(1) Report of Prof. R. Kanagasuntheram - Dean, Faculty of Medicine

I consider the appointment of Dr.(Mrs.) Ramasamy to a Post of Lecturer in Parasitology as suitable for the following reasons:

- (1) Paraclinical departments have at present mainly medically qualified persons with Postgraduate qualifications related to medical fields. There is not a single person with a Ph.D. Mrs. Ramasamy, since assuming her temporary post as lecturer, has not only given lectures in Parasitology (Which incidentally have been well appreciated by the students) but has also started research in Parasitology. In my opinion she will turn out to be a good teacher and research worker who will be able to stimulate research in the Department. We are in the process of building up a research team in the Faculty and it is my conviction that if I am allowed to build up the Faculty, as I deem fit, I can with fair amount of conviction say that we could do so if my views are respected.
- (2) It must also be noted that in several Universities, including those of Britain, U.S.A., Australia, Singapore, Malaysia have in their staff, people qualified in Zoology. A person with a Ph.D allied to Parasitology is therefore considered by me as suitable.

In my opinion Dr(Mrs.) M.S. Ramasamy is eminently suited for the post advertised (Lecturer in Parasitology, Faculty of Medicine) - Besides her basic degree & her Post doctoral work - Her publication on

- (1) Cellular effects of the insecticide lindane Cell and Tissue Research.

Later on

- (2) Pesticide and Venom Neurotoxicity.

- (3) Pesticide Biochemistry and Physiology

are of universal value in our teaching programme. Further I have followed her work here in my department from June 1982 and I can definitely state that she is a first class teacher of Medical Parasitology.

Report of Professor V.K. Ganesalingam
on

Dr.(Mrs.) Manthri Samaranayaka Ramasamy

- (1) Not taken a course in Parasitology in the First Degree B.Sc.
- (2) She did Entomology as a Special Subject instead of Parasitology in her First Degree.
- (3) Ph.D. in Entomology on locust insect.
- (4) Research on Cell Biology with Prof. Abercrombie.
- (5) Research on Entomology in Nairobi.
- (6) No training in Parasitology at all.
- (7) No papers in Parasitology.
- (8) All papers on Entomology.
- (9) Refrees reports favour Senior Lecturer in Zoology (and not in Parasitology)
- (10) Advertisement says a research degree in the relevant field (Parasitology)
- (11) She is not qualified.

Therefore I don't favour in appointing her the Lecturer in Parasitology.

(4) Report of Mr. S. Sivapathasuntheram - Council Nominee

(Copy)

Dr. Mrs. Mantheri Samaranayake Ramasamy cannot be appointed lecturer because her post-graduate research degree is not in Parasitology.

She may be appointed Assistant Lecturer in Parasitology under the alternative scheme after calling for fresh applications for the post of Assistant Lecturer.

Appeal from Professor C.C. Balasubramaniam regarding salary and total emoluments

A letter received from Prof.C.C.Balasubramaniam is reproduced below:

"Department of Pathology,
Faculty of Medicine,
Thirunelvely,
1982.08.20

Prof.S.Vithiananthan,
Vice-Chancellor,
University of Jaffna,
Jaffna.

Through: Dean,
Faculty of Medicine

Dear Sir,

Chair in Pathology

The Chair in Pathology was advertised in 1978 and there was not even a single applicant. Again when this post was advertised in February 1979, I was holidaying in Jaffna and a number of dons of this University and well wishers approached me and insisted that I apply for this post. As a result of this, I was appointed the Professor of Pathology with effect from 1.6.1979 on two years contract on the maximum of the salary scale. On the expiry of this contract, this post was again advertised and as requested I applied for this post. Again I was appointed the Professor of Pathology with effect from 1.6.1981 on two years contract on the maximum of the salary scale. Please refer para 3 of the letter of appointment dated 2 July 1981.

Although, I was appointed on the maximum of the salary scale, I am not being paid the due salary according to the letter of appointment which I believe in terms of the Establishment Circular Letter No.234 which is effective from 01.08.1979.

In this regard I would like to mention that even though I was given a fresh appointment in June 1981, I have been continuing as the Professor of Pathology from 01.06.1979 and there was no break of service. Further, it appears unfair and unjust to place a person on a lower salary than what he was drawing in the same post and at the same Institution.

Under these circumstances, I shall be thankful to you, if you could kindly make arrangements for me to draw the due salary along with all the arrears.

Thanking you.

Yours sincerely,
Sgd. Prof.C.C.Balasubramaniam,
Professor of Pathology."

According to records available, Prof.C.C.Balasubramaniam was appointed Professor of Pathology on 1.6.1979 for a period of two years on contract on the maximum of the Professors salary scale prevalent at that time ie.Rs.1620-4x50, 4x75 - 2120/= This contract expired on May, 31st 1981 and the Post was advertised as per University Grants Commission Circular No.67.

Contd....2/

Prof. Balasubramaniam was the only applicant. He was appointed by the Council for a period of two years on the revised salary scale ie. Rs. 2200-4x75 - 2500 p.m. and his appointment was treated as a fresh one. Prof. Balasubramaniam accepted the terms and conditions specified in the appointment letter and subsequently made an appeal that his appointment be treated as an extension of contract and he be exempted from the ceiling on Income.

Clarification was sought from University Grants Commission and the reply received from University Grants Commission is reproduced below:

"University Grants Commission,
18, Ward Place,
Colombo 7.
24th February, 1982.

My No: UGC/E/4/4/3

Vice-Chancellor,
University of Jaffna.

Salary on Contract - Prof. C.C. Balasubramaniam,
Professor of Pathology

Further to my letter of even number dated 9th February, 1982.

Your reference is drawn to my letter dated 15th June, 1981, wherein you were informed that if Prof. Balasubramaniam was in receipt of a total remuneration (his pension and salary on contract) of Rs. 3500/00 or above on 01.08.1979, the limit of Rs. 3500/00 will not apply to him if his period of employment in the post is extended on contract. Accordingly, he could be paid the salary he was drawing prior to 01.08.1979 when his contract is extended.

Sgd. S.R. Fernando
Additional Secretary/E
for Secretary."

The appeal of Prof. C.C. Balasubramaniam was considered by the Council along with the reply received from University Grants Commission and the Council decided to consider his appointment as an extension of contract.

Prof. Balasubramaniam now appeals that his present appointment should be considered as an extension of contract with the revised salary scale, ie. Rs. 2200 - 4 x 75 - 2500 p.m. As the salary stipulated in the new appointment letter issued to Prof. C.C. Balasubramaniam in 1981 differs from the salary that was stipulated in the 1979 contract, the decision of the Council is sought on this matter.

Kandiah, Probationary Assistant Lecturer in Chemistry was absorbed into the University services from Jaffna College Staff on 1st September, 1974 and went on Probationary Study Leave on 19th September, 1976 to the University College, London to follow a research programme in Chemistry leading to a Ph.D. Degree. The progress reports dated 28.03.1977 and 22.10.1977 from his supervisor stated that he was making good progress. On 16th of December, 1977 Mr.Kandiah suffered a cerebral haemorrhage and was partially paralysed upto April, 1978. Though he started working again in May, 1978 his physical recovery was much slower than was hoped and even as late as 30th March, 1979 his Supervisor reported that Mr.Kandiah was not able to work in the laboratory and that in view of this he (supervisor) had proposed a modified programme of chemical studies involving largely theoretical and computational work.

Mr.Kandiah returned to the University of Jaffna on the 20th September, 1979 and though he is still not in good health he is preparing to submit his thesis to the University of London.

In view of the unfortunate circumstances that have occurred in this case, the Council, University of Jaffna at its meeting held on 20.02.1981 recommended to University Grants Commission an extension of probationary period by two years. Based on the recommendation the University Grants Commission approved the extension of the probationary period.

Dr.M.B.Ewing of the University College, London by his letter dated 30.07.1982 has reported that Mr.Kandiah's research project will require a considerable amount of computing which may take sometime unless there is access to an efficient computer.

Mr.Kandiah by his letter dated 12.08.1982 has requested extension of his probationary period by one year to complete his work and submit the thesis.

On the recommendation by the Head, Dept. of Chemistry and the Dean, Faculty of Science, the Council, University of Jaffna at its Meeting held on 21.08.1982 recommended one year extension of probationary period. The recommendation of the Council was sent to the University Grants Commission for approval. The Secretary, University Grants Commission by his letter dated 15th October, 1982 has requested the Vice-Chancellor to take action to discontinue Mr.Kandiah's services and re-employ him as a temporary Assistant Lecturer until he obtains postgraduate qualifications.

Subsequently, Mr.Kandiah's services were terminated with effect from 01.12.1982 in terms of Commission Circular Nos 150 & 178 and Mr.Kandiah was requested to discharge his bond obligations amounting to Rs.22,800/=.

In view of the fact that Mr.Kandiah has served the University for more than 3 years after his resumption of duties after his study leave and based on Medical reports regarding his illness Mr.Kandiah has submitted an appeal dated 9th November, 1982 to the Council, University of Jaffna to waive his bond obligations.

The decision of the Council is sought on the above matter.
