Do all the good you can.
In all the ways you can.
In all the places you can.
At all the times you can.
To all the people you can.
As long as you can.

Reaching New Frontiers
(Sung to the tune of Wooden Heart)

Let's all march hand in hand
Let's spread peace o'er our land
Serve all far and near
While we're Reaching New Frontiers
Treat as siblings with love
They're the same as you and I
Only needing care
And a mite of your sympathy

Innovate, glance ahead
Find a future open wide
When we serve all our brethr'en of yore
Treat them nice – treat with love
Show you care and show them how
May service be our goal
As we're Reaching New Frontiers

Bless the children with health
Help them rise to earn their wealth
Shelter for their heads
And the know how – to show you care
Prop the down trodden men
Help to make a living then
Be creative in our aim
As we all Reach New Frontiers
INTERNATIONAL PRESIDENT 2003/04

Lion Dr. Tue Sup "TS" Lee
Room: 507, Chokson Hyundai Bldg.,
80, chokson – dong, Chongre – ku,
Seoul 110 – 756,
Republic of Korea.

International President's Theme:

"INNOVATION: GATEWAY TO OUR FUTURE"

Highlight of International President's Program:

International President Lion Dr. Lee stresses the challenges awaiting Lions and the vital role innovation will take as he reveals his Presidential Program. Some key concepts of the program are outlined below:

As Lions look to build the future through innovation we

- Recognize that it is our one unlimited resource to build membership, strengthen our clubs, and meet our mission of service
- Not only expand our reach, but also deepen our roots
- Respect and celebrate our diversity, but also join together in unity
- Embrace change without abandoning our traditions

The elements of innovation include that it:

- Requires vision – establish attainable goals
- Is member – driven – makes membership meaningful to Lions and beneficial to those we serve.
- Requires ethical values – demands mutual trust and respect
- Involves every Lion – each member gives his or her best effort and shares equally in the benefits innovation brings
Innovation is often associated with the use of technology, and technology is an important tool in building the future of our association. But innovation takes many forms. We can find innovative ways to improve many of our activities:

- Club meetings
- Service Projects
- Membership recruitment

Innovation can be a part of everything we do as Lions:

- Membership growth – seek new ways to recruit and retain quality members; recruit women and young people to strengthen our clubs; employ a triangle strategy of extension, recruitment, and retention
- Leadership – develop leaders who are willing to encourage creativity and new ideas
- Public Relations… pursue current means of communicating to our external audience and explore new ways of conveying our message
- Service activities – gain fresh ideas; introduce our legacy of service to a new generation by sponsoring Leo clubs
- LCIF – rely on the generosity of Lions for support and seek new participation with corporations, governments, and other foundations

We shape our own destiny. Innovation truly is the gateway to our future.

LIONS CLUBS OBJECTS

TO CREATE and foster a spirit of understanding among the people of the world.

TO PROMOTE the principles of good government and good citizenship.

TO TAKE an active interest in the civic, cultural, social and moral welfare of the community.

TO UNITE the clubs in the bonds of friendship, good fellowship and mutual understanding.

TO PROVIDE a forum for the open discussion of all matters of public interest; provided however, that partisan politics and sectarian religion shall not be debated by club members.

TO ENCOURAGE service - minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavors.
LIONS CODE OF ETHICS

TO SHOW my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

TO SEEK success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

TO REMEMBER that in building up my business, it is not necessary to tear down another's to be loyal to my clients or customers and true to myself.

WHENEVER a doubt arises as to the right or ethics for my position or action towards, others to resolve such doubt against myself.

TO HOLD friendship as an end and not a mean. To hold that true friendship exists not on account of service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

ALWAYS to bear in mind my obligations as a citizen to my nation, my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labour and means.

TO AID others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

TO BE CAREFUL with my criticism and liberal with my praise to build up and not destroy.
