PRESIDENT'S MESSAGE

It is my great pleasure to welcome you all to tonight's evening of culture. I am overwhelmed by the immense response from our members to our fund raising appeal in aid of our Alma Mater.

When we look back to our days in J.H.C., we realise how fortunate we all were to have had excellent facilities in education, sports and other activities. By comparison, the students and teachers of today face untold hardships, as do the other citizens of Jaffna peninsula. Imagine a day in the life of a student at present; he can neither study before sunrise nor after sunset as there is not even a candle or an oil lamp. He rarely gets a full meal and faces immense financial difficulties. The school is unable to provide even the basic facilities : library, laboratories and sports. In spite of these hardships, present students and teachers work untiringly, producing excellent results, thus continuing with the Tamils' greatest investment - Education.

It is unfortunate that when we approached some of our members in the U.K., they were unaware of the fact that the college was still functioning. However, with the help of the Principal's message, they were only too willing to give their generous support. This, no doubt, is the caring nature and tradition of ours, the old boys of J.H.C.

Today's function, I am sure, will delight you all with a wide variety of music and dance of excellent quality. We are proud that tonight's talented little dancer is the daughter of an old boy, while the other two artists are old boys themselves.

And finally I would like to take this opportunity to thank all the members who worked diligently in organising this event, those who generously contributed to the fund, the artistes and all of you who have graced this special occasion tonight.

Wish you an enjoyable evening.

"A favour conferred in the time of need,
though it be small, is in value much larger than the world"

- KURAL.

OUR PRINCIPAL

Dear Old Students!

It is very heartening to hear of your intention to launch a campaign to raise funds in aid of your Alma Mater. What is really remarkable and touching is that your love for her remains unaffected and unanihilated by time and distance.

I think it would not be inappropriate to state here the fact that The Jaffna Hindu College has over the years made great strides and achieved qualitative and quantitative progress. It stands smart as a prestigious seat of learning in our country with more than two thousand students reading from year 6 to year 13. And its tutorial staff is now augmented with 75 members in it.

Annually we get a meager sum of Rs 100,000 as facilities fees from the students. One who really knows the needs of a large institution like ours would understand that this money is inadequate to meet even the permitted items of expenditure and would be prompted to exclaim how things are managed. Prevailing unsettled conditions here has made things worse for us, and the school coffers run dry in no time as we have to pay for everything at exorbitant rates.

Had it not been for the unstinting and unwavering support and generous gifts from the old Hinduite sport lovers we would have found it difficult to hold our flag mast high in the field of sports and games. We are heavily dependent on our well wishers too for the accomplishment of many extra activities of the College and we are thankful to all those who lend us a hand in times of our need.

Of the manifold tasks ahead of us, the expansion of our playing field, which you all know is sub-standard, as it doesn't have the dimension required for playing many games, tops our list of priorities. Its expansion has always been a strong felt need and dream of many. Now the time is ripe and the dream comes true. We are now engaged in a massive project to acquire the adjoining plots of

land for the expansion. In spite of the uncertainty that hangs over the air, with the whole hearted contributions made by the well wishers, we have collected Rs 300,000 so far for the purchase of a plot of one lacham.

A minimum of another two million rupees is required to purchase more and complete this task of expansion. We firmly believe that you would not hesitate to put your shoulders to the wheels in our endeavour for this worthy cause. And your generosity will be enshrined in the annuals of Jaffna Hindu College.

Secondly, we have constituted The Jaffna Hindu College Scholarship Board to award scholarship to the deserving poor students. The Board is only two months old but has initiated three scholarships of Rs 10,000 each with the contributions made by three philanthropists. The scholarships are named after their loved ones or after any institution or individual as desired by the donors. The response is really incouraging and inspiring. These monies, every Rs 10,000 placed in Fixed Deposits in a bank would bring us a monthly interest of Rs 150 which could be given to a scholar every month. We earnestly solicit your donations towards our scholarship drive so that we could light the lamp of life in the homes of many deserving students. Each of these scholarships can be Rs 10,000 or its multiples.

In conclusion, I wish to thank you all for the love, concern and zeal with which you have embarked on your project. I wish you all the blessings of God's.

The Jaffna Hindu College community appriciates your services with great gratitude.

Thank you.

Dear friends,

Let me first of all take this opportunity to thank the many of you who selected me as General Secretary at the Annual General Meeting 1991.

I would like to thank the Executive Committee and all the members in the Working Committees for their tireless effort, without which this event would not be a success tonight.

I would also like to thank the main artists Mr. M. Yogeswaran, Mr. A. Thayaparan and Mr. A. Kesavan and all the supporting artists for having entertained us with such wonderful music. Also tonight's young star, Miss Vinothini Indrakumar for her colourful and skillful performance and her parents Dr. & Mrs. Indrakumar for their contribution tonight.

I would like to thank the Ealing Borough Council for the hall and Lawrance Panchu for the sound system.

Finally let me thank you all present tonight and graced this evening with your generosity and encouragement you showed us when we approached you for this very important cause.

Let me say a word of thanks to the principal of J.H.C at present Mr. Panchalingam who is running the college as efficiently as anyone could in these very difficult times. He is doing a good job, let us all give him a hand for his efforts to build our Jaffna Hindu College an institution which we are all proud of and we always will be part of.

Thank you.
