REPORT OF THE PRINCIPAL COLLECTOR OF CUSTOMS.

Part I.—Administration.

A.—STAFF.

Mr. A. E. Christoffelsz, C.C.S., assumed duties as Principal Collector of Customs with effect from February 19, 1947, relieving Mr. R. M. Davies, C.C.S.

Mr. C. L. H. Paulus who had been seconded for service as Acting Landing Surveyor reverted to the Income Tax Office on February 1, 1947. The post of Landing Surveyor was filled by Mr. V. Ratnavale, C.C.S., on April 1, 1947, in addition to his own duties as Assistant Controller of Imports and Exports. Mr. V. Ratnavale reverted to full-time duties as Landing Surveyor from November 1, 1947.

Mr. E. F. de Fonseka, Assistant Collector of Customs, retired from service in June 1947, having served for 39 years in the department. He was succeeded by Mr. V. Mylvaganam, Chief Clerk.

Mr. V. A. Nethsinghe succeeded Mr. S. Nagalingam as Temporary Acting Accountant on April 16, 1947.

2. Owing to the opening of Katunayake for Air Traffic the Baggage Office staff was strengthened by the addition of 2 Assistant Charges Officers.

B.—GENERAL.

3. Drastic retrenchment in cadre during pre-war years, combined with wartime disorganization and employment of temporary clerks in place of experienced permanent officers who were seconded for service in other departments or appointed to posts necessitated by the war, together with an increase in work has rendered difficult the smooth working of this department, which resulted in heavy arrears in clerical, accounting and warehouse work. Many attempts were made to have the seconded staff returned with only partial success. In the meantime the heavy increase in work with the cessation of hostilities and the change over to post-war activities threw an additional strain on the depleted resources of the department. Treasury has approved of an increase of cadre by 33 per cent. subject to annual revision in the light of changing circumstances. It is hoped to recruit this additional staff in the new year and gradually to get the work of the department up-to-date.

4. Trading in the Colombo harbour which was suspended as a security measure shortly before the Japanese air raid on Colombo in 1942 was resumed early this year. The issue of licences has been restricted to prevent undue inconvenience to shipping.

5. There has been a considerable decrease in the incidence of thefts and pilferage in the Port as compared to the worst years of the war period. This has been mainly due to the preventive measures adopted by the department, to the vigilance of the Port Police and because articles that were in short supply are more easily available now. The debarment of persons convicted of thefts and other crimes in the wharf, has also had a very salutary effect in reducing the number of thefts and pilferages. The position however is still far from satisfactory.

6. Port Control continued throughout the year. A draft Port Commission Ordinance was prepared in consultation with this department so as to separate the functions of the Customs from those of the Port Commission. As soon as this Ordinance is passed Port Control will be ended. The withdrawal of such control will I understand be welcomed by Shipping Agents and most of the Wharfage companies.

C.—LEGISLATION.

30. *Trincomalee*.—A steady decline in the influx of naval as well as commercial shipping continued during the year. The revenue derived from Port Dues shows a decrease of Rs. 17,308 as compared with 1946. The figures for 1946 being Rs. 22,710 as against Rs. 5,401 in 1947. The general revenue for 1947 was Rs. 114,606 as against Rs. 257,881 in 1946 showing a decrease of Rs. 143,274. The decrease from the collection of duty on sales conducted by the NAAFI amounts to Rs. 126,139. There has been an increase of Rs. 492 on Export Duties.

Since September, 1947, an Assistant Preventive Officer with a sea-going launch has been stationed at this Port.

31. *Galle*.—The total revenue collected during the year 1947 amounted to Rs. 1,991,399 as against Rs. 1,072,029 in the previous year—an increase of Rs. 919,369.

32. *Batticaloa*.—The total revenue collected during the year was Rs. 144,615 as compared with Rs. 82,183 in 1946. The increase is mainly due to large imports of beedies and the new export duty on coconuts.

No work was done on the wrecked vessels s.s. "Gladys Moller" and s.s. "City of Marseilles" during the year. Boat No. 39 of Cuddalore was wrecked on October 19, 1947, at the Dutch Bar in ballast.

No smuggling was detected during the year.

33. *Northern Ports.*—The principal commodities imported through the Northern Ports during 1947 were textiles, beedies, tiles, earthenware and grain. The principal commodities exported were chanks, unmanufactured tobacco, coconut products and tea. The total revenue collected, other than the duty on goods imported from India by rail *via* Talaimannar, was Rs. 1,742,332—an increase of Rs. 592,406 as compared with the revenue collected for 1946. The revenue for imports showed a nett increase of Rs. 558,072 over 1946.

There is continual smuggling of textiles, opium, rice, paddy and sundry goods into the Northern Province. Goods to the value of Rs. 21,177 were seized by the Preventive Staff and other Customs, Excise and Police Officers. The amount credited to revenue under seizures and fines was Rs. 74,366 as against Rs. 91,333 in 1946—a decrease of Rs. 16,967. The increased rate of Customs Duty for beedies, silks, &c., will it is feared result in increased smuggling of goods from India.

A new feature in smuggling was provided by the use of Motor launches which the smugglers were able to purchase from the Services. As these are of a faster running type than the preventive launches, the smugglers were able to transport most of their consignments of contraband goods with little risk of seizure. The movements of these launches cannot be departmentally controlled as they are classified as fishing craft and are not registered. Another fact with which the Preventive Staff had to contend was the use of firearms carried by the smugglers in their launches. It is therefore most essential that faster launches be provided for preventive work in the North and the question of legislation to control the movements of these "fishing craft" should be considered early.

37. *General.*—The following is a comparative summary of business transacted in respect of:—

	1946.	1947.
Masters attended	1,912 ..	1,545
Changes of Masters	22 ..	6
Men signed on	3,981 ..	3,503
Men discharged	4,774 ..	3,460

Distressed British Seamen were dealt with as follows:—

	1946.	1947.
Repatriated	265 ..	80
Repatriated by Agents	65 ..	114
Rejoined own or other vessels	66 ..	53
Deaths	24 ..	9
Awaiting repatriation or in hospital on December 31, 1947	17 ..	9

38. *Repatriation*.—Continued to be a most difficult matter, and, as anticipated last year, the decline in the number of transports calling at Colombo, and the general shortage of shipping, added greatly to the problem. The Sea Transport Officer assisted whenever accommodation could be arranged in troop transports and Hospital Ships and his helpful efforts have been much appreciated.

39. *Ceylon Seamen*.—Claims on account of payments of Post-War Credit and increased wages continued to be received from those who served on Indian Articles of Agreements. All claims are forwarded through the Shipping Master, Colombo, to various Indian Ports. This work has involved considerable extra correspondence and accounting but it has been found possible to meet the situation without a corresponding increase in the staff. The temporary suspension of the Money Order System between India and Ceylon in September is apparently to blame for the non-receipt of monies from India since that period.

40. *Registration of Ships*.—Two new motor cargo vessels each of 50 tons (gross) were registered. Three others are pending. The total number of vessels on the Colombo Register at the close of the year was 13, aggregating 1,693 tons, nett.

41. *Shipping Casualties*.—There were seven inquiries held by the Receiver of Wrecks into mishaps in Colombo harbour, six of which related to collisions. None resulted in a Court Inquiry.

42. *Port Welfare Amenities*.—The Missions to Seamen replaced the Merchant Service League last year and has continued to extend its amenities to all Seamen irrespective of nationality, race or religion. Though increasing numbers of Indian and Ceylonese Seamen are using these premises, it is not possible to offer them special facilities.

43. *Indian Seamen*.—Mr. R. T. Chari, I.C.S., Secretary to the Representative of the Indian Government in Ceylon, continues to be *ex-officio* Welfare Officer for Indian Seamen in Colombo and to deal with their welfare. In the absence of a special Institution for Indian Seamen, it has not been possible to provide any additional facilities for them. Though the matter of securing a suitable building for them in the vicinity of the port has not still been solved, it has not been lost sight of. The need for such an Institute was brought to the notice of the Government of India who accepted the proposal and made available a grant of Rs. 5,000 from His Excellency the Viceroy's War Purposes Fund as a contribution towards the project. A similar sum was sanctioned by the Governor-General in Council as a non-recurring grant for the year 1944-45. The total sum of Rs. 10,000 is held in reserve as a separate fund to be administered by the Representative of the Government of India in Ceylon at his discretion in furthering the project of the Institute when suitable premises can be found.

The position regarding the quarantine restrictions of Indian Seamen has not altered. It however forms the subject of continued correspondence between the Government of India Representative in Ceylon and his Government as the Ceylon Quarantine Authorities are prepared to relax restrictions, provided adequate provision is made in the articles of agreement signed in India by Indian crews and the ships owners' representatives, that the latter shall adhere to the Ceylon regulations on their arrival in Colombo. When an agreement has been reached on this matter in India, Indian crews will be afforded the same facilities as ordinary passengers.

44. *Legislation*.—The draft of the proposed Ceylon Merchant Shipping Ordinance and drafts of the relative Orders in Council, which had been forwarded to the Secretary of State for detailed examination by the Ministry of Transport and had necessarily to be postponed owing to war conditions, were returned in April, together with a copy of a Memorandum dated November 12, 1946, prepared in the Ministry of Transport on the subject.

In consequence of the recent change in the Constitution of Ceylon, and the attainment of Dominion Status by this country, the draft Ordinance is being re-examined afresh in the light of the changed circumstances. Whether such re-examination and the necessary amendments could be successfully concluded in Ceylon prior to the enactment of the Ordinance, or whether the draft Ordinance would have to be remitted back for further expert scrutiny and advice by the Ministry of Transport,

is a matter for consideration in due course. In viewing the complicated and technical nature of the legislation involved, and its implications, adoption of the latter course would perhaps be more advisable.

Government Engineer and Ships Surveyor.—Mr. A. W. H. Phelps, retired Deputy Mechanical Superintendent of the Harbour Engineer's Department, Colombo Port Commission, was appointed as Government Engineer and Ships Surveyor on January 30, 1946, in succession to Mr. N. Nightingale, Lloyd's Surveyor who resigned on June 30, 1945. It is recorded with much regret that Mr. Phelps, who was taken seriously ill shortly afterwards, died on October 18, 1947. Mr. F. E. Rees of the Imperial Lighthouse Service was temporarily appointed to succeed him with effect from November 1, 1947.
