## WELCOME

I take great pleasure in welcoming His Lordship Bishop Deogupillaian Chairman of our Prize Day Celebrations. In honouring him we express our ellegience and loyalty and uphold those values that he as religious leader, stands for. His presence assures us of his paternal interest in our institution at all times.

Let me extend also a very warm and cordial welcome to our Chief Guest Mr. Simiampillai, D.E. Jaffna and Mrs. Jeyamany Simiampillai. We are indeed very happy and proud to honour him today as he is one of the best products of our brother school St. Patricks College. He is a fine example of a Catholic Layman, a conscientious Government Servant, an able and impartial administrator, and a loyal citizen of our land. He comes to Jaffna having served in Vavuniya and Mannar. Mr. Simiampillai is eminently suited to his present post as he is well acquainted with problems in the sphere of education having served as a teacher, education officer, and director of Education. With his intelligence and vast experience beneath an unassuming exterior he is an asset to the Educational field in Jaffna. Mr. Simiampillai evinced a marked aptitude for science in his school days and this interest found

expression in his efforts to upgrade science Education in Vavuniya & Mannar during his term of office there. As a result school in these districts benefited, greatly by way of facilities & equipment his for A.L science education.

We are doubly happy to welcome Mrs. Jeyamany Simiampillai, as she is an old girl of our school. A teacher herself, she is a devoted wife and mother—ideal help—mate to her husband sharing his fortunes in his arduous career.

A sincere welcome also to all Parents & well wishing gathered here today.

## INTRODUCTION

Prize Day gives us a welcome chance to keep our parents and well wishers informed about the progress of the school. Our school as you know has a very long history having been established in 1862. It was the first institution in the North to prepare pupils for the Trinity College Music Exams. Our destinies were guided by the European Missionaries who up to 1970 headed our institutions as its principals. Our first native Principal Sr. Martina took up the reins in 1970. Today the strength of our school is 1600, whereas in 1922 it was only 300. Our present staff numbers 49. This will show you how changes inevitable in growth, have brought us problems too, in their wake. I need not tell you that the foremost among these are the lack of accommodation, the tuition menace and the shifting sands of political and economic policies. We often find the brightest

pupil left behind in the race for University Admission, due to no fault of her own.

### EDUCATIONAL PROBLEMS

The clamour for admissions continues unabated, classes become too unwieldy for efficient control. We have an assortment of pupils and teachers coming from different cultural & social back-grounds. Such a diversity in the school population itself poses a problem. Yet we try to intergrate them into a unified whole dedicated sincerely and loyally to the cause of education. Absenteesism is another disrupting feature. In spite of all help given by the department, furniture is inadequate to meet the needs of the pupils. Class-rooms are over-crowded. One is also forced to compare with regret the present day pupil who boycotts tests with the earnest pupil of yesteryear who did not have the allurements of newly found middle-east riches. The picture is not rosy to paint.

**Issue of Free Books**

The grant of free text—books for the last 3 years has been a great boon especially to the poor students who hitherto had the intelligence to study but could not afford to buy books. A student in Grade 10 gets as much as 25 books. This relieves the parent of a great financial burden & children should be encouraged to get the maximum benefit from them. Mrs. A. Amirthanayagam who is in charge of this responsible job of distributing the books handles it with ease together with Mrs. M. T. Nicholas of the Primary section. This event is commemorated at the beginning of each year with prayer meeting thanksgiving & speeches by S.D.S. members urging them to make the best use of this privilege.

**SPORTS / ATHLETICS**

As usual our school holds the first place in the circuit Net ball, Volley ball Throw ball inter school competitions. Holy Family Convent Jaffna held its first Athletic meet after several decades at St. Patricks College grounds on the 17th inst 1983 under the patronage of Mr. Devanesan Nesiah G.A. Jaffna and Mrs. Nesiah. It was the first meet of its kind after several decades. Since we had never had an opportunity to hold athletic meets due to lack of playing field in the school premises. The Chief Guest congratulated the school on its well-organized display. Visitation House emerged champions. The relay events decided the winners. Josephine House were runners up.

Special mention must be made of Miss Amuthini Stanislaws who secured

1st place in the A.G.A. circuit meet in Long Jump, 100 metres, 800 Metres, and Track events and was judged the best athlete in the women tract event. Nalayini Selvarajah, Koshala Ponnampalam & Joy Rose Maruseleen too deserve special mention.

### CONCLUSION

I wish to extend my thanks to all present here today for making this Prize-giving possible. My special thanks are due to our Prize

Donors for their never-failing generosity. My sincere thanks to our parents and well-wishes for their generous support and co-operation at all times. I wish to say that it is the care and concern of parents that buttresses and reinforces any work that is done for the pupils at school. A child should be made to feel loved, respected and secure from its earliest days if its personality is to blossom out into that of a fulfilled adult. We are helpless at school if home conditions blight its early promise. I wish to remind teachers that children are precious raw-material—the richest resources of a country. When we deal with pupils we are handling human potential for good or evil, and not mere units of work. A child therefore is a sacred trust and has to be treated as such. After all schools should not dampen a child's enjoyment in learning—a vital fact in making education a pleasant adventure for both pupil and teacher.

God bless you all.

Sister Antony Joseph,  
Principal.
