Organization of Work

The College consists of three departments:—(i) the Primary school, (ii) Middle school, (iii) Upper school.

(i) The Primary school:—Lower First Year, Upper First Year and Second Year (called Special classes) and the 5th Standard. No pupil is admitted to a Special class unless he has passed the vernacular third Standard. Pupils of the Special classes pass through a special course in English, Arithmetic and other subjects in accordance with the departmental syllabus of studies. At the end of the Second Year, pupils who qualify for promotion are promoted to the 5th Standard.

(ii) The Middle school:—Forms I, II, III.

(iii) The Upper school:—Form IV, and Pre-Matric and Matric Forms.

Pupils from Form IV are presented for the J. S. C. exam.

The College also prepares students for the Inter-Science and Arts Examinations.

GENERAL RULES

Admission:

Admission to the College is open to boys and girls without distinction of race or creed.

A pupil who seeks admission must be in possession of a record-sheet from the school or college he or she has last attended and a birth-certificate. Admission may be refused if the record-sheet shows

that the pupil's conduct in the school previously attended has been unsatisfactory or for any other reason the Principal deems adequate.

Pupils seeking admission may be required to pass an entrance examination graded according to the class to which admission is sought.

The first month's fees together with the terminal fees and an admission fee of Rs. 2/- in the case of the Special classes and Rs. 3/- in the case of classes higher up must be paid on the day of admission.

Withdrawal:

A pupil may be withdrawn at any time provided that his parent or guardian makes application for leaving certificate giving full one calendar month's notice and paying up all fees due. Any pupil who has entered for the Matric Examination of June and who gives notice to leave college by the end of March, April or May, must pay his fees to the end of June. Similarly a pupil who has entered for the same exam. of January and who gives notice to leave at the end of November must pay his fees to the end of December.

The Principal may, without disclosing reasons, send a pupil home for chronic indifference to work or gross misconduct or irregular attendance or any other remissness.

Attendance:

(a) Pupils absent from school without leave are fined 25 cents per day. In case of sickness, the parent or guardian is expected to inform the Principal in time; in default, the fine will be charged from the second day.

(b) Leave of absence will not be granted to a pupil for any reason other than illness, except under

very special circumstances and upon production of a written request from his parent or guardian.

(c) Pupils whose fees are in arrears beyond the 20th day of the month for which they are due are sent home.

(d) Pupils who come late shall not enter class without reporting themselves to the Principal and taking a permit from him, which will be issued only where satisfactory reasons are given. If no satisfactory reasons are given, the Principal may punish them at discretion and allow them to enter class.

(e) Pre-Matric and Matric Students absenting themselves from any test without the Principal's permission shall be liable to a fine not exceeding Rs. 5/-

Working Hours:

Fore-noon Session 9 a. m. to 12-30 p. m.
After-noon Session 1-40 p. m. to 3-40 p. m.

HOSTEL

1. The College maintains a hostel which is strictly vegetarian. It has accommodation for 125 residents. It is under the charge of a Boarding Master subject to the control of the Principal.

2. Pupils may become either weekly boarders, returning to their homes for the week-end, or monthly boarders, returning to their homes at the end of the term.

3. It is desirable that a pupil entering the hostel is provided with a complete outfit as suggested below:—
One steel trunk (with secure lock); four veshties; four towels; four shirts; two bed-sheets; two white bed-spreads; one pillow; two pillow-cases; two blankets; one hand-bucket; one clothes-bag; one dining plate. Boarders who

prefer to use leaves instead of dining plates are expected to pay an extra fee of 50 cents per month. Before sending their boys to the boarding house, parents and guardians are requested to see that their boys' outfit is complete and all articles are marked clearly with name or initials.

4. No money will be advanced by the Principal to the boarders except under special circumstances. Parents are, therefore, advised to deposit with the Principal at the beginning of every month or term a sum of money sufficient to cover the expenses likely to be incurred by their boys for stationery, clothing, travelling, pocket-money, etc.

5. No pupil is allowed to go outside the College or boarding premises except where special reasons exist and with an exeat signed by the Boarding Master.

6. Dormitory arrangements are settled at the beginning of each term; and no pupil is allowed during the term to change his place without the permission of the Boarding Master.

7. Boarders not returning to the boarding house on the day appointed, at the beginning of each term, are liable to a fine not exceeding Rs. 2/- at the discretion of the Principal.

8. No boarder can be withdrawn by his parent or guardian from the hostel without a calendar month's notice or one month's boarding-fees being paid up in lieu of notice.

9. Pupils returning to the hostel after leave of absence must report themselves to the Principal before rejoining.

10. Misconduct in the hostel may entail summary expulsion from it as well as from the College under circumstances particularly aggravating.

11. A place in the hostel can at no time be claimed as a matter of right.

12. Boarders are expected to conform to all special rules laid down by the Principal with regard to study and discipline.

FEE REGULATIONS

1. Fees (Tuition & Boarding) are payable monthly on or before the 10th of the month for which they are due, and, in January, May and September, within ten days after the beginning of the term. In case the last day for payment of fees happens to be a holiday, they may be paid on the next working day. If they are not paid by the due dates, a fine of cts. 25 on tuition fees and cts. 50 on the boarding fees will be levied.

2. An admission fee of Rs. 2/- must be paid by every pupil seeking admission to the Boarding.

3. Every pupil from Form II to Matric who studies Science subjects must deposit Rs. 5/- on admission. In the case of the students in the Inter-Science Class the amount to be deposited is Rs. 7/50. This amount, less any charge for breakage or other damage, will be refunded when the pupil leaves the College.

4. The Terminal fees referred to in the attached Schedule are payable on or before the 10th February, June, and October of every year.

5. If special circumstances require that fees should be paid before the dates specified in these rules, the Principal will send round special circulars to that effect, and no fee shall remain due after the date fixed in such circulars.

6. The office-hours for receipt of fees will ordinarily be from 9 a. m. to 12.30 p.m.

" Praise be to Vyasa, the great author of the Mahabharata, that in this Kali Yuga there is one great work. The Tapas and other hard Yoges that were practised in other Yugas do not work now. What is needed in this Yuga is giving, helping others. What is meant by Danam? The highest of gifts is the giving of spiritual knowledge. The next is the giving of secular knowledge, and the next is the saving of life; the last is giving food and drink.—VIVEKANANDA at the Jaffna Hindu College, 25-1-1897.

EXAMINATIONS AND REPORTS

Examinations are held at the end of the 1st, 2nd and 3rd terms and also at other times to test progress.
