REPORT OF THE TWENTYTHIRD ANNUAL SESSION

The Twentythird Annual Session was held in the premises of the University of Ceylon, Thurstan Road, Colombo, from the 19th to the 22nd December 1967. The Session was declared open by Dr. G. P. Malalasekera, Chairman, National Council of Higher Education. This was preceded by a procession of members of the Council, the guest scientists and the past General Presidents in ceremonial dress.

Foreign Delegates and Guests

Chief Guest: The Chief Guest was Sir Max Rosenheim, K.B.E., M.D., President of the Royal College of Physicians, London. He delivered three lectures:—

- (i) "The Changing Face of Medicine" to the general membership at the opening session;
- (ii) "Polycystic Disease of the Kidneys"—a special lecture to Section A of CAAS; and
- (iii) "Medical Education"—a popular talk.

British Association: Prof. G. E. Fogg, Sc.D. (Cantab.), F.R.S., Professor of Botany in the University of London at Westfield College, was the representative of the British Association for the Advancement of Science. Prof. Fogg gave a lecture to Sections B and D on "Blue-green Algae and Soil Fertility". He gave two popular talks on (i) "The International Biological Programme" and (ii) "Botanist in the Antarctic".

Indian Science Congress Association: Prof C. S. Ghosh, Professor of Electrical Engineering at the University of Roorkee, was the representative of the Indian Science Congress Association. Prof. Ghosh addressed Section C on "Use of Network Analyser or Digital Computer for Power System Studies—A Comparison" and gave a popular lecture on "New Sources of Energy".

Association of Scientific Workers of India: Mr. K. S. A. Gnanasekaran of the Central Electrochemical Research Institute, Karaikudi, represented the A.S.W.I. He delivered a lecture to Section E on "Electrochemical Science and Technology in India".

Science Council of Japan: Prof. Tatsuzi Ito, Honorary Professor of Niigata University, represented the Science Council of Japan. He delivered a lecture to Section A on "Outline of Research History of Tsutsugamushi Disease in Niigata Prefecture of Japan".

Dr. J. C. Hawksley, C.B.E., M.D. and Senior President of the Royal College of Physicians, who was in Ceylon, was also one of the distinguished guests of the Association.

Greetings from Sister Associations: Messages of greetings were received from the Pakistan Association for the Advancement of Science, the South African Association for the Advancement of Science, the Scientific & Technical Association of the People's Republic of China, the American Association for the Advancement of Science and the Czechoslovak Academy of Sciences.

Papers presented at the Session: The number of papers presented at the meetings of the various sections were as follows:—

Section A:	29	Section D:	14
Section B:	17	Section E:	17
Section C:	6	Section F:	10

Symposia: The following symposia were held:—

- Section B:—"Future of Plantation Crops" (21.12.67).
Section C:—"Construction Methods and Quality Control at Udalawale Headworks" (20.12.67).

- Excursions:* 1. Visit to Glaxo-Allenburys (Ceylon) Ltd. organised by Section A on 20.12.67.
2. Visit to Walkers organised by Section C on 21.12.67.
3. Visit to the Tyre Factory, Kelaniya, organised by Section E on 22.12.67.

Exhibition of Books: The U.S. Cultural Center and the British Council participated in an exhibition of books.

Popular Films: There was a daily film show of scientific and popular interest.

Social Functions: On the 18th December the General President and Mrs. Cooray entertained the foreign guests, members of the Council and Session Committee members at a cocktail party held at their residence.

On the 19th December H.E. the Governor General was host at an evening party to the foreign guests and members of the Council.

On the 20th December Mr. R. K. Brady, Representative, British Council, entertained the foreign guests, members of the Council and Session Committee members at a cocktail party held at his residence.

On the 21st December the Hon. Prime Minister, Mr. Dudley Senanayake, was host at a dinner party to the foreign guests and some members of the Council at his residence at Temple Trees.

As the Annual Dinner had to be cancelled due to the hotel strikes, the Council held a special dinner for the foreign guests at the Modern Chinese Cafe on the 22nd December.

K. N. Seneviratne,
General Secretary.

TWENTYTHIRD ANNUAL MEETING OF THE GENERAL COMMITTEE

Minutes of the Twentythird Annual Meeting of the General Committee held on 22nd December 1967 at 3.45 p.m. in King George's Hall, University of Colombo.

1. ATTENDANCE:

The General President, Prof. G. H. Cooray, was in the chair. 98 members were present (vide page 4).

Excuses: Dr. G. Ponnampuruma.

2. NOTICE CONVENING THE MEETING:

This was read out by the General Secretary.

3. VOTES OF CONDOLENCE:

Votes of condolence were passed on the deaths of the following members: Mrs. Elaine Gunawardena, and Messrs. W. P. L. Abhayaratne, J. A. M. de Silva, S. G. Thambapillai and A. M. Caldera.

4. MINUTES OF THE 22ND ANNUAL MEETING:

Mr. S. Selvaratnam proposed and Dr. U. Pethiyagoda seconded the adoption of the minutes of the Twentysecond Annual Meeting of the General Committee. This was carried.

5. BUSINESS ARISING FROM THE MINUTES:

Nil.

6. 23RD ANNUAL REPORT OF THE COUNCIL:

6.1. *Membership:* Dr. Velaudapillai commented on the increase in membership of the Association by 178 and thanked all those who helped in enrolling new members. In particular he congratulated Section C which had enrolled 60 new members during the year.

6.2. *General Matters:* Mr. L. J. D. Fernando inquired why no mention was made of the proposed National Science Council. Prof. Cooray explained that the Bill was presented in Parliament in early December and that the Council had since then appointed a sub-committee to study the report. In reply to a question by Prof. Sultanbawa, the

General President stated that a special meeting of the General Committee would be convened before the Council made any representations on the Bill.

6.3. *Publication of Agricultural Books:* In reply to a question by Mr. Tissa de Silva, the General Secretary stated that the Asia Foundation grant did not entail any obligation on the part of the Association to the Asia Foundation. In reply to a question by Mr. L. J. D. Fernando it was explained that the grant was used to set up a revolving fund for the publication of a series of books on Agriculture in Ceylon.

6.4. Dr. S. L. de Silva inquired whether the Association had made any representations about the change-over to the metric system. The General Secretary stated that the Council had nominated Mr. L. A. D. I Ekanayake to represent it on the Metric Divisional Committee of the Bureau of Ceylon Standards.

6.5. *Anonymous Donor:* The General Secretary tabled a letter from the anonymous donor, in which he declined the offer of Honorary membership of the Association which the Council had offered him.

7. STATUTORY COMMITTEES:

7.1. *Board of Trustees:* Dr. Ratnavale informed the General Committee that the Trustees had already taken possession of the land allocated to it for its headquarters. Prof. Sultanbawa referred to an earlier building plan which was estimated to cost Rs. 600,000 and wanted the Association to complete its building as early as possible. Mr. A. N. S. Kulasinghe explained that the original estimates were now unrealistic and that though the new project was estimated at Rs. 3.5 million, it had been designed to be built in stages. Agreeing with Mr. Kulasinghe, Dr. Appapillai stated that the value of the building had to bear some relation to the value of the land which was estimated at Rs. 1 million. He also commended Dr. Ratnavale on the progress made and thanked Mr. Justin Samarakkera for the plans. Dr. Velaudapillai appealed to the members to contribute at least Rs. 100/- each to the Building Fund.

8. SCIENCE EXHIBITION:

Dr. Ratnavale explained that the government support for the CAAS to hold a Science Exhibition had not materialised. However, the Ministry of Education had invited the Association to participate in the Siya Vasa Exhibition planned for 1969. He said that this suggestion was receiving the attention of the Science Exhibition Preparatory Committee.

Prof. Sultanbawa proposed and Mr. C. Satkunanathan seconded the adoption of the 23rd Annual Report of the Council.

9. AUDITED STATEMENT OF ACCOUNTS:

Prof. Sultanbawa inquired as to why the subsidy for the annual dinner was high. The General President explained that a much larger number attended the dinner and there was also a larger number of guests present. Dr. Appapillai commented that the money realised on advertisements in 1966 was substantial and was more than three times the amount realised in previous years and that this could more than offset the relatively large subsidy incurred on the annual dinner. He further pointed out that a subsidy of Rs. 2/50 on each dinner ticket did help in a larger number of younger members of the Association attending the dinner.

Mr. Satkunanathan proposed and Dr. S. L. de Silva seconded the adoption of the audited statement of accounts. This was carried.

10. ELECTION OF OFFICE BEARERS:

10.1. *Officers of the Association:* The following nominations of the Council were accepted by the house:

1. Dr. R. S. Ramakrishna relinquished duties as General Secretary as from August 31, 1968. Dr. N. Kodagoda was appointed General Secretary by the Council on 16th August 1968.
 2. Dr. T. Velaudapillai resigned from the post of Assistant Treasurer on 25th April 1968. The Council appointed Dr. K. Balasubramaniam to fill this vacancy.
 3. Dr. C. C. Fonseka resigned from the post of Editor and the Council appointed Prof. S. R. Kotegoda in his place.
- Prof. G. H. Cooray was out of the island from June-Oct. 1968.

3. GENERAL MATTERS

National Science Council:—The National Science Council of Ceylon was established by Act of Parliament No. 9 of 1968 and came into operation on 22nd April 1968. The Council felicitated the Hon. Mr. M. D. H. Jayawardena on his appointment as Minister of Scientific Research and Housing and conveyed to him the fullest co-operation of the CAAS with the new Ministry of Scientific Research and Housing in its declared objective of promoting the advancement of Science and Technology in this country. The Council also drew the attention of the Minister to the fact that the following amendments to the Act were urgent:—

1. The provisions of Section 6(2) of the Bill should be suitably amended to include Research in the Engineering Sciences as a category of research for purposes of appointments under Section 6 (1).

2. The Council felt that difficulties would arise in the appointment of a Secretary-General under the provisions of Section 18 (1) and suggested that it should be amended as follows:—

“The members of the Council shall, in consultation with the Minister, appoint a Secretary-General who shall be the chief executive officer of the Council. He shall be an ex-officio member of the Council and be a whole-time officer of the Council”.

In response to a request made by the Hon. Minister of Scientific Research and Housing for the recommendations of the CAAS with regard to the appointment of members to the N.S.C., the Council submitted a list of 24 names made up of 3 representing each of the following: Physical Sciences, Biological Sciences, Social Sciences and Engineering Sciences and 4 representing the Agricultural, Industrial and Medical Sciences.

The Council noted with pleasure that the following 18 of the 21 members appointed to the N.S.C. were members of the CAAS:

Prof. V. Appapillai
 Mr. L. J. D. Fernando
 Prof. P. P. G. L. Siriwardene
 Prof. B. A. Abeywickrama
 Prof. H. Cruz
 Dr. C. St. George
 Dr. E. F. L. Abeyratne
 Dr. J. W. L. Peiris
 Dr. S. Gnanalingam
 Dr. G. Ponnampерuma
 Prof. S. W. Bibile
 Prof. A. S. Dissanaike
 Dr. R. P. Jayewardene
 Mr. B. J. P. Alles
 Mr. A. N. S. Kulasinghe
 Prof. E. O. E. Pereira

Dr. Gamani Corea (Permanent Secretary, Ministry of Planning & Economic Affairs)
Mr. W. D. V. Mahatantila (Permanent Secretary, Ministry of Scientific Research & Housing).

Ceylon Junior Association for the Advancement of Science:—In pursuance of its objective of increasing an awareness of and interest in the objects and methods of science among the pre-University school population, the Council in association with the Popularisation of Science committee has planned to inaugurate a series of regional Junior Associations linking together the School Science Associations of an Educational region. The Constitution of such an Association, its rules and regulations and relationships with the CAAS have been approved by the Council and negotiations are now in progress with the Ministry of Education and Cultural Affairs to obtain their approval and co-operation for such an organisation.

Government Grant:—With the establishment of the Ministry of Scientific Research and Housing the Council requested the Hon. Prime Minister to "transfer" the CAAS from the Ministry of Education and Cultural Affairs to the Ministry of Scientific Research and Housing. The Hon. Prime Minister informed the Council that the request could be complied with, but since the budgetary estimates of the CAAS for the year 1968/69 had already been included in the estimates of the Ministry of Education and Cultural Affairs the grant for 1968/69 has been obtained from the Ministry of Education and Cultural Affairs. The Council requested the Ministry of Scientific Research and Housing to increase the grant to the CAAS to Rs. 100,000/- for the next year to enable the CAAS to carry out its programmes more effectively.

CAAS Publications:—The revolving fund set up by the Asia Foundation for the publication of books on Agriculture in Ceylon was used to publish a book "The Development of Agriculture in the Dry Zone" edited by Dr. O. S. Peries. Proceedings of 3 symposia held by Section C in 1967 on "Roads", "Housing" and "Investigations for Development Projects" and are now available for sale. The Proceedings of the CAAS symposium on "Food Science and the Development of Food Industry in Ceylon" held in September 1968, the cost of which was borne by the Asia Foundation, is also available for free distribution to recognised institutes and libraries.

The first of a series of books on agriculture in Sinhala "Diseases of Crop Plants in Ceylon and their Control" by Dr. D. V. W. Abeygunawardena has just been published.

Merit Awards to Scientists and Science Teachers:—The Council nominated Prof. B. A. Abeywickrama, Mr. A. N. S. Kulasinghe and Dr. S. Gnanalingam to serve as CAAS representatives on the panel of judges to select the Scientist of the Year for the award made by the UNESCO National Commission for 1968.

Symposium on Food Science and the Development of the Food Industry in Ceylon:—In an effort to bring together to a common forum Food Scientists and those actively engaged in the Food industry the Council organised a 2-day symposium held on the 19-20th September 1968, at which 23 papers were presented by members of the CAAS and by those engaged in various aspects of the food industry.

Science Museum Project:—No further development of this project took place during the current year as the Ministry of Education and Cultural Affairs informed the Science Museum Sub-Committee that the National Pavilion in which the proposed museum was to have been housed, had been "temporarily" loaned to the University of Ceylon, Colombo for use as a library and reading room.

Newsletter:—Two issues of the Newsletter Nos. 11 and 12 were brought out in April and August this year.

Staff:—Mr. K. A. S. Jayaweera was appointed Accounts Clerk as from 1st October 1968.

Mr. K. D. P. Gunatilaka was appointed Co-ordinator, Popularization of Science as from 1st March 1968.

4. NOMINATIONS

- (i) Colombo National Museum Advisory Committee—Dr. (Mrs.) A. M. Ladduwahetty.
- (ii) Science Sub-Committee UNESCO National Commission—Prof. A. S. Dissanaike.
- (iii) Bureau of Ceylon Standards—Prof. V. Appapillai.
- (iv) Metric Divisional Committee of the Bureau of Ceylon Standards—Mr. L. A. D. I. Ekanayake.
- (v) Fauna and Flora Protection Advisory Committee—Prof. B. A. Abeywickrama.

5. GIFTS

M/s. Chemical Industries (Colombo) Ltd. :—Rs. 250/-.

Asia Foundation:—Rs. 2,500/- to cover cost of the symposium on Food Science and Technology.

Government Grant:—Rs. 20,000/-.

6. SECTIONAL MATTERS

Section A:—Four Committee Meetings were held up to 30th September 1968. Several other meetings were held to plan arrangements for seminars where the speakers were also present.

Dr. N. Kodagoda was elected by the Council to function as General Secretary from 1st September 1968. Dr. M. M. Ismail was elected to take his place as Secretary, Section A.

Lectures:—Prof. G. W. Causey addressed Section A on “The Cell—Electron Microscopic contributions to its structure” on 26.1.68.

Prof. David Whitteridge addressed Section A on “The Visual Cortex” on 7.2.68.

Dr. G. E. Paget, Dr. O. P. W. Robinson and Dr. H. R. Wickremasinghe also addressed the members of Section A.

The lectures were well attended.

Symposia & Seminars:—A well attended symposium on Malaria was held in Colombo and later in Kandy in March this year. The Speakers were:—Prof. A. S. Dissanaike, Prof. K. Rajasuriya, Dr. M. M. Ismail and Dr. F. A. Wickremasinghe. A film show followed.

A Seminar on Leptospirosis was held in Colombo on 17th August 1968. The Speakers were:—Dr. K. Nityananda, Dr. S. G. de S. Wettimuni, Dr. W. A. S. de Silva and Prof. K. Rajasuriya. A discussion and film show followed.

Publications:—A summary of the symposium on Malaria was printed as a folder and distributed. It is planned to publish the proceedings of the seminar on Leptospirosis.

National Science Council:—The following members from Section A are on the N.S.C.:—Dr. R. P. Jayewardene, Prof. S. W. Bibile and Prof. A. S. Dissanaike.

Other Events:—A visit to S.S. Hope was organised for the benefit of our members and took place on 10th August 1968.

It is proposed to conduct a demonstration of newer laboratory techniques towards the end of this year.

Section B:

Three committee meetings have been held to date, and one more is to be held during November to finalise matters pertaining to the symposium on ‘Crop Protection’ which is scheduled for the Annual Sessions.

A well attended symposium on ‘Some Aspects of Agricultural Development of the Cool Hill Country of Ceylon’ was held at Peradeniya on the 19th August. The inaugural address was given by Mr. M. S. Perera, Director of Agriculture, and twelve papers were presented at this symposium. Discussion as well as audience participation was extremely lively, and this is amply confirmed by the several subsequent requests that have been made for having the proceedings of this symposium published. It has been decided by the Committee to have the proceedings published in the Tropical Agriculturist, or else, as a CAAS publication.

The publication entitled ‘Soils of Ceylon and Fertilizer Use’ sponsored by the Popularisation of Science Committee of the CAAS was out in print; and so was the ‘Proceedings of the Symposium on the Development of Agriculture in the Dry Zone’ edited by Dr. O. S. Peries, the previous year’s president.

The proposed excursion to Rajangana scheme in June had to be called off due to unavoidable circumstances.

A lecture on ‘An International Programme for Rice Research and Training’ by Dr. A. C. McClung, Associated Director, International Rice Research Institute, Phillipines was held on March 7th.

A lecture on ‘A New Climatic Map of Ceylon and its Application to Agriculture and Forestry’ by Dr. Mueller-Dombois of the Smithsonian Ecology Project is scheduled for October.

A one-day symposium on ‘Crop Protection’ is scheduled for the Annual Sessions.

Thirty one papers have been selected for presentation at the forthcoming 24th Annual Sessions.

The activities of this section had to be somewhat restricted this year due to the fact that the International Rice Commission Sessions of the F.A.O. which were held at Peradeniya during 2nd to 14th September, involved a heavy commitment on the time of the members of this section who belong to the Agriculture Department. At the same time, this was also a splendid opportunity for members of Section B to be closely identified in an international conference of this nature that was held in the home country.

The assistance given by the Department of Botany of the University of Ceylon, Peradeniya, as well as by the In-Service Training Centre of the Department of Agriculture, Peradeniya, for the holding of meetings and allied services is gratefully acknowledged.

Section C:

Visits of Engineering interest were made by members and friends to the following sites:—

- (i) Uda Walawe Project Headworks—the attendance in this case was excellent. Our thanks are due to the Engineers and Staff at the site for their enthusiastic welcome.
- (ii) The State Flour Mill at Mutwal—only about 15 persons attended though the local Engineers made elaborate arrangements to entertain us.

The following lectures were arranged for meetings of the Section during the year.—

'The Role of Small Industries in a Developing Country' by Prof. A. D. Bohra.

'Irrigation Development in Malaysia' by Dr. T. Mylvganam.

'Long Term Soil Fertility Experiments in Uttar Pradesh for recovery of High Yields' by Dr. R. K. Tandem.

Mr. K. Tharmaratnam, nominee of the Section, was one of the two CAAS representatives at the Pakistan Science Conference in February 1968.

Sectional newsletters and cards were circulated occasionally. Two committee meetings were held up to September 1968.

A few more visits and lectures are expected to be held in October and November, prior to the Annual Sessions. Some visits of Engineering interest in Colombo have been included in the programme for the Annual Sessions to facilitate outstation members.

Section D:

Four Committee meetings were held during the year.

Due to unforeseen circumstances sectional activities were suspended during the period February-May 1968.

The committee unanimously elected Dr. A. H. Sathananthan as its Secretary on 12.6.68 in place of Dr. C. G. Kannangara who went abroad. Mr. V. Balendran was also elected to the vacancy in the committee.

A two-day excursion to the Uda Walawe scheme was organised on 23.7.68. Eight persons participated.

A lecture on 'Oceanographic Studies around Ceylon' was delivered by Prof. C. Cox, Chief Research Officer of the research ship 'Argo' on 30.6.68. This was well attended.

Section E:

Three Committee meetings were held during the year.

The following lectures were delivered to the section:—

'The Teaching of Modern Mathematics in U.K.'—by Mr. A. R. Tammarage of the School Mathematic Project in U.K. at the University of Colombo on August 14.

'Physics of Rainmaking'—by Dr. Osmund Jayaratne of the Department of Physics at the University of Ceylon on September 24.

A talk by Prof. G. G. R. Thambyapillay of the University of Ceylon on the "Riddle of the Monsoons" has been postponed till mid-October.

Section F:

This report covers the period 1st January to 15th October 1968. Three meetings of the Committee were held during the period under review. Miss M. Weeraperuma, a member of the Committee, was elected to function as Acting Secretary from June in the absence out of the island of Mr. Carl Jeyarajah, the Honorary Secretary.

A Panel Discussion on 'Foreign Exchange Entitlement Certificates' was held on 7th July 1968. The following participated in the discussion:—

Mr. C. Mylvganam, Director of Development, Ministry of Industries and Fisheries.

Dr. W. M. Tilakaratna, Director of Economic Research, Central Bank of Ceylon.

Mr. N. M. Kappagoda, Economic Adviser, Ministry of Planning and Economic Affairs.

The Section organised the following series of public lectures on the main theme of Planning and Development:—

14th July: "Strategy of Planning" by Dr. A. R. Abdel Meguid, U.N. Adviser, Ministry of Planning and Economic Affairs.

9th August: "Challenge of Development" by Prof. Paul Streeten, Institute of Development Studies, University of Sussex, U.K.

12th September: "Money and Economic Development" by Mr. John Exter, ex-Governor, Central Bank of Ceylon.

3rd October: "Mixed Banking for Ceylon" by Mr. C. Loganathan, General Manager, Bank of Ceylon.

School Biology Project:—Appendix I.

Popularisation of Science:—Appendix II.

General Research Committee:—Appendix III.

Board of Trustees Headquarters Project:—Appendix IV.

Upper Mantle Committee:—Appendix V.

International Biological Programme:—Appendix VI.

8. FOREIGN AFFAIRS

Indian Science Congress:—Prof. B. A. Abeywickrama and Dr. R. S. Ramakrishna represented the CAAS at the 55th Session of the Indian Science Congress held at the Benares Hindu University, Varanasi, from 3-9 January 1968.

All-Pakistan Science Conference:—Dr. M. W. Thenabandu and Mr. K. Tharmaratnam were nominated as the CAAS delegates to the 20th All-Pakistan Science Conference held at Dacca University, Dacca, from 3-8 March, 1968. Only Mr. K. Tharmaratnam was able to attend this conference.

International Biological Programme:—(i) Dr. P. Canagaratnam, National Correspondent for I.B.P., represented the CAAS at the 3rd General Assembly and Associated Meetings of the Special Committee for the I.B.P. held in Varna, Bulgaria, from 2-10 April 1968.

(ii) Prof. J. Balogn (Chairman of Hungarian I.B.P.) and Dr. Irma Loksza, both of the Hungarian Academy of Sciences, were in Ceylon from 16th June to 6th July 1968 to study the fauna of Ceylon soils. This was part of their I.B.P. investigation of the fauna of the soils of the world. The CAAS organised the collection of soil samples for these two Hungarian scientists with the assistance of Dr. C. R. Panabokke, President Section B and head of soil surveys of Ceylon.

Regional Seminar on the Ecology of Tropical Highlands:—Prof. B. A. Abeywickrama represented the CAAS at the Regional Seminar on the Ecology of Tropical Highlands held in Kathmandu, Nepal, from 7-15 April 1968.

1st International Phytopathological Conference:—Prof. O. S. Peries and Dr. R. L. de Silva were nominated to represent the CAAS at the 1st International Phytopathological Conference.

Second Conference of the Asian Regional Association for Biological Education:—Prof. V. Basanayake, Director, School Biology Project, represented the CAAS at the 2nd Conference of the Asian Regional Association for Biological Education held in Tokyo from 11-18 August 1968.

British Association:—Prof. B. A. Abeywickrama represented the CAAS at the 130th Annual Meetings of the British Association for the Advancement of Science held in Dundee from 21-28 August 1968.

International Limnological Congress:—Mr. A. S. Mendis represented the CAAS at the XVIIth International Limnological Congress held in Israel from 12-19 August 1968.

Natural Rubber Conference:—Prof. O. S. Peries and Mr. A. J. Jeevaratnam represented the CAAS at the Natural Rubber Conference held in Kuala Lumpur, Malaysia, from 28 August to 5 September 1968.

International Council of Scientific Unions (ICSU):—The CAAS continues to be the National Member for Ceylon. Dr. R. S. Ramakrishna was nominated to represent this Association at the 12th General Assembly Meetings of ICSU to be held in Paris from 28 September to 3 October 1968. Since funds expected from ICSU head office in Rome to meet the travel expenses of Dr. Ramakrishna from Leeds to Paris and back, were not made available, it was not possible for him to attend these meetings.

National Science Council, Zambia:—The Executive Secretary of the National Science Council, Zambia, thanked the CAAS for the assistance given in their search for a Secretary-General of the Zambian N.S.C. The CAAS was also informed that Dr. Gamal Gad of the U.A.R. was appointed Secretary-General.

Unesco Biosphere Conference:—The Ministry of Scientific Research nominated Prof. B. A. Abeywickrama, Chairman of the I.B.P. National Committee, to represent Ceylon at the Inter-governmental Conference of Scientific Experts on the Conservation and Rational Use of the Biosphere held in Paris from 4-13 September 1968. Prof. Abeywickrama could not attend this conference as the request did not reach him in time to make travel arrangements.

9. VISITING SCIENTISTS

Prof. G. W. Causey, D.Sc., F.R.C.S., Sir William Collins Professor, Royal College of Surgeons, London.

Prof. David Whitteridge, D.M., F.R.C.P., F.R.S., Wayneflete Professor of Physiology, University of Oxford.

Dr. G. E. Paget, M.D., Research Director, S.K.F. Laboratories.

Dr. O. P. W. Robinson, Director, Beechams.

Dr. A. C. McClung, Associate Director, International Rice Research Institute, Philippines.

Prof. C. Cox, Chief Research Officer of the Research Ship 'Argo'.

Mr. A. R. Tammadge, School Mathematics Project, U.K.

Prof. Paul Streeter, Institute of Development Studies, University of Sussex, U.K.

Mr. John Exter, ex-Governor, Central Bank of Ceylon.

The Research Ship, Icebreaker 'Fuji' was in Colombo from 23-27 March 1968. The CAAS arranged for a symposium by the 'Fuji' scientists on 25th March 1968, preceded by a tea party. Rear Admiral Honda and scientists entertained members of the CAAS on board the 'Fuji'.

10. ACKNOWLEDGEMENTS

The Council has much pleasure in making the following acknowledgements:—

To the Government of Ceylon for the annual grant of Rs. 20,000/-.

The Vice-Chancellor, University of Ceylon, Colombo for permission to use its buildings for the Annual Sessions and for the other meetings of the Association.

To the Director, CISIR, for use of the CISIR Auditorium on numerous occasions.

To the Honorary Auditors, Messrs. Satchithananda, Schokman, Wijeyeratne & Co. for auditing the accounts of the Association.

To the British Council for their generous assistance in connection with the visit of the B.A. representative to the Annual Sessions.

To the Asia Foundation for bearing the costs of the symposium on "Food Science" and their continued assistance to the School Biology Project.

To the Tea Propaganda Board for the supply of tea during the Annual Sessions.

To the Director-General of Broadcasting and the Staff of the Ceylon Broadcasting Corporation for their willing co-operation towards our popularization of science projects.

To all our advertisers for their unstinted support for our publications.

APPENDIX I

CAAS SCHOOL BIOLOGY PROJECT

Fifth Report, 1st September 1967-1st September, 1968

1. FEASIBILITY TRIAL OF THE SBP MATERIALS (1967)

1.1. Aims of the Trial:

To test the feasibility in the classroom of using certain sections of the SBP material which (a) are not found in the Education Department Syllabus;

(b) are found in the Departmental Syllabus but are treated very differently in the SBP Course.

1.2. The following Units were tried out:

Unit 1. Conquest of Malaria

Unit 2. Characteristics of Living Things

Unit 3. Classification

Unit 4. The Concept of Evolution

Unit 8. Idea 7. The digestive apparatus increased in complexity in the course of evolution.

1.3. The following schools and teachers (in the Kandy area) participated:—

1. Hillwood College—Mrs. G. J. Hoole.

2. Kingswood College—Mr. H. D. S. Fonseka.

3. St. Sylvester's College—Mr. G. G. Sathanthan..

4. St. Anthony's College—(Mr. S. L. James and Mr. G. G. Sathanthan took the classes).

5. Vidyarthi College—Mr., J. P. Abeysinghe.

1.4. Lesson Times:

The trials were conducted as extra curricular classes commencing usually after the regular school hours. Some Principals granted permission to take these classes during the normal school hours.

1.5. Feasibility trial of the SBP Course 'Problems':

During the first term of 1968 above 25 lessons from the volume entitled 'Problems' were tried out in the following schools:—

A. The original 5 Trial Schools (Refer Sect. 1.3) and

- B. 1. Girls' High School: Mrs. I. Briyagama.
- 2. Maha Vidyalaya, Menikdiwela: Miss P. Marandawela.
- 3. Nugawela Madhya Maha Vidyalaya: Mr. S. Jayasinghe.
- 4. Trinity College: Mr. C. J. S. Daniel.
- 5. Zahira College (Gampola): Mr. G. G. Sathananthan.

Messrs. N. Jeyasingh of Al Azhar M. V. and Mr. K. H. Silva of Kingswood also took part.

1.6. Demonstration lessons:

1.6.1. *Trial of Units*:—18 demonstration lessons were conducted during the trial of the 5 units.

These demonstrations were conducted in different schools usually commencing at 4 p.m.

1.6.2. *'Problems'*:—9 Demonstration lessons were conducted in different schools.

1.6.3. *Observation team*:—The following were present at these demonstration lessons:

The Director:	Prof. V. Basanayake.
Chairman:	Prof. H. Crusz.
	Dr. W. W. D. Modder.
Coordinator:	Mr. S. L. James and the members of the trial teaching team. We are grateful to the following who were present at one or many demonstration lessons:

- 1. Principals and biology staff of trial schools.
- 2. The Chairman of the Project Prof. S. W. Bibile.
- 3. Dr. D. M. Amerasinghe.
- 4. Dr. H. D. W. Jansz.
- 5. Mr. R. B. Panamaldeniya (Science Educator).

1.6.4. *Trial Teaching Team Meetings*:—Soon after these demonstration lessons the Trial Teaching Team and the observers met and discussed these lessons.

26 such meetings were held during the trial. Mr. James is the Secretary of this meeting and the proceedings are minuted by him.

2. TESTING AND EVALUATION PROGRAMME

- a. Regular feed back was submitted by teachers, including statements about pupil responses.
- b. Feed back was obtained during the demonstration lessons and the meetings of the group.
- c. Multiple Choice Test papers.

The test item sub-committee finalized 5 multiple choice test papers for Units 3 and 4. Each test paper carries 10 test items usually sub-divided into the following categories:

- 4. items of recall type
- 2 „ „ comprehension type
- 2 „ „ application type
- 2 „ „ analysis, evaluation and synthesis.

3. TRIAL OF THE FULL SBP COURSE LEADING TO THE G.C.E. (O.L.) 1969

3.1. In response to the S.B.P. Director's request the Ministry of Education with the collaboration of the Department of Examinations made arrangements to meet the requirements of the pupils following the School Biology Project course to sit the G.C.E. (O.L.) biology paper in 1969.

3.2. It was our intention to limit the trials to 10 class rooms in ten schools of different categories in and around Kandy town. Due to the enthusiasm and interest of Education Department officials and School Principals we decided to increase the number to 16 schools with 23 class rooms in the Sinhala and English media (Sinhala 440 pupils, English 65 pupils).

- a. BERREWAERTS VIDYALAYA—SINHALA (MRS. B. LIYANA ARACHIE)
- b. GIRLS' HIGH SCHOOL—SINHALA (MRS. I. ERIYAGAMA)
- c. GOOD SHEPHERD CONVENT—SINHALA (MISS D. JAYAKODY—left, MISS L. R. S. PERERA) ENGLISH—(MRS. C. S. KRISHNAMOORTHY)
- d. HILLWOOD COLLEGE—SINHALA (MRS. G. J. HOOLE)
- e. KINGSWOOD COLLEGE—SINHALA & ENGLISH (MR. H. D. S. FONSEKA)
- f. MAHAMAYA COLLEGE—SINHALA: 2 CLASSES (MRS. H. B. SENARATH)
- g. MENIKDIWELA MAHA VIDYALAYA—SINHALA (MISS P. MARANDAWELA)
- h. NUGAWELA MADHYA MAHA VIDYALAYA—SINHALA: 2 CLASSES (MR. S. JAYASINGHE)
- i. PERADENIYA MAHA VIDYALAYA—SINHALA (MR. W. A. SOMARATNE)
- j. PILIMATALAWA MAHA VIDYALAYA—SINHALA (MR. U. W. GUNARATNE)
- k. ST. ANTHONY'S COLLEGE—
SINHALA (MR. D. D. L. SUBASINGHE)
ENGLISH (MR. G. THAVASEELAN)

- l. ST. PAUL'S COLLEGE—SINHALA (MRS. A. V. D. PERERA)
- m. TRINITY COLLEGE—ENGLISH (MR. C. J. S. DANIEL)
- n. VIDYARTHA COLLEGE—SINHALA: 2 CLASSES (MISS S. RAJAPAKSE)
- o. WICKRAMABAHU MADHYA MAHA VIDYALAYA—SINHALA (MRS. S. M. JAYAWARDANE)
- p. ZAHIRA COLLEGE (GAMPOLA)—ENGLISH (MR. S. A. JOSEPH)

3.3. First meeting of the Trial Teaching Team:

The inaugural meeting of the full course trial teaching team was held on April 29, 1968, in the Faculty of Medicine. The Regional Director of Education, Mr. G. H. B. Ekanayake, Mr. M. M. Gunaratne of the Ministry of Education, Prof. H. Crusz, Dr. W. W. D. Modder of the SBP and the Department of Zoology, Dr. R. N. de Fonseka, Dr. Balasooriya of the SBP and the Department of Botany, and the teachers of the trial teaching team were present. The director of the SBP, Prof. V. Basnayake, gave a brief account of the SBP in general and the course in particular.

3.4. The S.B.P. Course was launched in the trial schools at the beginning of the 2nd term of 1968.

3.5. The Trial Teaching team meets regularly every week on P3 at 1.30 p.m. in the Departments of Botany or Zoology, University of Ceylon, Peradeniya. 17 such meetings have been held so far. The first half of the meeting is usually spent on the discussion of past week's work and in outlining guidelines for the next week's work. The second half of the meeting is devoted to some specific activity pertaining to the course or of an enrichment nature. These activities are usually conducted by the Dons of the Departments of Botany, Zoology or the SBP Staff. Here again Mr. James is the secretary and the proceedings are minuted by him.

3.6. Testing and evaluation:

3.6.1. Regular written feed back is submitted by the teachers at the weekly meetings.

3.6.2. The Test Item Sub-Committee has completed eleven multiple choice test papers covering 5 units and 9 ideas.

3.6.3. So far 7 tests were administered to the trial classes. It is our aim to test the main ideas of the Units and the Units as a whole. The results in the first 3 tests have so far been worked out. They are summarised in the accompanying table. Since the average scores are over 50 per cent and the frequency distributions of the scores are by and large normal, the conclusion is drawn that the content area tested in these 3 papers is teachable in the trial schools.

TABLE

Scores in the first three tests in the SBP trial, 1968

Number	Content area	Sinhala medium			English medium		
		Number of pupils	Average score + S.D.	Skewness*	Number of pupils	Average score + S.D.	Skewness*
1	Unit 3, Idea 3	428	62 ± 18	+ 0.34	61	69 ± 22	- 0.1
2	Unit 3, Idea 4	427	55 ± 18	+ 0.66	63	63 ± 17	+ 0.5
3	Unit 3, (Whole)	417	57 ± 17	- 0.55	61	71 ± 19	+ 1.6

*calculated as 3 (mean — median)

standard deviation

3.6.4. These tests were conducted by Mr. James assisted by Mr. R. B. Panamaldeniya, the science educator of the District. An added intention is to make use of these test papers as a medium for teaching biology in general and certain biological concepts in particular. The 'after test' discussion conducted by the testing team undertakes this task.

3.6.5. The trial teaching team has decided to conduct at intervals

- tests of the structured essay type.
- tests of the essay or free response type.

4. CONFERENCES

4.1. Teacher Education Seminar:

Prof. Basnayake and Mr. S. L. James attended the Teacher Educator Seminar of the Ministry of Education in Nuwara Eliya from the 9th-16th of September, 1967. The Nuffield team presented their O.L. and A.L. materials in Biology, Chemistry and Physics.

4.2. A.A.B.E.:

Prof. H. Crusz represented the SBP in the Planning Conference of the Asian Association for Biology Education in Tokyo 18th-22nd September '67.

4.3. Seminar in Biology—Teachers' College, Maharagama, 23.10.6-25.10.67:

Prof. H. Crusz and Mr. S. L. James represented the SBP at this seminar. Prof. Crusz spoke on the 'General trends in curriculum study round the globe' and Mr. James presented the SBP Course.

4.4. Seminar on Multiple Choice Test Items in Medical Education conducted by Dr. J. F. Stokes of the Royal College of Physicians, November 15-22, 1967:

On the invitation of the Director Mr. James attended this seminar.

4.5. Eastern Province Science Teachers Seminar on the modern methods of teaching science in schools—Batticaloa—May 23-26, 1968.

Mr. James presented the SBP materials to this conference. Teachers and educationists showed a keen interest in this course.

4.6. Teacher Education Seminar on Evaluation—organized by the Ministry of Education in collaboration with the Nuffield Evaluation Team. August 2-12, 1968:

Mr. James attended the full seminar and Prof. Basnayake attended two days' deliberations.

4.7. The Second AABE Conference in Tokyo—August 11-18, '68:

Prof. Basnayake and Prof. H. Crusz represented the SBP at this Conference. Financial support for Prof. Basnayake's attendance at the Conference was very kindly provided by the Ceylon branch of the Asia Foundation. Prof. Crusz is an Executive Committee member of the AABBE.

5. VISITORS FROM ABROAD

5.1. Dr. S. Sharma of the UNESCO visited the SBP on 22.11.67.

5.2. Dr. M. V. Mayer, Director of BSCS visited Peradeniya on 14.2.68. He was present at two SBP demonstration lessons. His visit was made possible by courtesy of the Asia Foundation. Steps are being taken to formalize the borrowing of BSCS materials by the S.B.P.

5.3. Dr. Mrs. N. Senathirajah and Dr. M. Jackson of the Department of Curriculum Study, Ontario institute for studies in Education, Canada, visited the SBP on 21.5.68.

5.4. The following members of the 1968 Nuffield team visited the SBP.

a. Mr. W. H. Dowdeswell—Consultant and organiser of the Nuffield Biology Programme.

b. Mr. B. Lister—Biology Evaluation team.

5.5. The following members of the IUPAC visited the SBP.

a. Dr. H. R. Maybury, Science teaching project officer of the UNESCO.

b. Mr. D. G. Chisman, Secretary of the IUPAC & CREDO.

c. Prof. S. A. Balezin of U.S.S.R. & UNESCO.

d. Prof. J. E. Kerr, Professor of Education, University of Leicester.

e. Prof. T. Ashford, University of South Florida.

f. Mr. Tsang Ah Liat, Science Examination Board, Malaysia.

g. Prof. M. C. Pant, Director, National Council for Science Education (NCERT) New Delhi, India.

6. The Ministry of Education is sending out a team of senior biology curriculum designers to study the conduct of the trial. The team will attend the weekly meetings of the Project and visit the trial classes and observe the teaching. We are very grateful to the Ministry for this participation.

7. ACKNOWLEDGEMENTS

We wish to repeat a word of sincere thanks to the Asia Foundation, the Ministry of Education, the Principals and biology teachers of the trial schools, the University of Ceylon, (and in particular to the Departments of Botany and Zoology), for valuable assistance rendered to the SBP during the period under review.

S. L. James,
Co-ordinator.

APPENDIX II

REPORT OF THE COMMITTEE FOR THE POPULARISATION OF SCIENCE

(For the year ending 31st August, 1968)

1. PROJECTS

1.1. *Schools Science Exhibition:*—The last exhibition was held at Kuliyanpitiya Madhya Maha Vidyalaya in October, 1967. The exhibition was from 2nd to 4th inclusive. Thirty-three schools participated. Prizes to the value of Rs. 700/- were given away and Certificates of Merit were awarded to the winners of the various competitions. The chief guests were the Hon'ble Minister of Education and Cultural Affairs, Mr. I. M. R. A. Iriyagolla and Mrs. Iriyagolla. Mrs. Iriyagolla distributed the prizes. The judges held that the exhibition maintained a high standard.

1.1.1. Arrangements have been made to hold a similar exhibition at Anuradhapura on 3rd, 4th and 5th November, 1968. It is expected that all schools in the Anuradhapura Educational Region will participate.

1.2. *Popular lectures:*—Four lectures, in Sinhala, were given at the New Arts Theatre, University of Ceylon, Colombo, as follows:-

- 7.5.68 — “Science and Culture” by Dr. G. P. Malalasekera Chairman, National Council of Higher Education;
- 22.5.68 — “Science and Society” by Dr. A. M. N. Amerakone, Assistant Chief Engineer, State Engineering Corporation;
- 6.6.68 — “Science and General Education” by Mr. A. Mahinda Ranaweera, Lecturer, Science Curriculum Development Project, Ministry of Education;
- 20.6.68 — “Science and Language” by Mr. Elian de Silva, Engineer, Electrical Department (Rural Electrification).

These lectures appeared in the Sinhala daily papers. Arrangements are being made to have further lectures in Sinhala, Tamil and English in Colombo and outstations.

1.3. *Science Film Shows:*—Two film shows were held at the New Arts Theatre, University of Ceylon, Colombo, on 13th and 26th July, 1968, respectively, and, further film shows will be held in the future. It is being planned to have film shows in schools too. We are greatly handicapped by the absence of a film projector of our own.

1.4. Distribution of Science Pamphlets:—Pamphlets containing radio talks on science subjects in Sinhala and Tamil were distributed among a large number of schools in the Island.

1.5. Essay Competition:—With the co-operation of the Department of Education the Committee is conducting, in all three languages, a Science Essay Competition. The following subjects have been chosen for the essays:—

- (a) Malaria and its control
- (b) Water and its uses
- (c) Science in the detection of crime
- (d) This plastic age
- (e) Electrical power in Ceylon
- (f) Peaceful uses of artificial satellites
- (g) Ceylon timbers and their uses
- (h) The biology of our lagoons.

Four prizes will be awarded to the winners.

1.6. Ceylon Junior Associations for the Advancement of Science:—Steps are being taken to organize Ceylon Junior Associations for the Advancement of Science throughout the Island.

2. FINANCES

(See report of the Hon'ry. Treasurer).

3. ACKNOWLEDGEMENTS

The Committee wishes to express its sincere thanks to—

- (a) The Editors of the "Ceylon Daily News", "Observer" and "Dinamina" for giving the necessary publicity to the activities of this Committee;
- (b) The Deputy Director-General of Education and staff for the co-operation given to the Committee in promoting our programmes—viz: Essay Competitions, Exhibitions, etc.)
- (c) Senator Edmund Samarakkrama for the donation of a challenge cup to be presented to the winners of the Radio Science Quiz (Tamil);
- (d) The United States Information Service for lending the Science Films and Film Equipment for our film shows;
- (e) Mr. Asoka de Lancerolle of Messrs. Lever Brothers (Ceylon) Limited (Advertising Department) for his willingness to assist us in our popularisation of science programme;
- (f) The members of the Association who have in various ways assisted the Committee in its work;
- (g) Mr. K. D. P. Gunatilaka, our new co-ordinator who was appointed with effect from 1st March, 1968.

A. R. Abeyasinghe,
Honorary Secretary.

APPENDIX III

GENERAL RESEARCH COMMITTEE

(Annual Report 1968)

Meetings:—Five meetings were held during the period October 1967 to September 1968. The average attendance (10.4 per meeting) was better than in the previous years. One member was unable to attend any of the meetings.

Office bearers:—Office-bearers for the year 1968 were elected at the second meeting held on 26.1.68. Dr. W. R. N. Nathanael was elected Chairman and Dr. P. Canagaratnam was re-elected Secretary.

Union List of Scientific Periodicals for Ceylon:—The basic list prepared by Messrs. R. A. Jayatileke and M. A. P. Senadhira was sent to all the science libraries throughout the island to ascertain their holdings. Except for the libraries of the National Museum, Colombo, Rubber Research Institute, Agalawatte, and Agriculture Department, Peradeniya, all other libraries have returned the completed lists. Until all basic lists are completed and returned it would not be possible to have our Union List of Scientific Periodicals published. Mr. R. A. Jayatileke went abroad in September on a year's leave and Mr. Senadhira suggested that he could send one of his assistants to work in these libraries and complete the list. To do this he would require further financial assistance from Unesco Science Sub-Commission, which had already provided Rs. 2,750/- as grants towards this project.

Directory of Scientific Personnel in Ceylon (D.S.P.):—The Chairman, D.S.P. Sub-Committee, Mr. D. B. Pattiarchi, reported that in phase I of the above project over 60% of the CAAS members had returned the completed questionnaires. Phase II of this project commenced early this year and questionnaires were sent to other (not CAAS members) scientific and technical personnel in government departments, research institutes, universities, state corporations and private firms. The Chairman, D.S.P., indicated that all the data from the completed questionnaires would be processed and he hoped to have a draft copy of this Directory by the end of this year.

Sub-Committee on Ayurvedic Research:—Prof. S. W. Bibile, Dr. L. B. de Silva, Dr. N. D. W. Lionel and Dr. R. O. B. Wijesekera (Convenor) were nominated by the G.R.C. early this year to serve on the above sub-committee. This sub-committee was set up to draft a memorandum to be

submitted (through Council) to the appropriate authority on the present state of our Ayurvedic Research. The report of this sub-committee was submitted to Council with the following recommendations:—

- (i) that a copy be sent to N.S.C.; and
- (ii) that a CAAS deputation discuss this report with N.S.C. in order to recommend to government a plan for future research in Ayurveda.

National Science Council:—The CAAS Council requested the G.R.C. to submit the names of seven persons for nomination to the N.S.C. These persons were to represent each of the disciplines given in Section 6(2) of the N.S.C. Act (Engineering Sciences was added by the CAAS Council to the six disciplines listed in Section 6(2). The G.R.C. recommended that Earth Sciences too should be included as a separate discipline and therefore submitted to Council nominations for each of the eight disciplines.

Research Studentships:—

(i) The Freedom from Hunger Campaign (FFHC) studentship offered in 1967 was withdrawn by the Co-ordinator, FFHC, due to lack of funds.

(ii) *The OMSF/CAAS Studentship:*—Mr. R. M. Dharmatilleke voluntarily terminated his studentship on 31st January 1968 after having held it for a period of one and a half years. His supervisors reported that he had done well and that the projects he had worked on were completed and published.

(iii) The CAAS Studentship held by Mrs. M. Weerasinghe terminated on 31st August 1968. This student had worked on the following projects during the two year period of studentship:—

- (a) "Effect of salinity on the rate of heartbeat of *Penaeus indicus*";
- (b) "Oxygen consumption of *Penaeus indicus* in waters of the different salinities";
- (c) "Change of volume in relation to changes in salinity of *Penaeus indicus*";
- (d) "Oxygen consumption, percentage utilisation of oxygen and ventilation volume of the crab *Scylla serrata* in waters of different salinities";
- (e) "Growth of selected populations of prawns in Fisheries Department ponds at Pitipane".

It is expected that this work will be published in due course.

Grant in Aid for Research:—The G.R.C. recommended to Council that the cost of three studentships (approx. Rs. 18,000/-) be included in the CAAS request for funds from the Ministry of Scientific Research.

P. Canagaratnam,
Hon. Secretary.

APPENDIX IV

REPORT OF THE BOARD OF TRUSTEES

No further progress has been made with the headquarters project.

The land in extent $\frac{3}{4}$ acre within the old Racecourse had been formally taken possession of, but the deeds vesting title on the CAAS has not as yet been forwarded to the Association by the Government Agent, W.P.

The National Science Council has been written to, with a view to obtaining funds for the proposed new building.

W. D. Ratnavale,
Chairman.

APPENDIX V

UPPER MANTLE COMMITTEE

The Committee met on two occasions.

Prof. J. T. Wilson, Chairman, Upper Mantle Project has incorporated the work done by Prof. K. Kularatnam in the General Report. This had been submitted to the Upper Mantle Project sessions at the International Geological Conference held in Prague. Prof. Kularatnam is presently working on a problem concerning the evolution of Ceylon Laterite in the Upper Mantle.

The Colombo Observatory is maintaining the Seismograph continuously. The Seismograms are read and the results will be published in the Observatory Annual Report.

The Survey Department has commenced work on Crustal movements. It is suspected that there is differential vertical movement in the Kandy area. Precise levelling of an extremely high order is now being done to check this. These results will be incorporated with the work done by Prof. Kularatnam on the Tectonics of this area.

S. T. Herat,
Hon. Secretary,
Upper Mantle Committee.

APPENDIX VI

INTERNATIONAL BIOLOGICAL PROGRAMME (IBP)

The International Biological Programme was founded in 1964 to promote the study of (a) organic production on the land, in freshwaters and in the seas, and the potentialities and the use of new as well as existing biological resources; (b) human adaptability to changing conditions. Its main value is in the promotion of basic knowledge relevant to the needs of man.

Our participation in the IBP was considered by the G.R.C. in early 1964 and with Council approval a National Correspondent was appointed. However, as IBP activities increased it became evident that many research programs could be operated by bilateral collaboration or with the assistance of IBP scientists in other countries interested in similar problems and hence on 26th March 1968 the Council approved of the formation of a National Committee for IBP and nominated the following to form this committee:—

Prof. B. A. Abeywickrama (Chairman)
Prof. N. G. Baptist
Prof. H. Crusz
Prof. M. S. Tambiah
Dr. Hiran Dias

At the inaugural meeting of the National Committee for IBP held on 23rd June 1968 it was decided to form National Sectional Committees. Since all IBP activities have been organised into seven sections (known by their initials) the National Committee nominated the following to form these Sectional Committees:—

PT—Productivity of Terrestrial Communities:

- | | |
|-----------------------------------|---------------------------|
| 1. Dr. J. W. L. Peiris (Convener) | 4. Dr. D. Mueller-Dombois |
| 2. Mr. W. R. H. Perera | 5. Dr. Erwin Gunawardena |
| 3. Mr. Lyn de Alwis | 6. Prof. P. Seneviratne |

PP—Production Processes:

- | | |
|-----------------------------------|---------------------------|
| 1. Prof. N. G. Baptist (Convener) | 4. Dr. W. W. D. Modder |
| 2. Prof. M. S. Tambiah | 5. Mr. K. Tisseverasinghe |
| 3. Prof. K. N. Seneviratne | |

CT—Conservation of Terrestrial Communities:

- | | |
|--------------------------------|-----------------------------|
| 1. Mr. Lyn de Alwis (Convener) | 5. Mr. A. G. A. Jayasuriya |
| 2. Mr. W. R. H. Perera | 6. Dr. D. Mueller-Dombois |
| 3. Mr. M. S. Ranatunga | 7. Dr. P. H. D. H. de Silva |
| 4. Dr. Hiran Dias | 8. Mr. T. W. Hoffmann |

PM—Productivity of Marine Communities:

- | | |
|-----------------------------------|-----------------------------|
| 1. Dr. P. Canagaratnam (Convener) | 5. Mr. T. G. Pillai |
| 2. Mr. A. S. Mendis | 6. Dr. T. P. Gunawardena |
| 3. Prof. M. S. Tambiah | 7. Prof. A. C. J. Weerakoon |
| 4. Dr. K. D. Arudpragasam | |

PF—Productivity of Freshwater Communities:

- | | |
|------------------------------|-----------------------------|
| 1. Prof. H. Crusz (Convener) | 5. Prof. B. A. Abeywickrama |
| 2. Dr. P. Canagaratnam | 6. Prof. H. H. Costa |
| 3. Mr. H. H. A. Indrasena | 7. Mr. A. S. Mendis |
| 4. Dr. S. Balasubramaniam | |

HA—Human Adaptability:

- | | |
|----------------------------------|-----------------------------|
| 1. Prof. V. Basnayake (Convener) | 4. Prof. K. N. Seneviratne |
| 2. Prof. H. Crusz | 5. Dr. C. H. S. Jayawardena |
| 3. Dr. C. C. Fonseka | |

UM—Use and Management of Biological Resources:

- | | |
|---|-------------------------|
| 1. Prof. (Mrs.) A. M. Ladduwahetty (Convener) | 5. Prof. N. G. Baptist |
| 2. Prof. B. A. Abeywickrama | 6. Dr. H. E. Fernando |
| 3. Prof. A. S. Dissanaike | 7. Dr. Ivan Samaraweera |
| 4. Prof. H. Crusz | |

Each Sectional Committee would provide the National Committee with a list of projects giving details such as:

- (i) those responsible for projects;
- (ii) duration of each project; and
- (iii) estimated cost of each project.

P. Canagaratnam,
Convener and National Correspondent.

SHELL SCIENCE SERVES CEYLON'S INDUSTRY

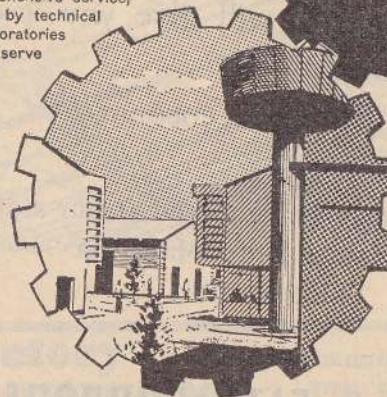

SCIENCE

Chemical research, once fundamental, is today orientated to industry in the product and applicational research carried out by SHELL in laboratories all over the world. Resulting from this research, products which were yesterday in the test tube are today, the essential raw materials of industry, and applications regarded as impracticable, yesterday, are commonplace, today.

SERVICE

The fruits of his extensive research programme are adapted to the needs of industry in Ceylon by qualified and technically trained staff. SHELL offers industrialists the ADVANTAGES of: (a) a wide and constantly increasing range of chemical raw materials both on direct imports and from stocks. (b) a worldwide network of manufacturing and supply points to permit a choice of supply sources according to import allocations and urgency of requirement. (c) comprehensive service, supported by technical service laboratories geared to serve industry.

INDUSTRY

Industry in Ceylon, now expanding, has been assisted by SHELL at all stages of its development. From paints to packaging, pharmaceuticals to polishes, roadways to floorings rubber to plastics, SHELL has been associated with the growth of industry which is increasingly contributing to national income.

If industry is where you are in or where you want to be, ask for the SERVICE of the SCIENCE of SHELL.

DO YOU KNOW?

**DO YOU KNOW THE DIFFERENCE BETWEEN NPK 35
PELLET FERTILISER AND BONE MEAL?**

COMPOSITION

NUTRIENTS	NPK 35	BONE MEAL
NITROGEN	5	3
PHOSPHOROUS	15	18
POTASSIUM	15	<u>NIL</u>
	35	21

The nutrients in bone meal are not easily absorbed by young paddy plants because bone meal takes a long time to disintegrate and release its nutrients, whereas in NPK pellet fertiliser, every pound of which contains 35% of nutrients is instantly absorbed by paddy plants, resulting in quick and fruitful growth.

PRICE	50% SUBSIDY PRICE	33½% SUBSIDY PRICE
NPK FERTILISER	Rs. 16.13	Rs. 21.50
BONE MEAL	Rs. 16.13	Rs. 21.50

IMPORTANT NPK FERTILISER is recommended for use particularly in the **Galle, Matara, Colombo, Kalutara** and **Amparai** districts where bone meal is presently being used.
