## MUNICIPALITY OF GALLE.

Minutes of Proceedings of a Meeting of the Municipal Council of Galle held at the Municipal Office on  
May 14, 1898, at 1.30 p.m.

*Present*:—The Chairman; C. A. Lovegrove, Esq.; Dr. J. Attygalle; Dr. P. D. Anthonisz, C.M.G.; Chevalier W. Abeyasundera; D. G. Gunawardena, Esq.; W. E. de Vos, Esq.; N. Dias Abeyasinha, Esq.; C. L. M. Abdul Carim, Esq.; and C. P. Hayley, Esq.

1. Read and confirmed Minutes of last Meeting.

2. Read letter from the Hon. the Colonial Secretary, dated March 28, 1898, forwarding copy of a letter from the Principal Collector of Customs reporting on the hospital and other accommodation proposed for plague patients at Galle; also letter dated May 4 to the Government Agent forwarded for the information of the Council, intimating that Government will undertake cost of acquisition of 2 acres of land at Dadalla for plague hospital.

By leave of Council Mr. C. P. Hayley moved "that this Council do protest against the action of Government in deciding to send all vessels infected or suspected of being infected with plague to Galle, and respectfully request that a less populous place be selected. If Government still decides to pursue that policy, this Council expects that all expenses connected therewith—i.e., the entire cost of erection of buildings and of the preparations for reception and the maintenance of plague patients—should be borne by Government."

Seconded by Mr. C. L. M. Abdul Carim.—Carried.

The Chairman and Mr. C. A. Lovegrove notified their dissent from the first part of this resolution, but supported the latter part thereof.

3. In terms of section 176 (a) (1) of Ordinance No. 7 of 1887, the Council empowered the Chairman to cause walls made of inflammable materials in the following houses to be removed:—No. 19, Lighthouse street, Fort; 5, Rampart street, Fort; 177, Dangedara; 140, Mahamodara; 173, Mahamodara.

(k) Letter from Colonial Secretary, No. 25, dated May 17, stating that the Governor has authorized payment of pension to Mr. J. B. Van Twest, late Chief Inspector.

8. Letter from the Director of Public Works, No. 1,130 of April 22, stating that the Provincial Engineer, Central Province, is of opinion that the retaining wall said to be necessary on the Katugastota road is not necessary.

Moved by Mr. Philip, seconded by Mr. C. Vanderwall, that the attention of the Director of Public Works be invited to previous correspondence, and the report made by the Provincial Engineer, Mr. A. Murray, and the order made thereon.

9. Read letter dated April 28, from the Editor of the *Ceylon Times*, regretting that he is unable to comply with the request that the Minutes of Proceedings of April 23 be published, as a full report of the Meeting had already appeared.

10. Pursuant to notice, Mr. Philip invited attention to letter from Government dated March 18, 1898, on the sanitary condition of Kandy (A 1), as published in the *Government Gazette*, May 13, 1898, Part V., p. 293, and asked when it was laid before the Municipal Council.

*Reply*—The letter was first placed before the Special Committee appointed to draw up a reply to the Colonial Secretary's letter No. 2 of January 20 on the sanitary condition of Kandy, and was laid before the Municipal Council, with the Special Committee's report, at the Meeting held on April 3, 1898.

11. In accordance with notice, Mr. Philip drew attention to the Health Officer's report for February, 1898, under the headings Public Latrines, Kachcheri Latrines and their Drainage, New Dry-earth Latrines, Alleys, and asked that an explanatory memorandum be read as to the steps actually taken to deal with the specific complaints made by the Health Officer.

The Chairman replied: The public latrines are in charge of the Health Officer, who explains that the night soil was not properly removed in February, as the coolies were for a time practically on strike. The difficulty has now ceased. The new latrines were used before they were ready notwithstanding the entrances to them were blocked. The subject of the Kachcheri latrines and drains the Government Agent has brought before Government. New by-laws have been passed, which will enable the Council to deal with the latrines in the alleys and the removal of night soil from them.

12. In accordance with notice Mr. Philip inquired, with reference to the Minute No. 19 of the General Meeting on March 19, 1898, what steps have been taken with a view to the sale without delay of the dynamometer engine and boiler belonging the Municipal Council.

*Reply*.—Inquiry has been made for purchasers, but without success. This dynamometer and engine, &c., will now be advertised for sale.

13. In pursuance of notice Mr. Philip inquired, with reference to printed copy of a Supplemental Budget No. 4 for 1897, which has been circulated, whether it is not *ultra vires*, the Standing Committee for 1897 being *functus officio*.

*Reply*.—The Supplemental Budget in question has been passed by the Standing Committee for 1898, and not by the Standing Committee for 1897.

14. Proposed by Mr. A. Philip, seconded by Mr. W. D. Gibbon, that the Health Officer's recent reports to the Chairman regarding dairies and laundries be read; and that a Special Committee of the Municipal Council be appointed to draw up regulations to be issued, when approved under Ordinance No. 1 of 1896, for the purpose of carrying into effect the provisions of the chapters relating to the supervision and regulation of dairies and the supervision and regulation of laundries.

The motion on being put to the Meeting was carried.

Resolved,—That Dr. F. Keyt and Mr. A. Philip be appointed a Special Committee, and that the reports be circulated.

15. In accordance with notice Mr. A. Philip drew attention to the non-publication in the *Government Gazette* up to date of the Minutes of Proceedings of the General Meeting held on March 19, 1898, while the Minutes of the Special Meetings held in March and April have been published, and moved that the attention of Government be drawn to the omission with a view to its being remedied forthwith.

This was seconded by Mr. C. Vanderwall.

The Chairman stated that the Secretary had been informed unofficially that the Minutes would be published in the *Gazette* of Friday, the 20th instant. Mr. Philip, however, pressed the motion, which on being put to the Council was carried.

16. In accordance with notice the Chairman moved, and Mr. E. Beven seconded, that Mr. L. Creasy be appointed to the Special Committee on (1) water supply and (2) latrines for alleys, additional depôts for rubbish and night soil, in place of Mr. MacDonnell.

The motion was carried *nem. con.*

17. The Meeting then proceeded to elect by ballot a Member of the Standing Committee in place of Mr. MacDonnell.

On scrutinizing the votes the Chairman declared that Mr. L. Creasy had been elected.

18. The Chairman submitted the report by the Special Committee appointed to consider the Jubilee celebration accounts.

19. Supplemental Budget No. 4 for 1897, as approved by the Standing Committee, was laid on the table, and on motion of the Chairman passed. (Appendix A).

20. The Chairman submitted his Annual Administration Report for 1897.

Proposed by Mr. A. Philip, seconded by Mr. E. Beven, that the report be referred to a Special Committee with instructions to suggest observations to be appended thereto, in terms of section 80 (c) of the Ordinance No. 7 of 1887, and that the Members of the Committee be Messrs. E. Beven, C. Vanderwall, R. W. Jonklaas, and A. Philip. On being put to the Meeting the motion was carried.

Confirmed this 18th day of June, 1898.

ALLANSON BAILEY,  
Chairman.

## Health Report for April, 1898.

*Water Supply.*—The remaining portion of the land from which the water supply comes not yet having been purchased the water supply is still open to sources of pollution.

*Latrines.*—The public latrines have been kept in a sanitary condition during the month.

*Latrines attached to District Court* were in a most insanitary condition when I inspected them. I reported especially about them.

*Dry-earth Latrines in Alleys.*—Considering the number of the alleys, only very few of these latrines have been built. The ones built were constructed according to no sanitary rules, nor under the supervision of any proper authority. I did not see dry-earth or antiseptics in use in any of them, the ones I saw were filthy.

*Night Soil Depôt at Katugastota.*—This place was kept in a sanitary state.

*Scavenging.*—Scavenging of Kandy was extremely badly done during the month.

*Alleys.*—The alleys are overcrowded, badly ventilated, and disgracefully drained.

*Laundries.*—At Ampitiya latrines are urgently required for the laundries, also at Deyannevela. The dhobie have whitewashed some of their houses. New washing places in various parts of the town are urgently required. I still think the laundries are very far from being in a sanitary condition.

*Public Market.*—This building is not in a sanitary state. I stated my reasons for saying so in a special report to the Chairman on May 6, 1898.

*Dairies.*—As a rule, the dairies have been kept in a sanitary state.

*Bakeries.*—All the bakeries in Kandy are now in a sanitary condition.

*Gala Stands* are all in a sanitary condition, or are being made so, except those in the cooly lines at Mahaiyawa, where there is no attempt made to carry out the by-laws.

*Cooly Lines* have been kept fairly clean. The cattle stands and gala sheds in them are the worst in Kandy.

*Fish Boutiques.*—Much rotten fish was found exposed for sale during April. Several boutique owners were heavily fined.

*Slaughter Houses.*—These buildings were kept in a sanitary state during April.

*Cattle.*—I had great difficulty in getting the butchers to produce cattle and sheep suitable for being slaughtered, and I had daily to reject large numbers.

*Infectious Diseases.*—Chickenpox was extremely prevalent in the Police barracks during April. I sent the Chairman a special report concerning the sanitary condition of these barracks.

*Drainage.*—The drainage of Kandy is disgraceful.

Kandy, May 8, 1898.

W. HALLARAN, Surgeon Captain, A.M.S.,  
Health Officer.
