WELCOME
OUR
DISTRICT GOVERNOR 94/95
MELVILLE J. ASSAUW

My Dear Friends,

Just like love, Rotary is a state of mind which cannot live alone unless it is shared. And when it is shared, it makes everything so much easier, so much more enjoyable – because it creates a deep sense of belonging.

Thank you, my friends, for giving me this wonderful opportunity to share my life with you. To work together towards the common goal of helping our community – to put ourselves into the lives of those who need our help and to help with a sense of sharing and a sense of belonging.

When you think of all the things you wish to achieve in Rotary, of all the things that make your Rotary dream come true, there is one certain way we can make all this come true... simply, 'Be a Friend.'

A friend is patient. A friend is kind. A friend is never jealous, never conceited, never makes demands, never keeps a record – a friend is forever.

Look around you – what makes you happy – it's the friends around you. Friends who understand you. Friends who care and who belong.

*Truly, friends crystallize the foundation that holds the world together and makes life worth living.....
Be a Friend.*

Your Friend in Rotary
