Western Province.					
Colombo ...	In Siyané koralé East the yala fields were sown, and in villages bordering the Kelani river a small muttes crop was gathered. The muttes plants in Héwágam koralé have been attacked by insects, and to some extent damaged. Yala cultivation proceeded successfully, though there was rather more rain than was wanted. In Salpiti koralé, too, complaint was made of too much rain, but on the whole the prospects of a good yala harvest in this koralé at present look well. The same may be said for Alutkuru koralé South. In Siyané koralé West a good muttes crop has been taken in, and cultivation for yala is in progress	—	None to speak of has been grown	—	An ordinary April, and rather favourable on the whole to agriculture
Negombo ...	Paddy already sown for yala thriving. Many fields still being sown for yala	—	—	—	—
Kalutara ...	Prospects of yala harvest favourable	—	No cultivation ...	—	Slight damage done to cultivation in Pasdun koralé by flood
Central Province.					
Kandy ...	Maha crop of Pata Dumbara and Tumpane now being threshed—rather short owing to damage done by flies. Elsewhere up to average. Yala crops being sown, or too young to form any estimate	—	Same as paddy...	—	—
Mátalé ...	Maha reaping almost finished; preparations going on for yala	—	—	—	—

<i>Northern Province.</i> Jaffna ...	Threshing of paddy continued in Karachi and Punakari divisions	—	—	—	There was rain almost throughout the district—heavy in some parts and light in others—on the 13th, 14th, 18th, and 23rd, accompanied by thunder and lightning; and some partial showers on the 15th, 16th, 17th, and 19th which proved of great benefit to the dry grain and tobacco crops, and enabled the cultivators to plough their paddy fields. The heat during the month, more especially the first fortnight, has been very oppressive. The south-west wind, which set in on March 23, continued till 12th and then set in from north and became variable. Since the 23rd it set in from south and south-west
Mannár ...	The kalapokam crops have all been reaped and stacked. There is prospect of a small sirupokam cultivation in some of the villages on the mainland	—	—	—	Tobacco crops have been gathered, and are good
Vavuniya ...	Crop prospects continue good. A good idaipokam will, it is hoped, make up for a comparatively small kalapokam; crop now in plants doing well	—	A little gingelly is being grown	—	—
Mullaitivu ...	Kalapokam paddy reaped and stacked; crops generally good. Idaipokam sown in only three villages	—	No cultivation	—	—
<i>Southern Province.</i> Galle ...	Sowing for yala harvest completed throughout Galle District. The growth of the young paddy plants continued to be satisfactory, and a good harvest may be expected, the needed rain having fallen throughout the district	—	—	—	—

All village tanks full. Want of buffaloes felt at Tissa delaying cultivation: due to greater demand and larger extent of fields being cultivated
East Giruwa pattu	... Harvesting of maha crops completed, outturn good. Yala cultivation commenced; prospects good, as tanks are almost all full from four days heavy rain	—	—	—	—
Magam pattu	... Maha crops reaped, outturn good. Yala cultivation commenced; abundance of water	—	—	—	—

Kurunégala	... Paddy cultivation for yala commenced throughout district except in Weudawili, but delayed by want of rain, notably in Katugampola, for which reason also chena cultivation is generally at a standstill. (2) When a petition is made under sub-section (1), the Governor in Executive Council may, if he thinks fit, refer it to the district court of Colombo for report.

(3) Such court shall, in making its report, have regard to the nature and merits of the invention in relation to the public, to the profits made thereby, and to all the circumstances of the case.

(4) The procedure on the reference shall be such as the court thinks fit, and may include the issuing of citations calling upon persons claiming to have any interest in the reference to appear before the court on the day in which the reference is to be considered, or on any day to which the consideration thereof may be adjourned, and make with respect thereto any representations which they may see fit in relation to any of the matters to which the court is required by the last foregoing sub-section to have regard in making its report.

(5) If the Governor in Executive Council is of opinion, or, where a reference under sub-section (2), if the court reports that the petitioner or petitioners has or have been inadequately remunerated by his or their exclusive privilege, the Governor in Executive Council may, on payment of the fee prescribed in that behalf in the fourth schedule, make an order extending the term of the privilege for a further term not exceeding seven, or, in exceptional cases, fourteen years from the expiration of the first term of fourteen years.

(6) But an exclusive privilege of which the term has been extended under the last foregoing sub-section shall, notwithstanding anything in that sub-section, cease if the petitioner or petitioners fails or fail to pay before the expiration of each year of such extended term the fee prescribed in the schedule aforesaid in respect of the continuance of the privilege.

or amended
specification.

16 (1) If after the filing of the specification the petitioner or petitioners has or have reason to believe that through mistake or inadvertence he or they has or have erroneously made any mis-statement in his or their petition or specification, or included therein something which at the date of the delivery or receipt of his petition was not new, or whereof he or some or one of them was not the inventor, or that the specification is in any particular defective or insufficient, he or they may petition the Governor in Executive Council for leave to file a memorandum pointing out the mis-statement, or disclaiming any part of the alleged invention, or for leave to file an amended specification, as the case may be.

(2) The petition must be in writing signed by the petitioner or petitioners, and must state how the error, defect, or insufficiency occurred, and that it was not fraudulently intended.

(3) Upon the petition the Governor in Executive Council may make an order allowing the memorandum or amended specification to be filed.

(4) No amendment shall be allowed that would under the specification, as amended, claim an invention substantially larger than or substantially different from the invention claimed by the specification as it stood before amendment.

(5) The provisions of section 5 with respect to petitions, and of section 8 with respect to specifications, shall apply, so far as they can be made applicable, to petitions and to amended specifications, respectively, made and filed under this section.

Effect of
amended
specification.

17 An amended specification filed under the last foregoing section shall, except as to any action or proceeding relating to the exclusive privilege which may be pending at the time of the filing of the amended specification, have the same effect as if it had been the specification first filed: Provided that nothing in an amended specification shall be construed to extend or enlarge an exclusive privilege before acquired.

Bar to exclusive
privilege in
certain cases.

18 A person shall not be entitled to an exclusive privilege under this Ordinance—

(a) if the invention is of no utility, or

(b) if the invention at the date of the delivery, or receipt of the petition for leave to file the specification thereof, was not a new invention within the meaning of this Ordinance, or

(c) if the petitioner or some one or more of the petitioners is or are not the inventor or inventors thereof, or

- (d) if the original or any amended specification does not fulfil the requirements of this Ordinance, or
- (e) if the original or any subsequent petition relating to the invention or the original or any amended specification contains a wilful or fraudulent mis-statement, or
- (f) if the petition for leave to file the specification of the invention was made under this Ordinance after the expiration of one year from the date of the acquisition of an exclusive privilege in respect of the invention in any place beyond the limits of the Colony and the United Kingdom.

Novelty of invention dependent on public use or knowledge thereof before petition to file specification.

Effect of public use or knowledge of invention in fraud of inventor.

Effect of temporary use of invention in public by inventor or inventors or by his or their leave.

Effect of public use or knowledge of patented invention between application for the patent and petition to file specification.

Effect of like public use or knowledge of unpatented invention.

Effect of public use or knowledge of invention after admission to an exhibition.

19 An invention shall be deemed a new invention within the meaning of this Ordinance if it has not before the date of the delivery or receipt of the petition for leave to file the specification thereof been publicly used in any part of the Colony or of the United Kingdom, or been made publicly known in any part of the Colony or of the United Kingdom by means of a written publication.

20 The public use or knowledge of an invention before the date of the delivery or receipt of the petition for leave to file a specification thereof shall not be deemed a public use or knowledge within the meaning of this Ordinance if the knowledge has been obtained surreptitiously or in fraud of the inventor or inventors, or has been communicated to the public in fraud of the inventor or inventors or in breach of confidence: Provided that the inventor or inventors has or have not acquiesced in the public use of his or their invention, and that, within six months of that use, he or they petitions or petition for leave to file a specification.

21 Use of an invention in public by the inventor or inventors thereof, or by his or their servant or agent, or by any other person by his or their license in writing, for a period not exceeding one year immediately preceding the date of the delivery or receipt of his or their petition for leave to file a specification thereof, or knowledge of the invention resulting from such use thereof in public, shall not be deemed a public use or knowledge within the meaning of this Ordinance.

22 If the inventor or inventors who has or have obtained a patent for his or their invention in the United Kingdom causes or cause a petition for leave to file a specification of the invention under this Ordinance to be delivered or received by the Colonial Secretary within twelve months from the date of actual sealing of the patent, the invention shall be deemed a new invention within the meaning of this Ordinance, if it was not publicly used or known in the Colony at or before the date of the application for the patent, notwithstanding that it may have been publicly used or known in the Colony or in some part of the United Kingdom before the date of the delivery or receipt of the petition under this Ordinance for leave to file the specification.

23 If an inventor or inventors petitions or petition for leave to file a specification under this Ordinance while his or their application for a patent is pending in the United Kingdom, and the interval between the date of his or their application for the patent and the date of the delivery or receipt of his or their petition under this Ordinance does not exceed twelve months, the invention shall not be deemed to have been publicly used, or made publicly known, within the meaning of this Ordinance, by reason only of the invention having been used, or a description thereof having been published, in the Colony or in any part of the United Kingdom during the interval.

24 If an inventor, being the exhibitor of his invention at an industrial or international exhibition, certified as such by the Governor, causes a petition for leave to file a specification of the invention to be delivered to or received by the Colonial Secretary within six months from the date of the admission of the invention into that exhibition, the invention shall not be deemed to have been publicly used, or made publicly known, within the meaning of this Ordinance, by

reason only of the invention having at any time after its admission into the exhibition been publicly used or made publicly known.

Cessation of exclusive privilege by order of the Governor.

25 (1) An exclusive privilege acquired under this Ordinance shall cease if the Governor in Council declares the privilege, or the mode in which it is executed, to be mischievous to the State, or generally prejudicial to the public.

(2) It shall also cease if a breach of any condition on which the petitioner or petitioners was or were authorised to file a specification, or on which the term of the exclusive privilege was extended, is, on an application under this Ordinance to the district court of Colombo proved to the satisfaction of that court, and if the Governor in Executive Council thereupon declares the privilege to have ceased.

Cessation of exclusive privilege on revocation or expiration of patent.

26 (1) An exclusive privilege acquired under this Ordinance in respect of an invention for which a patent has been obtained in the United Kingdom shall cease on the revocation or expiration of the patent.

(2) Such a privilege in respect of an invention for which a patent has not been obtained in the United Kingdom shall cease on the revocation or expiration of any patent or exclusive privilege which has been obtained or acquired for or in respect of the invention in any other country.

Action for infringement of exclusive privilege.

27 (1) Any person or persons may institute an action in the district court of Colombo against any person who, during the continuance of an exclusive privilege acquired by him or them under the Ordinance in respect of an invention, makes, sells, or uses the invention without his or their license, or counterfeits or imitates it.

(2) The action shall not be defended upon the ground of any defect or insufficiency of the specification of the invention, or upon the ground that the original or any subsequent petition relating to the invention, or the original or any amended specification contains a wilful or fraudulent mis-statement, or upon the ground that the invention is of no utility.

(3) Nor shall it be defended upon the ground that the plaintiff or plaintiffs was or were not the inventor or inventors, unless the defendant or defendants shows or show that he or they is or are the actual inventor or inventors or has or have obtained from the actual inventor or inventors a right to make, sell, or use the invention, or to counterfeit or imitate it, as the case may be.

(4) Nor shall it be defended upon the ground that the invention was not new, unless the defendant or defendants or some person through whom he or they claims or claim has or have, before the date of the delivery of the petition for leave to file the specification, publicly or actually used in the Colony or any part of the United Kingdom the invention, or that part of it with respect to which the exclusive privilege is alleged to have been infringed.

Application to declare exclusive privilege in respect of an invention not to have been acquired.

28 Any person or persons may apply to the district court of Colombo for a rule to show cause why the court should not declare that an exclusive privilege in respect of an invention to be specified in the rule has not been acquired under the Ordinance by reason of all or any of the objections following (to be specified in the rule), that is to say :—

- (a) that the invention is of no utility, or
- (b) that the invention was not at the date of the delivery or receipt of the petition for leave to file the specification a new invention within the meaning of this Ordinance, or
- (c) that the petitioner was not or none of the petitioners was the true inventor thereof, or
- (d) that the original or any amended specification does not fulfil the requirements of this Ordinance, or

- (e) that the petitioner or petitioners has or have knowingly or fraudulently included in the petition for leave to file the specification or in the original or any amended specification, as part of his or their invention, something which was not new, or whereof he or they or some one or more of them was or were not the inventor or inventors, or
- (f) that the original or any subsequent petition relating to the invention, or the original or any amended specification, contains a wilful or fraudulent mis-statement, or
- (g) that some part of the invention, or the manner in which that part is to be made and used, as described in the original or any amended specification, is not thereby sufficiently described, and this insufficiency was fraudulent and is injurious to the public.

Like application as to part of invention.

29 Any person or persons may apply to the district court of Colombo for a rule to show cause why the court should not declare that an exclusive privilege in respect of any part of an invention to be specified in the rule has not been acquired under this Ordinance, by reason of all or any of the objections following (to be specified in the rule), that is to say :—

- (a) that that part of the invention is wholly distinct from the other parts thereof, and is of no utility ; or
- (b) that that part of the invention was not, at date of the delivery or receipt of the petition for leave to file the specification, a new invention within the meaning of this Ordinance ; or
- (c) that the petitioner was not, or none of the petitioners was, the true inventor or inventors of that part of the invention ; or
- (d) that that part of the invention, or the manner in which it is to be made and used, is not sufficiently described in the original or any amended specification, and that this insufficiency is injurious to the public.

Security for costs of application under either of the two last foregoing sections.

30 The said district court may in this behalf require a person applying for a rule under either of the two last foregoing sections to give security for the payment of all costs incurred or likely to be incurred by any person or persons appearing to show cause against the rule.

Application on breach of condition.

31 (1) Any person authorised by the Governor in Executive Council in this behalf may apply to the district court of Colombo to show cause why the question of the breach of any condition on which leave to file a specification has been granted, or any other question of fact on which the cessation of an exclusive privilege under section 25 may, in the judgment of the Governor in Executive Council, depend, should not be tried in the form of an issue directed by the court.

(2) If the rule is made absolute, the court, unless the breach or other matter of fact is admitted, may direct the issue to be tried, and certify the result of the trial to the Governor in Executive Council.

Notice of proceedings to persons interested.

32 (1) Notice of any rule obtained or proceeding taken under section 28, section 29, or section 31, shall be served on all persons appearing from the address-book to be proprietors of the exclusive privilege, or to have shares or interests therein, and it shall not be necessary to serve the notice on any other person.

(2) The notice shall be deemed to be sufficiently served if a copy thereof is left at the place for the time being stated in the address book, by delivering the copy to any person resident at or in charge of the place, or, if there is no person resident at or in charge of the place, or if the place is not within the local limits of the jurisdiction of the court, by

causing the notice to be sent to the place by post by a registered letter directed to the person to whom the notice is addressed.

Order on
application.

33 (1) If it appears to the district court of Colombo at the hearing of an application under section 28 or section 29, that by reason of any of the objections specified in the rule the exclusive privilege in the invention or in any part thereof has not been acquired, the court shall make an order accordingly, and thereupon the petitioner or petitioners shall, so long as the order continues in force, cease to be entitled to the exclusive privilege.

(2) If it appears to the district court of Colombo, at the hearing of any such application as last aforesaid, that the petitioner or petitioners has or have in the description of his or their invention in the petition for leave to file a specification thereof, or in the original or any amended specification, erroneously included something which at the date of the delivery or receipt of the petition for leave to file the specification was not new, or whereof he or they was or were not the inventor or inventors, or that the specification is in any particular defective or insufficient, but that the error, defect, or insufficiency was not fraudulently intended, the court may adjudge the exclusive privilege to have been acquired and to be valid, save as to the part thereof affected by the error, defect, or insufficiency : or

(3) If it appears to the district court of Colombo that the error, defect, or insufficiency can be amended without injury to the public, the court may adjudge the exclusive privilege in respect of the whole of the invention to be valid, and may, upon such terms as it thinks reasonable, order the specification to be amended in any particular in which it is erroneous, defective, or insufficient ; and thereupon the petitioner or petitioners shall, within a time to be limited by the court for the purpose, file in the office of the Colonial Secretary a specification amended according to the order.

(4) The provisions of section 17 with respect to the effect of such specifications shall apply, so far as they can be made applicable, to an amended specification filed under this section.

(5) An exclusive privilege in respect of an invention shall not be defeated upon the ground that the petition for leave to file the specification of the invention contains a mis-statement, unless the mis-statement was wilful or fraudulent.

Delivery of
particulars.

34 (1) In an action for the infringement of an exclusive privilege acquired under this Ordinance the plaintiff shall deliver with his plaint particulars of the breaches complained of in the action, and the defendant shall deliver a written statement of the particulars of the grounds, if any, upon which he means to contend that the plaintiff is not entitled to an exclusive privilege in respect of the invention.

(2) In like manner, upon an application to the district court of Colombo under section 28, section 29, or section 31, the person making the application shall deliver particulars of the objections or grounds on which he means to rely.

(3) At the hearing of any such action or application, or at the trial of any issue arising out of any such application, evidence shall not be allowed to be given in proof of any breach of the exclusive privilege, or of any ground impeaching the validity of that privilege, or of any objection or ground affecting such a privilege, unless such breach or other matter as aforesaid has been stated in the particulars delivered under this section.

(4) If it is alleged that the invention was publicly used or known before the date of the delivery or receipt of the petition for leave to file the specification thereof, the places where and the manner in which the invention was so publicly used or known shall be stated in the particulars.

(5) Notwithstanding anything in the foregoing portion of this section, the court in which the suit or application is pending,

or an issue arising out of the application is being tried, may allow the plaintiff or defendant respectively to amend the particulars delivered under this section upon such terms as it thinks fit.

Title of actual inventor to exclusive privilege in case of fraud.

35 If in an action instituted in the district court at any time within fourteen years from the date of the filing of a specification of an invention under this Ordinance the actual inventor proves to the satisfaction of the court that the petitioner or petitioners was or were not the actual inventor or inventors, and that at the time of the petition for leave to file the specification the petitioner or petitioners knew or had reason to believe that the knowledge of the invention was obtained by himself or themselves or by some other person surreptitiously or in fraud of the actual inventor, or by means of a communication made in confidence by the actual inventor to him or them or to any person through whom he or they derived the knowledge, the court may make a decree declaring an exclusive privilege in respect of the invention to be vested, subject to the other provisions of this Ordinance in the actual inventor for a term of fourteen years from the date on which the specification was filed, and requiring the petitioner or petitioners to account for and pay over to the actual inventor the profits derived by him or them from the invention, or so much of those profits as the court, having regard to the degree of diligence exerted by the actual inventor in proceeding under this section and to all the other circumstances of the case, may see fit to require the petitioner or petitioners to pay.

Transmission of copies of decrees and orders to Colonial Secretary.

36 A court making a decree in an action under section 27 or section 35, or an order on an application under section 28, section 29, or section 31, shall send a copy of the decree or order, as the case may be, to the Colonial Secretary, who shall cause an entry thereof and reference thereto to be made in the register of inventions and against any entry in the address book affected thereby.

Registration cessation of exclusive privilege.

37 In the following cases, namely :—

- (a) When an exclusive privilege acquired under this Ordinance has ceased under section 7 or section 13 by reason of a fee in respect of the continuance of the privilege not having been paid within the time limited by the fourth schedule for the payment thereof, and the period, if any, within which an order might have been made for enlarging the time for the making of the payment has expired;
- (b) When an exclusive privilege acquired under this Ordinance has been declared by the Governor in Executive Council under section 25 to have ceased;
- (c) When an exclusive privilege acquired under this Ordinance has ceased under section 26 by reason of the revocation or expiration of a patent or exclusive privilege;
- (d) When the whole or any part of an exclusive privilege acquired under this Ordinance has ceased under section 33 in consequence of an order under that section;
- (e) When an exclusive privilege has been declared by a decree to have vested in an actual inventor under section 35;
- (f) When an exclusive privilege acquired under this Ordinance has ceased by reason of the expiration of the term for which it was acquired;

the Colonial Secretary shall cause an entry with respect to the cessation or vesting of the exclusive privilege to be made in the register of inventions, and a reference to that entry to be made in the margin of the entry in that register of the petition for leave to file the specification of the invention.

Rectification of
register of
inventions or
address book.

38 (1) If any person is aggrieved by an entry in the register of inventions or address book, or by the omission of an entry therefrom, and a proceeding is not provided in the foregoing portion of this Ordinance whereby the register or book may be rectified, he may apply to the district court of Colombo for an order for the rectification of the register or book, and the court may make such order on the application as it thinks fit.

(2) A copy of the order shall be forwarded by the court to the Colonial Secretary, who shall cause an entry thereof and reference thereto to be made in the register of inventions and against any entry in the address book affected thereby.

(3) When the Colonial Secretary is a party to an application under this section, the costs of another party thereto shall not be adjudged to be payable by the Colonial Secretary.

Power for
Governor
in Executive
Council to
require grant of
licenses.

39 If on the petition of any person interested it is proved to the Governor in Executive Council that, by reason of an inventor who has acquired an exclusive privilege under this Ordinance failing to grant licenses on reasonable terms—

(a) the exclusive privilege is not being worked in Ceylon; or,

(b) the reasonable requirements of the public with respect to the invention cannot be supplied; or,

(c) any person is prevented from working or using to the best advantage an invention of which he is possessed;

the Governor in Executive Council may order the inventor to grant, or may himself on behalf of the inventor grant, licenses on such terms as to the amount of royalties, security for payment, or otherwise, as the Governor in Executive Council, having regard to the nature of the invention and the circumstances of the case, may deem just.

Assignment for
particular places.

40 Any person for the time being entitled to an exclusive privilege under this Ordinance, or to any share or interest in such a privilege, in any local area, may, subject to the conditions of his title thereto, assign the privilege or such share or interest, as the case may be, for any place in or part of that local area.

Subscription of
specifications
and petitions.

41 If the petitioner or petitioners or any of them is or are absent from Ceylon, a petition for leave to file a specification, or a petition for leave to file a memorandum or amended specification, may, instead of being signed by the petitioner or petitioners under section 4, section 8, or section 16, as the case may be, be signed on behalf of the petitioner or petitioners by an agent in Ceylon authorised by him or them in writing in that behalf.

Verification of
petitions.

42 (1) A petition under this Ordinance for leave to file a specification, memorandum, or amended specification must be verified by the person or persons making the petition.

(2) If the person or persons is or are absent from Ceylon, the petition may be verified by the agent who signs the petition on his or their behalf.

(3) The verification must be signed by the person or persons making it, and must be to the effect that the facts stated in the petition are true to his or their knowledge, except as to matters stated on information and belief, and that as to those matters he or they believes them to be true.

Agents.

43 Subject to the provisions of the two last foregoing sections and of any other enactment for the time being in force, any act which is required or authorised by this Ordinance to be done by any person may be done on his behalf by an agent in Ceylon having authority in writing from that person so to do the act.

Right of appeal
saved.

44 All decisions and orders of the district court of Colombo made under the authority of this Ordinance shall be

subject to an appeal to the Supreme Court, and every such appeal shall be brought on and prosecuted in manner provided in the "Civil Procedure Code, 1889," and shall be subject to the provisions of the said Code: and subject to the provisions and limitations contained in the said Code, any party or parties to any action or proceeding under this Ordinance may appeal to Her Majesty in Council from any formal judgment, decree, or sentence of the Supreme Court, or against any rule or order made by such court, and having the effect of a formal or definitive sentence.

Fees.

45 (1) There shall be paid in respect of the several proceedings specified in the fourth schedule the fees in that schedule prescribed.

(2) The Governor in Executive Council may, if he thinks fit, reduce any of those fees and revoke or vary the reduction.

(3) The fees payable under this section shall be collected by means of stamps or otherwise as the Governor in Executive Council directs.

(4) A proceeding in respect of which a fee is payable under the fourth schedule shall be of no effect unless the fee has been paid.

Rules and forms.

46 (1) The Governor in Executive Council may make such rules and prescribe such forms as he thinks necessary for carrying out the purposes of this Ordinance, and may alter or amend either of the forms in the second and third schedules.

(2) Rules under this section may provide, among other matters, for the printing of specifications, memoranda, and amended specifications, and for the distribution or sale of printed copies thereof.

J. J. THORBURN,
for Chairman.

Provincial Road Committee's Office,
Kandy, May 14, 1892.

MUNICIPAL COUNCIL NOTICES.

MUNICIPALITY OF COLOMBO.

Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held in the Town Hall on Friday, March 11, 1892.

The Council met this day at 3 P.M., pursuant to notice dated March 5, 1892.

Present :—Mr. H. H. Cameron, Mayor and Chairman ; Dr. W. R. Kynsey, C.M.G. ; Mr. F. R. Ellis ; Mr. E. Walker ; Mr. C. S. Hay ; Hon. A. de A. Seneviratne ; Mr. M. I. M. Haniffa ; Mr. C. Perera ; Mr. H. van Cuylenburg ; Mr. P. Coomaraswamy ; Mr. C. P. Dias ; Mr. Walter Pereira ; Mr. D. F. Browne ; and Mr. R. H. Morgan.

The Minutes of February 12 and 19, 1892, having been printed and a copy sent to each Member of the Council, were taken as read.

Resolved,—That the Minutes of February 12 and 19, 1892, be confirmed.

1. Pursuant to notice the Chairman moved “that Mr. MacBride be re-appointed a Member of the Tramway Committee.”

Dr. Kynsey seconded.—Carried.

2. Pursuant to notice Hon. A. de A. Seneviratne presented a petition from Mrs. Prins, of 14, St. Lucia's street, claiming compensation for damage caused to her house by officers of the Council, and moved that the petition be considered.

Mr. C. P. Dias seconded.

The petition dated March 11, 1892, having been read, it was resolved that it be referred to the Chairman for written explanation to be circulated among Members and submitted to the Council at the next Meeting.

3. Pursuant to notice Mr. C. P. Dias moved “that this Council do take such steps as will tend to repress the fraudulent practices of milkmen, who habitually sell adulterated milk to the residents of the town—an evil to which, in his last report, the City Analyst directs the attention of the Council.”

Mr. C. Perera seconded.

Resolved that the matter be referred to the Standing Committee.

4. Pursuant to notice Mr. C. Perera asked “under what circumstances a constable ceased to do duty at the Dean's road market since the month of July, 1889 ; and why this circumstance was not brought to the knowledge of the Council.”

In reply, the Chairman referred to letter No. 6,712 of July 3, 1889, from the Superintendent of Police, which was forwarded to Mr. C. Perera, with connected papers, for perusal on the 25th ultimo, and were returned only this day. The letter stated that the market being within a few hundred yards of the Maradana Station-house, a constable was not specially detailed for duty at the market by day.

The matter was not brought to the notice of the Council, as the Chairman considered that the Council would approve any action of the Superintendent of Police in the allocation of his own men.

5. Pursuant to notice Mr. C. Perera moved “that in view of the frequent disturbances that take place at the Dean's road market, the Chairman do write to the Inspector-General of Police requesting that arrangements may be made to place a constable on duty at the market as was done previous to the month of July, 1889.”

The Chairman seconded.—Carried.

6/7. Pursuant to notice Mr. C. Perera moved “that the document embodying the recommendations of the Superintendent of Works concerning the sweeping of roads and the construction of catch-pits (which the Chairman said, in connection with the lake question at the Meeting of Council of May 10, 1889, the Superintendent was then preparing) be laid upon the table, and that such recommendations of the Superintendent be considered.”

Mr. Coomaraswamy seconded.

The Chairman explained that the document in question—viz., the Report of the Superintendent of Works of November 13, 1891—was laid on the table on December 18, 1891, and was, on the motion of Mr. Charles Perera, with other reports relating to the lake, referred to a Special Committee appointed on February 12, 1892.

8/9. Pursuant to notice Mr. C. Perera asked “whether the survey of the Pettah Ward (which the Chairman said at the General Meeting of Council of May 10, 1889, he had already asked the Hon. the Surveyor-General to undertake at once) had been so undertaken by the Hon. the Surveyor-General and sent in to the Council ; and moved that, if so, the same be laid upon the table.”

In reply, the Chairman stated that the survey has been undertaken, but has not been completed, the plans having been referred back to the Surveyor-General for revision.

10. Pursuant to notice Mr. C. Perera asked “why the following work was not undertaken as yet, to wit :—The culvert in connection with the work of the improvement of Arab lane, for which culvert a sum of Rs. 500 was voted by the Standing Committee and approved by the Council on October 11, 1889.”

In reply, the Chairman explained that the culvert for which Rs. 500 was provided was to have been executed in connection with a proposed further improvement of Arab lane. When the proposal for that improvement was rejected by the Council, it was no longer necessary to construct the culvert referred to, and it was with the approval of the Standing Committee that the item was not brought forward as a “revote” in the Budget of 1891.

11. Pursuant to notice Mr. C. Perera asked “why the Chairman has not complied with the following resolution of Council of October 10, 1890, the work therein referred to having terminated on June 16, 1891, to wit :—That the Hon. the Surveyor-General be requested to direct the surveyor employed on behalf of the Council to confine his operations for the present to the survey of street frontages and the boundaries of Municipal property, and that the Chairman do submit each street as completed to the Council.”

In reply, the Chairman stated that he had not complied with the resolution for the reason that the Hon. the Surveyor-General had not yet furnished the surveys of street frontages. His attention was invited to the matter in January last, and his letter No. 21 of the 10th instant, explaining the nature of the difficulty he found in carrying out the request of the Council, was now laid on the table.

12. Pursuant to notice Mr. C. Perera asked “why a Meeting of the Committee on the Financial Statement for 1890 had not been convened for the purpose of transacting the business for which the Committee had been appointed by Council at their Meeting of March 17, 1891, and had been re-appointed at the instance of the Chairman on January 19, 1892.”

In reply, the Chairman stated that the Committee referred to was appointed at the instance of Mr. Charles Perera, and a Meeting was convened on May 22, 1891, at which there was no quorum, only the Chairman and Mr. C. Perera having attended. After that, the fact of its existence appeared to have escaped Mr. C. Perera's attention, as well as that of the Chairman, until the commencement of the current year, when, at the instance of the Chairman, the Committee was re-appointed.

13. Pursuant to notice Mr. C. Perera moved "that the Financial Statement for 1891 be also referred to the same Committee, and that the Chairman do call a Meeting of that Committee at an early date to consider and report on the Financial Statements for 1890 and 1891, respectively."

Mr. P. Coomaraswamy seconded.

The Chairman stated that the Financial Statement for 1891 was, at the instance of Mr. Charles Perera, referred to the above-named Committee on February 12, 1892, and that a Meeting will be convened as soon as the statement is printed.

14/15. Pursuant to notice Mr. C. Perera asked "whether the report on the use of salt water for watering streets required by resolution of Council of December 17, 1891, to be furnished by the Superintendent, has been so furnished, and moved that the said report be laid on the table and considered."

The report referred to, viz., letter No. 147 of March 10, 1892, from the Superintendent of Works, was read explaining that the use of salt water would involve delay, and be more costly than the use of water from the mains.

16. Pursuant to notice Mr. C. Perera asked "why the monthly statement with regard to the general upkeep of roads required to be furnished by the Superintendent by the resolution of Council of December 17, 1891 (item 13 in Minutes), has not been so furnished for the months of January and February last."

The Chairman laid upon the table statement referred to, received with letter No. 152 of March 10, 1892, from the Superintendent of Works.

17. Pursuant to notice Mr. C. Perera asked "why the monthly statements, with regard to the work done in connection with the upkeep of the St. Sebastian canal, required to be furnished by the Superintendent by resolution of Council of December 17, 1891 (item 18 in Minutes), has not been so furnished for the months of January and February last."

The Chairman laid upon the table the Statement referred to, received with letter No. 146 of March 10, 1892, from the Superintendent of Works.

18. Pursuant to notice Mr. C. Perera moved "that the daily reports of the Municipal Inspectors be submitted to the Councillors of the respective Wards."

This motion was, by leave of Council, amended by the addition of the words "within a week after their receipt by the Sanitary Officer."

The motion so amended was seconded by Mr. Browne and carried.

19/20. Pursuant to notice Mr. C. Perera asked "whether the remarks of the Hon. the Auditor-General on the Council's accounts with the Chairman's replies, circulated among the Members of the Standing Committee, in terms of a resolution of Council of November 13, 1891, have been transmitted to the Hon. the Auditor-General; and, if so, what month's accounts have been so transmitted."

The Chairman stated that the remarks on the accounts for June, 1891, further remarks on the accounts for April, the additional remarks for June, and remarks on the diet roll of the Welikada Jail, with replies, had already been forwarded to the Auditor-General.

21. Pursuant to notice Mr. C. Perera moved "that copies of resolutions of Council affecting the receipts and disbursements of Municipal funds be forwarded for the information of the Hon. the Auditor-General."

This motion was, by leave of Council, withdrawn—the Chairman having pointed out that all resolutions of Council are published with the Minutes of Proceedings in the *Government Gazette*, of which the Auditor-General no doubt receives a copy.

22. The following recommendation of the Standing Committee, with reference to the gas contract, was submitted:—

Recommendation referred to.

"Resolved to recommend that the Council do propose to the Gas Company to embark on a more extended agreement of, say, 7 years on the condition that the Company do carry out any extensions not exceeding 50 lamps per annum, free of cost to the Council, as well as refunding the cost of such extensions as have been already carried out at the cost of the Council" (March 4, 1892.)

The Chairman moved the adoption of the recommendation.

Mr. R. H. Morgan seconded.

Mr. Walker moved as an amendment "that the recommendation be adopted with the following reservation, viz., that the Council do reserve to themselves the right to light the Fort with electricity, without compensation, on giving 12 months' notice to the Gas Company."

Mr. C. Perera seconded—Carried.

23. The report of the Special Committee on Dr. Kynsey's memorandum, relating to small-pox, was submitted, after having been previously printed and circulated among Members.

Mr. C. S. Hay moved the adoption of the report, including Mr. D. F. Browne's suggestion appended thereto, and concurred in by Messrs. Coomaraswamy and Morgan.

The Council divided on the motion:—

Ayes.

1. Mr. R. H. Morgan
2. " D. F. Browne.
3. " C. S. Hay.
4. " Mr. E. Walker.
5. Dr. W. R. Kynsey.

1. Mr. C. P. Dias.
2. " C. Perera.
3. " M. I. M. Haniffa.
4. " Hon. A. de A. Seneviratna.

Whereupon the motion was carried.

24. A further report of the Tramway Committee, dated March 1, 1892, was submitted.

Resolved,—That the report be adopted, with the amendment suggested by Mr. Browne in the 3rd paragraph, as follows:—

"A draft of concessions (which may be modified by proposers), together with a map of Colombo, with width of streets and gradients marked, may be seen and copies obtained on application at the Municipal Office, Colombo."

25. A Statement of Receipts and Disbursements from January 1 to February 29, 1892, and a Progress Report of Work done during the same period, were submitted.

Resolved,—That the Statement and Progress Report be referred to the Standing Committee.

26. A letter No. 16, dated February 5, 1892, from the Hon. the Colonial Secretary, with reference to the resolution passed by the Council in connection with the Chairman's Administration Report for 1890, was submitted, after having been previously printed and circulated among Members.

Resolved,—That the letter be referred to the Special Committee on the amendment of the Ordinance.

27. A letter No. 26/02237, dated March 1, 1892, from the Hon. the Colonial Secretary, in reply to the resolution relating to the sewerage of the Fort and the application for assistance from Government, inquiring what is the scheme adopted by the Council and the expenditure likely to be incurred, and how it is proposed to meet the cost, and whether wholly or in part, was submitted.

Mr. Coomaraswamy moved "that the Government be informed that this Council are prepared to accept Mr. Ormsby's proposals, but that the Council will await the decision of the Government."

Mr. C. Perera seconded.

Mr. Browne moved as an amendment "that the Hon. the Colonial Secretary be informed, in reply to his letter, that the Council have forwarded all papers, in order that the Government may be pleased to co-operate with the Council in ascertaining what work, both in design and cost, will be most suitable for the purpose, so that Government may be assured that what is adopted will probably be the best; and that Government be requested that reference of the plans may be made to such persons, say the Director of Public Works and the Surveyor-General, as Government may name, to confer with the Council on the matter and help the Council to answer the present question decisively."

Mr. Morgan seconded.

Mr. Coomaraswamy having, by leave of Council, withdrawn his motion in favour of Mr. Browne's amendment, the amendment was carried.

28. A letter No. 31, dated March 5, 1892, from the Hon. the Colonial Secretary, was submitted, inviting attention to a letter dated November 14 last, relating to the question as to "whether the Council should not contribute the whole, instead of only about the half of the cost of the Police supplied to the town."

Mr. Coomaraswamy moved "that the matter be referred to a Committee consisting of Mr. F. R. Ellis, Mr. C. S. Hay, Captain F. Bayley, Mr. R. H. Morgan, Mr. C. Perera, Mr. D. F. Browne, and Mr. P. Coomaraswamy—three Members to form a quorum.

2. The Minutes of Proceedings of the Meeting held on February 27 were read and confirmed.

3. The following documents were laid on the table :—General Statement of Receipts and Disbursements from close of 1891 to February 29, 1892; separate Statements of Receipts and Disbursements in respect of the General Revenue, Police Assessment, and Water-rate Accounts for the same period; Progress Report of Work done brought up to the same date; Work done by the Municipal Magistrate, and of Cases instituted by the several Inspectors during the month of February; and report of the Health Officer for the same month.

The Statement of Receipts and Disbursements with explanatory notes had been circulated. With reference to the explanatory notes attached to these Statements drawn up by the Accountant, it was ordered that they were to be countersigned by the Secretary. No opinions or suggestions were to be embodied in them, but they were to be simply explanations as considered necessary on different items of receipts or expenditure.

Resolved,—That the General Statement of Receipts and Disbursements, and Progress Report of Work done, together with the Minutes of Proceedings of this Meeting, be forwarded to Government, as required by section 90 of the Municipal Councils Ordinance No. 7 of 1887, together with the Health Officer's report.

Report of the Sanitary Condition of the Town of Kandy for the Month of February, 1892.

Public Health.—During the earlier part of February the weather was cool and pleasant, but towards its latter end the days were hot. The fall of rain was at times unusually heavy for the month, and the damp weather, combined with cold winds, helped to perpetuate chest affections that prevailed in the preceding months. A large number of prisoners in the Bogambra Jail suffered from influenza, resulting in two deaths from pneumonia. The satisfactory arrangements as regards cleanliness of drains, latrines, &c., have been productive of much good in rendering insalubrious localities comparatively healthy.

Contagious Diseases.—On the 23rd February a mild case of chickenpox was reported from 82, Castle Hill street. The patient was isolated, and the house disinfected.

Slaughter House.—In the slaughter house 333 black cattle and 87 buffaloes were slaughtered during the month. These numbers, compared with those for the month of February, show a considerable increase in the black cattle and a gradual diminution in the number of buffaloes slaughtered this month. The average daily number slaughtered was $11\frac{1}{3}$ of black cattle and $2\frac{2}{3}$ buffaloes. The condition of the cattle was fairly good, and the beef wholesome.
