of Thermoplastic pipes in Sri Lanka, S-lon Lanka Private Limited is proud to have been a regular participant over the last five years at this premier annual Trade Fair, widely regarded as the 'Gateway to the North'.

We are delighted to note that the Trade Fair has continued to grow in leaps and bounds every year and is considered the best and most potent platform for the meeting of investors and public in the region.

The huge turnout of exhibitors' year on year, shows that the business community value the opportunity of exhibiting their products at the JITF as it gives them an opportunity to explore and build partnerships between the North and the South and help industries to make inroads into the Jaffna Peninsula and the international market.

S-lon considers Jaffna a lucrative business destination with vast potential for those in the construction industry. The booming construction industry in the region offers promising potential for S-lon as a business entity in carrying out our mission to provide safe access to water for all Sri Lankans.

As in the past, this year too we will showcase the entire range of water management solutions and other allied products that forms an integral part of the construction Industry.

Finally, wishing the Jaffna International Trade Fair Exhibition and the Chamber of Commerce and Industries continued success and a resplendent future.

Managing Director
Ruhunu Foods (Pvt) Ltd*

Ruhunu Foods (Pvt) Ltd is honored and delighted to partner with JITF 2018 organized by Lanka Exhibition & Conference Services (Pvt) Ltd as an official Food partner.

JITF, is one of the premier trade show of northern province, hosted by LECS where visitors had the opportunity to meet with experts in the industry and get first hand information about Foods products and many other fields.

Ruhunu Foods was the first to acquire the local SLS quality certificate for ground spices and flour category and achieved GMP, HACCP, ISO 22000 system and the EU Organics certifications internationally.

We are now equipped with the largest installed machine to crush & blend Spices, Chili and many other food products.

Ruhunu foods being the domestic market leader with major market share now has expanded their horizon to prospect in the international markets through exports

Further, My team at Ruhunu Foods and I extend our warm good wishes to Lanka Exhibition and Conference Services (LECS) for the success of JITF 2018.

Mobitel (Pvt) Ltd*

Mobitel is privileged to partner the prestigious Jaffna International Trade Fair (JITF) yet again as the Official Mobile Telecommunication Partner.

We have consistently supported this significant trade event since 2010 because we believe that the JITF which is held annually in the North is contributing significantly towards developing and promoting multiple industries in the region.

The Information & Communication Technology sector in particular is vital for the modernization and development of people and trade for a region to prosper.

Mobitel is committed to delivering the latest in ICT to people across the country so as to bridge the digital divide and ensure digital and technical inclusion for one and all.

Our innovative ICT solutions are enhancing people's lives and businesses, thereby ensuring that Sri Lanka remains at the cutting edge of ICT services. Mobitel's "We Care, Always" brand promise lights our path in

delivering services our customers need and the JITF provides the right platform, for us to share our products and solutions with visitors to this significant event in the North.

The Jaffna International Trade Fair (JITF), which will be held for the 9th consecutive year is empowering various industries to make inroads into the North, thereby helping them to diversify and expand their reach. It is an ideal meeting ground for prospective commercial business partners to come together in a professional setting.

My team at Mobitel and I extend our best wishes to the Lanka Exhibition and Conference Services (LECS) for the professionalism and commitment with which they organize JITF year after year. I am sure that the 2018 JITF will meet with much success as always and add infinite value to people and businesses in the country.

The Jaffna peninsula has grown into a lucrative hub for entrepreneurs from across the spectrum to seize the opportunity to make inroads into a vast, potential market, beneficial for investors, brands and conglomerates.

The Jaffna International Trade Fair (JITF), being organized for the 9th consecutive year is a spectacular event dedicated to aid businesses from key industries to navigate an environment which will prove fruitful and bountiful for long and short term investments in the future.

Mobil is a world class brand, reputed for its variety and finesse while renowned for its wide patronage by vehicle owners, the world's leading automotive manufacturers, technicians, motorsports drivers and industrial monikers reliant on a diverse and high quality range of lubricants. Mobil Lubricants are conceived to provide long engine life, suitable for any type of vehicle, under the most stringent conditions ascertaining remarkable fuel economy and

superior protection, while never failing to deliver optimum performance results.

McLarens Lubricants Limited is the sole distributor for Mobil Lubricants in Sri Lanka. As an organization advocating a brand which celebrates over 150 years of engine oil innovation, it is our goal to steadfastly adapt and change with the times. As 2018 dawns ushering a chapter still to be written, we are elated to be part of this event, creating new bonds and connections with our customers along their journey, sharing their experiences and connecting with them on every stretch.

We believe earnestly in fostering new partnerships and discovering new terrain and creating innovative mediums so that our dynamic, range of products are made available to a larger group of target and potential customers' island wide, offering greater convenience.

*Abdullah Jafar
Chief Executive Officer
The Harvest Merchant Company Pvt Ltd.*

"If a window of opportunity appears, don't pull down the shade" (Tom Peters)

Firstly, my team and I would like to express gratitude to the JITF Team & all others involved in organizing this marvelous event. Honestly, we see this as a platform rather than an ordinary event and it can come at no better time for us, as the people of "Jaffna" are witnessing a dawn of peace and stability in their region after the war. We aspire to cater to the people of "Jaffna" by offering a value-for-money yet desirable range of 'homeware' or 'household ware' products.

Bringing positive changes in people's lifestyle has not been a new thing for us at "THE HARVEST" as that has been the fascinating story of our nearly 50 years in existence. We are eager to do the same in the most effective manner in the 'Northern' hemisphere.

We are positive we can not just cater to their needs, but rather go the extra mile of re-defining their lifestyle. This is crucial as the people of "Jaffna" are going through a slow, yet adoptive transition in their lives'. Hence this platform by the name of "JITF" is a

very commendable effort taking into mind the planning, organizing and executing or driving it to success for the 9th consecutive time.

We sincerely wish all exhibitors, prospective partners and the JITF team an extremely fruitful and successful endeavour!

Warm Regards,

*Abdullah Jafar
Chief Executive Officer

Organisation Profile

Mobitel is Sri Lanka's National Mobile Service Provider and a fully-owned subsidiary of Sri Lanka Telecom. The company offers mobile telephony services, high-speed broadband, Enterprise Solutions, IDD services and a host of Value Added Services. Mobitel was the pioneer in South Asia to launch a Super 3.5G network, to successfully demonstrate HSPA + MIMO technology and successfully trial 4G-LTE and 4.5G-LTE Advanced Pro technology.

The introduction of Dual Carrier HSPA+ technology and 4G-LTE service makes Mobitel's broadband speeds the fastest in the country. In 2017 Mobitel initiated the trials of 5G for Internet of Things (IoT) innovation and entrepreneurship to Sri Lanka for the first time in South Asia. Fuelling over USD 600mn worth of investments to-date, Mobitel has shaped the ICT landscape, experiencing exciting growth – poised to lead the industry into its next phase of development.

A growing customer base, stands testament to Mobitel's strong focus laid on customer centricity, emulating its credo of "We Care. Always." For more information, visit www.mobitel.lk or dial 1717 to reach the Customer Care Hotline.

Organisation Profile

ACL Cables PLC – the largest cable manufacturer in Sri Lanka, commenced the manufacture of cables in the year 1962, pioneering the cable industry in Sri Lanka. At that time, the technical know-how required for the manufacture of cables was arranged by the local liaison office of Mitsui of Japan and the Japanese Engineers who worked established a Foundation of Quality. Since then, ACL grew in product range, volume, technology and quality to be what it is today – the largest manufacturer holding 45% share of the market. Being number one and having acquired the second largest manufacturer of cables in the year 1998, ACL today, is a Group of cable manufacturing companies holding an enviable 70% share of the total market in Sri Lanka. It may be interesting to note that our subsidiary Kelani Cables which is the second largest manufacturer in Sri Lanka, was owned and managed by OLEX Cables of Pacific Dunlop Group of Australia till the year 1998.

Organisation Profile

The Rainco Group maintains strong repute for introducing highly successful sub-brands, each addressing an identified gap in the market. In recent years the group entered the space of home utilities and accessories in order to provide customers with a reliable range of aesthetically appealing and functionally localized products. The Rainco Group continued to research and develop the products, better aligning them with the requirements of the local consumer and as a result has been able to introduce the newest of its offerings; Homelux. Homelux is a brand of premium home utilities and accessories and is a registered subsidiary from the house of Rainco as of the 01st of June 2014.

A strong emphasis on quality and adaptation to fit local consumers have been primary in the focus areas for the brand and has been the driving force behind its quick gain of popularity in the market. Endorsed by uncompromised belief in constant innovation and trust, Homelux promises its customers complete satisfaction. A complete, all inclusive product range is planned for manufacture and marketing under the Homelux label, differentiated broadly into kitchen, bath, dining, garden and living segments. Sustainability and responsible conservation of the environment are also assured facets of the Homelux operation with a majority of products manufactured using authentic mahogany and other environmentally friendly raw materials. Homelux products are now available at all leading retailers and come with the assurance of trust and quality that is synonymous with Rainco.

Stall No : 4, 5, 6

Organisation Profile

Sri Lanka is a country that is continually adapting in order face new global challenges. Concentrating on what the future holds for the country, The Ministry of Primary Industries was established in 2015 with the intention of developing Sri Lanka's primary industries in order to promote economic development and realize the government's developmental goals of achieving USD 25 billion exports and creating one million jobs by the year 2020 through import substitution policies. A primary industry is any industry such as agriculture or fisheries that is concerned with obtaining or providing natural resources for conversion into commodities and products for the consumer. With diverse agricultural zones allowing enormous potential for agro based industry and access to a large fishing area, Sri Lanka's primary industry is the backbone of the economy and has much to offer both local and foreign investors in the agriculture, livestock and fisheries sectors.

The Ministry of Primary Industries in Sri Lanka works to enrich the economy and drive trade and investment forward through the

management and sustainable utilization of the country's natural resources and enhancing value chain development.

At the heart of primary industry development is the goal of increasing the value of primary sector assets such as agriculture, horticulture, fisheries by focusing on projects that will lead to sustainably increasing productivity, protecting our land and water from harmful pests and diseases, safeguarding our diverse and unique natural environment, encouraging an innovation culture through technological development, taking measures to ensure food quality and integrity and to create a platform for sustainable economic growth in order to ensure the best social and economic outcomes for Sri Lanka.

FOUR FRESH RETAIL PVT LTD

Address : H. No. 145 / 4, Civil Hospital Road
Taraori, Distt. Karnal - 132116, Haryana
Tel : +91 7145 242659
Email : info@4fresh.in
Website : www.4fresh.in

Company Profile

4Fresh is built the simple principal of providing the discerning Indian families with the food ingredients of their choice, at the price they want it in. Since 2008, our endeavour has been to source materials that make them really happy. The path has not been easy. The knowledge that Indians are cost sensitive is well known. But the burgeoning middle class with their purchasing power was not to compromise in quality either. In fact, our research reveals that they have great problems of perception of even with refrigerated products. So far, 4 fresh has been able to live up to the expectations of its patrons.

The business offering of 4 fresh today incorporates the best of the organised retail sector on one hand, and the unorganised fruit

and vegetable vendor on the other. USP: 4Fresh is a unique venture because it has succeeded in bringing together the strengths of organised retail, e.g. multiproduct store, scientific display, transparency of weights and billing; along with that of the traditional 'kirana' store and fruit-vegetable vendor, e.g. personal care of preferences, door-to-door delivery, and flexible timings among others.

Future plans: We at 4Fresh consider ourselves to be the proverbial 'tortoise'. In the 3 years of our existence, we have not sporadic but generic growth. Therefore, we have put in great attention to ensure that all our existing patrons are truly satisfied with our services. For us, the profit of receiving a thank you call from a discerning client is far greater in value, than what appears on the balance sheet. With our specific strengths or marrying together the best of organised and unorganised retail we plan to spread to other parts of Delhi- NCR and pan India.

உங்கள் வாகனத்திற்கு மிகச் சிறந்த ஓயில் வகை எதுவென அறிவீர்களா?

ஓயில் எப்பெஷலிஸ்டை கேளுங்கள்

என்ஜினின் பாதுகாப்பையும் பிரச்சினை எதுவுமற்ற நீடித்த பாவனையையும் உறுதிப்படுத்திக்கொண்டு, உங்கள் வாகனத்தின் செயற்பாட்டை மிகவுயர்ந்த மட்டத்தில் பேணுவதே உங்கள் விருப்பம் என்பதில் சந்தேகமில்லை. எனவே, சிறந்த பெறுபேறுகள் பெறுவதற்காகச் சரியான ஓயிலைத் தெரிவு செய்வது மிக முக்கியமாகும்.

சரியான ஓயிலைத் தெரிவு செய்யும்போது பின்வரும் முக்கிய அம்சங்களைக் கவனத்திற்கு எடுத்துக்கொள்வது அவசியமாகும்:

- ✦ பயன்படுத்தப்பட்டுள்ள ஓயிலின் தரம் தரச்சீறப்பு
- ✦ உங்கள் வாகனத்திற்குப் பொருத்தமான குழாய்த் தன்மை (Viscosity)
- ✦ ஓயிலின் சிக்கனமான எளிப்பொருள் திறன்

உங்களுக்கு மோட்டார் ஓயில் பற்றி
ஏதேனும் பிரச்சினை இருந்தால் அழையுங்கள் **Dr.M**
