Object and
constitution of
the Association.

I.—AN Association of Public Servants of the Crown that hold office in Ceylon, having for its object the mutual guaranteeing of their fidelity in office, and constituted in the manner hereinafter provided for, shall have its affairs managed according to these rules, and, so long as the Governor shall be pleased to co-operate, in the following manner, viz. :—

(1) By annually appointing four Public Servants to be Managers, as hereinafter described, who shall be eligible for re-appointment.

(2) In the case of any casual vacancy in the Board of Management, by filling up the same by appointment of a Public Servant; any Public Servant so chosen retaining his office so long only as the vacating Manager would have retained the same if no vacancy had occurred.

(3) By requiring the Treasurer of the Colony to receive and hold in deposit for the credit of the Managers such moneys as may be tendered to him for that purpose; to pay away the same or any portion thereof as the Managers shall direct; to report promptly to the Managers every case in which an Associate shall fail to deposit with him any contribution that such Associate ought so to deposit under Rule X.; and, generally, to afford the Managers at all times full information as to his proceedings in these matters.

(4) By directing from time to time, as occasion may arise, before any claim is made by the Crown upon the Association under these rules, that the bond in respect of the breach of which such claim is made shall be put in suit against the Associate who executed it, or his representatives, in all cases where, in the opinion of the Governor, it is likely that, without unreasonable delay, a substantial amount can in such proceedings be recovered in excess of all costs and expenses, and by directing that the amount recoverable thereunder shall, if possible, be recovered from such Associate.

(5) By directing that there be assigned to the Association any moneys recovered under a judgment upon an Associate's bond to the Crown, in respect of which judgment the Association shall have made good the amount recovered.

Title of the
Association.

II.—The Association aforesaid shall be called "The Ceylon Public Service Mutual Guarantee Association."

Management.

III.—The affairs of the Association shall be managed according to these rules exclusively by a Committee of not more than four persons, to be called Managers, all of them Public Servants of the Crown holding office in Ceylon, and no one of them being of lower rank than a Chief Clerk. These Managers shall be persons appointed to that office by the Governor.

Despatch of
business.

IV.—For the despatch of business the Managers shall meet at such times and places as they may please. At any such meeting two Managers shall be a *quorum*, whose decision on any question that the Committee is competent to entertain, and whose acts as acts of the Committee, shall be binding on all persons concerned. The Senior Officer present shall be Chairman. When the votes are equally divided on any question at issue, the Chairman shall have a casting vote.

Secretary.

V.—The Managers shall appoint a person to hold office during pleasure as their Secretary, at a salary to be fixed by the Managers, and approved by Government, and shall have power to defray out of the moneys at their disposal all expenses incurred by them in conducting any legal proceedings and in managing the affairs of the Association.

Action to be taken by Public Servant desiring to join the Association. Action of Managers thereon.

VI.—When any Public-Servant in Ceylon required to give pecuniary security for his fidelity in office, who may be permitted by the Governor to give such security in the shape of the guarantee of this Association, shall have obtained a certificate to that effect, and shall submit to the Managers such certificate and a copy of a form of bond that he will be required to give, together with an application expressing his desire to join the Association, and his willingness to be bound by its rules for the time being in force, the Managers shall give to such application full and fair consideration, and shall, with reasonable expedition, decide whether or not to accede to it; they shall, further, forthwith communicate their decision to the applicant and to the Colonial Secretary.

Guarantee issued by Managers.

VII.—When the Managers shall have notified their decision to admit any person into the Association, they shall give for such person, as soon as he has executed the bond that he shall be required to give to the Crown, a guarantee in the form annexed to these rules; and such person shall, on the giving of such guarantee, become an Associate, and his right to share the privileges, and his obligation to share the liabilities of the Association, shall then be complete, and, subject to Rule XVII., the right and obligation shall continue in force so long, and only so long, as he continues to be an Associate.

Additional security by an Associate.

VIII.—When an Associate is required to give an additional amount of security, and is permitted by the Governor to give it likewise in the shape of the guarantee of this Association, the same course shall be adopted with the view of obtaining the required additional guarantee as is prescribed for adoption in the case of a person not already an Associate.

Liability of an Associate to contribute.

IX.—Every Associate, immediately upon the guarantee mentioned in Rule VII. being given, shall be liable to contribute, and shall contribute, by way of loan to the Association, a sum not exceeding five per cent. of the amount of his bond. When the amount of the guarantee for any Associate shall have been increased, he shall be liable to contribute, and shall contribute, by way of loan, a further sum not exceeding five per cent. of the amount of increase. These contributions shall be payable at the rate of one per cent. per annum for a period of five years. All annual contributions will be due and payable by each Associate on the 1st of July of each year; provided that when any person shall be accepted as an Associate at any time subsequent to the 1st of July of any year, his first contribution to the funds shall be payable from the date of his admission into the Association, and shall be calculated for so many months as twelfths of a year as shall have to expire before the next returning 1st of July, the general day of payment, at which time a full year's contribution shall be payable for the twelve months then next ensuing. The last contribution shall be calculated in like manner for so many months as shall complete the period of five years as aforesaid.

Managers to notify to Heads of Departments and Treasurer amounts leviable from Associates.

X.—The Managers shall from time to time notify to Heads of Departments the amount of any contribution leviable from Associates holding office in their Departments, and such Heads of Departments shall, upon receipt of such notification, be bound to deduct, and shall deduct, the sums so notified upon the next issue of salaries thereafter, and remit the same to the Treasurer to be placed in deposit to the credit of the Managers. The Managers shall also furnish to the Treasurer a complete list of sums leviable from Associates for his information and guidance.

Investment of funds by Managers.

XI.—The Managers shall from time to time invest in approved Government securities, or shall deposit in the Ceylon Savings Bank or other local bank as may be approved by Government, all moneys obtained by way of loans as aforesaid, except such portion as in their opinion it may be necessary to retain in hand for immediate use in carrying on the business of the Association, as hereinafter provided. In like manner, the Managers shall deal with all moneys derived by way of interest from such investments or deposits. Provided that they be empowered to write up triennially, *pro rata*, to the credit of the current accounts then open in the books of the Association, such sum, if any, as may appear as profit accrued to the Association. Such accretions shall not, however, affect the fixed rates of contributions leviable

under Rule IX., nor shall they become payable to the Associate until he shall have become entitled to a refund of his loans. The first appropriation of profits under this rule shall take place as on July 1, 1894.

Nature of
guarantee.

XII.—The guarantee of the Association shall be a guarantee that there shall be no breach of the bond of the Associate who is guaranteed so long as he continues to be an Associate, and the obligation on the part of the Association towards the Crown shall be an obligation to pay on any breach, during such period of the bond of any Associate, where the bond is not first put in suit against such Associate by the Crown, such sums of money as would have been legally recoverable by the Crown on such bond in respect of such breach from a surety for such Associate who had, as surety, duly executed such bond; provided that if in any such case a difference of opinion shall arise between the Government and the Managers as to the liability of the Association, or as to the sum of money that would have been legally recoverable, such difference shall be referred for decision to, and decided by, persons chosen as referees by the Managers and by the Crown: one person to be chosen by each, a third person to be chosen by these two; the opinion given by the majority to have effect.

Any sums of money so due by the Association shall be paid into the Treasury by the Managers, out of the moneys at their disposal, within two months after the same shall have been demanded from them by the Colonial Secretary in the case of uncontested claims, and in contested claims within two months after the decision given as aforesaid; provided that the Managers shall not be bound to make such payment unless the Crown assigns the bond in respect of which the claim is made to the Managers or some person in trust for the Managers, as the Managers may require, and pledges itself to return to the Association the money paid to the Crown by the Association or any portion thereof that may have been paid under a mistake of law or of fact. Where such bond is first put in suit by the Crown against such Associate, the obligation shall be to pay at such time and in such manner as mentioned in Rule XIII.

Action when the
bond of an
Associate is put
in suit by the
Crown.

XIII.—In the event of any Associate's bond to the Crown being put in suit by the Crown against him or his representatives in respect of any breach which occurred while he was an Associate, and of judgment thereupon being obtained in the ordinary course of law, if the full amount recoverable under that judgment cannot be recovered thereunder, then, upon production of a certificate to that effect signed by the Colonial Secretary, specifying the amount so recoverable, but which cannot be recovered, and pledging on behalf of the Crown to make over to the Association any money that may afterwards be recovered under the judgment aforesaid, the Managers shall, within two calendar months after the presentation to them of such certificate, out of the moneys at their disposal, pay that amount into the Treasury. Such certificate shall be conclusive evidence of the fact therein stated.

Application of
money received
by Managers
under Rule XIII.

XIV.—If after making such payment as mentioned in Rule XIII. the Managers shall receive from any person on behalf of the Crown any moneys recovered under the judgment aforesaid, such moneys the Managers shall deal with as they are required to deal with moneys by Rule XI.

Managers may
give one month's
notice to an
Associate that he
will cease to be
an Associate.

XV.—The Managers may at any time give notice in writing to any Associate that, on the expiration of one calendar month from the date of such notice he will cease to be an Associate; and accordingly, at the time specified, without further proceedings, the guarantee given for him will be no longer continued. A copy of such notice shall be sent to the Colonial Secretary at the same time that the notice is sent to the Associate.

Twelve months'
notice to be
given by an
Associate of
withdrawal from
the Association.

XVI.—If any Associate shall, at any time, with the permission of the Governor, signify to the Managers his desire to withdraw from the Association, he may do so on the expiration of twelve calendar months from that time, and his privileges and liabilities as an Associate shall then absolutely cease; but during such twelve months those privileges and liabilities shall remain exactly the same as if he had not signified his desire to withdraw from the Association.

Resignation, dismissal, &c., of Associate not to affect his liability during time he was an Associate.

Repayment of loans to Associate.

Associates and Managers prohibited from bringing actions against the other.

Accounts to be kept by double entry.

Alteration of rules.

XVII.—The resignation, dismissal, or death of any Associate, or his voluntary or enforced withdrawal from the Association, shall not affect the liability of the Association in respect of any breach of such Associate's bond that occurred while he was such Associate, but such liability shall remain in effect in the same way that it would have remained in effect if such Associate had not ceased to be an Associate.

XVIII.—Upon the resignation, dismissal without having been in default, withdrawal, or death of any Associate, he or his representatives shall be entitled to be repaid the full amount of his loans, with bonus additions, if no losses have attached, or such portions of such his loans and bonus additions as shall result to his credit after providing for all claims incurred during the connection of the past Associate with the Association, and towards which the share of such past Associate is liable to contribute; and the Managers in their discretion may withhold such repayments as long as may be necessary, to ascertain and determine the extent of the contributory obligation of the past Associate in respect of any such breaches.

XIX.—No Associate shall have any right to bring any action or suit against the Managers or any of them, and the Managers shall not have any right to bring any action or suit against any Associate concerning any claim arising out of these rules or out of this Association, except only claims by the Association against an Associate on any bond assigned for the benefit of the Association under these rules, or in respect of any payment made for any Associate. In case any difference of opinion shall at any time arise between the Managers and an Associate or his representatives concerning any such claim, that difference shall be referred to the Attorney-General for decision, and his decision thereon shall be absolutely final and binding upon all persons concerned.

XX.—The Secretary, subject to the supervision of the Managers, shall keep, according to the system of double entry, complete and distinct accounts of the monetary affairs of the Association; and the Managers shall publish annual statements of such accounts (with explanatory reports) made up to June 30th of each year, for the information of all persons concerned. At each meeting the books written up shall be laid on the table by the Secretary for the inspection of the Managers.

XXI.—If at any time it shall appear to the Managers that this code of rules might be altered in any way for the advantage of the Associates, without detracting from the value of the guarantee given or to be given by the Associates in any case, the Managers may submit their proposed alterations for the approval of the Governor in Executive Council.

Deposit for tender forms, Rs. 50.

A deposit, as noted above, will be required before any form of tender is issued; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit will be forfeited to the Crown. All other deposits will be returned upon signature of contract.

The deposit must be made at the Treasury or Kachcheri, and the deposit receipt must be produced to the officer issuing the form of tender as his authority for making the issue.

No tender will be considered unless it is on such printed forms—to be obtained at the office of the Colonial Storekeeper—and unless accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become sureties for the due fulfilment of the contract.

Persons whose tender must deposit samples with the Colonial Storekeeper before the date on which the tenders are opened. No tender will be considered if the sample is not so deposited.

The amount of security to be given, and all other necessary information, can be ascertained on application at the Colonial Storekeeper's office.

The person whose tender has been accepted by Government will be required to bear the expense of having security bonds prepared for the due performance of his contract, which bonds will be subject to the approval of the Attorney-General, but may be drawn by the tenderer's own lawyers, in which case the name or stamp of the Proctor who drafted the bond should be affixed to the document.

The security bond should be furnished before October 1, 1891.

All alterations or erasures in tenders should bear the initials of the tenderers, otherwise the tenders will be treated as informal and rejected.

The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

By order of the Council,
E. LUDOVICI,

GALLE MUNICIPALITY.

Minutes of Proceedings of the Municipal Council of Galle held at the Municipal Office
on June 8, 1891, at 4 p.m.

Present.—The Chairman; Dr. W. Dias; H. J. Deslandes, Esq.; T. S. Clark, Esq.; and E. R. Anthonisz, Esq.

1. Read and confirmed Minutes of last Meeting.

2. Submitted letter No. 404 of April 24 last, from the Government Agent, Southern Province, enclosing copy of a letter from the Colonial Secretary, together with its enclosure, on the subject of the establishment of a general cemetery for the town.

Resolved,—That the Municipalities' Ordinance does not in any way impose upon the Council the duty of providing general cemeteries, nor has any such responsibility been thrown upon the Municipalities of Colombo or Kandy, in both of which towns cemeteries with walled enclosures have been provided at the cost of the general revenue. The Council therefore request the Government to reconsider its decision.

3. Submitted papers relating to compensation to be made to Mr. O. L. M. Makan Marcar for damage done to house No. 2, by widening a portion of Lighthouse street.

Resolved,—That in the absence of the Member for the Fort Ward, to whom the application for compensation had been referred for report, the consideration of the matter be deferred for the next meeting.

4. Submitted an application for the lease of the betel shed near the old gate, Fort.

Resolved,—That the subject of the lease of the markets generally in accordance with section 231 of the Municipal Councils' Ordinance be brought up for consideration at the next meeting.

5. Submitted a letter from the Sanitary Officer, dated May 15, 1891, recommending the construction of two latrines in China Garden for the use of the people living in the land included between the China Garden road and the Kepu-ela.

Resolved,—That the Inspectors be required to furnish a statement of all sets of tenements not provided with privies, and of all single tenements in which there is space available for a privy, in order that the owners may be compelled to provide the necessary latrine accommodation.

The Provincial Engineer undertakes to submit a type drawing, in accordance with which all latrines in the Municipality shall be constructed.

6. Submitted Sanitary Officer's Report for the quarter ended March 31, 1891.

Ordered that it be circulated among the Members of the Council, and be forwarded for publication in the *Government Gazette* along with the Minutes of last Meeting.

7. Submitted reports from the Superintendent of Works on—

- (2) General upkeep of roads and bridges in April and May.
- (3) Progress of works in April and May.

Ordered that they be circulated among the Members of the Council.

8. Submitted accounts for the months of April and May.

Confirmed:

(8°)

Sanitary Officer's Report for the Quarter ended June 30, 1891.

Public Health.—This has been good in the respective Wards for the quarter. No smallpox or chickenpox cases have been reported, and cholera has practically died out. A sudden death was reported on April 27 last at Kumbalwella, which was attributed to cholera; the body was immediately examined, and judging from its condition, and also from the evidence gathered on the spot, I concluded death was due to chronic phthisis. The coroner's jury, however, decided death was caused by cholera; but no cases of infection have since been reported in the neighbourhood. A Sinhalese villager took ill on June 12, with vomiting and purging, and was removed to a crowded boutique in the Galle bazaar, where I visited him soon after his condition was reported; and suspecting it might ultimately prove a case of cholera, his removal to the Bathfield hospital was directed, where he died the next day. No cases, however, of infection have since been reported either in the bazaar or elsewhere.

During the last month several cases of typhoid fever, complicated with glandular affection, existed in Paravah and Chando streets, of which one proved fatal, due in a large measure to the insanitary surroundings of the locality, of which the covered drains and offensive latrines are the chief factors; and the existence of this disease, of all others, affords, I think, a sufficiently strong test of the efficiency or otherwise of the sanitary administration of a locality.

Now that cholera has disappeared from our midst, I take this opportunity of recommending the behaviour of the Inspectors of Wards 2, 4, and 5 to the favourable consideration of the Council. I understand that during the previous epidemic of cholera in Galle the Inspectors were rewarded for the work performed then, and as the work done during the late outbreak was no whit inferior, or less responsible, or less dangerous than that of previous times, I trust the Inspectors will receive a similar recognition of their very valuable services that were rendered in the face of much opposition and much unpleasantness.

The Markets.—Their condition is good, and calls for no special comment.

The Latrines.—The public latrines are in good order and are cleanly kept, since my last report on the subject. I visited China garden to ascertain its latrine accommodation, which I need hardly state was quite inefficient. Those living between the Wakwelle road and China Garden road use the Talbot town latrine, which is quite close by. But those living between China Garden and road the canal have not a single latrine, with results that can be better imagined than described. I have therefore to recommend the erection of two latrines, on the dry-earth system, one at the Kakiribokewatta end and the other at the Mahagalwatta end of China Garden to meet this much-felt want.

The attention of the Ward Inspector was invited to the absence of a latrine in Kolawalawawatta, in Kaluwella, which accommodates at least fifty families, and he was instructed to report its condition to the Chairman to have a latrine erected there. Again the land adjoining the House of Observation requires a proper latrine, the one in existence being delapidated, exposed, and very objectionable.

Houses Nos. 21, 22, 23, 26, and 27, in Leyn Baan street, have latrines facing Rampart street that emit a most offensive odour, polluting the whole atmosphere of the neighbouring promenade. Of course I am aware that all latrines smell, but there are "smells and smells," and latrines that border public roads and promenades should especially be maintained in a condition less fraught with danger to the general health and unpleasantness to wayfarers. These cesspit latrines are well situated for conversion into dry-earth ones, not to mention several others in the Fort, but I can hardly urge the systematic use of the dry-earth system in private houses, as only lately I discovered that the night soil will have to be removed at private expense. It is therefore scarcely to be expected that those who shirk the occasional expense of cleaning out cesspit latrines will incur the fixed expense incident on the daily removal of night soil. Unless this is carried out entirely at the expense of the Municipal Council, the poor will have to continue the use of cesspit latrines, however objectionable the plan may be. I am aware that the system thus recommended will prove costly, but to secure a perfect and healthy system of night soil removal, no trouble or expense should I think be spared; and if the night soil were sold to landowners as manure, not only will the value of the land for agricultural purposes be enhanced, but the greater part of the cost of its removal might be thus realised.

The Scavenging continues to be fairly well performed, but the number of carts employed for the purpose is insufficient.

Street Sweepings.—The removal of the street sweepings is carried out in the manner described in my last report. There are several pieces of waste land in Minuagoda that might and should be filled up. The sweepings might be sold for this purpose, and could thus be made a source of revenue.

Drainage.—Several of the drains in Wards 1 and 2 require repairing and improving. Those in Paravah, Chandos, and Modera Bay streets should be converted into open ones. At present these covered drains receive the culinary waste and washings from the houses, in addition to the roadside urine, and having earthy absorbent interiors, retain a high percentage of animal and vegetable impurity, which easily and rapidly undergoing decomposition, emit offensive gases that are a source of much danger to the public health of the place. That it is so is exemplified by the frequent occurrence of typhoid fever and other zymotic diseases in the neighbourhood.

The drains along Lighthouse street, too, should have cemented interiors, with the addition of boarded coverings, which should be supported on stout wooden beams placed at uniform intervals across the mouth of the drain. Only a few weeks back an intolerable smell was felt in Lighthouse street, which was traced to a decomposed dead cat that had a few days previously been thrust into the covered drain—an occurrence that an open drain would have prevented; and with the advent of the water supply it is still more imperative that all covered drains should be converted into open ones, as otherwise drains in the vicinity of standpipes will simply prove muddy pools of filthy stagnant water. The drains in China Garden require cementing and repairing, and regular and efficient flushing. As carried out at present, the flushing of drains in the markets and elsewhere is unsatisfactorily done. Instead of allowing the flush water to escape before a quarter of the drain has been flushed and cleared, it should be arrested a short distance off by some available means, disinfectants used, that portion of the drain well cleansed, the flow-obstruction then removed and placed further on, and the accumulated flush water used for flushing the next section of the drain, and so on.

In this manner, by the expenditure of a minimum amount of water thorough flushing of the drains can be systematically conducted.

Annexed are the returns of prosecutions, of cattle slaughtered, and of infectious diseases.

H. HUYBERTSZ, L.R.C.P. & S.,
Sanitary Officer.

All new shares shall be offered by the Directors to the registered Shareholders for the time being of the Company as nearly as possible in proportion to the existing shares held by them, and such shares as shall not be accepted by the Shareholder or Shareholders to whom the same shall have been offered within the time specified in that behalf by the Directors, may be disposed of by the Directors in such manner as they think most beneficial to the Company. The Directors shall have power to add to such new shares such an amount of premium as they may consider proper.

25. Any capital raised by the creation of new shares shall be considered as part of the original capital, and shall be subject to the same provisions in all respects whether with reference to the payment of calls or the forfeiture of shares on non-payment of calls or otherwise as if it had been part of the original capital.

BORROWING.

26. The Directors shall have power to borrow money for the purposes of the Company, and for this purpose to grant bonds, promissory notes, bills, debentures, interest, warrant bonds for cash credit, trust deed or other documents, to issue letters of credit and to grant mortgages or other deed or deeds of security over all or any of the Company's lands, property, estate, and assets, but so that the sum so to be borrowed shall not at any one time exceed the amount of the unpaid subscribed capital for the time being. Provided that nothing herein contained shall be held to prevent the Directors procuring from time to time in the usual course of business such temporary advances on the produce of the estates as they may find it to be necessary or expedient for the purpose of defraying the expenses of working the said estates.

Provided also that before the Directors execute any mortgage or issue any debentures, they shall obtain the sanction of the Company in General Meeting, whether Ordinary or Extraordinary. A declaration under the Company's seal contained in or endorsed upon any of the documents mentioned in this Article, and subscribed by two or more of the Directors to the effect that the Directors have power to borrow the amount which such document may represent, shall be conclusive evidence thereof in all questions between the Company and its Directors, and no such document containing such declaration shall, as regards the creditor, be void on the ground of its being granted in excess of the aforesaid borrowing power, unless it be proved that such creditor was aware that it was so granted.

GENERAL MEETING.

27. The first General Meeting shall be held at such time, not being more than twelve months after the incorporation of the Company, and at such place as the Directors may determine.

28. Subsequent General Meetings may be held at such time and place as may be prescribed by the Company in General Meeting, and if not so prescribed, then at such place and at such time as soon after the first day of February in each year as the Directors shall determine.

29. The above-named General Meetings shall be called Ordinary Meetings; all other General Meetings shall be called Extraordinary.

30. The Directors may, whenever they think fit, and they shall upon a requisition made in writing by not less than one-fifth in number of the Shareholders of the Company for the time being, or by any Shareholder or Shareholders holding not less than one-fifth part of the shares of the Company for the time being subscribed for, convene an Extraordinary General Meeting.

31. Any requisition so made by the Shareholder or Shareholders shall express the object of the meeting proposed to be called, and shall be left at the Registered Office of the Company.

32. Upon the receipt of such requisition, the Directors shall forthwith proceed to convene an Extraordinary General Meeting, to be held at such time and place as they shall think fit, not being more than twenty-one days after the leaving of the requisition; and if they do not proceed to convene the said meeting within twenty-one days after the leaving of the requisition, the requisitionist or requisitionists or any other Shareholder amounting to the required number may, himself or themselves convene an Extraordinary General Meeting to be held at such time or place as he or they shall think fit.

33. Fourteen days' notice at least specifying the place and the hour of meeting, and the purpose for which any meeting is to be held, shall be given by advertisement in the *Ceylon Government Gazette*, or in such other manner, if any, as may be prescribed by the Company.

34. Any Shareholder may on giving not less than ten days' previous notice of any resolution submit the same to a meeting.

35. Such notice shall be given by leaving a copy of the resolution at the Registered Office of the Company.

36. In order to constitute a meeting, whether Ordinary or Extraordinary, there shall be present, either personally or by proxy, three or more Shareholders holding in the aggregate not less than one-tenth of the capital for the time being subscribed for.

37. If within one hour from the time appointed for the meeting the required number of Shareholders is not present, the meeting, if convened upon the requisition of a Shareholder or Shareholders, shall be dissolved. In any other case, it shall stand adjourned to the following day at the same time and place; and if at such adjourned meeting the required number of Shareholders is not present, it shall be adjourned *sine die*.

38. The Chairman (if any) of the Board of Directors shall preside as Chairman at every meeting of the Company.

39. If there be no such Chairman, or if at any meeting he is not present at the time of holding the same, the Shareholders present shall choose some one of their number to be Chairman of such meeting.

40. The Chairman may, with the consent of the meeting, adjourn any meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

41. At any General Meeting, unless a poll is demanded by at least two Shareholders, a declaration by the Chairman that a resolution has been carried, and an entry to that effect in the book of Proceedings of the Company shall be sufficient evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

42. If a poll is demanded in manner aforesaid, the same shall be taken in such manner as the Chairman directs, and the result of such poll shall be deemed to be the resolution of the Company in General Meeting.

43. In the event of a resolution being brought before a General Meeting involving the sale of the Company's estates or any portion thereof, or the winding up of the Company, a majority of three-fourths of the Shareholders present and (or) represented by proxy shall be necessary to carry such resolution.

VOTES OF SHAREHOLDERS.

44. Every Shareholder shall have one vote for every ten shares held by him.

45. If any Shareholder is a lunatic or idiot or prodigal, he may vote by his curator, and if any Shareholder is a minor, he may vote by his guardian or any one of his guardians if more than one.

46. If one or more persons are jointly entitled to a share or shares, the person whose name stands first in the Register of Shareholders as one of the holders of such share or shares, and no other, shall be entitled to vote in respect of the same.

47. No Shareholder shall be entitled to vote at any meeting unless all calls due from him have been paid, and no Shareholder other than the trustee or assignee of a bankrupt or representative of a deceased Shareholder, or person acquiring by marriage, shall be entitled to vote at any meeting held after the expiration of three months from the registration of the Company in respect of any share which he has acquired by transfer, unless he has been possessed of the share in respect of which he claims to vote at least three months previously to the time of holding the meeting at which he proposes to vote.

48. Votes may be given either personally or by proxies. A proxy shall be appointed in writing under the hand of the appointer, or, if such appointer is a Corporation, under their common seal.

49. No person shall be appointed a proxy who is not a shareholder, and the instrument or mandate appointing him shall be deposited at the registered office of the Company not less than forty-eight hours before the time of holding the meeting at which he proposes to vote, but no instrument or mandate appointing a proxy shall be valid after the expiration of three months from the date of its execution.

DIRECTORS.

50. The qualification of a Director shall be holding not less than thirty shares of the Company upon which all calls for the time being shall have been paid.

51. The number of Directors shall not be less than three or more than five; but this clause shall be construed as being directory only, and the continuing Directors may act notwithstanding any number of vacancies.

52. The first Directors shall be Henry Bois, Alexander Thom, and Percy Bois, and they shall hold office, except in the event of their becoming respectively disqualified, until the first Ordinary General Meeting of the Company to be held in the year 1892.

53. As a remuneration for their services, the Directors shall be entitled to appropriate annually a sum not exceeding One thousand rupees, to be divided between them in such manner as they may determine, but the Company in General Meeting may at any time alter the amount of such remuneration for the future.

54. One of the Directors may be appointed by the Board to act as Managing Director and (or) Visiting Agent of the Company, for such time and on such terms as the Board may determine or fix by agreement with the person appointed to the office.

POWERS OF DIRECTORS.

55. The Directors shall have power to carry into effect the purchase of the said Eila and Morton Estates, and the lease and (or) purchase of any other lands.

56. The business of the Company shall be managed by the Directors either by themselves or with the assistance of a Secretary or Secretaries, Agent or Agents, to be appointed by them for such period and on such terms as the Directors shall think fit, and the Directors shall pay out of the funds of the Company all costs and expenses as well preliminary as otherwise, paid or incurred in and about the formation and registration of the Company, the purchase of the said lands and the cultivation thereof, and otherwise in or about the working and business of the Company.

57. The Directors shall have power to make and may make rules or regulations for the management of the property of the Company, and for that purpose may appoint managers, agents, superintendents, officers, clerks, and servants, with such remuneration and at such salaries as they may consider advisable, and may pay the expenses occasioned thereby out of the funds of the Company, and may from time to time remove or suspend all or any of the managers, agents, superintendents, officers, clerks, or servants, for such reasons as they may think proper and advisable, and without assigning any cause.

58. The Directors shall also have power to open from time to time, on behalf of the Company, any account or accounts with such bank or banks as they may select or appoint, and also by such signatures as they shall appoint to draw, accept, make, endorse, sign, and enter into cheques, bills of exchange, promissory notes, bonds, mortgages, proxies to any Proctor or Proctors, contracts or agreements on behalf and for the purposes of the Company.

59. The seal of the Company shall not be affixed to any instrument except in the presence of two or more of the Directors, who shall attest the sealing thereof.

60. The Directors shall exercise, in the name and on behalf of the Company, all such powers of the Company as are not expressly required to be exercised by the Company in General Meeting.

DISQUALIFICATION OF DIRECTORS.

61. The office of Director shall be vacated—

(i.) If he ceases to hold the due qualification in shares—

(ii.) If he becomes of unsound mind or bankrupt, or take proceedings under the Bankruptcy Law for liquidation of his affairs by arrangement of, or composition with, his creditors.

62. No contract, arrangement, or transaction entered into by or on behalf of the Company with any Director or with any Company or co-partnership of which a Director is a partner, or of which he is a Director, Managing Director, or Manager, shall be void or voidable, nor shall such Director be liable to account to the Company for any profit realised by such contract, arrangement, or transaction by reason only of such Director holding that office, or of the fiduciary relation thereto established, provided that the fact of his interest or connection therewith be fully disclosed to the Company or its Directors; but no Director shall vote in respect of any contract, arrangement, or transaction in which he is directly or indirectly interested.

ROTATION OF DIRECTORS.

63. At the first Ordinary Meeting of the Company to be held in the year 1892, all the Directors shall retire; and at the first Ordinary Meeting in every subsequent year, one-third of the Directors for the time being, or the number next below one-third, shall retire from office.

64. The Directors to retire in any year shall always be those who have been longest in office, and in case of Directors equal in length of office shall, unless such Directors agree among themselves, be determined by ballot.

65. A retiring Director, if qualified, shall be re-eligible. The Company at the Ordinary General Meeting shall fill up the offices vacated by the retiring Directors by electing a like number of persons.

66. If at any meeting at which an election of Directors ought to take place no such election is made, the meeting shall stand adjourned till the next day at the same time and place; and if at such adjourned meeting no election takes place, the former Directors shall continue to act until new Directors are appointed at the first Ordinary Meeting of the following year.

67. The Company may from time to time, by special resolution in General Meeting, increase or reduce the number of Directors, and may also determine in what rotation they are to go out of office.

68. Any casual vacancy in the Board of Directors may be filled up by the Directors, but any person so chosen shall retain his office so long only as the vacating Director would have retained the same if no vacancy had occurred.

PROCEEDINGS OF DIRECTORS.

69. The Directors may meet together for the despatch of business, adjourn and otherwise regulate their meetings, as they think fit, and determine the quorum necessary for the transaction of business. Questions arising at any meeting shall be decided by a majority of votes. In case of an equality of votes, the Chairman, in addition to his original vote, shall have a casting vote. A Director may at any time summon a meeting of the Directors.

70. The Directors may elect a Chairman of their meetings, and determine the period for which he is to hold office, but if no such Chairman is elected, or if at any meeting the Chairman is not present at the time appointed for holding the same, the Directors present shall choose some one of their number to be Chairman of such meeting.

71. All acts done by any meeting of the Directors, or by any person acting as a Director, shall, notwithstanding that it be afterwards discovered that there was some defect in the appointment of any such Directors or persons acting as aforesaid on that day, or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a Director.

72. The Directors shall cause Minutes to be made in a book or books provided for and used solely for that purpose—(1) Of all appointments of officers made by the Directors; (2) Of the names of Directors present at each meeting of Directors; (3) Of all orders made by the Directors; and (4) Of all resolutions and proceedings of meetings of the Company and of the Directors.

73. And any such Minute as aforesaid, if signed by any person purporting to be the Chairman of any meeting of Directors, shall be receivable in evidence without any further proof.

74. The Company in General Meeting may, by a special resolution, remove any Director before the expiration of his period of office, and appoint another qualified person in his stead. The person so appointed shall hold office during such time only as the Director in whose place he is appointed would have held the same if he had not been removed.

DIVIDENDS.

75. The Directors may, with the sanction of the Company in General Meeting, declare a dividend to be paid to the Shareholders in proportion to their shares.

76. No dividends shall be payable except out of the profits arising from the business of the Company, and with the sanction of the Directors.

77. The Directors may, before recommending any dividend, set aside out of the profits of the Company such sum as they think proper as a reserve fund to meet contingencies, or for equalising dividends, or for repairing or maintaining the works connected with the business of the Company or any part thereof, and the Directors may invest the sum so set apart as a reserve fund upon such securities as they, with the sanction of the Company, may select.

78. The Directors may deduct from the dividends payable to any Shareholder all such sums of money as may be due from him to the Company on account of calls or otherwise.

79. Notice of any dividend that may have been declared shall be given to each Shareholder, or sent by post or otherwise to his registered place of abode, and all dividends unclaimed for three years after having been declared may be forfeited by the Directors for the benefit of the Company.

80. No dividend shall bear interest as against the Company.

ACCOUNTS.

81. Once at the least in every year the Directors shall lay before the Company in General Meeting a statement of the income and expenditure of the last year, made up to a date not more than three months before such meeting.

82. The statement so made shall show, arranged under the most convenient heads, the amount of gross income, distinguishing the several sources from which it has been derived, and the amount of gross expenditure distinguishing the expense of the establishment, salaries, and other like matters. Every item of expenditure fairly chargeable against the year's income shall be brought into account, so that a just balance of profit and loss may be laid before the meeting; and in cases where any item of expenditure which may in fairness be distributed over several years has been incurred in any one year, the whole amount of such item shall be stated with the addition of the reasons why only a portion of such expenditure is charged against the income of the year.

83. A balance sheet shall be made out in every year and laid before the General Meeting of the Company, and such balance sheet shall contain a summary of the property and liabilities of the Company, arranged under the heads appearing in the form annexed to the table referred to in schedule C to "The Joint Stock Companies Ordinance, 1861," or as near thereto as circumstances admit.

84. A written or printed copy of such balance sheet shall, seven days previously to such meeting, be delivered at or sent by post to the registered address of every Shareholder.

AUDIT.

85. The accounts of the Company shall be examined, and the correctness of the balance sheet ascertained by one or more Auditors to be elected by the Company in General Meeting.

86. If not more than one Auditor is appointed, all the provisions herein contained relating to Auditors shall apply to him.

87. The Auditors need not be Shareholders in the Company. No person is eligible as an Auditor who is interested otherwise than as a Shareholder in any transaction of the Company, and no Director or other officer of the Company is eligible during his continuance in office.

88. The first Auditor or Auditors of the Company shall be appointed by the Directors, and shall hold office until the second General Meeting, and afterward the auditor or auditors shall be from time to time appointed by the Company in General Meeting.

89. The remuneration of the Auditor or auditors shall be fixed by the Company at the time of their election, save that in case of the first Auditor or Auditors it shall be fixed by the Directors.

90. Any Auditor shall be re-eligible on his quitting office.

91. If any casual vacancy occurs in the office of Auditor, the Directors may appoint another Auditor, who shall hold office until the next Ordinary General Meeting.

92. If no election of Auditor is made in manner aforesaid, the Directors may appoint an Auditor or Auditors for the year then current, and fix the remuneration to be paid to him or them by the Company for his or their services.

93. Every Auditor shall be supplied with a copy of the balance sheet, and it shall be his duty to examine the same with the accounts and vouchers relating thereto.

94. Every Auditor shall have a list delivered to him of all books kept by the Company, and he shall at all reasonable times have access to the books and accounts of the Company. He may, at the expense of the Company, employ accountants or other persons to assist him in investigating such accounts, and he may in relation to such accounts examine the Directors or any other officer of the Company.

95. The Auditors shall make a report to the Shareholders upon the balance sheet and accounts, and in every such report they shall state whether in their opinion the balance sheet is a full and fair balance sheet, containing the particulars required by these regulations, and properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs, and in case they have called for explanation or information from the Directors, whether such explanation or information have been given by the Directors, and whether they have been satisfactory; and such report shall be read, together with the report of the Directors, at the Ordinary Meeting.

NOTICES.

96. Notices by the Company may be authenticated by the signature (printed or written) of the Secretary or other person appointed by the Directors to do so.

97. Every Shareholder shall give an address in Ceylon, which shall be deemed to be his place of abode, and shall be registered as such in the books of the Company.

98. Notices requiring to be served by the Company upon the Shareholders may be served either personally, or by leaving the same or sending them through the post, in a letter addressed to the Shareholders at their registered places of abode, and any notice so served shall be deemed to be well served for all purposes, notwithstanding that the shareholder to whom such notice is addressed may be dead, unless and until his executors or administrators shall have given notice to the Managing Director or Secretary of the Company of some address in Ceylon.

99. All notices directed to be given to the Shareholders shall, with respect to any share to which persons are jointly entitled be given to whichever of the said persons is named first in the Register of Shareholders, and notice so given shall be sufficient notice to all the holders of such share.

100. All notices required to be given by advertisement shall be published in the *Ceylon Government Gazette*.

101. Every Shareholder residing out of Ceylon shall name an address in Ceylon at which all notices shall be served upon him, and all notices served at such address shall be deemed to be well served. If he shall not have named such an address, he shall be not entitled to any notices.
