Dear Friends,

I am extremely pleased to see we have successfully formed our old students association in the UK and are hosting our first annual dinner on 17 March 2012. I would like to take this opportunity to thank our team who have worked relentlessly to make our dream come true.

It is pleasing to see several of our VMV old boys and girls doing well in the UK. It is further commendable that our fellow students are conducting successful businesses; shining in their professions such as teaching, medicine, engineering, science, finance and IT. Some even participating in the board of directors in the UK’s City based businesses. Well done! This reminds us to feel proud of our school and give our sincere thanks to the teachers who worked with us tirelessly in education, sports, fine arts and other extracurricular activities.

The beauty of this association is that everyone shares the same spirit of ‘VMV Old students’ and feels that they have something to offer as individuals. In this respect I do not consider myself a "leader", but rather an individual who will serve to assist our Alumni and contribute to its growth and service to our future generation.

I believe that all of us working together collaboratively we can contribute in so many ways to promote our school and create a peaceful environment for pupils’ education. Our team have already begun discussions and identified certain projects to work on, which we hope to communicate with you in the near future.

In conclusion, I wish to thank you for giving me this honour to communicate with you and share my thoughts.

Let us all work together and promote peace, education and economic prosperity.

With best regards,
Sivasithamparam Ranjan
