12 The government agent shall, one month at least before the day of holding any such meeting, cause notices to be published throughout such district, in such manner as shall appear to him best adapted for giving the greatest publicity thereto, of the day and place appointed for holding such meeting, and of the object for which the same is to be held; and shall in such notices call upon all proprietors within any such district or division to attend in person, or by proxy in writing, at such meeting for the purposes aforesaid.

Provided that where more meetings than one are held for any district, it shall be the duty of the government agent to see that each division is allowed to appoint its proportion of the committee to make up the number for the entire district. Provided also that if any members of such committee shall die or leave the district, or shall refuse to act, it shall be lawful for the government agent to appoint others in their stead.

(4) The government agent shall enter or cause to be entered in the minutes of such meeting the questions or resolutions proposed thereat, and the number of votes given for and against the same; and shall, at the close of such meeting, sign the said minutes, and publicly declare the result of the votes given thereat, and shall cause the said minutes to be deposited in the provincial or district kachchéri, as may be most convenient, and copies thereof, certified under his hand, to be transmitted to the Colonial Secretary.

in case such rules shall be approved, notice of such approval shall be given by proclamation; and the said rules shall be published in the *Government Gazette*, and in the district in such manner as to the Government Agent shall seem expedient, and shall thereupon become binding upon all proprietors within the said district, and shall be as legal, valid, and effectual as if the same had been inserted herein: Provided that nothing contained in such rules shall be repugnant to, or inconsistent with, the true intent and meaning of this Ordinance.

Rules may be added to, amended, or repealed.

26 The government agent may, if to him it shall seem advisable, and shall, upon the requisition of a reasonable number of the proprietors of the district where any rules for the enforcement of ancient customs are in force, call a public meeting of the proprietors for the purpose of adding to, amending, or repealing such rules, or any of them, or he may in any case in which he shall have drawn up rules under the provisions of section 16 himself, add to, amend, or repeal any such rules, or draw up new rules in lieu thereof. Provided that any alteration of any rules so in force, whether by way of addition, amendment, or repeal, made by proprietors under the provisions of this section, shall be determined on at a public meeting duly convened in manner provided by chapter III., and by such a majority as is required by section 15, and under and subject to the provisions with regard to original rules contained in the said chapter, and that all such alterations and all alterations by way of addition, amendment, or repeal, and all new rules made by the government agent under the provisions of this section, shall be transmitted to the Governor for approval or disallowance, and shall, if approved, be published as in section 25 provided.

CHAPTER VI.

VILLAGE COUNCILS.

How village councils are to be convened, and their mode of procedure.

27 Whenever it shall seem to him necessary to convene a village council in any district in which the proprietors have under section 13 determined to adopt the aid of such councils, the government agent shall cause notice to be given in the village where the party complained against resides, or where the act, whether of omission or commission, is alleged to have taken place, in such manner as shall appear to him best calculated for making the same generally known to the parties concerned, of the time and place appointed by him for the investigation of such complaint; and at the appointed time and place the complaint shall be publicly inquired into by the government agent, or some person specially deputed by him for the purpose as president, assisted by a village council chosen in manner hereinafter mentioned. Every such inquiry shall take place in the presence of the party complained against, who shall have full liberty to make his defence before such

council, unless, in case of his absence, it is proved to the satisfaction of the council that he has had notice of the intended meeting, and has no valid excuse for being absent therefrom. And if such village council shall, at the close of the inquiry, be of opinion that the party complained against has committed a breach of the rules, and such opinion shall be concurred in by such government agent or person deputed as aforesaid, the village council shall forthwith award and adjudge that the person so offending do pay a penalty not exceeding thirty rupees. But no sentence shall be carried into execution unless confirmed by the government agent; and in case the inquiry be conducted by any one deputed by the government agent, the proceedings shall forthwith be submitted to the government agent for confirmation.

Proceedings before a deputy to be submitted to the agent.

Provided that village councils to try breaches of rules may be convened by any person deputed by the government agent in any irrigation district, and such deputation, as well as the deputation to be given by the government agent under this section to any person to act as president in inquiring into any complaint of the nature herein referred to, need not be special in each case: a general deputation to any person in the district to convene village councils when necessary, or to act as president thereof, will be sufficient.

Deputation to convene village councils, and to act as presidents thereof, need not be special.

28 The village council shall consist of not less than three nor more than seven men, selected by the president of such council from among the proprietors of paddy lands situated in the district. The government agent, or some person deputed by him for the purpose, shall be the president of such council, and shall conduct and keep a record of the proceedings thereof; but he shall not vote upon any question arising for the determination of the council unless the votes of the members shall be equally divided, when he shall have a casting vote.

Village council how constituted.

29 It shall be lawful for the government agent, or any person by him authorised thereto under his hand (hereinafter referred to as the inquirer), to inquire into breaches or alleged breaches of any rules made under section 16, and to hear, try, and determine all questions concerning the same, and to adjudge and award that offenders do pay the penalty fixed by section 27 or any penalty prescribed by such rules. Provided that no penalty so awarded by an inquirer, or any sentence of imprisonment in default of payment thereof, shall be enforced unless confirmed by the government agent.

30 It shall be the duty of the government agent or the inquirer to record in writing the proceedings at such inquiry, and to transmit such record to the kachcheri to be there filed of record.

Proceedings to be filed of record in the kachcheri.

31 The proceedings before the village council, government agent, or inquirer shall be summary, and not subject to the formalities of judicial proceedings, and it shall be the duty of such council, government agent, or inquirer to do substantial justice on all questions coming before them or

him, and no advocate, proctor, or agent shall be permitted to appear on behalf of any complainant or defendant or other person affected by such proceedings.

No appeal or injunction allowed, but party aggrieved may petition the Governor after applying for relief in the first instance to the government agent.

32 No appeal shall lie to any court against the decision or award of any such council, government agent, or inquirer on any plea or pretext whatsoever, nor shall any injunction be issued by any court in respect of any matter of which they or he may take cognisance by virtue of this Ordinance; but it shall be competent to the government agent to take action in any case in which any person feeling aggrieved by any such decision may apply to him for relief, and to make, or direct to be made, further inquiry into the matter in question, or to order a new inquiry, or to modify or reverse the decision.

Proviso.

Provided always that it shall be the right of any person feeling aggrieved as aforesaid to apply to the Governor by petition if he should fail to obtain the desired relief in the first instance from the government agent; and it shall be lawful for the Governor, with the advice of the Executive Council, to direct further inquiry or to confirm, modify, or reverse such decision.

Proviso.

Provided also that the powers conferred by this section on the government agent to take action in any case in which an aggrieved person may apply to him for relief, shall not be exercised unless application for that purpose shall be made to him by a written petition within fourteen days, exclusive of Sundays and public holidays, from the date on which the decision complained of shall have been given; and no petition to the Governor under this section shall be entertained unless the same is received within fourteen days, exclusive of Sundays and public holidays, from the date on which the decision of the government agent shall have been communicated to the petitioner.

Penalty for breach of rules how enforced.

33 Whenever any person shall be adjudged by such council, government agent, or inquirer to pay any penalty as aforesaid, the president of such council, the government agent, or inquirer may, unless the same be forthwith paid, sentence the defaulter to simple or rigorous imprisonment for any period not exceeding fourteen days. And every fiscal or deputy fiscal shall, within the province or district for which he is respectively empowered to act, execute such sentence, and the provisions of sections 5, 8, and 81 of "The Prisons' Ordinance, 1877," shall extend and apply to warrants of commitment issued by such president, government agent, or inquirer in pursuance of such sentence.

Appropriation of penalties.

34 In awarding any penalty, it shall be competent for such council, government agent, or inquirer to direct such portion thereof as they or he shall deem fit to be paid when recovered to the person injured or aggrieved by the act or omission in respect of which such penalty has been imposed (on condition that such person, if he shall accept the same, shall not have or maintain any suit for the recovery of damages for the loss or injury sustained by him by reason of such act or omission), and such other portion thereof when

recovered, as they or he shall deem fit, to the persons employed to do the work which ought to have been done, or to repair the mischief done, by the defendant. The balance, if any, shall be appropriated in aid of such minor irrigation works as the government agent shall determine. Provided that in districts in which a committee has been appointed under section 13, such appropriation shall be determined jointly by the government agent and such committee.

CHAPTER VII.

CONSTRUCTION, REPAIR, AND IMPROVEMENT OF IRRIGATION WORKS.

35 In order to provide means for the construction, repair, or improvement of works connected with the cultivation of paddy lands, and to keep channels which supply water to such lands free from obstruction and in proper order, it shall be lawful for the government agent, at his own instance or on the application of a reasonable number of the proprietors, to call a meeting of the proprietors of the allotments of land likely to be benefited by any proposed work, to determine by a majority of the proprietors present either in person or by proxy in writing, whether it is expedient that such works be, in whole or in part, constructed, repaired, or improved, or such channels be kept free from obstruction and in proper order; and, if so, whether or not Government aid is necessary for such work. If the majority present shall determine that such aid is not necessary, they shall proceed to determine further the rate of subscription in money or of contribution in labour payable by each proprietor towards the work, and their decision shall be recorded and shall be binding on all the proprietors of allotments of land benefited by such work.

36 If a majority of the proprietors shall determine, or if in the case of any such district as is referred to in section 16 it shall appear to the government agent, that Government aid is necessary for the construction, repair, or improvement of any irrigation works, the government agent shall make application, with or without conditions, for such aid to the provincial irrigation board; such application shall be accompanied by a specification showing the allotments of land likely to be benefited by the proposed work, and the names, so far as he can ascertain the same, of the proprietors of such allotments; and it shall be lawful for the provincial irrigation board, if it shall appear expedient to it to do so, to cause a plan and an estimate of the work to be prepared.

37 (1) If the estimate of any such irrigation work does not exceed two thousand five hundred rupees, the provincial irrigation board may, with the sanction of, and subject to such conditions, if any, as may be approved by the central irrigation board, execute such work.

If estimate exceeds two thousand five hundred rupees, reference to be made to central irrigation board, who may sanction work.

(2) If the estimate of any such irrigation work exceeds the sum of two thousand five hundred rupees, it shall be lawful for the provincial irrigation board to refer the same to the central irrigation board, together with the plan of the proposed work and the specification of the lands which will be benefited thereby, accompanied by a report upon the advisability of undertaking such work. After receiving such report it shall be lawful for the central irrigation board to sanction the execution of the work, subject to such conditions, if any, as to it may seem just, and to cause the same to be executed by the provincial irrigation board; and such sanction shall be published in each village affected by the work by beat of tom-tom.

Limit as to cost.

38 The cost of all works undertaken in any province under the last preceding section in any one year shall be defrayed from, and shall not exceed, the portion of the irrigation fund apportioned to such province for that year.

Application to Governor in Executive Council by central irrigation board, in case of works the cost of which cannot be defrayed from the irrigation fund. Plan and estimate.

39 If the central irrigation board shall at any time deem it expedient to undertake the construction of any irrigation work the cost of which cannot be provided for from the irrigation fund at its disposal, it shall be lawful for such board to forward an application to the Governor, in Executive Council, setting forth the necessity for, and the probable cost of, such work, together with a specification of the lands which will be benefited thereby; and thereupon the Governor may, with the advice of the Executive Council, direct the said board to report as to the best mode of carrying out such work, and to procure and submit to him a plan and an estimate in due form.

Governor in Executive Council may call upon central board to report on similar works.

40 If the Governor in Executive Council shall at any time deem it expedient to undertake the construction of any irrigation work the cost of which cannot be provided for from the irrigation fund, but in respect of which no application under the last preceding section has been made, it shall be lawful for the Governor, if he thinks fit, to direct the central irrigation board to report as to the best mode of carrying out such work, and to frame and submit to him a plan and an estimate in due form.

Governor, with advice of Executive Council, may ask Legislative Council for a money vote.

41 Upon the receipt of the report made by the central irrigation board and of the estimate prepared by it under section 39 or section 40, it shall be lawful for the Governor, if to him, with the advice of the Executive Council, it shall appear expedient so to do, to propose such estimate in the Ordinance making provision for the contingent expenditure of the Colony for the ensuing year, or for any year thereafter, to be brought before the Legislative Council to be dealt with as any other estimate so proposed.

Works to be executed by the Provincial Irrigation Board.

42 The central irrigation board shall, subject to such conditions, if any, as to it may seem just, cause the specific works in aid of which moneys shall have been voted by the Legislative Council on such estimates as aforesaid, to be undertaken and executed by the provincial irrigation

board of the province in which such works have to be constructed, repaired, or restored; and the sum voted by the said Council in aid of each such specific work shall be expended exclusively upon it, and for no other purpose. Provided that if any balances remain unexpended after the completion of such works, the same shall be applied in reduction of the amount which the Legislative Council may thereafter be asked to vote for other specific works.

43 (1) Whenever any such irrigation work is undertaken as is contemplated in section 37 or 39, the proprietors of the several allotments of land to be benefited by the work (as set out in the specification prepared as hereinbefore provided) shall become and be severally bound to repay the cost of such work (save and except when the central irrigation board has, under any conditions approved by it under section 37 or 42, exempted any proprietor or proprietors from the repayment of such cost).

(2) The government agent shall have power to alter and amend the specification from time to time, and to enlarge it as additional lands may be benefited.

(3) Such specification shall be conclusive on the point that the several allotments of land therein mentioned are liable for the repayment of the said cost, which shall be a first charge upon the said several allotments, and shall take precedence over all mortgages, hypothecations, and encumbrances whatsoever.

(4) Every specification prepared under this chapter and all alterations and amendments of the same shall from time to time be published in the *Government Gazette*.

44 Such charge shall extend as respects each allotment to the proportion due from each allotment as assessed under the provisions of this Ordinance, and shall be recovered in the manner provided in chapter IX. of this Ordinance.

45 The provincial irrigation board shall cause to be executed every irrigation work undertaken under the provisions of this chapter, but the option shall always be given to the proprietors whose allotments are to be benefited by the work, to perform the necessary earthworks connected therewith, at their own expense, unless such proprietors shall have been exempted therefrom by the central irrigation board under the conditions referred to in section 43. Provided, however, that it shall be lawful for the officer in charge of the work to cause the earthworks to be otherwise performed if the proprietors fail to perform the same when required to do so, or perform the same unsatisfactorily.

46 If land be wanted for keeping water-courses and channels free from obstruction, or for the construction, repair, or improvement of any work connected with irrigation, and there is any hindrance to the acquisition thereof, the Governor may declare that the land is needed for public purposes, and may order proceedings for obtaining possession of the same for Government, and for determining the compensation to be paid to the parties interested, according to

CHAPTER VIII.

COST OF IRRIGATION WORKS, AND OF THEIR
MAINTENANCE.

Contribution by proprietors in repayment of sum expended.

47 The sum expended in the execution of any irrigation work shall be payable in ten equal yearly instalments. The government agent shall assess the proportion due for each allotment, including such allotments as may belong to the Crown, by dividing the sum expended from the irrigation fund in executing the work by the total number of acres of the several allotments benefited by the work as appearing in the specification as aforesaid, and thus apportion the amount due upon each allotment. And the government agent shall thereupon transmit to the proprietor of each land a requisition calling upon him to pay to such government agent, on the days in each year specified in the said requisition, the amount of the contribution due for the allotment of which he is proprietor, to make up the amount defrayed from the irrigation fund. If the proprietor be absent from the village, or if there be more than one proprietor for any allotment, or if from any cause the requisition cannot be served on the proprietor, the government agent shall cause such requisition to be affixed in some conspicuous part of the allotment, and the government agent shall further cause a notice to be published in the village, by beat of tom-tom, on three different occasions, specifying the allotments which will have to contribute towards the cost defrayed from the irrigation fund, the sum each allotment is assessed at, and the time within which the different instalments due upon each allotment are to be paid to the government agent.

Proprietors may determine either that the sum expended may be repaid in ten annual instalments, or that the lands may be liable to a charge in perpetuity for interest and cost of upkeep.

Provided that it shall be competent to a majority of the proprietors, at a meeting of the proprietors of the allotments of land benefited or to be benefited by any proposed work convened under section 35, or at any other meeting to be held for that purpose, (and which said meeting it shall be lawful for the government agent to convene at his own instance or on the application of a reasonable number of such proprietors,) to determine either that the sum to be expended from the irrigation fund in the execution of any work shall be repaid in ten annual instalments, as hereinbefore provided, or that the lands benefited or to be benefited by the said work shall be liable to a charge in perpetuity for interest on the sum so expended and the cost of upkeep, which said cost shall be borne by the irrigation fund. At such meeting as aforesaid, plans and an estimate of the cost of such work shall be laid before the meeting to enable the majority of proprietors to come to a determination as aforesaid.

Irrigation and Paddy Cultivation.

48 Such charge in perpetuity shall be at a rate to be fixed from time to time by the Governor, with the advice of the Executive Council. Provided that such charge shall not be in excess of ~~2~~ ² rupees per acre per annum, and shall in no case exceed in the aggregate seven and a half per cent. on the cost of the work.

Such charge to be fixed by the Governor in Executive Council.

10 1901 13

49 In any case in which any irrigation work shall have been already constructed or commenced, or determined upon for construction with Government aid under any Ordinance hereby repealed, it shall be lawful for a majority of the proprietors of the allotments of land benefited or to be benefited by such irrigation work, at a meeting to be convened as provided for in section 47, to convert the repayment by annual instalments into a charge in perpetuity, as hereinbefore provided.

Such option may be exercised even as respect works already constructed, commenced, or determined upon.

50 It shall be lawful for the government agent to receive in kind, instead of in money, the ten annual instalments or the payment in perpetuity. Such payment in kind shall be made at such rate of commutation, and shall be collected in such manner, as the Governor shall, from time to time, direct and appoint. Provided that if default be made in the delivery of produce at the time and place appointed by the government agent, the amount of the instalment, or the rate in perpetuity for which such payment in kind shall have been substituted, shall be recovered in the manner provided in chapter IX. of this Ordinance.

Payment in kind may be substituted for payment of instalment or of annual rate in perpetuity.

Proviso in case of default.

51 Whenever any irrigation work has been or shall hereafter be constructed, and the cost thereof has been or shall hereafter be repaid by ten annual instalments, either in money or in kind, the lands benefited by such irrigation work and the proprietors thereof shall forthwith, upon the expiration of the period of ten years as aforesaid, become and be severally bound and liable to an annual charge or rate not exceeding ten cents per acre for the upkeep and maintenance of such irrigation work. The said rate shall be assessed in the manner hereinafter provided, and shall be a first charge upon the several lands benefited as aforesaid, and shall take precedence over all mortgages, hypothecations, and encumbrances whatsoever.

52 The government agent of the province in which any such irrigation work has been constructed shall, within one year from the ~~expiry of the period of ten years in the previous section mentioned,~~ ^{completion of the work} assess the rate which each land (including Crown lands) benefited by such work shall contribute annually for the maintenance of such work, and shall revise such assessment once at least in every five years, and a copy of every such assessment and revised assessment shall be served on each of the proprietors, and every such assessment and revised assessment shall be published in the village in the manner prescribed by section 47 of this Ordinance.

54 (1) If default be made in the payment of any instalment, charge, or rate due under this Ordinance in repayment of any amount expended on the construction, repair, improvement, upkeep, or maintenance of any irrigation work, it shall be lawful for the government agent or any person authorised by writing under his hand to seize the land herein declared specially bound and liable for such repayment or any crop or produce thereof, or any movables thereon, to whomsoever such land, crop, or movables may belong ; and if the amount of such instalment, charge, or rate, together with any costs payable under section 56, shall not be sooner paid or tendered, to sell the property so seized by public auction at any time not less than twenty-one days from the date of such seizure.

(2) If default be made in the payment of any other sum payable under this Ordinance, it shall also be lawful for the government agent or any person authorised by writing under his hand to proceed to seize any property whatsoever belonging to the defaulter, wheresoever the same may be found, and to sell the same by public auction at any time not less than twenty-one days from the date of seizure, if such sum, together with any costs payable under section 56, shall not be sooner paid or tendered.

- (b) For keeping a person in possession,—a charge not exceeding fifty cents per day.
- (c) For the expenses of sale,—a charge not exceeding twenty-five cents for every ten rupees of the net proceeds of the sale.

57 In the event of a sale of property seized, the government agent at whose instance such seizure was made shall, after deducting the amount due as aforesaid, and also the costs payable under section 56 (which said costs such agent is hereby authorised to retain), restore the overplus, if any, arising from such sale to the owner or joint owners of the property sold.

Return of

making default.

58 (1) If land be sold, a certificate substantially in the form given in Schedule II. hereto, signed by the government agent, shall be sufficient to vest the land sold in the purchaser, and in the case of land sold under sub-section (1) of section 54 or section 64, the same shall so vest free from all incumbrances whatsoever, any law or custom to the contrary notwithstanding. Such certificate shall be liable to the stamp duty fixed on conveyances of immovable property, and to any registration or other charges authorised by law, such duty and charges being payable by the purchaser.

(2) Upon receiving such application the district judge shall forthwith cause copies of the said petition and affidavit to be served on the government agent, and shall fix an early day for inquiry into the matter and give notice thereof, both to the applicant and the government agent. 63 If such owner or occupant to whom such order shall have been given shall refuse or neglect to comply with the same, the said government agent shall, if no injunction as aforesaid shall have been served upon him within thirty days from the expiration of the time specified in the notice issued under section 61, cause any such silt, earth, or other substance to be forthwith removed, and shall provide such drains, pipes, and other works as may be necessary ; and for that purpose the government agent shall have power, and he is hereby authorised, to enter into any land or premises, and to cause to enter therein such persons with such instruments and things as may be required.

Governor in Executive Council may limit jurisdiction of village tribunal to certain matters.

36 It shall be lawful for any president, for the purposes of the jurisdiction and duties hereby conferred upon him, and he is hereby authorised and required, to administer oaths according to law; and if upon such oath any person making the same shall wilfully and corruptly give false evidence, every person so offending shall be subject to the pains and penalties provided by the Ceylon Penal Code for such offence.

President may administer oaths.

37 It shall be competent to any district court or court of requests in which any case shall be pending from any subdivision in which a village tribunal shall be established, with the consent of all the parties to the suit expressed in writing, but not otherwise, to refer to the said village tribunal any issue of disputed boundary or encroachment, or any case in which an inspection of the premises and examination of witnesses at the spot are likely to conduce to the ends of justice, and to require such tribunal to inquire into such issue and case, and report thereon to such district court or court of requests; and such district court or court

ARTHUR GORDON.

Preamble.

WHEREAS it is expedient to sanction the advance, by way of loan, of a sum not exceeding sixty thousand rupees to the municipal council of Galle, for the construction of waterworks for the supply of water to the Fort division of the Galle municipality, and to authorise the said council to levy a special water-rate on the annual value of all houses, buildings, lands, and tenements within the said division, for the purpose of liquidating the principal of, and interest on, the said loan : Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows :—

Short title.

1 This Ordinance may be cited as “The Galle Waterworks Loan Ordinance, 1890.”

Repeal.

2 There shall be repealed as from the commencement of this Ordinance so much of the Ordinance No. 13 of 1874 as has not heretofore been repealed.

Governor in Executive Council may lend Rs. 60,000 to Galle municipality.

3 The Governor, in Executive Council, is hereby empowered to advance to the municipal council of Galle, by way of loan, a sum not exceeding sixty thousand rupees, to be applied exclusively in the construction of waterworks for supplying water to the Fort division of the Galle municipality.

To repay the loan a water-rate may be levied.

4 (1) To enable the said municipal council to liquidate the principal of, and interest on, the loan advanced to them under section 3, it shall be lawful for the said council, and they are hereby authorised and empowered, to impose and levy a water-rate on the annual value of all houses, buildings, lands, and tenements, other than the property of the Crown, within the limits of the Fort division of the Galle municipality.

Rate not to exceed six per cent.

(2) Such water-rate shall be determined from time to time by the Governor, in Executive Council, but shall not exceed six per cent. on such annual value as aforesaid.

(3) The provisions of any existing or future Ordinance or Ordinances, or of any by-laws lawfully enacted thereunder by the said municipal council, relating to the assessment, recovery of, and exemptions from, the police rate within the limits of the Galle municipality, shall apply to the assessment, recovery of, and exemptions from, such water-rate.

Rate to be a first charge on house property, and to be paid quarterly in advance.

5 Such water-rate shall be payable on the first day of each quarter in respect of the water to be supplied during the three months next ensuing, and shall be a first charge upon every house, building, land, and tenement within the limits of the said Fort division, and shall take precedence over every mortgage, hypothecation, or encumbrance thereon whatsoever : Provided always that on each occasion that a claim for arrears is made in respect of any one house, building, land, or tenement, such first charge and hypothecation shall be, and it is hereby limited to, not more than twelve months' arrears of water-rate.

Galle Waterworks Loan.

6 The proceeds of the rate so levied (after payment of the expenses annually incurred in the supply of water and in the collection of the rate) shall be applied to the liquidation of the principal and interest of the loan hereby authorised, and to no other purpose whatsoever; and in the event of there being in any one year any surplus after due payment of the interest and sinking fund of the said loan in the manner hereinafter mentioned, such surplus shall be carried by the municipal council to the credit of the water-rate account, and shall not form part of the municipal fund, anything in the Ordinance No. 7 of 1887 to the contrary notwithstanding.

Proceeds of rate to be applied in repayment of loan.

7 The loan shall bear interest (including the amount required for a sinking fund as hereinafter provided) at the rate of five per cent., amounting to three thousand rupees per annum, which sum shall be paid in equal half-yearly instalments to the treasurer of this Colony by the municipal council of Galle on the 30th day of June and the 31st day of December in each and every year, until the principal and interest due on the loan hereby authorised have been fully liquidated.

Loan to bear interest at five per cent. per annum.

8 Out of this sum of three thousand rupees the Government of this Colony shall be entitled to retain as interest four per cent. per annum upon the amount from time to time due to the Government in respect of the loan, and the balance of the said sum of three thousand rupees shall be annually applied to the liquidation of the principal sum of sixty thousand rupees until the same be extinguished.

Government to retain as interest four per cent. per annum on amount due, and to apply balance towards liquidation of debt.

9 In the event of the municipal council failing to collect and pay into the colonial treasury any of the instalments declared to be payable under section 7 within thirty days of the same becoming due, it shall be lawful for the Governor, in Executive Council, to empower the government agent of the Southern Province to collect the water-rate independently of the municipal council. Provided, however, that no person who shall have paid his water-rate in respect of any quarter to the municipal collector shall be required to pay such rate in respect of the same quarter to the government agent; nor shall any person who has paid his quarter's water-rate to the government agent be required to pay such rate in respect of the same quarter to the municipal council.

If municipality fail to pay instalments under section 7, Governor in Executive Council may authorise government agent to collect water-rate. Proviso.

10 The loan hereby authorised shall be a first charge on the rates and taxes, rents, and all other income and property whatsoever of the Galle municipality, and such charge and hypothecation shall take effect from the date at which this Ordinance shall come into operation.

Probates and Letters of Administration.

Duty on probates how ascertained.

24 No court in this Island shall grant probate or letters of administration of the property and estate of any deceased person, without first requiring and receiving from the person or persons applying for the same, or from some other competent person or persons, an affidavit that the movable and immovable property and estate of the deceased in this Island, for or in respect of which probate or letters of administration

are to be granted, exclusive of what the deceased shall have been possessed of or entitled to as a trustee, and not beneficially, and without deducting anything on account of the debts due and owing from the deceased (excepting debts due on mortgage or on notarial bonds), are of the value of a certain sum, to be therein specified to the best of the deponent's knowledge, information, and belief, in order that the proper and full stamp duty may be paid by the person to whom such probate or letters of administration shall be granted. When the amount of such stamp duty has been paid into court by the applicant for probate or letters of administration, the judge shall transmit such amount to the commissioner, together with the probate or letters of administration, and the commissioner shall cause such instrument to be duly stamped and shall thereupon return the same to the judge by whom it was forwarded.

25 When any person shall have estimated the property and estate of the deceased to be of greater value than the same shall afterwards prove to be, and shall, in consequence, have paid too high stamp duty on any such probate or letters of administration, if such person shall, within six months after the true value of the property and estate shall have been ascertained, produce any such instrument to the court which granted the same, and it shall be proved to the satisfaction of such court that a greater stamp duty has been paid than the law required, it shall be lawful for the judge of such court to write upon any such instrument the amount of stamp duty which was legally payable thereon : and upon production thereof at the stamp-office, it shall be lawful for the commissioner to repay the difference between the duty paid and that legally payable after deducting the discount of five per centum on the difference in money to the party producing such instrument, and to certify thereon that such has been repaid.

Proceedings, if too great stamp duty has been paid on probate.

26 When too little stamp duty shall have been paid on any such probate or letters of administration in consequence of any mistake or misapprehension, or of its not being known at the time that some particular part of the property and estate belonged to the deceased, it shall be lawful for the judge of the court by which such instrument was granted, if the application to have the proper stamp affixed shall be made within six months after the true value of the property and estate shall be ascertained, to transmit such instrument to the stamp-office in order that the proper stamp may be affixed, without requiring the applicant to pay the penalty payable under the provisions of this or any former Ordinance for stamping deeds or other instruments which have not been stamped, or which have been insufficiently stamped ; and the commissioner shall thereupon, and upon receipt of the money to be paid thereon, or upon the said money being transmitted to him by some government agent, cause the proper stamp to be affixed to such instrument, and cancel the same himself in the manner directed in this Ordinance, and return the instrument to the judge by whom it was transmitted to him.

Stamp Duties.

Provision for stamping second or further probate or letters of administration.

27 In any case wherein any former probate of a will or letters of administration shall have been taken out, and the full amount of the duties payable thereon by any law then in force, according to the full value of such estate, shall have been duly paid and discharged, and wherein any further or other probate or letters of administration shall at any time thereafter be applied for in respect of such estate, it shall be lawful for the commissioner, upon the production of an unstamped probate or letters of administration, with the certificate of the district judge having jurisdiction in respect of such estate endorsed thereon, to the effect that such further probate or letters of administration has become necessary, to cause a stamp according to the value of the estate to be affixed to the probate or letters of administration produced to him, without making any charge therefor. And the commissioner shall cancel the said stamp in the manner directed in this Ordinance, and write the word "duplicate" on the instrument, and affix his signature thereto. And such instrument shall be as available in law, and of like value and effect in all respects whatever, as the probate or letters of administration originally issued by the court.

Stamp duty to be allowed where will or letters proved and duty paid more than once.

28 Where proof is adduced to the satisfaction of the district judge having jurisdiction in respect of the estate that any will has, owing to inadvertence or mistake, or any other cause, been proved, or that any letters of administration have been taken out on the same property in more than one court in the Colony, or more than once in any such court, or that letters of administration have been taken in such court, in ignorance of the existence of a will, requiring probate thereof, and that, by reason thereof, more than one stamp duty has been paid thereupon, the district judge shall certify thereto, and the commissioner shall, on the production of such certificate and, if need be, upon delivery to him of the useless probate or letters of administration to be cancelled, and on production of the valid probate or letters of administration, cancel such useless probate or letters of administration, and pay the value of the stamp, less five per centum thereon, to the person producing such certificate.

Penalty for not getting proper stamp affixed to probate.

29 Where too little duty shall have been paid, as in the 26th section mentioned, if any executor or administrator, acting under such probate or letters of administration, shall not within six months after the discovery of the mistake or misapprehension, or of any property or estate not known at the time to have belonged to the deceased, apply to the proper court for the purpose of having the proper stamp affixed, he shall, in addition to the payment of the penalty imposed by the 32nd section of this Ordinance on the stamping of any unstamped or insufficiently stamped instrument, incur and be liable to a further penalty not exceeding two hundred rupees; and the judge of the said court shall not transmit such instrument to the stamp office, to have the proper stamp affixed, until the said several penalties have been paid into court, nor shall the commissioner cause the proper stamp to be affixed thereon, unless a certificate shall

be produced to him under the hand of such judge that the said penalties have been paid. But, upon the production of such certificate, and upon receipt of the stamp duty to be paid on such probate or letters of administration, or upon the transmission to him by some government agent of the stamp duty to be paid thereon, the commissioner shall cause the proper stamp to be affixed to such instrument, and cancel the same in the manner directed by this Ordinance, and return the instrument to the judge by whom it was transmitted to him.

30 Provided that where it shall be proved to the satisfaction of the district judge having jurisdiction in respect of the estate that an executor has paid debts, of whatever nature, due and owing from the deceased, other than the debts deducted from the estate under the 24th section of this Ordinance, such debts so paid being payable by law from the estate of the deceased, and amounting to such a sum as, being deducted from the value of the estate for or in respect of which the probate duty or duty on letters of administration shall have been assessed, shall reduce the duty to a less sum than was actually paid, and the district judge shall certify thereto, the commissioner shall, on production of such certificate, return the difference, deducting the discount of five per centum thereon, provided the said difference be claimed within three years after the date of the probate or letters of administration, or the recording of the inventory; but where, by reason of any legal proceeding the debts shall not have been ascertained and paid, or the effects shall not have been recovered and made available, and, in consequence, the executor or administrator shall be prevented from claiming such return within three years, the commissioner may allow such further time for making the claim as may appear to him to be reasonable.

Duty may be returned on account of debts, if claimed within three years.

Instruments not duly stamped may be stamped.

31 Every letter or power of attorney or appointment of a proctor executed out of this Colony, and which, according to the provisions of this Ordinance, requires to be stamped before it can be used in this Colony, shall be sent or taken to the commissioner before it shall be used (together with the amount of duty to which the same is liable) by the person or persons to whom the same is directed, and the commissioner shall thereupon affix to or impress upon such instrument a stamp of the proper amount of such duty, and shall cancel the said stamp in the manner directed by this Ordinance, and every such instrument so stamped shall have the like force and validity in law as if it had been duly stamped when the same was executed.

the parties to such instrument, and the notary public, if any, by whom the same shall have been attested, shall be guilty of an offence, and shall each be liable to a fine not exceeding one hundred rupees. And the commissioner is hereby required, upon payment of the said duty or deficiency of duty, and of such fine as he may see fit, with the sanction of the Governor, to impose, to affix to the said instrument a stamp of the proper amount of such duty or deficiency of duty, and to cancel the said stamps in the manner directed by this Ordinance: and every such instrument so stamped as aforesaid shall have the like force and validity in law as if it had been duly stamped when the same was executed. Provided always, that where it shall appear to the commissioner, upon oath or otherwise, to his satisfaction, that any instrument has not been duly stamped previously to being signed or executed by reason of accident, mistake, inadvertency, or urgent necessity, and without any wilful design or intention to defraud Her Majesty of the duty chargeable in respect thereof, or to evade or delay the payment of such duty, then and in every such case, if such instrument shall be brought or sent to the commissioner to be stamped within twelve months after the first signing or executing the same by any person, and the stamp duty chargeable thereon by law shall be paid, it shall be lawful for such commissioner, with the previous sanction and under the authority of the Governor, to remit the whole or any part of the penalty payable on stamping such instrument, and to cause such instrument to be duly stamped in manner above mentioned, upon payment of the whole or of the deficiency of the stamp duty chargeable thereon by law, as the case may be, and either with or without any portion of the said penalty. Provided also, that nothing herein contained shall extend, or be deemed or construed to extend, to any deed or instrument, for the stamping of which, after the signing or execution thereof, provision is specially made; or to any deed or instrument, the stamping of which, after the signing or execution thereof, is expressly prohibited or restricted by any such law as aforesaid; or to repeal, alter, or affect any such provision, prohibition, or restriction.

Commissioner may remit penalty on stamping certain instruments within twelve months after the signing thereof.

Not to extend to instruments for the stamping of which, after the signing thereof, special provision is made, or to cases where the stamping is prohibited by law.

Instrument may be sent to the government agent to be stamped.

33 Where in any case it shall be inconvenient to any person to take or send any instrument to the commissioner to be stamped under any of the provisions of this Ordinance, or to remit to the commissioner the amount of the stamp duty, and of any penalty to which he may be liable, it shall be lawful for any such person to bring or send the said instrument to the nearest government agent, and to pay to him the amount of such duty and penalty. And the said government agent shall thereupon transmit such instrument, together with such sum or sums of money, to the commissioner, who shall thereupon cause the said instrument to be duly stamped as directed by this Ordinance; and the instrument shall thereafter be returned by such commissioner to the said government agent, to be delivered to the person from whom the same was received.

*Stamp Duties.**Stamping of Pleadings and Instruments tendered in any cause.*

34 If any pleading or other instrument specified in Part II. of the schedule B hereto annexed shall not bear the proper amount of stamp duty, it shall be lawful for the judge, should he see fit to do so, to allow the person tendering such pleading or other instrument to attach thereto the stamps necessary to supply the deficiency of duty, and when such stamps have been supplied to proceed with the action as if such pleading or instrument had been originally duly stamped.

Stamps may be attached to pleadings and instruments tendered in a cause and not duly stamped.

35 Upon the production, as evidence, at the trial of any cause, of any instrument liable to stamp duty, which is unstamped or not duly stamped, the officer of the court, whose duty it is to read such instrument, shall call the attention of the judge to any omission or insufficiency of the stamp, if the same has not been already noticed by the judge; and the instrument, if unstamped or not duly stamped, shall not (except as hereinafter provided) be received in evidence until (if the instrument is one which may legally be stamped after the execution thereof) the whole or the deficiency of the stamp duty payable thereon, as the case may be, and the penalty required by this Ordinance, together with an additional penalty of five rupees, shall have been paid into court.

Provision for stamping instruments at the trial.

36 Upon payment into court of the whole or of the deficiency of the stamp duty (as the case may be) payable upon or in respect of such instrument, and of the penalty required by this Ordinance, and of the additional penalty of five rupees, as above provided, the judge shall forward such instrument to the commissioner, together with the amount of duty and penalty paid into court, and the commissioner shall, on receipt thereof, cause such instrument to be duly stamped, and return the same to the judge; thereupon such instrument shall be admissible in evidence, saving all just exceptions on other grounds. Provided that the aforesaid enactment shall not extend to any instrument which cannot be stamped after the execution thereof. Provided also that it shall be lawful for the judge, in his discretion, to allow a party tendering any unstamped or not duly stamped instrument in evidence (if such instrument may be stamped after the execution thereof, on payment of the duty and a penalty), in any case in which it shall appear to the judge that such party was previously ignorant of the objection to the reception in evidence of the instrument, on the ground that the same is not stamped or not duly stamped, and that such party is unable forthwith to pay into court the amount of the duty or deficiency of duty, and the penalties aforesaid, such time, not exceeding seven days, as the judge shall deem reasonable for the payment into court of such duty or deficiency of duty, and penalties as aforesaid, on the undertaking of the party to pay the same at the appointed time. And thereupon the court shall allow the trial of the cause to proceed, and such instrument to be put in evidence, saving all just exceptions on other grounds, but shall suspend the judgment therein for the time allowed for making such

Removal of doubts as to the sufficiency of Stamps.

Person desirous to remove doubts may apply to commissioner to declare the duty to which any instrument is liable.

37 Any person who is desirous to remove doubts as to whether an instrument not already tendered in any action is liable to stamp duty, or, if liable, to what extent, may, before or after the execution of such instrument, and whether the same be previously stamped or not, apply in writing to the commissioner to declare his opinion thereon. It shall then be lawful for the commissioner, and he is hereby required, upon payment to him of a fee of five rupees, to declare in writing whether the instrument is liable to stamp duty or not, and, if liable, to state the amount of duty, and the penalty, if any, to which such person is liable.

Appeals to Supreme Court.

40 In any case where application is made to the commissioner as aforesaid, it shall be lawful for him to require such evidence by affidavit as he may deem necessary, in order to show to his satisfaction whether or not the consideration or value, or any other matter or thing, upon the full and proper statement of which the stamp duty payable thereon shall in any measure depend, is truly and fully set forth therein. The commissioner may also, when necessary, direct an appraisalment of property to be made, to ascertain its value, and determine the amount to be paid for the appraisalment by the person in respect of whose application such appraisalment is deemed necessary. Every such license shall be subject to annual renewal: Provided that it shall be lawful for the commissioner, with the sanction of the Governor, to grant or refuse such renewal. Provided also that every person to whom any such license shall be granted shall enter into a bond to Her Majesty in a penal sum of one thousand rupees, conditioned that such licensed person shall not sell or offer for sale or exchange or keep or have in his possession, for the purpose of sale or exchange, any stamp or stamps other than such as he shall have purchased or procured at the commissioner's office in Colombo, or at some kachchéri, or from some person licensed to deal in stamps, under the authority of this Ordinance, and that he shall keep such entries and accounts of the stamps sold by him, and observe such conditions, and forward such returns, as the commissioner shall from time to time prescribe. If the case appears to be one in which a warrant should issue in the first instance, the police magistrate may issue a warrant, or, if he thinks fit, a summons, for enforcing the appearance of the accused at the time appointed before the police court.

(2) Nothing in this section shall be deemed to affect the provisions of section 65.

Personal attendance of accused may be dispensed with.

218 Whenever a police magistrate issues a summons, he may, in his discretion, dispense with the personal attendance of the accused, and permit him to appear by his pleader. 219 (1) When the accused appears, or is brought before the police magistrate, the particulars of the offence of which he is accused shall be stated to him, and he shall be asked if he has any cause to show why he should not be convicted; but it shall not be necessary to frame a formal charge.

Commitment for trial before superior court.

(2) The Attorney-General may, in his discretion, frame a charge in writing, which shall be filed with the record, and a copy of which shall be served on the accused, and instruct the magistrate as to the court to which the case shall be committed for trial.

- (b) confer upon any inferior or subordinate court in that possession such partial or limited admiralty jurisdiction under such regulations, and with such appeal (if any) as may seem fit: Provided that any such colonial law shall not confer any jurisdiction which is not by the said Act conferred upon a colonial court of admiralty: (b)

And whereas it is expedient to declare the Supreme Court of the Island of Ceylon a colonial court of admiralty, and to provide for the exercise by such court of its jurisdiction under the said Act, and to confer upon some of the district courts in this Colony a partial or limited admiralty jurisdiction: Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows:—

1 This Ordinance may be cited as "The Ceylon Courts of Admiralty Ordinance, 1891." Short title.

2 It is hereby declared that the Supreme Court of the Island of Ceylon shall be a colonial court of admiralty, and such court shall have jurisdiction, subject to the provisions and limitations contained in the said "Colonial Courts of Admiralty Act, 1890," over the like places, persons, matters, and things as the admiralty jurisdiction of the High Court in England, whether existing by virtue of any Statute or otherwise, and such colonial court of admiralty may exercise such jurisdiction in like manner and to as full an extent as the High Court in England, and shall have the same regard as that court to international law and the comity of nations. Extent of admiralty jurisdiction of district courts.

4 Any district court having admiralty jurisdiction shall have jurisdiction, and all powers and authorities relating thereto, to try and determine the following causes:—

- (1) As to any claim for salvage in any cause in which the value of the property saved does not exceed ten thousand rupees, or in which the amount claimed does not exceed three thousand rupees.

8 If any person shall take in the colonial court of admiralty proceedings which he might, without agreement, have taken in a district court, except by order of the judge of the colonial court of admiralty or of a district court having admiralty jurisdiction, and shall not recover a sum exceeding the amount to which the jurisdiction of the district court in that admiralty cause is limited by this Ordinance; and also if any person without agreement shall, except by order as aforesaid, take proceedings as to salvage in the colonial court of admiralty in respect of property saved, the value of which when saved does not exceed ten thousand rupees, he shall not be entitled to costs, and shall be liable to be condemned in costs unless the judge of the colonial court of admiralty before whom the cause is tried or heard shall certify that it was a proper admiralty cause to be tried in the colonial court of admiralty.

Attendance of assessors.

14 Every person named in the list of assessors so framed and approved shall attend the district court under such circumstances and in such rotation, and subject to such regulations, and shall receive such fees for his attendance as the rules of court under this Ordinance shall direct; and for every wilful non-attendance shall be liable at the discretion of the court to a penalty not exceeding fifty rupees.

20 On an appeal under this Ordinance, the judge of the colonial court of admiralty, if it appears to him expedient that any sale decreed or ordered to be made of the vessel or property to which the cause relates should be conducted in the colonial court of admiralty instead of in the district court from which the appeal is brought, may direct the transfer of the proceedings for sale, with or without the transfer of the subsequent proceedings in the cause, to the colonial court of admiralty, which court shall have jurisdiction, and all powers and authorities relating thereto accordingly.

Conduct of sale, &c., in court of admiralty.

Land Registration.

Production of deed, &c., and registration thereof.

18 (1) It shall be lawful for the party gaining an interest or benefit under any deed, judgment, order, or other instrument required to be registered under section 16, personally or by his agent to produce the same, or a duplicate or authenticated copy thereof, to the registrar of the district in which the land or property thereby affected is situate; and such registrar shall forthwith, upon delivery to him of the proper stamp for registration, register the same on the appointed page of the book assigned for the division, village, or district wherein the land thereby affected is situate, and shall transmit a note of such registration to the office of the registrar-general of lands to be filed of record.

Registrar may call for proof, and give notice to third parties.

(2) Every such registrar shall be entitled, if he see fit so to do, to require any person desiring such registration to show by affidavit or otherwise, as he may direct, that such deed, judgment, order or other instrument was duly made, granted, executed, or pronounced. And where he may have reason to apprehend that a fraud is about to be committed on any party, he shall be entitled, and is hereby required, to give notice to such party of the intended registration, in order to prevent the same being affected to his prejudice.

Deeds, &c., to be stamped before registration.

(3) No deed, judgment, order, or other instrument shall be registered, unless the same has been stamped with a stamp denoting that the duty payable thereon has been duly paid as hereinafter provided.

Stamp duties.

(4) The duty payable for the registration of the several instruments mentioned and described in the Third Schedule hereunto annexed shall be the amount set down in figures against the same respectively, together with the additional duty, if any, payable under section 20.

Registration to be endorsed on document.

19 The registrar shall immediately after such registration make and sign an endorsement thereof on the document produced as aforesaid, and deliver the same to the party effecting the registration, or his agent or representative, and the endorsement shall be as near as practicable in the form B in the Fourth Schedule hereunto annexed.

Where several lands are included in one deed, stamp duty to be levied in respect of each land.
Proviso.

20 In all cases of transfer by sale, gift, or otherwise, or of mortgage affecting more than one land, the additional stamp duty mentioned in the Fifth Schedule hereunto annexed shall be levied for the registration of each land other than the first land.

Provided that in cases wherein different allotments are treated and described as one property, and from their situation as respects each other can be included in one survey, the stamp duty shall be leviable as on one land only.

Where several lands included in the same deed are in more than one district.

21 (1) When several lands are affected by the same deed, and those lands lie in more districts than one, it shall be lawful for the party gaining an interest or benefit thereunder to apply to the registrar-general of lands in Colombo, or to the registrar of each of the districts in which the lands are situate, to have the deed registered.

Land Registration.

(2) If the registrar-general is applied to, the duty for the registration of such deed in any one of such districts shall be the duty fixed by the Third Schedule hereunto annexed, together with the duty, if any, payable under section 20, with an increase of ten rupees for the additional registration in the other districts in which the lands are situate. The registrar-general, upon such application being made to him as aforesaid, shall forthwith cause to be despatched to the registrar of each of such districts the particulars required for the registration of the deed so far as concerns that district, and on receipt from the registrars of such districts of information that the registration has been effected in their districts respectively, the registrar-general shall make and sign an endorsement on such deed of the registration in the said districts.

(3) If the said deed is tendered for registration by the party gaining an interest or benefit thereunder to the registrar of each district in which the lands are respectively situate, the first registrar to whom the deed is tendered shall levy the duty fixed by the Third Schedule hereunto annexed, together with the duty, if any, payable under section 20 for the registration of such deed, and it shall be registered free of any further duty in the registry office of every other district in which the lands affected thereby are respectively situate.

22 When a party applies to have a probate or letters of administration registered, he shall produce to the registrar an authenticated copy of the inventory or list of appraisement filed in the case in which application for probate or administration was made, and shall further give such description of the land as the registrar shall require for the purposes of registration.

Applications for registration of probates, &c.

23 Every deed, judgment, order, or other instrument, or duplicate or authenticated copy thereof, produced for registration, shall contain embodied therein, or in a schedule annexed thereto, an accurate description of the property which is affected thereby, its boundaries, extent, and situation with respect to the village, pattu, koralé, or other division of the district. If such property consists of a portion only of one land or allotment, such portion shall be clearly and accurately defined by its particular boundaries and extent. And if such property consists of an undivided share in a land, it shall be so stated, and a particular description given as aforesaid of the entire land in which such share or interest is held, together with the extent of such share or interest.

Deeds, &c., should describe lands accurately.

24 When any property which shall have been once registered shall be subsequently sold, encumbered, or otherwise affected or dealt with, the deed or instrument purporting to transfer or otherwise deal with or affect such property shall state the volume and folio of the register in which such property has been previously registered, as the same shall appear in the register already made of such property.

Volume and folio of previous registry to be quoted.

Land Registration.

Caveat in certain cases.

25 It shall be competent to any party to lodge with the registrar a caveat to prevent the registration of any transfer or security affecting any land or other property as aforesaid ; and such caveat shall entitle such party to notice of any application for registration as regards such land or property, unless where the caveat limits the time of its operation, in which case it shall cease to have any force or value upon the lapse of such time. But no such caveat shall be sufficient to prevent the registration applied for, unless it be followed up within thirty days after service of the notice of application by an action before some competent court and notice thereof to the registrar ; in which case the registrar shall suspend the registration until the final adjudication of such action.

On death of owner, the executor or administrator shall be registered.

26 On the death of any registered owner or other interested party, all lands belonging to him, or in which he may have an interest, shall remain in his name until probate or administration of his estate shall have been granted, whereupon, and upon a written application in that behalf, the name of the executor or administrator shall be registered in the books, until a partition, transfer, or alienation of the lands shall have been effected, whereupon, and upon like application, such partition, transfer, or alienation shall be registered as hereinbefore provided.

On partition, a fresh registration shall be effected.

27 On the partition of any land registered as one allotment, the registrar shall, upon a written application in that behalf, register the new allotments on separate and fresh pages of the book, with such references as may be necessary to identify them with the original registration.

After the date specified in the Ordinance authorising an issue of inscribed rupee stock as that on which the contribution to the sinking fund shall commence, the Governor shall further appropriate out of the said revenue and assets in each half year ending as aforesaid an additional sum for the formation of a sinking fund equal to one-half per centum on the total nominal amount of such inscribed rupee stock, and that sum shall be vested in the hands of the Auditor-General and of the Treasurer, who are hereby appointed trustees of the sinking fund.

10 The stock to which this Ordinance applies shall be transferred as follows:—

Transfer of stock.

(a) The transfer shall be made by an agreement in writing, which shall be signed by the transferor and transferee, which shall be attested by a credible witness, but no transfer under such agreement shall be registered without the production of the stock certificate referred to in section 20.

11 The registrar may, for such period not exceeding fourteen days as he may from time to time fix previous to each payment of dividend on stock to which this Ordinance applies, close the register of the stock as regards transfers, upon giving not less than seven days' notice of such closing by advertisement in the *Ceylon Government Gazette* and in one newspaper published in the Colony.

Closing of register for dividend.

The persons who on the day of such closing are inscribed as stockholders shall, as between them and their transferees of stock, be entitled to the dividend then next payable thereon.

12 Where stock to which this Ordinance applies is standing in the name of an infant or person of unsound mind jointly with any person not under legal disability, a power of attorney for the receipt of the dividends on the stock shall be sufficient authority in that behalf, if given under the hand of the person not under disability, and attested.

But this provision shall not impose on the registrar an obligation to inquire whether a person applying for a stock certificate to bearer is or is not a trustee, or subject the registrar to any liability in the event of his issuing a stock certificate to bearer to a trustee, or invalidate any stock certificate to bearer issued.

Loss of stock certificate to bearer.

17 If any stock certificate to bearer issued under this Ordinance is lost, mislaid, or destroyed, the registrar shall, on such indemnity being given as he may reasonably require, and on payment of the expense of the issue, issue a fresh stock certificate to bearer in the place of the certificate so lost, mislaid, or destroyed.

Stock in certificate to bearer to have incidents of other stock, except as to transfer, &c.

18 Stock described in a stock certificate to bearer issued under this Ordinance shall, save as relates to the mode of transfer and payment of dividends, be subject to the same incidents in all respects as if it had continued to be transferable in the register.

Within a reasonable time after the application of any person who is a stockholder of any stock to which this Ordinance applies, the registrar shall give him a list of the registered names and addresses of the stockholders of such stock at the last preceding date at which the register was closed as regards transfers.

Petition for
leave to file
specification.

4 (1) The inventor of a new manufacture or two or more persons, some or one of whom only are or is the true and first inventors or inventor of a new manufacture, may petition the Governor for leave to file a specification thereof.

(2) Any person, whether a British subject or not, may petition for such leave.

(3) The petition must be in writing signed by the petitioner or petitioners, or, in case the petitioner or petitioners shall be absent from Ceylon, by an agent authorised thereto on his or their behalf, and in the form A in the second schedule, or in such other form as may be from time to time prescribed, if the inventor or inventors has or have not obtained a patent in the United Kingdom, and in the form B in the said schedule, or in such other form as may be from time to time prescribed, if he or they has or have obtained a patent in the United Kingdom.

(4) The petition must contain a declaration to the effect that the petitioner is in possession of an invention, whereof he, or in the case of a joint petition one or more of the petitioners, claims or claim to be the true and first inventor or inventors, and for which he or they desires or desire to obtain leave to file a specification; and it must state the name, occupation, and address of the petitioner or petitioners, and, where a patent has been obtained in the United Kingdom, the date of the patent and the date of the actual sealing thereof, and must describe with reasonable precision and detail the nature of the invention and of the particular novelty whereof it consists, and be supplemented by such further particulars relating to the invention, and by such drawings or photographs illustrative thereof, as the Governor in Executive Council may see fit to require from the petitioner or petitioners.

(5) If in any case it appears to the Governor in Executive Council that a petition ought to be further supplemented by a model of anything alleged to constitute an invention, he may require the petitioner or petitioners to furnish such a model neatly and substantially made of durable material, and of dimensions not exceeding those, if any, specified in the requisition therefor.

Order to file
specification.

5 (1) Upon a petition under the last foregoing section the Governor in Executive Council may, after such inquiry as he thinks fit, make an order authorising the petitioner or petitioners to file a specification of the invention.

(2) Before making an order under sub-section (1), the Governor in Executive Council shall direct that the petition be referred for inquiry and report to any person whom he thinks fit.

(3) Before such petition is so referred, the petitioner or petitioners shall deposit with the Colonial Secretary, within such time as the Governor in Executive Council may by rule or otherwise prescribe, such sum to defray the fee to be paid to the referee as the Governor in Executive Council may determine.

Amended
VI 1892

Exclusive Privileges to Inventors.

(4) If the sum is not deposited within the time prescribed, the petition may be rejected.

(5) If the person to whom the petition is referred reports that the nature of the invention and of the particular novelty whereof it consists is not sufficiently described, or that it has not been supplemented by such particulars relating to the invention, or by such drawings or photographs as the Governor in Executive Council may have required, the Governor in Executive Council may require that the petition may be amended or further supplemented before the petition is proceeded with.

6 (1) If two or more petitions are made on the same day for leave to file specifications of inventions which appear to the Governor in Executive Council to be identical, or so similar as to be practically identical, the Governor in Executive Council may in his discretion authorise both or all the petitioners, subject to the other provisions of this Ordinance, to file specifications of their respective inventions.

Application in respect of contemporaneous inventions.

(2) If they petition on different days for leave to file specifications of such inventions as aforesaid, the petitioner or petitioners who applied on the first of the different days shall be deemed to have a preferential claim to an order authorising the filing of his or their specifications.

7 (1) If within six months from the date of an order under section 5, sub-section (1), or within such further time, not exceeding three months, as the Governor in Executive Council in his discretion may, on cause shown to his satisfaction, and on payment of the fee prescribed in that behalf in the fourth schedule, see fit to allow, the petitioner or petitioners causes or cause a specification of his or their invention to be filed in manner by this Ordinance required, and the fee prescribed in the fourth schedule in respect of the filing of the specification to be paid, the petitioner or petitioners shall, subject to the other provisions of this Ordinance, be entitled to a grant to be issued by the Governor under the Public Seal of the Colony, in the form set forth in the third schedule, or in such other form as may be from time to time prescribed, of the exclusive privilege of making, selling, and using the invention in Ceylon, and of authorising others so to do, for a term of fourteen years from the date of the delivery to, or receipt by, the Colonial Secretary of the petition.

Acquisition and continuance of exclusive privilege.

(2) But an exclusive privilege in respect of an invention of a new manufacture shall, notwithstanding anything in sub-section (1), cease if the inventor or inventors fails or fail to pay within the time limited in that behalf by the fourth schedule any fee prescribed in that schedule in respect of the continuance of the privilege.

(3) If, nevertheless, in any case, by accident, mistake, or inadvertence, the inventor or inventors fails or fail to pay any such fee within the time so limited, he or they may apply to the Governor in Executive Council for an enlargement of the time for making the payment.

Exclusive Privileges to Inventors.

(4) Thereupon the Governor in Executive Council may enlarge the time accordingly on payment of the fee prescribed in that behalf in the fourth schedule, and subject to the following conditions, namely :—

- (a) The time for making a payment shall not in any case be enlarged for more than three months ; and
- (b) If any action is instituted in respect of an infringement of the exclusive privilege committed after a failure to make a payment within the time limited for the making thereof, and before the enlargement of that time, the court disposing of the action may, if it thinks fit, refuse to award or give any damages in respect of the infringement.

Form and contents of specification.

8 (1) A specification filed under this Ordinance must be in writing signed by the petitioner or petitioners, must commence with the title, and must set forth the precise invention in respect of which the petitioner or petitioners claims or claim to become entitled to an exclusive privilege.

(2) If the specification is of an invention which is an improvement only, it must by explicit language distinguish between what is old and what is claimed to be new.

(3) Every specification must explain the principle of the invention set forth therein, and the best and latest mode in which the petitioner or petitioners has or have contemplated applying that principle, and must describe the manner of making and using the invention in such full, clear, concise, and exact terms as to enable any person of ordinary skill in the art or science to which the invention appertains, or with which it is most closely connected, to make or use the same.

(4) Every specification must end with a distinct statement of the invention claimed.

Mode of filing petition and specification.

9 Every petition for leave to file a specification, and every specification filed under this Ordinance, must be left with, or sent by post to, the Colonial Secretary, and the date of the delivery or receipt thereof shall be endorsed thereon, and recorded in his office.

Register of inventions.

10 (1) A book, to be called the Register of Inventions, shall be kept in the office of the Colonial Secretary, wherein shall be entered and recorded every petition for leave to file a specification, every order made on such petition, every specification filed in pursuance thereof, and every subsequent proceeding relating to the invention described therein, except the report of the referee.

(2) Petitions for leave to file a specification shall be numbered consecutively in the order in which they are delivered or received, and be dated as of the day of their delivery or receipt, and shall be entered in the register of inventions in the order of their respective numbers.

(3) A reference shall be made in that register, in the margin of the entry of each petition, to every order on or in respect of the petition, to the specification, if any, filed in

Exclusive Privileges to Inventors.

pursuance thereof, and to every subsequent proceeding relating to the invention which forms the subject of the petition.

11 (1) Another book, to be called the Address Book, shall be kept in the office of the Colonial Secretary, wherein any person or persons filing a specification under this Ordinance, or any person or persons in whom an exclusive privilege acquired under this Ordinance, or any share or interest therein, may become vested, may from time to time cause to be stated some place in the Colony where notice of any rule or proceeding relative to the exclusive privilege may be served on him or them.

Address book.

(2) A reference to each entry in the address book shall be made in the register of inventions in the margin of the entry in that register of the petition for leave to file the specification.

12 (1) Every entry in the register of inventions or address book, and every document entered and recorded in the register, shall, for the purposes of the law of evidence for the time being in force, be deemed to be a public document, and shall be open to the inspection of any person at all reasonable times in the office of the Colonial Secretary. Provided that the report of the referee shall not in any case be published or open to public inspection and shall not be liable to production or inspection in any legal proceeding unless the court having power to order discovery in such legal proceeding shall certify that such production or inspection is desirable in the interests of justice and ought to be allowed.

Provisions with respect to the register and book.

(2) The books kept under section 13 and section 32 of "The Inventions Ordinance, 1859," shall be deemed to be parts of the register of inventions and address book respectively.

13 (1) The petitioner or petitioners to whom an exclusive privilege has been granted under section 7 of this Ordinance may, at any time not more than one year and not less than six months before the time limited for the expiration of an exclusive privilege under the said section, petition the Governor in Executive Council for an extension of the privilege for a further term.

Extension of exclusive privilege.

(2) When a petition is made under sub-section (1), the Governor in Executive Council may, if he thinks fit, refer it to the district court of Colombo for report.

(3) Such court shall, in making its report, have regard to the nature and merits of the invention in relation to the public, to the profits made thereby, and to all the circumstances of the case.

(4) The procedure on the reference shall be such as the court thinks fit, and may include the issuing of citations calling upon persons claiming to have any interest in the reference to appear before the court on the day in which the reference is to be considered, or on any day to which the consideration thereof may be adjourned, and make with

Exclusive Privileges to Inventors.

respect thereto any representations which they may see fit in relation to any of the matters to which the court is required by the last foregoing sub-section to have regard in making its report.

(5) If the Governor in Executive Council is of opinion, or, where a reference under sub-section (2), if the court reports that the petitioner or petitioners has or have been inadequately remunerated by his or their exclusive privilege, the Governor in Executive Council may, on payment of the fee prescribed in that behalf in the fourth schedule, make an order extending the term of the privilege for a further term not exceeding seven, or, in exceptional cases, fourteen years from the expiration of the first term of fourteen years.

(6) But an exclusive privilege of which the term has been extended under the last foregoing sub-section shall, notwithstanding anything in that sub-section, cease if the petitioner or petitioners fails or fail to pay before the expiration of each year of such extended term the fee prescribed in the schedule aforesaid in respect of the continuance of the privilege.

Imposition of conditions with respect to exclusive privileges.

14 An order under section 5, sub-section (1), authorising the filing of a specification, or under section 13, sub-section (5), extending the term of an exclusive privilege, may be made subject to such conditions as the Governor in Executive Council thinks expedient.

Exclusive privilege to bind Crown.

15 (1) An exclusive privilege under this Ordinance shall have to all intents the like effect as against Her Majesty the Queen, her heirs and successors, as it has against a subject.

(2) But the officers or authorities administering any department of the service of Her Majesty may, by themselves, their agents, contractors, or others, at any time after the delivery of the receipt of the petition for leave to file the specification of an invention, use the invention for the services of the Government on terms to be before or after the use thereof agreed on, with the approval of the Governor in Executive Council, between those officers or authorities and the inventor or inventors, or, in default of such agreement, on such terms as may be settled by the Governor in Executive Council.

Petition for leave to file memorandum or amended specification.

16 (1) If after the filing of the specification the petitioner or petitioners has or have reason to believe that through mistake or inadvertence he or they has or have erroneously made any mis-statement in his or their petition or specification, or included therein something which at the date of the delivery or receipt of the petition was not new, or whereof he or some or one of them was not the inventor, or that the specification is in any particular defective or insufficient, he or they may petition the Governor in Executive Council for leave to file a memorandum pointing out the mis-statement, or disclaiming any part of the alleged invention, or for leave to file an amended specification, as the case may be.

(2) The petition must be in writing signed by the petitioner or petitioners, and must state how the error, defect, or insufficiency occurred, and that it was not fraudulently intended.

Exclusive Privileges to Inventors.

(3) Upon the petition the Governor in Executive Council may make an order allowing the memorandum or amended specification to be filed.

(4) No amendment shall be allowed that would make the specification, as amended, claim an invention substantially larger than or substantially different from the invention claimed by the specification as it stood before amendment.

(5) The provisions of section 5 with respect to petitions, and of section 8 with respect to specifications, shall apply, so far as they can be made applicable, to petitions and to amended specifications, respectively, made and filed under this section.

17 An amended specification filed under the last foregoing section shall, except as to any action or proceeding relating to the exclusive privilege which may be pending at the time of the filing of the amended specification, have the same effect as if it had been the specification first filed: Provided that nothing in an amended specification shall be construed to extend or enlarge an exclusive privilege before acquired.

Effect of amended specification.

18 A person shall not be entitled to an exclusive privilege under this Ordinance—

Bar to exclusive privilege in certain cases.

- (a) if the invention is of no utility; or
- (b) if the invention at the date of the delivery, or receipt of the petition for leave to file the specification thereof, was not a new invention within the meaning of this Ordinance; or
- (c) if the petitioner or some one or more of the petitioners is or are not the inventor or inventors thereof; or
- (d) if the original or any amended specification does not fulfil the requirements of this Ordinance; or
- (e) if the original or any subsequent petition relating to the invention or the original or any amended specification contains a wilful or fraudulent mis-statement; or
- (f) if the petition for leave to file the specification of the invention was made under this Ordinance after the expiration of one year from the date of the acquisition of an exclusive privilege in respect of the invention in any place beyond the limits of the Colony and the United Kingdom.

19 An invention shall be deemed a new invention within the meaning of this Ordinance if it has not before the date of the delivery or receipt of the petition for leave to file the specification thereof been publicly used in any part of the Colony or of the United Kingdom, or been made publicly known in any part of the Colony or of the United Kingdom by means of a written publication.

Novelty of invention dependent on public use or knowledge thereof before petition to file specification.

20 The public use or knowledge of an invention before the date of the delivery or receipt of the petition for leave to file a specification thereof shall not be deemed a public use or knowledge within the meaning of this Ordinance if

the knowledge has been obtained surreptitiously or in fraud of the inventor or inventors, or has been communicated to the public in fraud of the inventor or inventors or in breach of confidence : Provided that the inventor or inventors has or have not acquiesced in the public use of his or their invention, and that, within six months of that use, he or they petitions or petition for leave to file a specification.

Effect of temporary use of invention in public by inventor or inventors or by his or their leave.

21 Use of an invention in public by the inventor or inventors thereof, or by his or their servant or agent, or by any other person by his or their license in writing, for a period not exceeding one year immediately preceding the date of the delivery or receipt of his or their petition for leave to file a specification thereof, or knowledge of the invention resulting from such use thereof in public, shall not be deemed a public use or knowledge within the meaning of this Ordinance.

Effect of public use or knowledge of patented invention between application for the patent and petition to file specification.

22 If the inventor or inventors who has or have obtained a patent for his or their invention in the United Kingdom causes or cause a petition for leave to file a specification of the invention under this Ordinance to be delivered or received by the Colonial Secretary within twelve months from the date of actual sealing of the patent, the invention shall be deemed a new invention within the meaning of this Ordinance, if it was not publicly used or known in the Colony at or before the date of the application for the patent, notwithstanding that it may have been publicly used or known in the Colony or in some part of the United Kingdom before the date of the delivery or receipt of the petition under this Ordinance for leave to file the specification.

Effect of like public use or knowledge of unpatented invention.

23 If the inventor or inventors petitions or petition for leave to file a specification under this Ordinance while his or their application for a patent is pending in the United Kingdom, and the interval between the date of his or their application for the patent and the date of the delivery or receipt of his or their petition under this Ordinance does not exceed twelve months, the invention shall not be deemed to have been publicly used, or made publicly known, within the meaning of this Ordinance, by reason only of the invention having been used, or a description thereof having been published, in the Colony or in any part of the United Kingdom during the interval.

Effect of public use or knowledge of invention after admission to an exhibition.

24 If an inventor, being the exhibitor of his invention at an industrial or international exhibition, certified as such by the Governor, causes a petition for leave to file a specification of the invention to be delivered to or received by the Colonial Secretary within six months from the date of the admission of the invention into that exhibition, the invention shall not be deemed to have been publicly used, or made publicly known, within the meaning of this Ordinance, by reason only of the invention having at any time after its admission into the exhibition been publicly used or made publicly known.

Exclusive Privileges to Inventors.

25 (1) An exclusive privilege acquired under this Ordinance shall cease if the Governor in Council declares the privilege, or the mode in which it is executed, to be mischievous to the State, or generally prejudicial to the public.

Cessation of exclusive privilege by order of the Governor.

(2) It shall also cease if a breach of any condition on which the petitioner or petitioners was or were authorised to file a specification, or on which the term of the exclusive privilege was extended, is, on an application under this Ordinance to the district court of Colombo proved to the satisfaction of that court, and if the Governor in Executive Council thereupon declares the privilege to have ceased.

26 (1) An exclusive privilege acquired under this Ordinance in respect of an invention for which a patent has been obtained in the United Kingdom shall cease on the revocation or expiration of the patent.

Cessation of exclusive privilege on revocation or expiration of patent.

(2) Such a privilege in respect of an invention for which a patent has not been obtained in the United Kingdom shall cease on the revocation or expiration of any patent or exclusive privilege which has been obtained or acquired for or in respect of the invention in any other country.

27 (1) Any person or persons may institute an action in the district court of Colombo against any person who, during the continuance of an exclusive privilege acquired by him or them under the Ordinance in respect of an invention, makes, sells, or uses the invention without his or their license, or counterfeits or imitates it.

Action for infringement of exclusive privilege.

(2) The action shall not be defended upon the ground of any defect or insufficiency of the specification of the invention, or upon the ground that the original or any subsequent petition relating to the invention, or the original or any amended specification contains a wilful or fraudulent mis-statement, or upon the ground that the invention is of no utility.

(3) Nor shall it be defended upon the ground that the plaintiff or plaintiffs was or were not the inventor or inventors, unless the defendant or defendants shows or show that he or they is or are the actual inventor or inventors or has or have obtained from the actual inventor or inventors a right to make, sell, or use the invention, or to counterfeit or imitate it, as the case may be.

(4) Nor shall it be defended upon the ground that the invention was not new, unless the defendant or defendants or some person through whom he or they claims or claim has or have, before the date of the delivery of the petition for leave to file the specification, publicly or actually used in the Colony or any part of the United Kingdom the invention, or that part of it with respect to which the exclusive privilege is alleged to have been infringed.

Exclusive Privileges to Inventors.

Application to declare exclusive privilege in respect of an invention not to have been acquired.

28 Any person or persons may apply to the district court of Colombo for a rule to show cause why the court should not declare that an exclusive privilege in respect of an invention to be specified in the rule has not been acquired under the Ordinance by reason of all or any of the objections following (to be specified in the rule), that is to say :—

- (a) that the invention is of no utility ; or
- (b) that the invention was not at the date of the delivery or receipt of the petition for leave to file the specification a new invention within the meaning of this Ordinance ; or
- (c) that the petitioner was not or none of the petitioners was the true inventor thereof ; or
- (d) that the original or any amended specification does not fulfil the requirements of this Ordinance ; or
- (e) that the petitioner or petitioners has or have knowingly or fraudulently included in the petition for leave to file the specification or in the original or any amended specification, as part of his or their invention, something which was not new, or whereof he or they or some one or more of them was or were not the inventor or inventors ; or
- (f) that the original or any subsequent petition relating to the invention, or the original or any amended specification, contains a wilful or fraudulent mis-statement ; or
- (g) that some part of the invention, or the manner in which that part is to be made and used, as described in the original or any amended specification, is not thereby sufficiently described, and that this insufficiency was fraudulent and is injurious to the public.

Like application as to part of invention.

29 Any person or persons may apply to the district court of Colombo for a rule to show cause why the court should not declare that an exclusive privilege in respect of any part of an invention to be specified in the rule has not been acquired under this Ordinance, by reason of all or any of the objections following (to be specified in the rule), that is to say :—

- (a) that that part of the invention is wholly distinct from the other parts thereof, and is of no utility ; or
- (b) that that part of the invention was not, at date of the delivery or receipt of the petition for leave to file the specification, a new invention within the meaning of this Ordinance ; or
- (c) that the petitioner was not, or none of the petitioners was, the true inventor or inventors of that part of the invention ; or

Exclusive Privileges to Inventors.

(d) that that part of the invention, or the manner in which it is to be made and used, is not sufficiently described in the original or any amended specification, and that this insufficiency is injurious to the public.

30 The said district court may in this behalf require a person applying for a rule under either of the two last foregoing sections to give security for the payment of all costs incurred or likely to be incurred by any person or persons appearing to show cause against the rule.

Security for costs of application under either of the two last foregoing sections.

31 (1) Any person authorised by the Governor in Executive Council in this behalf may apply to the district court of Colombo for a rule to show cause why the question of the breach of any condition on which leave to file a specification has been granted, or any other question of fact on which the cessation of an exclusive privilege under section 25 may, in the judgment of the Governor in Executive Council, depend, should not be tried in the form of an issue directed by the court.

Application on breach of condition.

(2) If the rule is made absolute, the court, unless the breach or other matter of fact is admitted, may direct the issue to be tried, and certify the result of the trial to the Governor in Executive Council.

32 (1) Notice of any rule obtained or proceeding taken under section 28, section 29, or section 31, shall be served on all persons appearing from the address-book to be proprietors of the exclusive privilege, or to have shares or interests therein, and it shall not be necessary to serve the notice on any other person.

Notice of proceedings to persons interested.

(2) The notice shall be deemed to be sufficiently served if a copy thereof is left at the place for the time being stated in the address book, by delivering the copy to any person resident at or in charge of the place, or, if there is no person resident at or in charge of the place, or if the place is not within the local limits of the jurisdiction of the court, by causing the notice to be sent to the place by post by a registered letter directed to the person to whom the notice is addressed.

33 (1) If it appears to the district court of Colombo at the hearing of an application under section 28 or section 29, that by reason of any of the objections specified in the rule the exclusive privilege in the invention or in any part thereof has not been acquired, the court shall make an order accordingly, and thereupon the petitioner or petitioners shall, so long as the order continues in force, cease to be entitled to the exclusive privilege.

Order on application.

(2) If it appears to the district court of Colombo, at the hearing of any such application as last aforesaid, that the petitioner or petitioners has or have in the description of his or their invention in the petition for leave to file a specification thereof, or in the original or any amended specification,

Exclusive Privileges to Inventors.

erroneously included something which at the date of the delivery or receipt of the petition for leave to file the specification was not new, or whereof he or they was or were not the inventor or inventors, or that the specification is in any particular defective or insufficient, but that the error, defect, or insufficiency was not fraudulently intended, the court may adjudge the exclusive privilege to have been acquired and to be valid, save as to the part thereof affected by the error, defect, or insufficiency ; or

(3) If it appears to the district court of Colombo that the error, defect, or insufficiency can be amended without injury to the public, the court may adjudge the exclusive privilege in respect of the whole of the invention to be valid, and may upon such terms as it thinks reasonable, order the specification to be amended in any particular in which it is erroneous, defective, or insufficient ; and thereupon the petitioner or petitioners shall, within a time to be limited by the court for the purpose, file in the office of the Colonial Secretary a specification amended according to the order.

(4) The provisions of section 17 with respect to the effect of such specifications shall apply, so far as they can be made applicable, to an amended specification filed under this section.

(5) An exclusive privilege in respect of an invention shall not be defeated upon the ground that the petition for leave to file the specification of the invention contains a mis-statement, unless the mis-statement was wilful or fraudulent.

Delivery of
particulars.

34 (1) In an action for the infringement of an exclusive privilege acquired under this Ordinance the plaintiff shall deliver with his plaint particulars of the breaches complained of in the action, and the defendant shall deliver a written statement of the particulars of the grounds, if any, upon which he means to contend that the plaintiff is not entitled to an exclusive privilege in respect of the invention.

(2) In like manner, upon an application to the district court of Colombo under section 28, section 29, or section 31, the person making the application shall deliver particulars of the objections or grounds on which he means to rely.

(3) At the hearing of any such action or application, or at the trial of any issue arising out of any such application, evidence shall not be allowed to be given in proof of any breach of the exclusive privilege, or of any ground impeaching the validity of that privilege, or of any objection or ground affecting such a privilege, unless such breach or other matter as aforesaid has been stated in the particulars delivered under this section.

(4) If it is alleged that the invention was publicly used or known before the date of the delivery or receipt of the petition for leave to file the specification thereof, the places where and the manner in which the invention was so publicly used or known shall be stated in the particulars,

(5) Notwithstanding anything in the foregoing portion of this section, the court in which the action or application is pending, or an issue arising out of the application is being tried, may allow the plaintiff or defendant respectively to amend the particulars delivered under this section upon such terms as it thinks fit.

35 If in an action instituted in the district court at any time within fourteen years from the date of the filing of a specification of an invention under this Ordinance the actual inventor proves to the satisfaction of the court that the petitioner or petitioners was or were not the actual inventor or inventors, and that at the time of the petition for leave to file the specification the petitioner or petitioners knew or had reason to believe that the knowledge of the invention was obtained by himself or themselves or by some other person surreptitiously or in fraud of the actual inventor, or by means of a communication made in confidence by the actual inventor to him or them or to any person through whom he or they derived the knowledge, the court may make a decree declaring an exclusive privilege in respect of the invention to be vested, subject to the other provisions of this Ordinance in the actual inventor for a term of fourteen years from the date on which the petition was delivered to, or received by, the Colonial Secretary, and requiring the petitioner or petitioners to account for and pay over to the actual inventor the profits derived by him or them from the invention, or so much of those profits as the court, having regard to the degree of diligence exerted by the actual inventor in proceeding under this section and to all the other circumstances of the case, may see fit to require the petitioner or petitioners to pay.

Title of actual inventor to exclusive privilege in case of fraud.

36 A court making a decree in an action under section 27 or section 35, or an order on an application under section 28, section 29, or section 31, shall send a copy of the decree or order, as the case may be, to the Colonial Secretary, who shall cause an entry thereof and reference thereto to be made in the register of inventions and against any entry in the address book affected thereby.

Transmission of copies of decrees and orders to Colonial Secretary.

37 In the following cases, namely :—

- (a) When an exclusive privilege acquired under this Ordinance has ceased under section 7 or section 13 by reason of a fee in respect of the continuance of the privilege not having been paid within the time limited by the fourth schedule for the payment thereof, and the period, if any, within which an order might have been made for enlarging the time for the making of the payment has expired;
- (b) When an exclusive privilege acquired under this Ordinance has been declared by the Governor in Executive Council under section 25 to have ceased;

Registration of cessation of exclusive privilege.

Exclusive Privileges to Inventors.

- (c) When an exclusive privilege acquired under this Ordinance has ceased under section 26 by reason of the revocation or expiration of a patent or exclusive privilege ;

- (e) When an exclusive privilege has been declared by a decree to have vested in an actual inventor under section 35 ;
- (f) When an exclusive privilege acquired under this Ordinance has ceased by reason of the expiration of the term for which it was acquired ;

the Colonial Secretary shall cause an entry with respect to the cessation or vesting of the exclusive privilege to be made in the register of inventions, and a reference to that entry to be made in the margin of the entry in that register of the petition for leave to file the specification of the invention.

Rectification of register of inventions or address book.

38 (1) If any person is aggrieved by an entry in the register of inventions or address book, or by the omission of an entry therefrom, and a proceeding is not provided in the foregoing portion of this Ordinance whereby the register or book may be rectified, he may apply to the district court of Colombo for an order for the rectification of the register or book, and the court may make such order on the application as it thinks fit.

(2) A copy of the order shall be forwarded by the court to the Colonial Secretary, who shall cause an entry thereof and reference thereto to be made in the register of inventions and against any entry in the address book affected thereby.

(3) When the Colonial Secretary is a party to an application under this section, the costs of another party thereto shall not be adjudged to be payable by the Colonial Secretary.

Power for Governor in Executive Council to require grant of licenses.

39 If on the petition of any person interested it is proved to the Governor in Executive Council that, by reason of an inventor who has acquired an exclusive privilege under this Ordinance failing to grant licenses on reasonable terms—

- (a) the exclusive privilege is not being worked in Ceylon ; or,
- (b) the reasonable requirements of the public with respect to the invention cannot be supplied ; or,
- (c) any person is prevented from working or using to the best advantage an invention of which he is possessed ;

the Governor in Executive Council may order the inventor to grant, or may himself on behalf of the inventor grant, licenses on such terms as to the amount of royalties, security for payment, or otherwise, as the Governor in Executive Council, having regard to the nature of the invention and the circumstances of the case, may deem just.

Verification of petitions.

(2) If the person or persons is or are absent from Ceylon, the petition may be verified by the agent who signs the petition on his or their behalf.

(3) The verification must be signed by the person or persons making it, and must be to the effect that the facts stated in the petition are true to his or their knowledge, except as to matters stated on information and belief, and that as to those matters they are believed by him or them to be true.

42 Subject to the provisions of the two last foregoing sections and of any other enactment for the time being in force, any act which is required or authorised by this Ordinance to be done by any person may be done on his behalf by an agent in Ceylon having authority in writing from that person so to do the act.

Agents.

43 All decisions and orders of the district court of Colombo made under the authority of this Ordinance shall be subject to an appeal to the Supreme Court, and every such appeal shall be brought on and prosecuted in manner provided in the "Civil Procedure Code, 1889," and shall be subject to the provisions of the said Code: and subject to the provisions and limitations contained in the said Code, any party or parties to any action or proceeding under this Ordinance may appeal to Her Majesty in Council from any formal judgment, decree, or sentence of the Supreme Court, or against any rule or order made by such court, and having the effect of a formal or definitive sentence.

Right of appeal saved.

Pawn tickets to be given for pledges.

6 A pawnbroker shall, on taking any article in pawn, give to the pawner a pawn ticket, and shall not take any article in pawn unless the pawner takes the pawn ticket.

Agents, servants, &c., of a pawnbroker.

7 For the purpose of this Ordinance, anything done or omitted by the servant or agent of a pawnbroker in the course of or in relation to the business of the pawnbroker shall be deemed to be done or omitted (as the case may be) by the pawnbroker, and anything by this Ordinance authorized to be done by a pawnbroker may be done by his servant or agent.

Profit and charges allowed to pawnbrokers.

8 A pawnbroker may take profit on a loan on a pledge at a rate not exceeding that specified in schedule II. to this Ordinance.

A pawnbroker may demand and take the charges specified in the same schedule, in the cases and according to the rules therein stated and prescribed.

A pawnbroker shall not, in respect of a loan on a pledge, take any profit or demand or take any charge or sum whatever other than those specified in the same schedule.

A pawnbroker shall, if required at the time of redemption, give a receipt for the amount of loan and profit paid to him; and such a receipt shall not be liable to stamp duty unless the profit amounts to twenty rupees or more.

Pledges redeemable within one year, and seven days of grace.

9 Every pledge shall be redeemable within twelve months from the day of pawning, exclusive of that day; and there shall be added to that year of redemption seven days of grace within which every pledge, if not already redeemed, shall continue to be redeemable.

Pawnbrokers.

10 A pledge pawned for five rupees or under, if not redeemed within the year of redemption and days of grace, shall, at the end of the days of grace, become and be the pawnbroker's absolute property.

Pledges for five rupees and under not redeemed in time, forfeited.

11 A pledge pawned for above five rupees shall further continue redeemable until it is disposed of as in this Ordinance provided, although the year of redemption and days of grace are expired.

Pledges above five rupees redeemable until sale.

12 A pledge pawned for above five rupees shall, when disposed of by the pawnbroker, be disposed of by sale by public auction and not otherwise; and the regulations in schedule III. to this Ordinance shall be observed with reference to the sale.

Sale by auction of pledges above five rupees.

A pawnbroker may bid for and purchase at a sale by auction, made or purporting to be made under this Ordinance, a pledge pawned with him; and on such purchase he shall be deemed the absolute owner of the pledge purchased.

13 If an auctioneer does anything in contravention of the provisions of this Ordinance relating to auctioneers, or fails to do anything which he is required by this Ordinance to do, he shall be guilty of an offence, and shall be liable on conviction to a fine not exceeding one hundred rupees.

Offences by auctioneer.

14 At any time within two years after the auction at which a pledge pawned for above five rupees is sold, the holder of the pawn ticket may inspect the entry of the sale in the pawnbroker's book and in the filled-up catalogue of the auction authenticated by the signature of the auctioneer, or in either of them. Where such pledge appears to have been sold for more than the amount of the loan and interest due at the time of the sale, the pawnbroker shall on demand pay the surplus to the holder of the pawn ticket, in case the demand is made within two years after sale, deducting the necessary costs and charges of the sale.

16 The holder for the time being of a pawn ticket shall be presumed to be the person entitled to redeem the pledge, and subject to the provisions of this Ordinance the pawnbroker shall, on payment of the loan and profit, deliver the pledge to the person producing the pawn ticket, and he is hereby indemnified for so doing. Provided, however, if the pawnbroker has reason to suspect that such holder has stolen or otherwise illegally obtained possession of the pawn ticket, the pawnbroker may seize and detain the person and the ticket and deliver them as soon as may be to an officer of police or village headman, who shall forthwith convey the person and the ticket before a court of competent jurisdiction to be dealt with according to law.

Liability of pawnbrokers in case of fire.

17 Where a pledge is destroyed or damaged by or in consequence of fire, the pawnbroker shall nevertheless be liable, on demand, within the period of redemption, to pay the value of the pledge, after deducting the amount of the loan and interest.

A pawnbroker shall be entitled to insure to the extent of the value of the article pawned.

Compensation for depreciation of pledge.

18 If a person entitled and offering to redeem a pledge shows to the satisfaction of a civil court of competent jurisdiction that the pledge has become, or has been rendered, of less value than it was at the time of the pawning thereof, by or through the default, neglect, or wilful misbehaviour of the pawnbroker, the court may, if it thinks fit, award a reasonable satisfaction to the owner of the pledge, and the amount awarded shall be deducted from the amount payable to the pawnbroker, or shall be paid by the pawnbroker in such manner as the court directs.

Protection of owners and of pawners not having pawn tickets.

19 (1) Any person claiming to be the owner of a pledge, but not holding the ticket, or any person claiming to be entitled to hold a pawn ticket, but alleging that the same has been lost, stolen, mislaid, destroyed, or fraudulently obtained from him, who shall deliver to the pawnbroker a declaration in the form prescribed in schedule IV., duly made before a justice of the peace by himself and by the person identifying him, shall thereupon have, as between himself and the pawnbroker, all the same rights and remedies as if he produced the pawn ticket.

Pawnbroker indemnified when acting in conformity to declaration.

(2) The pawnbroker is hereby indemnified for delivering the pledge or otherwise acting in conformity with the declaration, unless he has actual or constructive notice that the declaration is fraudulent or false in any material particular.

Pawnbrokers.

(3) If any person makes a declaration under this Ordinance either for himself or as identifying another knowing the same to be false in any material particular, he shall be guilty of an offence, and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months, or with fine which may extend to one hundred rupees, or with both.

Penalty for false declaration.

20 If any person without lawful excuse pawns with a pawnbroker anything being the property of another person, he shall be guilty of an offence, and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both.

22 If a pawnbroker knowingly takes in pawn any linen or apparel, or unfinished goods or materials entrusted to any person to wash, scour, iron, mend, manufacture, work up, finish, or make up, he shall be guilty of an offence, and shall be liable on conviction to a fine not exceeding one hundred rupees; and the pawnbroker shall also restore the pledge to the owner thereof in the presence of the court or as the court directs.

Prohibition of taking in pawn linen, clothing, unfinished goods &c., in certain cases.

Whenever, in any proceeding under this Ordinance, it shall be made to appear to a court that any article is in the unlawful possession of any pawnbroker, it shall be competent to such court to order the production of the article and its delivery to any person named by such court, under such terms, if any, as it may think proper.
