## 1. Who we are & what we do

Our core activities

e-Kalvi charity fund Inc. is a registered charity organization founded by Jaffna University Graduates Association-Victoria (JUGA-VIC), Australia, comprising 19 management committee members for the current year (2020/2021). e-Kalvi charity conducts e-learning activities in underprivileged areas of the Northern, Eastern, and Upcountry regions of Sri Lanka to address a chronic shortage of qualified teachers. In 2016, the first e-Kalvi centre was inaugurated in Thuraineelavanai, Batticaloa, with the financial assistance of St. Anthony's Group via the Lions Club of Colombo Grant Circle (LCCGC). Since then, the number of e-Kalvi centres has gradually grown to nearly 50. We initially offered face-to-face teaching with offline e-lessons and then steadily moved to offline and online teaching methods. Each centre is managed by an administrative committee comprising parents, teachers, and well-wishers from that community and closely monitored by the e-Kalvi management committee. All e-Kalvi centres are funded and running successfully with the help of well-wishers from local and diaspora communities. To each centre, we provide multimedia equipment, including computers, tablets, multimedia projectors, a projector screen, and a multifunction laser photocopier.

The temporary closure of local schools during the COVID-19 pandemic prompted us to commence a pen drive project that enables students to practice more self-study from home using a television (TV) even without internet facilities or smart devices. The pen drives contain e-lessons and past examination papers in video formats for grades 10 and 11, including mathematics, science, and English. We are also involved with the following activities.

- Establish e-Kalvi smart classrooms in disadvantaged areas to encourage students in education and solve the shortage of qualified teachers.
- Provide Nava Posha nutritious foods produced by the Sivan Arul foundation to our e-Kalvi centres' students.
- Conduct zoom teaching for GCE ordinary level (O/L) and advanced level (A/L) classes.
- Promote science, technology, engineering, and mathematics (STEM) education in the North, East, and Upcountry of Sri Lanka.

### e-Kalvi global 2020 flyer

Last year, our annual fundraising event was held on the 3<sup>rd</sup> of October 2020 as a virtual event (e-Kalvi Global 2020) due to the Covid-19 pandemic. This event was also organized to celebrate the 5<sup>th</sup> anniversary of the e-Kalvi charity. This event assisted in reaching a wide range of global audiences. It exposed them to our mission of bringing socio-economic change in our motherland through the education of underprivileged children. We had several speakers, including Dr. N. Ethirveerasingham, Dr. Aru Thirumurugan, Rev. Jagath Kaspar Raj, principals, teachers, and zonal and provincial directors. Our students from e-Kalvi centres also had their chance to perform in the event.

Dr. Aru Thirumurugan praised the e-Kalvi charity for supporting students from deprived regions with the best teaching services via e-learning. He also requested the diaspora organizations to help those needy students and schools. Rev. Jagath Kaspar Raj asked us to expand our services beyond education to create awareness, consciousness, and conviction that we may get involved in providing a particular direction to our community. Dr. N. Ethirveerasingham addressed how e-learning activities were pioneered by the SERVE foundation in the early days. He also mentioned the preparation of video e-lessons by the SERVE foundation for grades 10 and 11 mathematics and science and grades 3 to 6 English lessons, the launch of the LMDM unit, and preparation of video e-lessons by the Northern Provincial Council for GCE (A/L). The event was very successful, with more than 600 viewers via zoom and more via Facebook live. The recorded entire event can be found at <https://www.facebook.com/JUGAvictoria/videos/448806276084346>.

We also kicked off a 'Dollar a Day' campaign during the event to raise essential funding annually from well-wishers to sustain our core activities. Please get in touch with us if you want to join this campaign.

### e-Kalvi president's message (cont.)

It has been my absolute privilege to lead the e-Kalvi charity for the last three years with the help of dedicated committee members, volunteers, sponsors, and well-wishers. The e-Kalvi charity has gone through an incredible journey by delivering e-lessons, which is the most impactful solution to the current educational crisis in our homeland. I am also proud to say we have set up nearly 50 centres in the North, East, and Malayalam. We provide offline video lessons for Mathematics, Science, and English with multimedia equipment. Even though the COVID-19 pandemic hurts educational activities, e-Kalvi has found a way to deliver the education via zoom (online) and supply educational materials via pen drives to students who can study from home using their TV as an offline route during these lockdown periods. In addition, we are setting up e-Kalvi smart classrooms, conducting (O/L) model examinations, and providing Nava Posha nutritious food. These activities would not have been possible without the support of our members, collaborators, and donors in Australia and overseas. Your help and generous contributions to our charity are making a tremendous difference for children in need. Thank you once again for your continuous support.

### 3. Pen drive project

Our 64 GB pen drive with e-learning materials and students self-study from home using their TV

In the past, we distributed e-lessons via memory cards to students without internet access. However, we now provide 64 GB pen drives to students with video e-lessons and past examination papers. These materials can be accessed using their home TVs. So far, more than 5000 pen drives have been issued to students in the North, East, and Upcountry regions of Sri Lanka. The Forum for Tamil Graduates of Matale (FTGM) assists us in uploading the e-learning materials to the pen drives and distributing them to various e-Kalvi centres and schools. Our sincere thanks go to the FTGM. We welcome any financial support for this project from well-wishers.

### 4. Zoom classes

Our zoom class schedule and teaching session at one of our centres

We conduct zoom teaching sessions for grades 10 and 11 mathematics, science, and English. These classes are simultaneously live-streamed on YouTube. Recordings of these sessions are subsequently uploaded to our website for further viewing. Moreover, actions are taken to reach out to the students without internet facilities for delivering the recordings via pen drives.

### Dr. J. Jayamohan's message

It has been a heart-warming experience for Sivan Arul Foundation to assist e-Kalvi Charity in a small way to achieve their mighty goal in helping the underprivileged children in the North, East, and Upcountry, Sri Lanka. e-Kalvi Charity, over the last few years, has done commendable work in raising the standard of education for these kids living under the poverty line. They have given a ray of hope for their future and tirelessly worked to formalise remote learning. It is no surprise to see their well-structured programs resulting in remarkable outcomes. Sivan Arul Foundation is privileged to be able to fund the pen drive initiative to promote remote learning. We had also provided Nava Posha (nutritious flour mix) to the up-country children who attend the e-Kalvi centres. We look forward to joining hands in uplifting the educational standard of these deprived children.

### 5. (O/L) model examinations 2020

2020 (O/L) model exams by us

We conducted practice examinations for mathematics and science subjects for the 2020 (O/L) batch. These examinations were held at many other schools besides our e-Kalvi centres. The FTGM completed the massive task of printing examination papers and couriering them to all centres and schools involved. We sincerely thank the FTGM for their support.

### 6. e-Kalvi smart classrooms

e-Kalvi smart classroom

Every classroom is set to be transformed into a smart classroom as the curriculum in Sri Lanka changes and digital education becomes more critical in the current world. Therefore, we have already established 20 e-Kalvi smart classrooms and aim to build another 25 smart classrooms across Sri Lanka in the next few months. Part of the funding for this has already been received. Our vision for 2021 is to increase the number of e-Kalvi smart classrooms to 100 if more funding were available. The budget for this project in Sri Lankan rupees is as follows. Please get in touch with us if you can financially support this project.

### 7. Nava Posha nutritional project

Nava Posha nutritious food by the Sivan Arul Foundation

We have initiated a nutritional project with the collaboration of the Sivan Arul Foundation to provide Nava Posha nutrition to deprived students in our e-Kalvi centres. Nava Posha nutrition contains nine grains, approved by the Medical Research Institute (MRI) of Sri Lanka. It is noteworthy that the funds from the sales of the Nava Posha, produced by the Sivan Arul Foundation, are also being spent on their core activities. Our heartfelt thanks to the Sivan Arul Foundation. A single meal per student costs Rs. 20.00. Please contact us should you wish to support this project.

e-Kalvi செயற்றிட்டத்தின் முன்னோடிப் பாடசாலையாக எமது பாடசாலை தெரிவு செய்யப்பட்ட போது ஆரம்பத்தில் கணித, விஞ்ஞான பாட அலகுகளை இறுவெட்டுக்களாக மாணவர்களுக்கு வழங்கி அவற்றை வீட்டிலே அவர்கள் படிப்பதற்காக பயன்படுத்தும் சூழலை ஏற்படுத்தினோம். அதில் வெற்றியும் கண்டோம். தொடர்ந்து நேரலை வகுப்புக்கள், ஒவ்வொரு மாணவருக்குமான விரலிகள் வழங்குதல் என்பவற்றினூடாக ஆசிரியர்கள் பற்றாக்குறை, Covid - 19 நெருக்கடி என்பவற்றின் மத்தியிலும் சிறந்த பெறுபேறுகளை மாணவர்கள் பெற்றனர். இதன் விளைவாக இன்று எமது பாடசாலை தனக்கே உரித்தான e-Kalvi நிலையத்தை கொண்ட பாடசாலையாக மாறி உள்ளது. இதனால் நகரப்புறத்தில் பொருளாதார வசதி படைத்த மாணவர்களோடு போட்டியிட்டு அனைத்து பாடங்களிலும் சிறப்பான வெளியீட்டை எமது மாணவர்கள் பெறக்கூடிய நிலை உருவாகியுள்ளது. நிறைவாக, புலம்பெயர்ந்து வாழ்ந்தாலும் தாய் மண்ணில் எம் தமிழ் சிறார்களின் கல்விக்காக உழைக்கும் e-Kalvi தொண்டு நிதியத்தோடு நாமும் பயணிப்பதில் பெருமை கொள்வதுடன் கல்விப்பணி மேலும் சிறப்பாக தொடர இறையாசி வேண்டி நன்றியுடன் கூடிய வாழ்த்துக்களை எமது பாடசாலை சமூகம் சார்பில் தெரிவித்துக் கொள்கின்றேன்.

### A message from Sri Ganapathy e-Kalvi centre principal

I am glad to write an appreciation to the e-Kalvi charity fund Inc. on behalf of our Upcountry society in Sri Lanka. I proudly say that our school children gained a fruitful education during the past two years, interacting with the e-Kalvi charity.

Frankly, it was a dream to expose electronic education among our society from backward facilities, mainly dependent on textbook-oriented learning methods. Presently it has been changed, and the plan has become true because of the e-Kalvi charity.

Indeed, there was remarkable support from the efforts of the e-Kalvi; in the 2019 G.C.E. (O/L) examination, our children achieved an 86% pass rate, including mathematics, and placed a higher level in Welimada Zonal level of Uva Province. Not only that, I am very thankful to you for facilitating the needy children of our college to expose e-Kalvi activities, but also I am glad to offer my sincere gratitude on behalf of the society of upcountry people.

The vice president of e-Kalvi charity lends his immense support to introduce our college. Likewise, the respected president and secretary of e-Kalvi charity provide their best assistance to uplift the education level of our children and including all the members.

From the bottom of my heart, I wish to evolve tremendously worldwide with many more projects like this and shadow all the Tamil students in Sri Lanka.

### A message from Kanthapuram e-Kalvi centre principal

e-Kalvi செய்தி மடலை வாழ்த்துகிறேன். "பருவத்தே பயிர் செய்" என்பார்கள். இலங்கையில் போரிடர் முடிந்தும் அதனால் ஏற்பட்ட இழப்புகளிலிருந்து மிக மெதுவாகவே மீண்டுவரும் தமிழ் மக்களின் கல்வியை மீட்டெடுக்கத்தக்க வகையில் செயற்பங்காற்றிவரும் e-Kalvi தொண்டு நிதிய நிறுவனத்தை மெச்சுகிறேன். 40 இற்கு மேற்பட்ட e-Kalvi நிலையங்களை மிகப் பின்தங்கிய பாடசாலைகளில் ஸ்தாபித்து அங்கு இலத்திரனியல் சாதனப் பயன்பாட்டுடன் கற்க வசதியுடன் பாட வீடியோக்கள் அடங்கிய CDகள் போன்றவற்றையும் முதலில் வழங்கி ஊக்குவித்தமை சிறப்பாகும். அவுஸ்திரேலியாவில் இயங்கும் யாழ் பல்கலைக்கழகப் பட்டதாரிகள் ஒன்றியத்தின் ஒரு அங்கமாக தொழிற்படுவதனுடாக உலகமெங்கும் வாழும் புலம்பெயர் இலங்கைத்தமிழ்ப் பெருமக்களின் கொடைகளை ஒருங்கிணைத்து இத்தகைய சவால் மிகு பணியை தொடர்ந்தும் ஆற்றிவருகின்றமை கண்டு வியப்படைகின்றேன். கணித விஞ்ஞான ஆங்கில பாட ஆசிரியர் பற்றாக்குறையுள்ள பாடசாலைகளின் ஆயிரக்கணக்கான மாணவர்கள் அப்பாடங்களைக் கற்க பாடப் பொதிகளடங்கிய விரலிகளை வழங்கியும் இணைய வழிக் கற்பித்தலுடன் நிகழ்நிலைப் பரீட்சைகளையும் ஏற்பாடு செய்து புதிய பாதையில் செல்வது நிறுவனத்தின் தூர நோக்கினை அடைய வழி அமைக்கிறது. சில பாடசாலையின் மாணவர்கள் முகங்கொடுக்கும் பசிப் பிரச்சினையைக்கூட தீர்த்து வைக்க

இந்த நிறுவனம் நிதியனுசரணையாளர்களை ஏற்பாடு செய்துள்ளமை அதன் சமூக முன்னேற்றத்தின்பால் கொண்டுள்ள அக்கறையை துல்லியமாகக் காட்டுகின்றது. இவ்வகையில் எமது e-Kalvi நிலையமும் 2019இல் இருந்து க பொ த (சா.த) பரீட்சைப் பெறுபேறுகளைக் கணிசமாக அதிகரித்தே வருகின்றது. நிறுவனத்தின் பணிகள் பல எனினும் அவற்றை எல்லாம் இங்கு குறிப்பிட இடம் போதாது. நிறுவனப் பணிகளைக் காத்திரமாகப் பதிவு செய்து வைக்க வேண்டிய அவசியத்தை நிறைவேற்றும் e-Kalvi செய்தி மடலை வாழ்த்துவதோடு பருவத்தே பயிர் செய்ய எடுத்த முயற்சி நிச்சயம் நல்ல அறுவடையைத் தருமெனப் பாராட்டி நிறுவனம் நின்று நிலைத்து விரிந்து படர இறையாசியை வேண்டுகிறேன்.

**14. A message from the editorial panel**

We are members of Jaffna University Graduates Association Victoria (JUGA-VIC), Australia, pleased to publish the first newsletter of the e-Kalvi charity. It has been a long goal to give our well-wishers information about our charity activities, highlighting the recent core projects and success stories. Our mission is to provide education to change the socio-economic status of needy communities. Along with the LCCGC, we commenced educational activities in 2016 to address the shortage of teachers mainly for mathematics, science, and English in the North, East, and Upcountry parts of Sri Lanka. This shortage resulted in poor GCE (O/L) examination outcomes, whereas mathematics is compulsory for higher education. We consequently started a program called e-learning, also known as the "e-Kalvi project," to address a lack of resources in underprivileged areas of Sri Lanka. We hope this newsletter would yield an avenue for our well-wishers to learn and engage with the e-Kalvi charity's current activities. We thank our authors, readers, sponsors, and collaborative organizations. Special thanks go to the e-Kalvi committee members for proofreading this newsletter.
