EDITORIAL :

The Jaffna College Miscellany has not made its appearance for the last five years. But now with all the records available of the years 2001 – 2003 (June), we bring out this issue with much satisfaction. A word about the early history of the Miscellany will, we are sure, be found interesting and useful. The origin of the Miscellany goes as far back as 1875. The first number was published in October of that year. After 5 years its publication was given up in 1884. However it was revived and the first volume of the new series appeared in March 1890. From that time on the Miscellany has had a continuous existence. Due to various unavailable constraints we had to delay this publication.

The last issue was on the retirement of Mr. G. Rajanayagam. This issue is after the passing away of Rev. A. A. Paul as Principal from February 2000 to June 2003. Rev. A. A. Paul was a symbol of Christian service, humble and completely devoted to work at College. During his short period as Principal he ventured out to do great things for the College and its growth. We recall with gratitude the time he spent at College and the efforts he took to put Jaffna College on a good footing at a period of trials and uncertainty. But his dreams and acts were curtailed by his prolonged illness and passing away.

Rev. Paul entered the portals of Jaffna College as a student in the 1960s and later came again as a teacher of Chemistry from Pulmoddai Minerals Corporation. He was the Chaplain of the College, became one of the Co-Vice-Principals in 1994 and the Principal in February 2000. His illness made him in and out of College the last one

year and he passed away on 13th June 2003 in Colombo. A funeral service was first held in Colombo at the C.S.I. Church and his remains were brought to College. A very fitting and meaningful funeral service was held in the Ottley Hall, and in the Cathedral of Vaddukoddai.

Rev. Paul proved to be a very acceptable and valued member of the College and Vaddukoddai community. We are grateful for the rich contribution he made through his association with the College. He threw himself into various activities of the College with much enthusiasm and commitment. He always brought to bear fruitful discussions, whether at the staff meetings or the Diocesan level. His pastoral care and Theological studies made him take new approaches to problems and spoke out his mind, not afraid of consequences. We were sorry to lose him, but we are glad he is in the presence of Lord Almighty and will foresee the happenings on this great campus of ours.

Therefore it is most appropriate to name this volume of the Miscellany as Antony Ariaratnam Paul Number in great honour of his loyal and faithful service to his Alma mater. The many tributes and articles in this number will bear testimony to his faithful service rendered to this great institution.

(அதர் 2000 - 2003 - யுன்)

யாழ்ப்பாணக் கல்லூரியில் மிகக் குறுகிய காலமே அதிபராகப் பதவி வகித்த வணக்கத்துக்குரிய அமரர் அன்ரனி அரியரட்ணம் போல் யாழ்ப்பாணக் கல்லூரிச் சமூகத்தினரின் மனங்களிலே இன்று நிழலாடிக் கொண்டிருக்கும் ஒருவர். அமைதியான சபாவம், கருணை மயமான பார்வை, உள்ளத்தை ஊடுருவிப் பாயும் அன்பு, மெல்லிய குரலில் உயர்வான எண்ணங்களை உதிரும் பாங்கு, ஒரு மதகுருவுக்குரிய எல்லா இலட்சணங்களும் உள்ளடங்கிய ஒரு மனித வடிவமே அன்ரனி போல் ஆகும். ஒரு சிறந்த கல்விமான், இரசாயனவியலில் முதுவிஞ்ஞானமணிப் பட்டம் பெற்றவர். விஞ்ஞானத்துறையில் துறைசார்ந்த நிபுணராக இருந்த இவர், ஆரம்பத்தில் இல்மனைட் கூட்டுத்தாபனத்தில் ஆய்வாளராகப் பதவி வகித்தார். அவருக்கு அத்தொழில் உளரீதியான திருப்தியை அளிக்கவில்லை. கர்த்தர் அவரைத் தனக்கு ஊழியம் செய்பவராக ஆக்கிக் கொண்டார்.

அவருடன் ஏறத்தாழப் பத்து வருடங்கள் ஆசிரியப் பணி செய்யக் கிடைத்தமை ஒரு பெரும் பேறாகவே அமைந்தது. மிக உயர்ந்த பதவிகளைப் பெறக்கூடிய கல்வித் தகைமைகளைப் பெற்ற அவர் ஏன் மதகுருவாக விரும்பினார் எனப் பல தடவை நான் சிந்தித்ததுண்டு. இதற்கான விடையை அவரிடமே பெற விரும்பிய பொழுது இது இறைவனின் செய்கை. ஆன்மீகத்தினுள் நான் ஈர்க்கப்பட்டேன் எனக்கூறிய அவர் கிறிஸ்தவ இறையியலில் பல பட்டங்களையும் பெற்றார். இந்தியா, அமெரிக்கா போன்ற பலநாடுகளில் அவர் இறையியலைக் கற்றுத் தேர்ந்து இறைவனுக்குச் சேவை செய்தார். ஆசிரியப் பணியில் மிகச் சிறப்பாகப் பணியாற்றினார். ஒன்றுக்கு ஒன்று முரண்பட்ட துறைகளில் அவர் கற்பித்தல் செயற்பாட்டை மேற்கொண்டது பலருக்கும் ஆச்சரியமளிப்பதாகவே அமைந்தது. இரசாயன இயலையும், கிறிஸ்தவ இயலையும் அவர் கற்பித்தார். இதனால் அவர் வாழ்க்கைச் சமநிலையைப் பேணமுடிந்தது. எல்லா மாணவராலும், ஆசிரியர்களாலும் விரும்பப்படுகின்ற ஒரு

மேதையாகவே அவர் காணப்பட்டார். நாம் விரும்புவது போல் வாழ்க்கை அமைவதில்லை. ஆனால் இறைவன் எண்ணுவது போல் வாழ்க்கை அமைந்து விடுகின்றது. யாழ்ப்பாணக் கல்லூரியின் பழைய மாணவனாகவும் இருந்த அவர் யாழ்ப்பாணக் கல்லூரியின் மூச்சாகவே கருதித் தொழிற்பட்டார். அதேவேளையில் தேவாலயங்களிலும் அவர் சிறந்த பிரசங்கங்களை நிகழ்த்துபவராகப் பாராட்டுப் பெற்றவரானார்.

1985ம் ஆண்டு யாழ்ப்பாணக் கல்லூரியில் ஆசிரியராகப் பணிக்கமர்ந்த அவர்கள் 1995இல் உதவி அதிபராகி 2000ம் ஆண்டில் கல்லூரி அதிபராகக் குறுகிய காலத்தில் முன்னேறினார். அவர் கல்வியிலும் இறையியலிலும் கொண்டிருந்த புலமை இந்நிலைக்கு அவரை உயர்த்தியது. பல புலமைசார் அறிவாளர்களுடன் அவர் நெருங்கிய தொடர்புகளைக் கொண்டிருந்தார். அவர் கல்லூரி அதிபர் என்ற உயர்நிலையில் இருக்கின்ற போது அவர் கொண்டிருந்த வெளித்தொடர்புகள் அவர் தனது கடமைகளை ஆற்றுவதற்குப் பெரும் உதவியாக அமைந்தது. அதிபராக வந்த அக்காலத்தில் மேலும் கல்லூரியை உயர் நிலைக்குக் கொண்டு வருவதற்குப் பல திட்டங்களைத் தீட்டினார். எனினும் அவை சிந்திப்பதற்குள் அவர் கர்த்தருக்குள் நித்திரையாகினார். மாணவர்கள், பெற்றோர், ஆசிரியர்கள், நலன் விரும்பிகள் அனைவரும் அவரது மறைவினால் பெரும் துன்பம் அடைந்தனர். சமூகம் சார்ந்து வாழ்ந்தவர், சமூகத்தைச் சூழவிருக்கும் பிரச்சனைகளை அறிந்தவர். நாம் வாழும் இக்கட்டான சூழ்நிலையோடு வாழ்ந்து பழகியவர். அந்த வகையில் அவரிடம் இருந்து சமூகம் பலவற்றை எதிர்பார்த்தது. சமூகம் எதிர்பார்த்தது போலவே அவரும் செயற்பட முனைந்த வேளையில் அவர் நோய்வாய்ப்பட்டார். அதிலிருந்து குணமாகி வந்த போது பெருமகிழ்சியடைந்த கல்லூரிச் சமூகமும் கல்லூரியைச் சார்ந்து வாழ்ந்த சமூகமும் அவரது திடீர் மறைவினால் அதிர்ச்சியடைந்தது. அதனால்தான் அவர் இன்றும் யாழ்ப்பாணக் கல்லூரிச் சமூகத்திலே நிழலாடிக் கொண்டிருக்கின்றார்.

யாழ்ப்பாணக் கல்லூரிச் சமூகம்

யாழ்ப்பாணக் கல்லூரி வட்டமேசையின் சார்பில், எமது கல்லூரி அதிபரும், வட்ட மேசை அங்கத்தவருமாகிய வண. அன்ரனி அரியரட்ணம் போல் அவர்களுக்கு எமது ஆழ்ந்த இரங்கலைத் தெரிவித்துக் கொள்கின்றோம்.

அதிபர் அவர்கள், 1984ஆம் ஆண்டு, எமது வட்ட மேசை அங்கத்தவரானார். பழகு வதற்கு இனிய மனமும், எதையும் வெளிப்படையாகவே சுவாரஸ்யமாகக் கூறும் அவரின் பாங்கும் இயற்கையாகவே அவரிடத்தில் அமைந்திருந்தன. இதனால் வட்ட மேசை அங்கத்தவர்கள் எப்போதும் அவரைச் சூழ்விருந்து அவர் கூறும் கதைகளைச் சுவாரஸ்யமாகச் செவிமடுப்பார். தனது கல்லூரி நாட்கள் வாழ்வை அவர் என்றுமே நினைவுறுத்தி அவற்றை எடுத்துக் கூறுவார்.

அதிபர் அவர்கள், சிறந்த ஒரு வரலாற்று நாயகன். மிகப்பழைய வரலாறுகளை ஆதாரத்துடன் எடுத்துக் கூறுவார். கல்லூரி வரலாறு மட்டுமன்றி, அரசியல் வரலாற்றைக் குறித்தும், திருச்சபை வரலாற்றைக் குறித்தும் வரலாற்று சம்பவங்களை நினைவுறுத்தி எடுத்துரைப்பார்.

ஓர் இறையியலாளனாக அதிபர் அவர்கள் விளங்கினார். வேதாகமத்தின் விளக்கங்களை எந்த நேரத்தில் சென்று கேட்பினும், எதுவித தயக்கமுமின்றி எடுத்துரைப்பார். அவருக்கு மிகப்பிடித்த துறை திருச்சபை வரலாறாகும். எனவே திருச்சபை வரலாற்றை எப்போதும் தனது பிரசங்கங்களில் எடுத்துக் கூறுவார்.

கல்லூரியில் இரசாயன ஆசிரியராக அவர் பணியாற்றியபோது, இரசாயனத்தின் நுணுக்கங்களை மாணவர்களுக்கு எடுத்துரைப்பார். அவர் ஒரு Practical man என்று கூறினால், அது மிகையாகாது. இரசாயனத்தில், A/L, M.C.Q. வின் 60 கேள்விகளுக்கும் விடைகளை, கேள்வித்தாள்களைப் பார்த்தவுடனேயே கூறும் ஒரு சிறந்த ஆசி

ரியராக. இரசாயன ஆசிரியர்களாலேயே போற்றப்பட்டவர். அவரது சிறந்த புலமை 'இரசாயனி' என்ற அனு பவத்திற்கூடாக அவருக்குக் கிடைத்த ஒன்றாகும்.

அதிபராக அவர் தெரிந்தெடுக்கப்பட்டாலும், ஆசிரியர்கள் அறைக்கு (Staff room) வந்து ஆசிரியர்களோடு அளவளாவுவார். பல்வேறு சந்தர்ப்பங்களில் ஆசிரியர்களைக் காண்பதற்குத் தாமே நேரடியாக வந்து அவர்களுக்குரிய பொறுப்புக்களைக் கொடுப்பார். இதனால் நாம் அதிபர் அறைக்குச் சென்று அவரைச் சந்திக்கும் சந்தர்ப்பங்கள் மிகக் குறைவாகவே இருந்தன. எந்த ஒரு சந்தர்ப்பத்திலும் அவர் வட்டமேசை அங்கத்தவர்களை முகம் முறித்தது கிடையாது.

அதிபர் அவர்கள், எமது வட்ட மேசையின் செயலாளராக 1986இல் பணியாற்றினார். வட்ட மேசைத் தலைவராக 1993இல் இருந்தார். வட்டமேசை அங்கத்தவர்களின் சுகதுக்கங்களில் பங்கெடுத்தார்.

சுகவீனமுற்ற போதிலும் தனது சுகவீனத்தைப் பெரிதுபடுத்தாது கடமையைக் கண்ணாகக் கொண்டு செயலாற்றினார். குனிந்த நடையும், குள்ளமான உயரமும், மென்மையான பேச்சும், பண்பான பாசமும் மிக்க, இறைபக்தி மிகுந்த ஒரு வட்டமேசை அங்கத்தவரை. அதிபரை இழந்து, வட்ட மேசை அங்கத்தவராகிய நாம் துயரறு கிறோம்.

வட்ட மேசையின் சார்பில் திருமதி வினோதினி போல், மில் ரோய், கபிரியேல். ஜொகான் ஆகியோருக்கும், தாயார் மற்றும் சகோதரர்களுக்கும் எமது ஆழ்ந்த இரங்கலைத் தெரிவிக்கின்றோம்.

இறைவன் தாம் அவர்களுக்கு நிறைவான பெலத்தைக் கொடுக்க இறைவனை வேண்டுகிறோம்.

1. வணக்க அழைப்பு

என் மீட்பர் உயிரோடிருக்கிறார் என்றும் கடைசி நாளில் பூமியின் மேல் நிற்பாரென்றும் நான் அறிந்திருக்கிறேன். அவரை நான் பார்ப்பேன். அன்னிய கண்களல்ல, என் கண்களே அவரைக் காணும்.

இவைகளுக்குப் பின்பு நான் பார்த்தபோது இதோ! ஒருவரும் எண்ணமுடியாத திரளான கூட்டம் காணப்பட்டது. இவர்கள் சகல ஜாதிகளிலும், கோத்திரங்களிலும், சனங்களிலும், பாஷைக்காரரிலும் இருந்து வந்தவர்கள். இவர்கள் வெள்ளை அங்கிகளைத் தரித்துக் கைகளில் குருத்தோலைகளைப் பிடித்துச் சிங்காசனத்துக்கு முன்பாகவும் ஆட்டுக்குட்டியானவருக்கு முன்பாகவும் நின்று கொண்டிருந்தார்கள். அவர்கள் மகா சத்தமிட்டுச் சிங்காசனத்தில் வீற்றிருக்கிற நம்முடைய கடவுளுக்கும் ஆட்டுக்குட்டியானவருக்கும் ஜெயமங்களம் என்று ஆர்ப்பரித்தார்கள். ஆட்டுக்குட்டியானவருக்கும் ஜெயமங்களம் என்று ஆர்ப்பரிப்பார்கள்.

HOW GREAT THOU ART

O Lord, my God! When I in awesome wonder
Consider all the works Thy hand has made
I see the stars, I hear the mighty thunder
The Power throughout the universe displayed.

Then sings my soul, my Saviour God to Thee
How great Thou art, how great Thou art!
Then sings my soul, my Saviour God to Thee;
How great Thou art, how great Thou art!

When through the woods and forest, glades I wander
And hear the birds sings sweetly in the trees,
When I look down from lofty mountain grandeur
And hear the brook and feel the gentle breeze.

But when I think that God, His Son not sparing
Sent Him to die I scarce can take it in;
That on the cross, my burden gladly bearing,
He bled and died to take away my sin.

When Christ shall come with shout of acclamation
And take me home, what joy shall fill heart!
Then I shall how in humble adoration
And there proclaim my God, how great Thou art.

Then I shall how in humble adoration
And there proclaim my God, how great Thou art.

Amazing Grace! How Sweet The Sound

Amazing Grace! How Sweet The Sound
that saved a wretch like me!
I once was lost, but now am found
was blind, but now I see.

'Twas grace that taught my heart to fear,
and grace my fears relieved;
how precious did the grace appear,
the hour I first believed!

Though many dangers, toils, and snares
I have already come;
'its grace has brought me safe thus far
and grace will lead me home.

The Lord has promised good to me,
His word my hope secures;
he will my shield and portion be
As long as life endures.

Have Thine Own Way, Lord

Have Thine Own Way, Lord Have Thine Own Way,
 Thou art the Potter, I am the clay,
 Mould me and make me, after Thy will,
 While I am waiting \, yielded and still.

Have Thine Own Way, Lord Have Thine Own Way,
 Search me and try me, Master, today,
 Whiter than snow, Lord, wash me just now,
 As in Thy presence, humbly I bow.

Have Thine Own Way, Lord Have Thine Own Way,
 Wounded and weary, help me, I pray,
 Power, all power, surely is Thine,
 Touch me and heal me, Saviour divine.

Have Thine Own Way, Lord Have Thine Own Way,
 Hold o'er my being absolute sway,
 Fill with Thy Spirit, till all shall see,
 Christ only always, living in me.

The Lord is My Shepherd, I'll not want

The Lord is My Shepherd, I'll not want
 He makes me down to lie
 In pastures green, He leadeth me
 The quiet waters by.

My soul he doth restore again
 And me to walk doth make
 Within the paths of righteousness
 E'en for His own name sake.

Yea though I walk in death's dark vale
 Yet will I fear no ill
 For Thou art with me, and Thy rod
 And my cup overflows.

Goodness and mercy all my life
Shall surely follow me
And in God's house for evermore
My dwelling place shall be.

Safe in the arms of Jesus

Safe in the arms of Jesus
Safe on His gentle breast
There by His love o'ershadowed
Sweetly my soul shall rest
Hark! Tis the voice of Angels
Born in a song to me
Over the field of glory over the jasper sea.

Safe in the arms of Jesus
Safe from corroding care
Safe from the world's temptations
Sin shall not harm me there
Free from the blight of sorrow
Free from my doubts and fears
Free from my daily trials
Free from my frequent tears.

Jesus my heart's dear Refuge
Jesus has died for me
Firm on the rock of ages
Ever my trust shall be

Here let me wait with patience
Wait till the night is o'er
Then may I see the morning
Break on the golden shore.

TRIBUTES

Brothers and Sisters in Christ,

I was shocked and deeply grieved when I heard about the demise of our beloved brother the Rev. A.A. Paul. What Bishop Kulandran wrote on the death of one of his younger contemporaries came to my mind – “those who came after us have gone before us”

I knew that Rev. Paul was ill, but I did not think that the end was very near. It was

my hope that I would talk to him when I reach Colombo on the 29th June. Since I have accepted preaching assignments in USA and UK until the 28th of June, I am unable to be with you in this time of dire calamity.

Rev. Paul joined the staff of Jaffna College in 1985 (?). He was a man of prayer and a very affective teacher of chemistry. When the Principal's post fell vacant in March 2000, the Board of directors appointed him

to preside over the affairs of the college. He had all the qualifications to be Jaffna College Principal, well defined by our much-lamented Bishop D.J. Ambalavanar.

- (i) High academic achievements
- (ii) Close links with the church
- (iii) Ability to command the respect of the community

Even though Rev. Paul was not in very good health he worked unostentatiously and remained faithful to the ideals of the founders- "Jesus Christ the light of life." It was unfortunate that his life was cut down rather early in life. I came to know Rev. A.A. Paul when he followed a theology course at the Ashram conducted by the C.I.S.R.S. At the time he was serving as chief chemist at Pulmodai Minerals and Sands Corporation. His deep piety and zest for biblical knowledge were evident at the time. When he joined the staff of Jaffna College he was given important responsibilities. He respected of not only the college community but also the Board of Trustees.

*"He shall keep my feet from stumbling,
mine eyes from tears, and my soul from
death"* Psalm 116:14)

May God comfort his wife Mrs. Vinodini Paul, sons Milroy, Gabriel, and Johan.

Bishop S. Jebanesan
Princeton, New Jersey.

The President and Members of the Jaffna College Alumni Association of Ontario, Canada convey to you all our deepest

sympathies on the demise of our Principal, the Rev. A.A. Paul. Our thoughts and prayers are with you as you perform the last respects, the funeral services and burial at Vaddukoddai. We remember with much gratitude the several visits Rev. Paul made to us in recent years. He was a simple, humble man with excellent academic credentials, a solid Christian Faith and courage. May he now find the well earned rest at the feet of his Lord and Saviour Jesus Christ.

S. Umasuthan
President, JCAAO, Canada.

I stand here today on behalf of the staff, students, minor employees and all Allied institutions of Jaffna College to bid farewell to our dear colleague Rev. Anthony Ariaratnam Paul who dedicated his life and soul towards Jaffna College. The passing away of Rev. Paul has put everyone of us in deep sorrow. The news of his death came as a rather rude shock to me and to the entire college community.

To those who have had the privilege of knowing him, an unforgettable presence has faded and burning light has gone out of Jaffna College. Humble and simple as he was, he had many friends and relatives around him till the end.

We met for the time in 1985 in the portals of Jaffna College. And still remember his first visit to our home. He came with Vino, who at that time was very keen and itching to go to USA where her brother was, and

Rev. Paul wanted me to advise her against this idea. May be it was his determination and commitment that he stayed on with his family, educated all three sons at Jaffna College, and found ample gratification and fulfillment in two very distinct place- at College and in the Jaffna Diocese of the church of India.

Right through my tenure of office as Vice Principal to this day, Rev. Paul and I have worked very closely, and even if the outer world had a notion that there were differences of opinion, we always blended our ideas together and carried out our duties and made decisions to the betterment of the College.

It is sad to note that tragedy has struck such a beautiful family. Rev. Paul along with Vino devoted their life to the upbringing of their three sons. Even in the thick of troubles in Jaffna, many times he opted to leave the peninsula but stuck on with all of us in Jaffna, many times he opted to leave the peninsula but stuck on with all of us in Vaddukoddai and that indeed gave us a lot moral and spiritual support. Everytime we went to the army camp for our dry rations, Rev. Paul's cassock saved us many an anxious moments. It was his sickness that took him out of Vaddukodai recently for long periods of time. If not, his life was always centered around Jaffna College and across the road in the Diocesan office. He was always available at all hours of the day to give a patient hearing to the many who were at his doorstep or in his office at College. We always see a group of teachers around him if he is out office and standing under the shady trees.

His interests were varied. He was a very keen member of the College YMCA, President of the Jaffna Christian Union. President of the Jaffna Schools Basketball Association, President of the staff Guild – The Round Table and Hasting house master. He brought himself to the level of the students in many fields of activities at College. He was seen with the college band marching beside them; in the cricket and soccer field – he made the cricketers bat for his ball, and had even kicked and showed how to play a good game of football. Even this time after returning from his operation his legs didn't stop him from going to the field in the evening.

He came to college after serving as a chief chemist in the Mineral corporation, Pulmootai. At College he proved himself to be an ideal educationist. He never stopped his own studies after obtaining B.Sc. special degree in Chemistry and Diploma in Education. After he obtained his M.Phil he always wanted to do his Ph. D. I even heard that while he was recuperating after his operation he was trying to start a fresh on his doctoral thesis. Most of his assembly talks were based on education, and always urged the Advanced Level students to go in for higher studies while they are young and that they should not regret later in life.

His religious commitments as so great and he BD degree from Serompore theological college and committed himself into the clergyhood. He was made the Chaplin of the College and held the position of the secretary of the Jaffna Diocese of the church of South India. He was in various committees and boards of the diocese and

contributed much for the life and work of the diocese.

I am prompted to go on, but I shall reserve the rest and pay my tribute at our college home where Rev. Paul's final parting will take place.

Vino, Milroy, Gabrielle and Yohann – you all made it possible for your dearest Dada to have a glimpse of heaven here on earth by your constant care and deep affection, and your being his side always. I am certain that he breathed a prayer of blessing on each one of you till his end.

May his memory be blessed, and May God accept the life and work in our midst of Rev. Anthony Aciaratnam Paul. The last few words spoken by him at my aunt's funeral house recently was 'Do not be disheartened, God will look after you', and now we are called upon to say the same to Rev. Paul's family who had lost their dear one.

On behalf of the Jaffna College community I say here a prayer to you dear family of his.

Dear Father in Heaven,

There is so little any of us can do
But I know God you will take care the family of Rev. Paul
For God, you are so mindful of us all
Let us place this dear family safely in you care.

We commend them in to your loving hands
And there is no safer place in all the universe
In which to leave anyone,
Than in the hands of you Lord.

Let them not feel abandoned and lost,
And now, may You who lived in Galilee
And healed the many there
Be near you, dear family members and heal you too,
And keep you in His loving care always.

Amen.

Once again I join the very large circle of friends and students of Rev. Paul at this moment to say thanks to God for letting him be part of our lives. "We done, you good and faithful servant".

With God's love and the very may Vino, Milroy, Gabeiral, Yogan and all the relatives and friends find solace in him.

Noel. A. Vimalendran
Senior Vice Principal
Jaffna College.

Condolence Messages

I know this is a very difficult time, but I need you to be strong and keep the faith in the Lord. The lord will do what is right according to his will. At the same time I don't want you to loose hope. For the lord is working on dad this very moment. Although the medically the chances of dada's survival may seem very less, God is all powerful, all knowing, and is able to bring back even the dead. All it takes is a word of God for Dada to be cured.

So I want to you all to remain in the attitude of faith. This is very important. Without, faith it is impossible to do anything. So expect great things to happen. The devil may bring all kinds of negative emotions, but you have to remain in faith.

The second thing I want to stress is that I want you to be in peace with the Lord.

His Son,
Milroy Paul.

We are grieved by the demise of Principal of Jaffna College, Rev. A.A. Paul. He served for more than three years as an ex-officio member of our management council. Rev. Paul was an upright man with God's wisdom who gave valuable advice in affairs of our Institute.

My deepest sympathies on behalf of Jaffna College Institute of Technology to his family members and staff & students of Jaffna College.

*Men are like stars in a timeless sky;
The light of a good man's life shines

Golden and splendid,
Long after his brief years are ended.*

We the Principal, staff and students of Uduvil Girl's College wish to express our deep sympathy to Mrs. Paul, her sons, and family. The Uduvil Girls' College family shares in the sorrow of the Jaffna College family.

Dr. C. V. Selliah
Principal,
Uduvil Girls' College.

It is with deepest sorrow that we record the death of our beloved Principal, **Rev. A.A. Paul.** He has been a shining example of a life full of virtues and Christian values.

He was the chaplain S.C.M. Patron and Y.M.C.A. President. His death is a great loss to Jaffna College .

Our hope is that **Rev. A.A. Paul** who has gone to be with this great cloud of witnesses around us, will continue to encourage us through the memories of him, which he has left to be with us.

Our deepest sympathies to his beloved wife and children.

may his soul rest in peace,
Rev. G. Nadarajah, (Chaplain)
Jaffna College.

I wish to convey my most heart felt sympathy to Mrs.Paul, her son, Milroy, Gabriel and Johann and the rest of the family.

Of **Rev. A.A. Paul** over his tragic death. Rev. Paul was a man of deep faith in God through Jesus Christ and he lived that faith. He was a scholar and a devoted teacher. Though Rev. Paul had traveled widely and studied abroad, his first and deepest loyalties were to his family and home in Jaffna, his church, the J.D.C.S.I. and to Jaffna College. As a new missionary Rev. Paul went out of his way to make me feel welcome and at home at Jaffna College, I shall miss him sorry.

Grace S. Bunker,
Missionary.

Reverend **A.A. Paul** has been a man of resolute faith and unfailing loyalty to the lord and the institution he served. He has been known to me from the school days and became colleague of mine, when joined the staff of Jaffna College in 1986, Since then, through we had little in common, our friendship and mutual respect for each other deepened over the years.

I always felt proud that he was an old boy of Jaffna College like me.

It was easy to disagree with him and this made discussions with him, an experience always to be remembered. He was humble and simple. He managed not only to maintain but to raise the standard of the school inspite of the many difficulties he has had to undergo.

In conclusion, on behalf of our association I wish to convey our deepest sympathies to his beloved wife and children.

T. Anandatatnam,
President,
Jaffna College,
Alumni Association.

I have known **Rev. Anthony Ariyaratnam Paul** for the last 20 years. He joined Jaffna College in the year 1984, after working as a Chemist at Pulmoddai Chemical Factory.

He wanted to be a worker in the Lord's Vinyard by being a Pastor and a teacher at Jaffna College. His death is a great loss to the Jaffna College community and the Jaffna Diocese.

He lived by faith, walked by faith and did everything in faith. We always speak of him as a holy man, pious, straight forward and with upright morality. He will never speak ill of others. But will pray far their sins.

He is obedient to higher authority, When he was Vice Principal, latere Principal, he carried out his duties according to the decision of the authorities. He is humble, simple and spiritual.

In 1995, when everybody left Jaffna, he styed back at Vaddukoddai with his family in order to safeguard the properties of Jaffna College and the Diocese. He will dare to do the right at whatever cost he has to bear.

His life is a life of pilgrimage on earth. His Master called him because he loved him most.

May his soul rest in peace.

Mr. G. Rajanayagam,
Manager / Treasurer,
Jaffna College Board of Directors.

PRINCIPAL'S REPORT

2001

Professor & Mrs. Kumaravadivel, our Bishop, Chairman and members of the Board of Directors, parents, Alumni, Teachers and students.

We, at Jaffna College welcome you once again to our annual prize giving, which is the most important function of the College. Your presence today, encourages us to labour in this, garden of grassing, developing children and youths. We believe that you shall continue to sustain us with your presence and visits.

Professor and Mrs. Kumaravadivel, we are greatly honoured and encouraged by your presence with us today. We welcome you most cordially to this function - our annual prize giving.

With the depth of your commitment to scientific study and scholarship and application, Professor Kumaravadivel you are a great asset to our nation and to the University of Jaffna, Sri Lanka.

Sir, you graduated from the University of Ceylon, Peradeniya with a first class Honours in B.Sc. General Degree in 1968 and then with a first class honours in B.Sc. Special Degree in Physics, Soon after the graduation you joined the Department of Physics, Peradeniya University as an Assistant Lecturer. You won the Kumarasamy Prize for the Highest Competence at General Science Degree

Examination in 1968 and the most coveted "Dr. C.A. Hewavitharana Memorial Prize for Physics" awarded for achieving the highest competence at the Special Science Degree Examination held in 1970. You had the privilege of working under the guidance of Prof. J.M. Ziman, FRS and Prof. R. Evans, Scientists of international repute for your Ph. D. Degree which you obtained from the University of Bristol, England.

You proved yourself and rose up the ladder of academic achievements quickly and were appointed Senior Professor of Theoretical Physics, University of Jaffna, Sri Lanka in 1993.

You not only achieved greater distinction in the academic field but also in the administration and served as the Head of the Department of Physics, University of Peradeniya, Head of the department of Physics, University of Jaffna. You also served as Head of the Computer Unit of University of Jaffna from August 1989 to 30th October 1990.

You Served the University council as an elected senate representative from March 1998 to November 1999. You have been serving as the Dean of the Faculty Science since 24th November 1999. You also acted as the vice-chancellor of the University of Jaffna for a brief period in April 2000.

Your name spread beyond the shores of Sri Lanka because of your contribution to many "International Science" Journals such as Journal of Physics published by the Institute of Physics, London and "Nuovo Cimento" the Journal of Italian Institute of Physics.

You also contributed much to the research in Theoretical Solid State Physics. Your contributions were so well appreciated that you were appointed as a referee of research papers submitted to the Journal of Physics (U.K.) and as an Associate of the International Centre for Theoretical Physics. (I.C.T.P.) Triest, Italy.

I can go on enumerating on your publications and research work in the field of theoretical Physics. But, what I have already enumerated would suffice to prove that we have an eminent scientist of International fame right here in Jaffna. I, myself, am very proud that one of my contemporaries at the University of Ceylon has achieved this rare distinction and am sure that the Jaffna College community would be very pleased to have you Sir, as the chief guest.

Mrs. Rajini Kumaravadivel, you are a product of Vembadi Girls' High School, the most Leading Girls' School in Jaffna. You possess a National Diploma in English and taught English at Mahajana College and Osmania College, Jaffna till you got married to Professor Kumaravadivel and shifted your residence to Peradeniya. Though you gave up your teaching career in order to be a good housewife, I am sure, you are much engaged in the academic field, helping your husband in many ways.

It is heartening to note that your husband and you have decided to stay on in Jaffna, during the difficult periods when the cream of Jaffna left the shores of Sri Lanka, your husband and you opted to stay on in Jaffna in order to build up a healthy community. JAFFNA COLLEGE INSTITUTE OF AGRICULTURE:

I am happy to announce that the Agriculture Institute functions effectively to attain the objectives of establishing it. The Institute runs one year Agriculture Diploma Course and a Junior Certificate Course. This training helps the educated unemployed youths to widen their knowledge and experience in the field of agricultural science.

30 students were enrolled at the beginning for the junior certificate course and 20 of them sat the final examination in February 2000. 40 students were taken in April 2000 and 15 of them sat the final examination in July 2000. Another 50 students were admitted for the same course in September and only 20 students sat the final examination in December 2000.

30 students were taken in May 2000 for the one year Agriculture Diploma Course and out of this number, only 14 students sat the final examination in August 2000. A new batch of 40 students were taken in November 2000 for the same course and 30 students are attending classes regularly.

The object of the farm section is to be an effective teaching aid to acquire new skills and scientific know-how in farming.

Instead of merely cultivating the various crops and rearing livestock, we have introduced some research activities in consultation with the department of

Agriculture. New varieties of crops were tested to see the yield performances and adaptability.

Seminars and workshops were conducted mainly on topics related to Agriculture, Animals husbandry and other allied fields with the idea of educating the farmers and cattle owners.

In spite of the difficult situation, our publishing work is continuing. Our "Maneuver Manure" has published a book 'Vivasaya Nokku' which is very useful for the students and farmers.

As there is a scarcity of Agro-chemical products, investigations were conducted to see the feasibility of using the products of merged leaves, bark, seed etc., as an alternative to some of the insecticides and the results are very encouraging.

I thank Mr. S. Kugathasan Principal and the staff of J.C.I.A. for the efficient work.

THE UNDERGRADUATE DEPARTEMENT:

The Undergraduate Department started on June 1st 2000 at our Jaffna centre and Vaddukoddai, has steadily progressed. The number on roll at present is 86 with regular attendance of 67. We prepare students for G.A.Q. First in Commerce and Part I & II of B.A. and B.Com. conducted by the Jaffna University and G.A.Q. & B.A. Final of Peredeniya University. We prepare students for all the subjects. We encourage students to offer English Literature as a main subject. Number on roll for English Literature at the G.A.Q. is 16, B.A. Part I are 5 and B.A. Final is 3.

At present we have only visiting lecturers to teach various subjects. It is our hope to increase the number on roll to 150 or 200 and provide all the facilities available in the Universities. The idea is that we must produce graduates with a same standard as those who are graduating as internal candidates.

I thank Mr. V. Mahinthan, the course co-ordinator, undergraduate studies and all the lecturers for their efforts and co-operation.

THE COMPUTER DEPARTMENT:

We are heading at an accelerated pace towards a strange world of tomorrow, where technology would be making giant strides in an electronic age with computers, spreading its influence in all fields of Human endeavours. The student population of this generation has challenging years ahead. Most of the work performed by man in the past is now taken over by the computers. The computer and microprocessor have arrived just in time to take over massive weight of information technology. Therefore it's our duty to equip our students with such a course of study. More and more young people are attracted towards this course of study. There is a tendency nowadays to judge the success of an Educational Institution mainly by the courses and training given in this field to students other than their routine classroom subjects. I am also happy to report that our office is partially computerized. We are in the process of making computer education the Primary goal at College. Our aim is to teach the students to learn this course during the

period he or she is at College. Our computer Unit is now well equipped. at present we have 16 Computers. during the course of last year we engaged ourselves in training officers of the Department of Education (Valigamam Zone). We conducted a 3 months course in computer awareness to the students who have sat for the G.C.E (A/L) and the enthusiasm and response were great and encouraging.

I thank Mr. Noel A. Vimalendran, Head of the Department, and his staff for organising programming in computer studies.

BOARD OF DIRECTORS:

BOARD OF TRUSTERS:

Rev. Dr. James Vijayakumar is appointed as the new Secretary of the Board of Trustees in place of Rev. Dr. Eric Gass, who has retired. Rev. Dr. James Vijayakumar was a Professor of Old Testament at the United Theological College, Bangalore and son in law of Late Bishop Selvamany. We also welcome Rev. Dr. Eric Gass as the Vice-Chairman of the Board of Trustees. Rev. Dr. Eric Gass, Rev. Dr. James Vijayakumar and Rev. Tom Blossom a member of the Board of Trustees, visited us as a deligation and met the Board of Directors and the staff of Jaffna College separately and had fruitful

discussions with them. Mrs. Patricia Gass also accompanied the trustees.

LOOKING FORWARD:

We welcome the idea of reintroducing English as a medium of instruction for G.C.E.(A/L) Science after a lapse of thirty years. But, the question that comes to one's mind is, "Is learning Science in English for two years sufficient?" Besides, the question of proficiency to teach and learn Science in English also arises. Teachers should be first trained to teach in English. Then the children should be well prepared to learn in English. The ground should be prepared well before the seed of learning can be sown. For this, English Science terms should be introduced to the students at the formative stages first. Then Science and Maths should be half taught in English. In other words, the subject can be explained in Tamil but definitions etc., should be given in English at senior classes. These students will then be ready to receive Science education in English. Alternatively, G.C.E. O/L classes can be extended to three years as was done in the past.

Another field where important consideration should be given is Science education. Science is taught as an integrated subject from grade 4 to grade 11. The argument put forward is that science is an integrative subject and that it should not be compartmentalized. It is true that science should be taught as an integrated subject, but as the children grow out of the formative stages they should be introduced to the different branches of science and in addition, certain amount of specialization is needed.

At present, there is a yawning chasm between G.C.E. O/L science and A/L science as far as the syllabus is concerned. This resulted in stuffing the minds of children in the A/L classes with vast amount materials within a short time. This produces the choking effect, which results in many failing the examinations. Even most of them who pass the examinations simply throw out what they have consumed. There is no proper understanding of the subjects they studied.

Recently I read in one of the newspapers, that there will be a change in the G.C.E. O/L curriculum. According to the proposed scheme, the children will have to sit for the six core subjects as at present. In addition, they will have to choose any three from a list of subjects as their optional subjects. Subjects like chemistry, Physics and Biology are included in the list. While we welcome this new proposal, we pray that God will grant all those responsible for the implementation the courage and wisdom to do so as quickly as possible.

The third area, which I would like to touch, is co- and extra-curricular activities. The children should be encouraged and motivated to get involved in co-curricular and extra curricular activities. There is no need for me to elaborate on the advantages associated with the involvement of co- and extra curricular activities. The trouble comes when these are shed upon the children in the form of compulsory competitions by the authorities. Most of these competitions are held without any co-ordination between various branches and without much planning. There was utter confusion with regard to the rules and

School Council - 2001

*Rev. A.A. Paul with Members of the Board of
Trustees in the college Campus*

regulations of competitions and adequate notice was given in regard to the topics or passages. To top it all, all the competitions are held concurrently and children are at dismay. The entire second term is spent on competitions. The sports meet, English day Competitions, Tamil day competitions, Social studies competitions- all are held during the second term. In addition, weekly assessment tests are also held, which I think is too much for a child. These competitions have also created rivalry between neighbouring schools. Competitions should be held to help children develop, but what has happened is that these competitions have become a burden to the children. It appears as if these competitions are held for the sake of holding them.

The various sports activities were at their peak when different associations such as Jaffna Schools Cricket Association, JS Soccer Association and JS Amateur Athletic associations conducted the respective sports. Further, when the matches were played in a friendly manner, the relationship between the schools was very cordial. Now, not a match or competition ends without a protest. The present set up is responsible for the rivalry and fights.

Many leading schools in Colombo do not take part in these competitions and tournaments, but their certificates are better accepted by both public and private sector.

I suggest that the schools in Jaffna to get out of this rat race and reorganize us, the various sports Associations, should be revived and more friendly matches played.

Thanks:

My sincere thanks are due to Mr. N.A. Vimalendran, Vice-principal, Mr. C. Rajeswaran, Middle School Supervisor, Mr. A. Jeyarajan, Primary School Supervisor and Mr. A.D. Athisayathan, Acting Supervisor Primary School for their co-operation and assistance rendered in the administration of this college. My thanks are also due to our Bishop the Rt. Rev. Dr. S. Jebanesan, Chairman of the Board, Mr. A. Rajasingam and other Board members for their encouragement, support and guidance. I also thank all the Heads of Departments and all staff members - academic, non-academic and minor - for keeping the light shining. Above all I submit this report in gratitude to God Almighty who had protected us and guided us the year past. We believe that God will be with us in the years to come as well.

Jaffna College, Vadducoddai Prize Day - 2001 27 June 2002

Chief Guest's Address by Prof. R. Kumaravadivel

Chairman of this function and the Principal, The Rev. Anthony A. Paul,
The Bishop, Rt. Rev. Dr. Jebanesan,
The Chairman & Members of the Board of Directors,
The Vice-Principal and the Teaching Staff,
Mrs. Kumaravadivel,
The Alumni,
Parents,
Distinguished guests & well-wishers and
My dear students,:

I consider it an honour and privilege to have been invited as the Chief Guest for this years Prize Day of one of the oldest and esteemed educational institutions in this country. My wife and I are thankful to the principal, Rev. Anthony Paul, and the Staff of the college for the invitation. We are indeed grateful to the Principal for the kind words that he has said about us in his Report.

Jaffna College is a unique one of its kind in Sri Lanka and has a glorious history. It started its activities more than seventeen decades ago, first as a Seminary and later as a College preparing undergraduates for External Degree examinations of the Universities of Calcutta and Madras. Although the teaching activities were later widened to include primary and secondary school level teaching, the undergraduate section of the College flourished, and prepared a large number of students for the External Degree Examinations in Arts and Science

of the University of London and later the University of Peradeniya, until the undergraduate section was taken over by the Government to establish the Faculty of Science of the present University of Jaffna. The College had thus made significant contributions in producing the then much needed Science and Arts graduates and served as the nucleus for the formation of the present Science Faculty of the University of Jaffna. Secondary level education in the College has also produced a large number of outstanding persons who have risen high in many professions.

Ladies & Gentlemen

The prize day is a day of celebration. It is the day on which the students are rewarded for their achievements. It is not the students only who derive happiness from this. The parents and the teachers would be equally happy, for they contribute in no small measure to the attainment of the students.

To the dedicated teachers, there is a sense of fulfillment and a feeling that his or her own abilities are being projected through their students and will benefit many coming generations and the nation. I congratulate all three parties, namely the students, the parents and the teachers on this happy occasion and wish them well.

On this happy occasion, let me share with you some of my thoughts on a few thrust areas in the secondary and post-secondary education in this country.

Historically technical education has been an area neglected by educationists and governments of this country. Although, we take great pride in our high literacy rate, we still lack the technical and technological skills required for rapid economic development. A praiseworthy action taken by the Board of Management of Jaffna College has been the recognition of the importance and need for promoting technical and vocational education in Jaffna and the establishment of the Institute of Technology at Vaddukkoddai and the Institute of Agriculture at Maruthanarmadam and conducting Diploma courses in many subjects in technology, Agriculture and Computer related studies.

Human resource development is one of the basic requirements for economic advancement. Education and training are the tools of human resource development. There are three major areas of activity in education and training our youths to face the challenges of the modern world. They are, the general education at school level, the university level education and the technical education and vocational training. In

Sri Lanka, while attention has been given to develop the first two, non-university tertiary education sector has not been expanded and developed appreciably. As a result there is a dearth of technological skills in the country and a great need for the expansion and diversification of technical, technological and vocational education. It is necessary that we pay sufficient attention for human resource development in technical and technological fields.

An important tool and the major driving force for economic development today is the Information and Communication Technology. It is necessary for us to move swiftly into the e-world. The Government is now committed to the development and extensive utilisation of Information Technology in all sectors towards achieving rapid economic development. Human resources development in Information Technology, no doubt is a prerequisite for effective development of this sector. We should therefore promote education and training are marketable both nationally and internationally. The Ministry of Education has declared year 2001 as the year of IT in the education sector. The Government is in the process of implementing a plan to expand the IT facilities in the schools and community centres with the aim of making all the school children IT literate. It will be beneficial if the Alumni and the school development committees take extra effort to make our students computer literate instead of depending solely on government assistance.

In its efforts to improve the human resource development in IT, the government is giving the highest priority to education

and training at all levels. The students should be guided by schools on the opportunities available in this field. For instance, the Sri Lanka Institute of Information Technology (SLIIT) is presently admitting about 300 students each year for a Diploma programme. The SLIIT has now obtained the degree awarding status. The SLIIT is expanding its facilities to increase the intake of students to 1000 within the next few years and to offer certificate / diploma / degree programmes in IT contributing substantially towards human resource development in IT.

It is a generally accepted educational principle that for effective education, the most appropriate medium of instruction is the mother tongue of the child. At the same time it is also true that English language is the lingua franca of the scientific and technical world. We are in the threshold of moving into a Global Village in which English is indispensable.

The education planners of this country have now, belatedly, realised the importance of English for the younger generation. That is a welcome sign. But they appear to be over enthusiastic and are trying to implement some of their good programmes in a hurry. One such programme is that of re-introducing English as a medium of instruction for A/L Science subjects. The move to introduce English as a medium of instruction may be commended as a 'much needed change' but the question is whether it is immediately, without first improving the standard of English from the lower classes to the higher grades appears to be like putting the cart before the horse. We should study in detail all

aspects of the programme and plan it properly.

If we look back, during the fifties and early sixties the A/L teaching was done in the English medium. We had very good science teachers fluent in English. The medium of instruction from grade VI onwards was in English. So, the students were also able to read, write and speak English reasonably well. There were only a few books in Swabhasha written by interested individuals. But English books, imported from the UK were available. The teaching of Science subjects were confined mostly to urban areas and only pupils from affluent families studied science in these urban schools. The parents of these pupils were able to buy the English science books to their children.

Things changed in the sixties and teaching of Science in Swabhasha was introduced and by 1970, all A/L students sat for the Examination in Swabhasha. Many English Science books were translated into Sinhala/Tamil. The Government undertook the preparation of text books in Swabhasha. Now, after more than 30 years of teaching science in Swabhasha, the situation is entirely different from what it was in the fifties. For many years it appeared that the teaching of science subjects in Swabhasha had taken root and is not reversible. At present, it is a fact that a majority of the A/L students and teachers can communicate with others only in one language - ie in their mother tongue.

We must find answers to the following two questions before implementing this programme of introducing English as a medium of instruction.

Are the students ready for such a change?

Do we have enough teachers to teach Science in the English medium?

In my opinion it will be a disaster to embark on the implementation of this programme without preparing the students and the teachers for it.

If such an exercise is carried out immediately without the students for it, the transitional period of switching over from a familiar medium of instruction to an unfamiliar medium at the A/L can place additional stress on the students. This may even result in the academically proficient student missing the coveted opportunity of admission to universities, due to inability to successfully pursue A/L studies well whilst simultaneously having to cope with the intricacies of another language which, hitherto, had been only a second language.

A major impediment which cannot be ignored is the dearth of qualified, competent and trained teachers who can teach in the English medium. As I have said before, most, of the teachers presently teaching science in schools are those who have had their entire education in Swabhasha. They are not fluent in English. Those who had their education in the English medium have either passed the official retirement age or bought over by the many international schools in Colombo or snatched away by the English Language Teaching Units of the Universities. It is a fact that a majority of schools are without qualified and experienced teachers to teach English and also to teach science subjects in English.

Therefore, in my opinion, teaching the English Language effectively should occupy the first place in our list of priorities. The government must initiate a programme to train and prepare both the students and the science teachers to learn/teach science subjects in English. A time limit should be set for this. The College of Education and the Universities could help to achieve this. A/L students with a pass in A/L English, but could not reach the level required to enter the University could be mobilised and trained and then used as English teachers.

I have shared with you some thoughts on three important thrust areas, namely the need to develop technical and vocational education and the need to make our younger generation literate in both English and Information Technology.

Thank you for your patient hearing. Let me now spare some more of your precious time talking in Tamil on a few topics which I believe the parents and students should give thought to.

**பெரியோர்களே, தாய்மார்களே,
மாணவர்களே,**

இப்பரிசுத்தின உரை மூலம் மாணவர்களும் பெற்றோர்களும் ஆசிரியர்களும் தமது மனங்களில் கொள்ள வேண்டியவை என நான் கருதும் சில விடயங்களை உங்களுடன் பகிர்ந்து கொள்ள விரும்புகிறேன்.

கல்வியின் நோக்கம், ஒழுக்கமும் பண்பும் பரந்த நோக்கமுமுடையவொரு சமுதாயத்தை உருவாக்குவதுதான்.

ஆனால் இன்று அநேகமான பெற்றோர் களின் ஒரே நோக்கம் தமது பிள்ளை களை எவ்விதத்திலும் க.பொ.த. சாதாரண பரீட்சையில் பத்து Dயும் உயர்தர பரீட்சையில் மூன்று Aயும் பெறச்செய்வது என்ற அளவில் மட்டுமே உள்ளது. பிள்ளைகள் நல்ல பெறுபேறுகள் பெறப் பெற்றோர்களும் ஆசிரியர்களும் முழு முயற்சி எடுக்க வேண்டியவர்களே. அதே வேளை மாணவர்கள் சமூகத்திற்கு உதவாதவர்களாக வளர்வார்களாயின் இப்பெறுபேறுகளைப் பெற மாணவர் களுக்குக் கல்வியூட்டுவதனால் என்ன பயன்? பெற்றோர்கள் தமது பிள்ளைகள் தேர்வில் நல்ல பெறுபேறுகள் பெற முயற்சிப்பதுபோல் அவர்கள் ஒழுக்கம், பண்பு, அடக்கம் உடையவர்களாக வளர் வதையும் உறுதி செய்து கொள்வது மிகவும் அவசியம். கடந்த சில வருடங் களாக யாழ் குடாநாட்டில் இளைஞர் களிடையே ஒழுக்கம் மிக வேகமாகக் குன்றி வருவது கவலை தரும் கசப்பான உண்மை.

பிள்ளையை ஒழுக்கத்திற்குப் பெயர்பெற்ற பாடசாலையொன்றுக்கு அனுப்பிவிட்டோம். பிள்ளையை ஒழுக்க முள்ளதாக வளர்த்தெடுப்பது பாடசாலை அதிபரினதும் ஆசிரியர்களினதும் கடன் என்று நினைத்துப் பெற்றோர்கள் தமது பொறுப்புகளிலிருந்து ஒதுங்கிக் கொள் ளக்கூடாது. பிள்ளைகளை ஒழுக்கமுள்ள வர்களாக வளர்த்தெடுப்பதில் பெற்றோரின் பங்கு பாடசாலைகளினதும் ஆசிரியர் களினதும் பங்குக்கு இரண்டாம் பட்சமான தல்ல. வீட்டில் பெற்றோர்கள் பிள்ளை களுக்கு முன்மாதிரியாக வாழ்ந்து காட்டுதல் வேண்டும். பெற்றோர் ஒடுக்க வீனமாக நடந்து கொண்டு பிள்ளைகள் வேறுவிதமாக நடக்க வேண்டுமென்று

எதிர்பார்க்கமுடியாது. காலையில் தூக் கத்திலிருந்து விளித்தெழுவது முதல் இரவு தூக்கத்திற்குச் செல்லும்வரை பிள்ளைகள் வீட்டிற் செலவிடும் பொழுதை எவ்வாறு செலவிட வேண்டும், வீட்டிலுள் ளோர்களுடனும் அயலவர்களுடனும் எவ்வாறு பழகுதல் வேண்டும் என்பதை அன்பு அரவணைப்புடன் பழக்க வேண்டிய கடமை பெற்றோருடையது. வீட்டில் மாணவர் தமது பாடங்களைக் கற்றற் குகந்த சூழ்நிலையை ஏற்படுத்திக் கொடுக்க வேண்டியது பெற்றோர் கடன். பிள்ளைகள் தமது பாடங்களைப் படிக்க வேண்டும் என்று எதிர்பார்த்துக் கொண்டு, பெற்றோர்கள் தொலைக்காட்சிப் பெட்டிக்கு முன் சதா குந்திக்கொண் டிருப்பதும், வானொலிப் பெட்டியை இரைய விட்டுக்கொண்டிருப்பதும் பிள்ளை களின் கவனத்தைத் திசைதிருப்பக்கூடிய முறையில் சண்டையிட்டுக் கொண்டோ குடும்பப் பிரச்சனைகளையும் ஊர்ப் பிரச் சனைகளையும் நாட்டுப்பிரச்சனைகளையும் பற்றி அரட்டையடித்துக் கொண்டிருப் பதுவோ மாணவரின் கல்வி வளர்ச்சிக்கு உதவமாட்டாது.

வீட்டிற்கு வெளியே செல்லும் போது, பொது இடங்களிலும், வீதிகளி லும், தனியார் கல்வி நிறுவனங்களிலும் பிள்ளைகள் எவ்வாறு நடந்து கொள் கிறார்கள், பாடசாலைக்கு ஒழுங்காகச் செல்கிறார்களா என்பதை அவதானிக்க வேண்டியது பெற்றோரின் கடமை “எனது பிள்ளை அவ்வாறு நடக்க மாட்டான் - நடக்கக்கூடியனவல்ல” என்ற நிலைப்பாட்டை எடுப்பது முட்டாள்தனமானது. குழந்தைகள் எல்லாம் நல்ல குழந்தைகளாகவே பிறக்கின்றன. ஆனால் அவர்கள் எவ்வாறானவர்களாக பரிணமிக் கிறார்கள் என்பது அவர்கள் எவ்வாறான

குழலில் வளர்த்தெடுக்கப்படுகிறார்கள் என்பதால் நிர்ணயிக்கப்படுகிறது. சமூகம், பாடசாலை, வீடு மூன்றும் பாடசாலை செல்லும் பிள்ளைகளின் ஒழுக்கத்திற்குப் பங்களிப்புச் செய்கின்றன. இதனைப் பெற்றோர் கருத்திற்கொள்வது நன்மை பயக்கும். பெற்றோர்கள், பாடசாலை ஆசிரியர்கள், பாடசாலைச் சுற்றாடலிலுள்ள சமூகத் தலைவர்கள் அடிக்கடி சந்தித்து பாட சாலைச் சுற்றாடலில் இளைஞர்களின் நடத்தைகளை ஆய்வு செய்வது நன்மை தரக்கூடும்.

தற்போது குரிய உதயம் முதல் அஸ்தமனம் வரை, முழு நேரத்தையும், எல்லாத் தரத்திலுள்ள பிள்ளைகளும் பாடசாலைகளில் அல்லது தனியார் கல்வி நிறுவனங்களில், தமது ஆசிரியர்கள் அல்லது பயிற்றுவிப்பவர்கள் கூறுபவற்றைக் குறிப்பெடுப்பதில் அல்லது அவர்கள் கொடுக்கும் பயிற்சிகளைச் செய்வதில் ஈடுபடுமாறு நிர்ப்பந்திக்கப்படுகிறார்கள். அவர்களைத் தினமும் நாள் முழுவதும் வேலை செய்யுமாறு பழக்கு மாறு வற்புறுத்துவது மூலம் பெற்றோராகிய நாம் அவர்களுடைய அடிப்படை உரிமைகளைப் பறிப்பது ஒரு ஆரோக்கியமான செயற்பாடல்ல.

மாணவர்களைச் சுயமாகச் சிந்திக்க அனுமதிக்காதவாறு இன்று பிள்ளைகளிடையே பாடங்கள் திணிக்கப்படுவதும் இன்னுமோர் ஆரோக்கியமற்ற விடயம். க.பொ.த சாதாரண வகுப்பு வரையாவது மாணவர்களை தனியார் கல்வி நிறுவனங்களுக்கு அனுப்பக் கூடாது என்பது எனது அபிப்பிராயம்.

பரீட்சையிற் சித்தியடையும் நோக்கோடு பாடப் புத்தகங்களையும்

ஆசிரியர் தரும் குறிப்புகளையும் மட்டும் படிப்பது கற்றலைப் பூரணப்படுத்தாது. வாசிக்கும் பழக்கத்தை ஏற்படுத்திக் கொள்ளவேண்டும். வாசிக்கும் பழக்கத்தை சிறுவயதில் ஏற்படுத்திக் கொள்வது சுலபம். நற்குணங்களை மனதிற்பதிக்கக் கூடிய நூலகங்களாக மாற்றிக் கொள்ள முயற்சிக்க வேண்டும். இன்று வாசிக்கும் பழக்கம் அருகி வருகிறது கவலை தருகிறது. அதற்கான காரணங்களுள் முதன்மையானது மாணவர்களுக்குத் தமது பாடப்புத்தகங்களையும் பாடக் குறிப்புகளையும் தவிர்ந்த வேறெதனையும் படிக்க நேரமில்லை என்பதாகும். கல்வி வியாபாரமயமாக்கப்பட்டதன் மற்றுமொரு தீய விளைவு இது.

வாசிக்கும் பழக்கம் உள்ளவர்களிடம் பொது அறிவு இருக்கும் பொது அறிவு வாழ்க்கைக்கு மிகவும் அவசியமானது. எம்மைச் சுற்றி இவ்வுலகத்தில் என்ன நடைபெறுகிறது என்பதை நாம் ஒவ்வொருவரும் அறிந்திருத்தல் அவசியம் இன்று மாணவர்களில் எத்தனை சதவீதத்தினர் பத்திரிகைகளை வாசித்து உலக நடப்புகளைத் தெரிந்து கொள்கின்றனர்? ஒழுக்கம், பண்பாட்டையும் பொது அறிவையும் வாசிக்கும் பழக்கத்தையும் வளர்க்க வாரத்தில் ஒரு பாட வேளையையாவது ஒதுக்குவது நன்மை பயக்கும்.

இன்று மனித செயற்பாடுகளை உலகமயமாக்கும் முயற்சிகள் தீவிர மடைந்து வருகிறது. உலகநாடுகளையும் அதன் மக்களையும் நெருங்கி வரச்செய்து ஒன்றிணைத்து, பொருளாதார, தொழில் நுட்ப, கலாசார, அரசியற் தொடர்புகள் மூலம் ஒருவரில் ஒருவர் தங்கியிருக்கும் தன்மையை அதிகரிக்கும் செயற்பாடுகளே

உலகமயமாகக் கல் எனப்படுகிறது. இலங்கை உட்படச் சகல நாடுகளும் இச்செயற்பாட்டில் ஈடுபட்டுள்ளன. உலக மயமாக்கலால் ஏற்படும் சவால்களை எதிர்கொள்ள ஆங்கிலம் போன்றதொரு உலக மொழியில் நல்ல பயிற்சியும் தகவல் தொழில்நுட்பம் பற்றிய அறிவும் அவசியம்.

முன்னர், அரசு மொழி என்ற ரீதியில் - உத்தியோகம் பெற - ஆங்கிலம் அவசியமாகவிருந்தது. ஆனால் இன்று விஞ்ஞானக் கல்வியைப் பெறவும் வித்தை களைக் கற்கவும் ஆங்கிலம் மிகமிக அவசியமானதொன்றாகிவிட்டது. அசுர வேகத்தில் முன்னேறிவரும் விஞ்ஞான தொழில்நுட்ப விடயங்களை அறிந்து கொள்ள ஆங்கிலம் இன்றியமையாத தொன்றாகிவிட்டது. ஆங்கிலமே நவீன உலகில் அறிவைப் பெறுதற்குரிய திறவு கோல் என்பது மறுக்கமுடியாத உண்மை. இக்காலக் கல்வியில் ஆங்கிலம் ஒரு முக்கிய இடத்தை வகிக்கின்றதென்பதும் அது இன்றியமையாததென்பதும் ஐயத்துக் கிடமின்றி ஏற்றுக்கொள்ளப்படவேண்டியது. ஆங்கிலம் ஒரு அழகான அருமையான மொழி. அது இன்று உலக மொழி.

“ஆங்கிலம் ஒரு காலத்தில் எம்மை ஆண்டவர்களது மொழியாக இருந்தது.

ஆனால் இப்போது அது சரஸ்வதி தேவி தந்த பரிசு” என்கிறார் சக்கரவர்த்தி இராஜகோபாலச்சாரியார்.

ஆகவே மாணவர்கள் ஆங்கிலத் தைப் புறக்கணிக்காது கற்க வேண்டும். பெற்றோர்கள் பிள்ளைகளின் ஆங்கில அறிவு பற்றி அதிக அக்கறை காட்ட

வேண்டும். ஆங்கிலம் கற்பிக்கப் போதியளவு ஆசிரியர்கள் இல்லாமை ஒரு பெருங்குறை. இது உடனடியாக நிவர்த்தி செய்யப்படவேண்டும்.

இது போன்றே தகவல் தொழில் நுட்ப அறிவை-கணனி அறிவை-மாணவர்கள் ஒவ்வொருவரும் பெற்றுக்கொள்ள வேண்டியது மிகவும் அவசியம்.

சிலருக்க சில வல்லமைகள் இயற்கையாகவே அமைந்துவிடுகின்றன. சில பிள்ளைகளுக்கு விஞ்ஞான ஆய்வில் நாட்டமிருக்கும் சிலருக்கு தொழில் நுட்பத்தில் நாட்டமிருக்கும். சிலருக்கு சில கலைகளில் விருப்பிருக்கும். சிலருக்கு மொழியாற்றல் இருக்கும். அவரவர்களுக்கு இருக்கும் வல்லமைகளை மாணவர்கள் வளர்த்துக் கொள்ளப் பெற்றோரும் பாடசாலைச் சமூகமும் ஊக்கமளிக்க வேண்டும். பெற்றோர் தமது பிள்ளைகள் டாக்டராக அல்லது பொறியியலாளராக வரவேண்டுமென எதிர்பார்த்து பிள்ளைக்கு விருப்பமில்லாத பாடங்களைப் பிரதானமாகக் கற்குமாறு வற்புறுத்துவது நல்ல தல்ல. பலனளிக்கப் போவதுமில்லை. மாணவர் ஒவ்வொருவரினதும் வல்லமைக்கும் விருப்புக்கும் ஏற்பவே அவர்கள் பார்க்கப்போகும் தொழில் அமைதல் வேண்டும். அவர்கள் படிக்கவிருக்கும் பிரதான பாடங்களை அதற்குத் தக்கவாறு தேர்ந்தெடுக்கும் சுதந்திரம் மாணவர்களிடம் விடப்படவேண்டும்.

இச்சிற்றூரையில் இன்றைய மாணவ சமுதாயத்தை நாளைய நற்பிரசைகளாக்க நாம் என்ன செய்ய வேண்டும் என்பவற்றைச் சுருக்கமாக ஆராய சந்தர்ப்பம் கிட்டியது. இச்சந்தர்ப்பத்தை வழங்கிய அதிபர் அவர்களுக்கும்

Principal's Report

2001

Our Chief Guests Rev. Dr. Dyanchand Carr. Mrs. Padmini Carr. Our Bishop, members of the Board of Directors, staff, students and guests.

Let me first of all welcome you all to our most important function - the annual Prize Giving. It is with great pleasure that I submit the report for the year 2001. Although the report covers the activities for the year 2001 some important events in 2002 are also included in this report.

Dear Dr. Carr, we feel greatly honored by having your wife and you as our Chief Guests today. It is a rare opportunity to have an eminent Theologian like you in our midst. You hail from the District of Tanjore in Tamil Nadu, India. Born in the year 1938 you had an excellent academic career from early childhood. You obtained your B.Sc. Degree in Physics from Madras University in 1957. Then you started your career as a teacher in Physics.

After teaching Physics in Mombasa, Kenya from 1957-1960 you were called upon to serve as a Youth Officer's Assistant in London. It was while in London that you responded to God's calls for ministry.

Sir, you obtained your B.D. Degree from the United Theological College, Bangalore in 1966 and served as a Pastor in your own Diocese, the Diocese of Tanjore-Tiruchirapalli. Although you faced

stiff opposition from outside and certain section of the Church, you worked among the poor down trodden and oppressed. You were one of the few who really followed the Master and put into real practice the Theology you learned.

Because of your commitment to God's service and academic excellence. Dr. Samuel Amirtham invited you to join the faculty of Tamil Nadu Theological Seminary. Accepting the invitation you joined TTS and then proceeded to United Theological College for Post Graduate Studies and from there obtained M.Th degree in New Testament 1973. Later you obtained your Ph.D. Degree from Kings College London.

Because of your commitment as a teacher, love towards your students, administrative capability and the knowledge in modern teaching methods and technique you were elevated to the position of the Vice - Principal. It was while serving as the vice-principal that you introduced major changes in curriculum and teaching technique. It was your desire that your students should learn theology in the context of Village Setting. Therefore, you introduced block teaching at TTS, where students had to live in a village interact with poor people and get involved in pastoral work as part of their Theological training.

Because of your involvement in the mission work among the oppressed your

desire for ecumenism and concern for all people irrespective of their racial differences you were invited to serve as the Executive Secretary for Mission and Evangelism by the Christian Conference of Asia. Because of your excellent career as one of the top executives of CCA, when the need arose to appoint a new Principal of T.T.S. the Governing Council decided unanimously to appoint you as its Principal.

You are the Principal of Tamil Nadu Theological Seminary, Madurai since 1998. It is during your Principal-ship that Tamil Nadu Theological Seminary saw a rapid growth. We see not only rapid growth but also greater tie between TTS and our own Christian Theological Seminary at Maruthanarmadam. Because of your benevolence many of our pastors were able to upgrade their academic achievement by obtaining B.D. degree from TTS. Our teachers at the Seminary are also able to obtain their M.Th degrees in different fields from T.T.S.

Mrs. Carr, we are very pleased to have you here with us on this stage. You are always by the side of your learned husband helping him in all his mission work. You were a Graduate Assistant in Maths and English at Capron Hall Higher Secondary School for Girls in Madurai. You also spent a few years in U.K. with your husband in 1978 - 80 during Dr. Carr's PhD studies and Sabbatical year in 1987 - 88 in Selley Oak. You had been a Secretary for the Association of Arulagam since 1987 which runs a home for destitute girls abandoned wives and wives of prisoners, girls in the process of rehabilitation from being sex

workers and hospitals for AIDS adult and child victims and for other terminally ill people. Since returning to Madurai after a spell of 5 years in Hong Kong with family has been Manager of KNH Day Creche in TTS Campus and backbone of Campus Women's fellowship. Your work among women especially the village women is very well appreciated and your presence with us today will definitely inspire our young women to take keen interest in the Social advancement of women in this country. I am sure the students will be very glad to receive their prizes from your hands.

Dr. S. Satkunarajah, we welcome you most warm heartedly. We are glad that you would be seconding the vote of thanks on behalf of the Alumni. You hold MRCOG and was a gynecologist right through your medical career. As a son of a former teacher and alumnus, you love your alma mater and became the founder President of the Sydney Branch of Alumni Association.

Rev. T. Thevanesan we welcome you as well. You as the Registrar of the Christian Theological Seminary is the most suitable person to bid the opening prayer.

You are an alumnus of the College and a student of Dr. Carr. We are happy to see many friends and parents today at this Prize giving.

Dear Friends, Jaffne College as a Christian Institution is committed to Christianity and Education. The American Missionaries who came to Jaffna shared the love of Christ through commitment, sacrifice and toil. Many of them never went back to USA but gave their lives in

sacrifice for the betterment of Jaffna Society. They were buried here and their graves are still with us as monuments of love towards the people of Jaffna. The History of Tamils tells us that from time to time Tamils were oppressed by foreigners: even our own kings oppressed us. Even today Tamils are an oppressed Society. The irony is that we ourselves oppress our own. Oppressive forces such as hierarchical caste and patriarchy operates in our communities. Like in the first century Judea. There are dark forces in the Tamil Community who try to rule us with iron first. But the missionaries who came from America brought with them 'agape' - sacrificial love. Therefore, they sacrificed their lives so that the people in Jaffna would be liberated.

At a time like ours when we struggle to exist we need committed people who are willing to sacrifice their lives for the sake of the oppressed poor and down-trodden. Jaffna College should produce people of all walks of life who are willing to sacrifice their lives showing the love of Christ for the sake of the society in which they live. Students of Jaffna College should be empowered to empower ordinary people. This can be achieved through literary Associations Y.M.C.A., S.C.M. and English Education. We therefore have already invested large sums of money on English education. We also intend to start English Medium Stream soon.

It is only through English Medium education can people of Jaffna be able to communicate with rest of the world and have access to new knowledge available in the world.

Above all I thank God Almighty for the protection and guidance.

Address given on Prize day of Jaffna College

By The Rev. Dr. Dhyanchand Carr.

Dear Students, Parents, Teachers, Members of the Governing Board, Principal of the College and respected Bishop of the Jaffna Diocese,

First of all I acknowledge with a sense of deep gratitude the honour bestowed upon my wife Padmini and me to be the Chief Guests and for all the kind words with which a resume of our life and work was presented. though undeserved we express our thanks to you as they show your genuine feelings of affection and solidarity.

At the very outset I would like to greet you all with a heartfelt greetings of peace, not just of absence of conflict, anxiety, disruption of studies and career, but also of peace of tranquility arising from well being, of peace that stems from communal harmony, of peace which means your democratic spaces have been restored, of peace that is the hall mark of true community where each one being to recude cares more for the other than for oneself, the mark of a new humanity...

The fact that I can stand here, in this very campus where I have been twice before during troubled times and bring you greetings of peace, is remarkable, indeed.

I have been here when the IPKF was very much present but the school could not function nevertheless. They could not maintain peace, I still vividly remember that how the Jaffna College Staff played tennis with the top brass of the IPKF with four Gurkha

Soldiers standing with pointed guns seeking to provide security cover to the officers! I also remember with shame the stories of atrocities committed by IPKF soldiers. A shameful blemish an Indian honour which responsible leaders of the nation do not want to acknowledge.

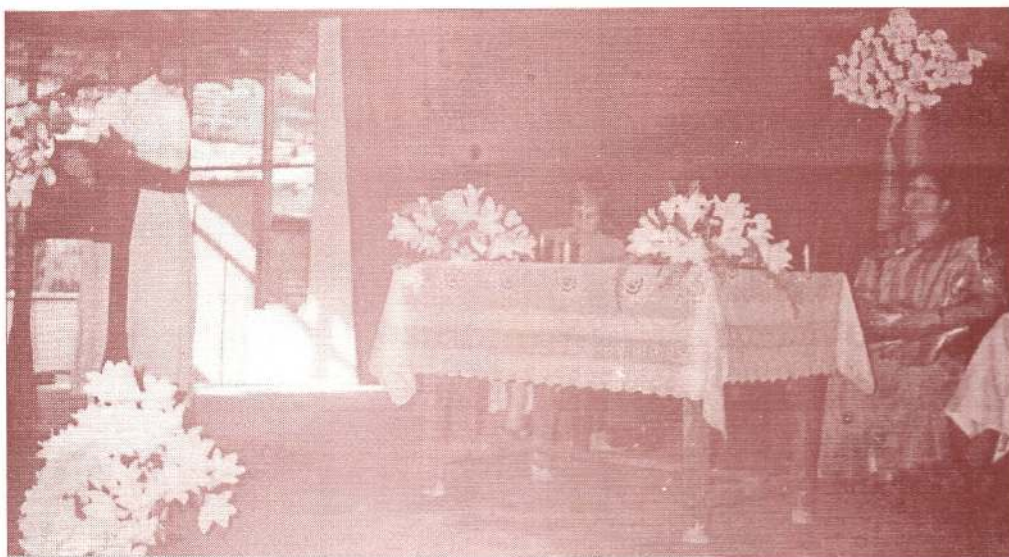

I remember the few days I was here in 1992 there was no electricity, small flickers of an oil wick was a luxury. Yet travel was undertaken through the sea-the Kilali route. Meetings & Church services were conducted with the help of the power generated from a cycle dynamo. I came to understand that people's genuine aspirations could not be suppressed and extinguished. But peace was nowhere, the round of shells and gun fire was heard frequently.

We have come past great tribulation and we are now it seems to me really standing at the threshold of peace.

We have come to this point because great sacrifices have been made by thousands of people. Many have contributed dearly through their very lives either as militants in the actual fire point of the struggle, or as human rights atrocities disliked and dismissed by those who depressed them or as innocent victims of willful and ruthless uddocities most of the victims being women who had been molested and killed, many others still have been named and left without any life support pension... and others have been young children who... witnessed when terrible things were happening around

them to their mothers, sisters ... and so far traumatized and lost their mental balance because wounds inflicted in their hearts would not be healed.

It is important to begin with an acknowledgement of all the sacrifices which have led to this moment when we can confidently look forward to peace with justice.

Based on this acknowledgement my call to the student community who are here to rejoice at their achievements, is first of all to stay on in Jaffna to rebuild the devastated buildings, to enlarge educational opportunities to the successive generations by bringing into being new institutions, to build a new community of peace and to restore natural resources so ruthlessly devastated.

Let me expand on the latter two only, the first two need no elaboration except to take more as to how men like Moses, Nehemiah in the bible chose to put their scales with their people relinquishing positions of comfort, power and privilege, isolated from their people. Indeed many among your elders here have set you good examples. Some have stoutly refused chances to flee to places of security and comfort. Yet others have left positions of comfort and have returned. So you have opportunities to be builders and Rebuilders.

My greater concern is however, that as you engage in the task of restoration and innovation, you should also be constantly seeking opportunities to build a community.

Today we are talking about the whole world having been shrunk into a global village. Jet travel enables many to cross over thousands

of miles in a few hours, sometimes at twice the speed of sound. You can sit here and talk to someone close by, through the TV news comes into our sitting room, through the Internet you can have access to information from far away libraries and news rooms. Though each country has its own currency if you have a world recognized credit card you have monies of all countries. So people are talking about the global village.

Yet in fact distances between person to person, community to community is only increasing. This is the painful larger reality. If I am wealthy and my neighbour in poor though physically proximate we are poles apart in real fact, the educated and we not so well educated formally rarely can entertain neighbourly feelings, worse still we stand divided on religious cultural grounds. Sribala Budhost - Tamil Hindu/Tamil Muslim divide will not go away of itself. Wounds have been inflicted. We find it difficult to erase them from our memories. Hindus in India remember only how Moghils invaded their country and destroyed their places of worship, they forget all too easily that Aryans invaded India much earlier did very much the same... No one religious community is free.

The majority, religious community does suppresses the minority. In the Philippines, Christian majority refuse to recognize the freedom and space demanded by the Mindanao Muslims, But majority Muslims in Pakistan, Malaysia & Indonesia do the same with respect to other faiths. So it goes on.

As young people determine to build a community on the basis of humanistic neighbourliness. Learn to plead the causes of anyone who is affected even if the offender is one of our own religion, caste, language and the victim belongs to another faith...

True God by whatever name we may call cares not that we worship God through distinctive and costly rituals No, true worship of the true God consists only in serving the afflicted and advocating the cause of the afflicted. This is the only religion, we have learnt from Jesus Christ. So religious identities should not become points of conflicts but a genuine faith commitment whatever be the name should help us build true communities of peace and harmony.

The other important work has to do with care for nature. I understand that in a small

stretch in Jaffna alone nearly 5 laks palmyrah trees have been cut down to build military bunkers. A palmyrah tree takes nearly 20 years to become full grown - 20 - 30 trees are capable of providing a families sustenance. We need to put a stop to the devastation that continues and do all we can to grow more with a militant determination. For unlike building buildings and institutions which only needs money and human resources restoration is nature as it takes long years is not an easy to task to achieve with consistent determination.

Once again, remembering the great sacrifices of our immediate elders I am sure you would be strongly motivated to become both lecturers of a new human community of peace and to restore nature the real sustainer and provider.

Dhyanchand Carr.
