Our Approach

Annual Prize Day is one of the significant events in our school schedule. The terminal examination results of the students, from grade one to four and the grade five scholarship achievers are awarded. Being well aware that it is the primary education, that provides value education and good conduct to the future of the child, we maintain them as essential to our school culture.

“Education is not to reform students or amuse them or to make them expert technicians. It is to unsettle their minds, widen their horizons, inflame their intellects, and teach them to think straight if possible.” Said Robert M. Hutchins.

Education is the most powerful weapon, which one can use to change the world. Thus,

“Education is our passport to the future, for tomorrow belongs to the people who prepare for it today.” (Malcom X)

Pressing forward towards our vision of instilling good values we insist on value formation.

Academic Staff

The strength of the Academic staff in 2017 is 37. It is believed that a good teacher is a doctor who heals ignorance and an artist who inspires creativity. We are blessed to have a band of teachers, who are qualified, efficient, inspiring and hardworking, strive to give the best education and values to our children.

Our school bade farewell to teachers who were transferred. The school community appreciates the dedicated service of Rev.
