LIONS CODE OF ETHICS

TO SHOW my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

WHENEVER a doubt arises as to the right or ethics for my position or action towards others, to resolve such doubt against myself.

TO HOLD friendship as an end not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

ALWAYS to bear in mind my obligations as a citizen to my nation my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labour and means.

TO AID others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

TO BE CAREFUL with my criticism and liberal with my praise; to build up and not to destroy.

DISTRICT GOVERNOR'S FIVE POINT PROGRAMME

THEME

“Service Without Boundaries.”

VISION

To Breach All Boundaries and become The Leading Lions District

MISSION

To actively involve Lions in humanitarian service, surmounting all challenges to serve all, freely, fairly and equally, creating an ideal environment, for people to live with dignity.

STRATEGY

By Harnessing resources of district's entire membership, fostering goodwill and building bridges.

FIVE POINT PROGRAMME.

1. Environmental Awareness & protection through Lions Green Teams
2. Sight Conservation & Restoration
3. Building Bridges
4. Retention & Growth
5. Health

1. Environmental Awareness & protection through Lions Green Teams.

Climate change is on the verge of reaching catastrophic proportions mainly due to man's callousness to environment. Natural disasters continue to devastate towns, cities and communities around the world. Time has come for us to be more mindful of the natural environment and be ready for such disasters, Let us make it our mission to create and maintain an eco-friendly, clean, healthy, pollution free environment within our communities by creating Green Team concept at club level through.

- a) Tree planting campaigns,
- b) Disaster Management & Preparedness
- c) Energy conservation WASTE TO WEALTH.
- d) Home Gardening and Animal Husbandry.
- e) Adoption of Green Cities and Green Villages.

2. Sight Conservation and Restoration

“Will you not help me hasten the day when there shall be no preventable blindness; no little deaf. Blind child untaught; no blind man or woman unaided? I appeal to you Lions, you who have your sight, your hearing, you who are strong and brave and kind. Will you not constitute yourselves knights of the Blind in this crusade against darkness?”

(Helen Keller)

Our mission is to preserve and restore eyesight in our communities by optimum utilization of facilities available at our own Sight First Hospital, Hendala, by provision of IOLs from the Eye Bank, and also by supporting cataract surgery programs centered on government hospitals and such other institution.

Clubs are encouraged to:

- a) Optimize the use of Sight First Hospital facilities
- b) Sponsor Cataract Surgery
- c) Provide I O Ls & Spectacles
- d) Screen school children
- e) Work with visually handicapped.

3. Building Bridges.

Lions can bring greater benefits to the communities by building bridges of communication and relationships with Government and Non-Governmental Organizations, Blue chip Companies, and Large Hearted Community Leaders, as it would open avenues of access to better resources, leading to greater benefits at lesser cost.

These relationships would also help in publicizing the noble services rendered by Lions, paving way for more and more qualified, socially responsible men and women to be drawn in to our organization.

Some of the bridges that clubs could build to derive such benefits are

- a) Leo-Lion relationship.
- b) Work with NGO's
- c) Work with blue chip companies under CSR programs
- d) Work with G Os.
- e) Recognition of Non- Lion service
- f) Providing opportunities for youth
- g) Giving Special Vocational Training to differently abled.

4. Retention & Growth

"Is it worth filling a pail with a hole?"

Time has come for us to look deeper into this question, due to the simple reason that we find more ex-lions in the society, then our membership within. If we could have retained at least 50% of those ex-Lions, Lions International would have achieved the goal of two million membership a decade ago.

Our desire is to see that the club membership grows in numbers and the number of clubs also grow in numbers. The lesser option would be to retain the existing membership 100 per cent.

Growth is essential, if we are to sustain the movement into to the future, therefore-

- a) Retain current membership 100%.
- b) Grow in numbers.
- c) Extend New Clubs.
- d) Develop Leadership.

5. Health.

“health is wealth.”

As Lions, we have a responsibility to play a major role in providing health care to the needy, and also do our share in the improvement of health care facilities to the people. Lions have always been playing a pivotal role in the provision of health care to the lesser privileged segments of our society.

Diabetes is looming as the greatest threat to humanity in this decade; projections are that one in every ten would be a diabetic within the next five years. Since elevated sugar cause serious harm to vital organs in the human body, effective screening and awareness programs could help to contain diabetes from reaching such life threatening proportions.

The best chance for a cancer patient lies in early detection , but social taboos, ignorance, poverty and fear psychosis, precludes many a patient from seeking medical attention at the appropriate time. We the Lions can play a merciful role within our communities by taking the initiative to enlighten the people through awareness programs that early detection gives the best chance for survival.

' Good eating habits lead to healthy lives", Medical Research has shown that consumption of fast food laced with harmful chemicals and preservatives is the main cause of obesity and diabetes amongst the young people.

Lions could save these young lives by embarking on awareness programs highlighting the benefits of natural and low cost nutritional food, very especially to the young.

Lion are therefore urged to focus the attention of your communities with programs such as:-

- a) Diabetes Awareness
- b) Cancer Awareness
- c) Multi- Clinics
- d) Care to handdicapped
- e) Nutrition & Benefits

## MESSAGE FROM LION S.S. THANGARAJAH MJF

1st. Vice Dist. Governor - Dist. 36B1

I am very much pleased to send this congratulatory message to the club's Directory of Lions Club of Mallakam / Tellippalai to be released on the occasion of club's 9th. Charter & Installation Ceremony of Club's officer for Logistic Year 2011/2012.

As Extension Chairperson of this club, I am very much delighted to observe this club continues to perform as a club of 'Good standing' in our dist. 306 B1. I am also proud to mention that this is the only club in Northern Region that has established it's own 'Vocational Training Centre' Which really serves the youth of the community. In this context, I may point that the Club's Officers & Board of Directors must ensure that this Vocational Training Centre is utilised to the maximum capacity for the benefit of the youth of the Community.

Be that as it may, I may Point out that this club had the unique distinction of being street three Lady Lions as club's Charter key officers and laid a firm foundation for the club's activities to continue smoothly.

Now with the resettlement program of Valigamam North, the club must be in readiness to assist the less fortunate people who are returning to their places after two decades of 'refugee Life'.

President elect Lion Vethanathan MJF is a well known personality involved in social service to the community and Lions & Ladies of Mallakam / Tellippallai must extend their sincere co - operation to serve the needy.
