About the Founder of Rotary
Paul Percy Harris
(1868-1947)

Paul Percy Harris was born on 19 April 1868 in Racine, Wisconsin, USA. At the age of three Paul and his brother Cecil, age five, went to live with their paternal grandparents in Wallingford, Vermont, USA. There, as he recalled in his autobiography, *My Road to Rotary*, "I was to have the benefit of a well regulated permanent home where nothing was ever either over or underdone; where ideals were of the highest and education the supreme objective."

That quest for an education took Paul as a young man to both the University of Vermont and Princeton University before he graduated with a law degree from the University of Iowa in 1891. Upon graduation, Paul decided he would

take five years to see the world before settling into his new profession.

And see the world he did. During his "five years of folly", as he described it, Paul travelled extensively throughout the United States and Europe. He supported himself with a wide variety of jobs, working as a newspaper reporter, teacher in a business college, fruit-picker, cowboy, desk clerk, travelling salesman and deckhand on a cattle boat bound for England.

In 1896, vagabonding done, he settled in Chicago and began to practice law. It was there that Paul developed his idea for a businessmen's club, and on 23 February 1905, met with three friends - Silvester Schiele, Hiram Shorey and Gustavus Loehr - to form the first Rotary Club.

In the early years of the organization, Paul worked tirelessly to extend Rotary both in the United States and abroad. When the National Association of Rotary Clubs, forerunner of Rotary International, held its first convention in 1910, Paul was elected president. He served two consecutive terms and then, at the 1912 convention, was given the title of President-emeritus. He is the only Rotarian ever to receive that honour.

Paul met his future wife, Jean Thomson, in 1910 while on a day hike with the Prairie Club of Chicago, a group of outdoors enthusiasts he had helped to found. Paul and Jean were married in July of that year, and two years later, Paul had a house built overlooking the woods when they first met. He called it Comely Bank after the street that was the site of Jean's childhood home in Edinburgh. There, they entertained countless visiting Rotarians.

Later, the Harrises travelled throughout the world promoting Rotary. They planted friendship trees on almost every continent as a reminder of the organization's commitment to world understanding and peace.

Paul died at Comely Bank on 27 January 1947 and was buried in Mount Hope cemetery in nearby Blue Island, close to the grave of his longtime friend Silvester Schiele. Jean eventually returned to her native Scotland where she died in 1963.

In my *Road to Rotary*, Paul credits the values instilled in him by his grandparents and their neighbours as the basis for his conception of Rotary.

"Rotary was born of the spirit of tolerance, good will and service, all qualities which characterized New England folks of my boyhood days, and I have tried to interpret, so far as lies within me, that faith to other men."

Message from District Governor - 1998/99

Rotary International is a unique and multi-faceted Organization that has been a catalyst of change throughout the world over nine decades. It has made a lasting impact on every continent of the world and served the cause of humanity through its avenues of service in multifarious ways. No other voluntary organization has done as much in so many fields and in so many countries as Rotary, and I can think of no other institution that could even remotely be compared to the Rotary Foundation in scope and effect.

The Strength of Rotary is derived from its membership which again is selected through a very unique classification system. In this manner the talents, experiences and resources of leaders in the business and professional worlds are pooled for the benefit of humanity. Our members have been invited to serve in recognition of their stature in life and their professional and academic qualifications. Membership is the highest honour that Rotary can confer on anyone.

Rotary has also served the cause of universal peace and conflict resolution and wages a ceaseless war against poverty, illiteracy and ill health. Its services in all these areas is unmatched by any voluntary or state organization.

In Sri Lanka since 1929, Rotary has done equally well and served the community at large through its impressive achievements in the sphere of community development. Like Rotary International, Rotary in District 3220 has adapted itself to changing conditions and attuned itself to the changing rhythms of the universe. In Sri Lanka the old and young and persons from all communities and religions meet on a common Rotary platform to work for the common good.

I look forward to working with the Rotarians and District and Club Leaders and raise Rotary to even greater heights and thus help to usher in the new millenium in a meaningful and beneficial way in Sri Lanka. Together let us follow the Rotary dream and reach for the unreachable stars for the benefit of the world in general and the country in particular.

DECLARATION OF ROTARIANS IN BUSINESS AND PROFESSIONS

As a Rotarian engaged in a business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and the spirit of the ethical code of my vocation, to the laws of my country, and to the moral standards of my community;
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation.
4. Be fair to my employer, employees, associates, competitors, customers, the public and all with whom I have a business or professional relationship;
5. Recognize the honour and respect due to all occupations which are useful to society;
6. Offer my vocational talents; to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community;
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or profession;

8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

SERVICE THROUGH BUSINESS

As a Rotarian, it is my purpose:

To regard my business or profession, as my opportunity to express myself in service to society, as well as a means to material gain.

To maintain the dignity and worthiness of my calling by the acceptance and promotion of high standards and the elimination of questionable practices.

To value success in my vocation as worthy ambition when achieved as a result of service to society; but to accept no profit nor distinction which arises from unfair advantage, abuse to privilege or betrayal of trust.

To recognize that any sound transaction must be governed by practices which bring satisfaction to all parties concerned and to esteem it a privilege, in my profession or business to serve beyond the strict measure of duty or obligation.

OBJECTS OF ROTARY

The Objects of Rotary are to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First :

The development of acquaintance as an opportunity for service:

Second :

High ethical standard in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society:

Third :

The application of the ideal of service in each Rotarian's personal, business, and community life:

Fourth :

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service.

4 WAY TEST

It was created by Rotarian Herbert J Taylor in 1932 (RI President 1954-55) when he was asked to take charge of the Chicago based Club Aluminium Company which was facing bankruptcy. This was later adopted by Rotary in 1943.

"Of the things we think say or do."

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL & BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

The 4 - Way Test can be applied profitably in relations with others in home, community, business, national and international life; particularly to proposed plans, policies statements and advertising in business and the professions; to proposed legislation in government; to teachers and students in the schools.

GENERAL INFORMATION

PER CAPITA DUES

US \$ 17.50 is the semi-annual per capita dues payable by every club on behalf of each member as on 01 July 1998 and 01 January 1999. US \$ 8.75 is the pro-rated amount due on 01 October 1998 and 01 April 1999 for every new member inducted prior to this date in the respective semi-annual period. In addition, subscription for "The Rotarian" magazine is payable @ US \$ 6 per member semiannually and Rs. 170/- annually for Rotary News (English) or Rotary Samachar (Hindi). Special subscription of US \$ 12 for "The Rotarian" magazine is payable on a yearly basis on 01 July.

While sending the payment, please ensure that the Club name and District number is mentioned on the reverse side of the draft.

SUSPENSION/TERMINATION FOR NON-PAYMENT

01 July 1998

Per Capita Dues, subscription fees, semiannual report and correct membership list are due.

01 October 1998

Prorata Dues for new members are due. Letters sent to clubs that have not paid their 01 July 1998 dues.

01 January 1999

Clubs that have not paid their 01 July 1998 dues have their services suspended.

01 April 1999

Clubs that have not paid their 01 July 1998 dues are terminated.

SUSPENSION OF SERVICE

'Services suspended' means that the delinquent club does not receive any communication from Rotary International or the District Governor, except correspondence needed to resolve the situation. A club with services suspended for non-payment of R.I. dues is able to attend District meetings, but is not entitled the vote. However, a club suspended for non-payment of regional magazine or District dues can vote. A Governor can belong to a club with services suspended, but if the club is terminated, the office of Governor becomes vacant. A nominee cannot be certified as eligible for election if, he belongs to a club with services suspended. Suspension is automatically revoked as soon as payment is made of the amount in arrears and a receipt from the service center is produced.

TERMINATIONS

The termination of a club's membership in Rotary International is not something that is relished, but it is sometimes necessary. A termination is not considered a black mark on the Governor's record.

A club can be terminated by the R.I. Board for :

1. Non-payment of financial obligations to R.I.
2. Resignation: A club may resign its membership in R.I. without the Governor's approval, if it has no outstanding indebtedness to R.I. However, the secretariat contacts the Governor to see if there is a chance to change the club's mind.
3. Failure to function.
4. Gross violation of the constitutional documents.

In the last two cases, the recommendation of the Governor is almost always required. The club needs to be aware of the Governor's recommendation so that it has a chance to plead its case. The board also will need to know what attempts have been made by the Governor to correct the situation.

REINSTATEMENT OF A TERMINATED CLUB - PROCEDURE

We often receive request from the clubs or District Governors that a particular terminated club should be reinstated as the dues have been paid. In order to ensure prompt handling of such requests it is necessary that all the requisite formalities which are enumerated below should be completed before submitting a formal request to the service center for reinstatement of a terminated club:

1. Documentary evidence of payment of all the outstanding areas and also the dues payable for the current semi annual period.
2. List of names and addresses including pin codes of all club members and its current and incoming Presidents and Secretaries and choice of the magazine of each member.
3. Indication about subscription by each member for official or regional magazine with a copy of receipt for payment of subscription.

For clubs under termination for two or more consecutive years, the following two items, besides the ones listed above, are also needed:

4. DG's certificate that the club is functional and
5. DG's recommendation that the terminated club be reinstated.

It is suggested that all adjustments in club accounts be taken up prior to the club's terminations (i.e. during its suspension). Once terminated, the club is expected to make full payment and take up the matter of adjustments after it is reinstated.
