President's Message

Dear Friends,

You are all aware of the struggle we all went through to complete our 4th year of cricket under Srilankan Softball Cricket Association. Although it has been another successful year, we could have made it even better if we had more support from all of you.

I know all of you would like to support and play under the Association. Regretfully it is not enough to keep the Association running. We need many more people, including some young players to get involved with the committee and be ready to spend some time for the Association. We all better wake up now otherwise all the effort and time we put into build our Association will be wasted. As a matter of fact our Association is one of the largest in Metro Toronto. Each year we have new members and teams registering with the Association, which is a clear indication that we are growing fast. Still we need few committed players to get involved with the committee so that we can make it to be one of the strongest Associations in Toronto. If you all continue your support to the Association I assure you that we will have our own grounds and many other supports from the Canadian Government in the near future.

I would also like to take this opportunity to mention a few words about our former president Alex Shiva who is now one of the Board of Directors for our Association. He was one of the persons who really worked hard to build our Association. We are all aware the time and effort he put in to build this Association to be strong as it is today. Without his effort and dedication we would not be here. I would like to congratulate him and thank him for a job well done.

My only wish is that " If we have many more Alex Shivas in our Association" we could have it running for a long period of time so that all our players can play cricket in harmony. I would also like to thank the Committee members and all other players who worked really hard this year to make this season another successful one.

*Wish you all the Best of Luck.

Committee's Message

It has been another successful year for the Sri-Lankan Softball Cricket Association. This could not have been achieved without the support and effort by all the members of the participating clubs.

Never before has there been so much intensity and competitiveness involved in the games until the formation of the Association. On the one hand, increase in number of clubs and competition between those clubs has become stronger. As a result, all clubs were able to produce quality games on the field. On the other hand, it is also true that the vigorousness of the games had created disputes between individual players and clubs, which cannot be completely eliminated in any sports. Regardless of those disputes, we are very proud to proclaim that the involvement of the Association in solving disputes were very well recognized and accepted by the most participating clubs. The message is "we want to be strong."

This season, committee faced long, tedious and extended peroration as a result of numerous disputes between clubs. Due to the huge volume of complaints the committee could not solve those complaints immediately, since numerous investigations were ahead of us to deal with, before the reprimand or dismissal has been handed out. However, we have survived and must push on to reach our dream. To reiterate again, all the members must realize that if the committee or a member acts indulgently to the rules set out, then the essence of forming the Association would have been a pointless effort. Thus, we urge all of you to continue to support the Association by obeying to the rules set out to maintain discipline on and, in some instance, off the field. The message is "we must be strong."

On closing, please accept our thanks and best wishes to everyone, including the families, involved in continued success by your vital effort to support the committee of this Association. Once again, the executive committee take this opportunity to thanks everyone who contributed their time, opinion, and effort throughout the season to make it a successful summer. The message is "we will be strong."

Remember: "We all learn from the past, live on the present, and will plan for the future."

Thank you,

*Cordially,
Executive Committee*
